Annex 1

1.) Calculation of the Redemption Price:

The Redemption Price will be calculated by the Calculation Agent depending on the performance of the Basket of Underlying Shares (the "Basket") according to the following formulas:

Redemption Price = 100% + Bonus Payment

$$BonusPayment = Notional \times \left[40\% \times \frac{N_i}{N_{Total}} + 20\% \times \frac{N_j}{N_{Total}} \right]$$

For the avoidance of doubt, the Bonus Payment will be determined as follows:

40% will accrue on every Observation Date on which all the Share Underlyings in the Basket (as defined below) close at or above Initial Level on that day ($Share_i(t) \geq Share_i(0)$).

20% will accrue on every Observation Date on which all the Share Underlyings in the Basket close at or above Barrier of Initial Level on that day ($Share_i(t) \geq Barrier * Share_i(0)$) but at least one is below 100% of Initial Level.

In any other case, (i.e. on every Observation Date on which at least one Share Underlying is below the Barrier), 0% per annum will accrue for this Observation Date.

Where:

| | |
|-----------------------------|---|
| Strike Date | 20 September 2011 |
| Initial accrual date | 21 September 2011 |
| Final accrual date | 3 rd August 2015 |
| Barrier | 66.66% of the Initial Level of the respective Underlying Share |
| N_i | Number of Observation Dates between Initial accrual date and Final accrual date, both included when all the Underlying Shares close at or above their Initial Level |
| N_j | Number of Observation Dates between Initial accrual date and Final accrual date, both included when all the Underlying Shares close at or above the Barrier but at least one of them is below its Initial Level |
| N_{Total} | Number of Observation Dates between Initial accrual date and Final accrual date, both included |
| Share_i(t) | The Official Closing level of the i-th Share at Observation Date(t) (with Share _i , i=1,...,21 being the 21 Underlying Shares), with t being daily dates |
| Share_i(0) | The Official Closing level of the i-th Share on Strike Date (with Share _i , i=1,...,21 being the 21 Underlying Shares) |

| | |
|-------------------------------|---|
| Official Closing level | The official closing price of the Underlying Share at the Scheduled Closing Time at the Exchange on each Business day for Hedging Fixings |
| Initial Level | The Official Closing level as of the Strike Date |
| Observation Dates | Each calendar day between Initial accrual date and Final accrual date, both included. |
| Business days | If any calendar day for an Underlying Share is not a Scheduled Trading Day for that share, the relevant fixing date shall be the Official losing level on the immediately preceding Scheduled Trading Day for the Underlying Share, provided that such Scheduled Trading day is not a Disrupted Day. |
| Valuation Time | In respect of any Underlying Share the Scheduled Closing Time on the relevant Exchange on such date. |
| Scheduled Closing Time | In respect of an Exchange or Related Exchange and a Scheduled Trading Day, any scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours. |

| Related Exchange | In relation to any Underlying Share each exchange or quotation system where trading has a material effect on the overall market for futures or options contracts relating to such Underlying Share. |
| Exchange Business Day | In respect of each Underlying Share any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time. |
| Scheduled Trading Day | In respect of each Underlying Share, any day on which each Exchange and each Related Exchange are scheduled to be open for trading. |
| Disrupted Day | In respect of each Underlying Share, any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred. If a Valuation Date is a Disrupted Day with respect to a Underlying Share than the Valuation Date for each Share not affected by the occurrence of a Disrupted Day shall be the scheduled Valuation Date, and the Valuation Date for each Share affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day unless each of the five Scheduled Trading Days following the scheduled Valuation Date is a Disrupted Day in which case such fifth day will be the Valuation Date for the relevant Underlying Share and the Calculation Agent will determine its good faith estimate of the value of such Underlying Share. |

2. Market Disruption

Market Disruption Event: In respect of a Underlying Share, the occurrence or existence of (A) a Trading Disruption, or (B) an Exchange Disruption, in either case if the Calculation Agent determines that such Trading Disruption or Exchange Disruption is material, at any time during the one hour period that ends at the relevant Valuation Time; or (C) an Early Closure.

Trading Disruption: A suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise or by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise, (i) relating to the Underlying Share on the Exchange or (ii) in options contracts or futures contracts relating to the Underlying Share on any relevant Related Exchange.

Exchange Disruption: Any event (other than an Early Closure) that disrupts or impairs the ability of market participants in general to effect transactions in or obtain market values (i) for the Underlying Share on the Exchange, or (ii) in options contracts or futures contracts relating to the Underlying Share on any relevant Related Exchange.

Early Closure: In respect of each Underlying Share the closure on any Exchange Business Day of the Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (A) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day or (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

3. Adjustment / Substitution of Underlying Shares (“Shares”)

3.a Upon the occurrence of an event having, in the determination of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Share (a “Potential Adjustment Event”), the Calculation Agent will determine whether such Potential Adjustment Event has a material diluting or concentrative effect on the theoretical value of the relevant Share and, if so, will make the corresponding adjustment(s) to the Closing Price of the Share as of the Start Date, or other variables of the transaction as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Underlying Share traded on such options exchange.

3. b Merger Event

If, as determined by the Calculation Agent, a Merger Event occurs with respect to a Share (the “Affected Share”), then on or after the relevant Merger Date, the Calculation Agent shall either (i)(A) make such adjustment to the terms of the transaction as the Calculation Agent determines appropriate to account for the economic effect on the transaction of such Merger Event (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relevant to the Shares or to the transaction) which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on that options exchange and (B) determine the effective date of that adjustment, or (ii) if the Calculation Agent determines that no adjustment that it could make under (i) will produce a commercially reasonable result then the Affected Share, or as the case may be the new share or the other consideration replacing the Affected Share as a consequence of the Merger Event shall be replaced by a Replacement Share and in such circumstances (a) the relevant Replacement Share (as defined in the Particular Provisions below) and their issuer will be deemed the “Share” and the “Issuer” respectively, (b) the Closing Price as of the Start Date of the Replacement Share shall be determined by the Calculation Agent and (c) the Calculation Agent will adjust any other relevant terms of the transaction.

Merger Event: In respect of any relevant Share, any (i) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of the issuer of the Share with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such issuer of the Share is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Shares of the issuer that results in a transfer of or an irrevocable commitment to transfer all such shares (other than such shares owned or controlled by the offeror), or (iv) consolidation, amalgamation, merger or binding share exchange of the issuer of the Share with or into another entity in which the issuer of the Share is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the holders of the outstanding Shares (other than Shares owned or controlled by the offeror) immediately prior to such event collectively owning less than 50% of the outstanding Shares immediately following such event (a “Reverse Merger”), in each case if the Merger Date is on or before the final Valuation Date.

3. c Tender Offer

If, as determined by the Calculation Agent, a Tender Offer Event occurs with respect to a Share (the “Affected Share”), then on or after the relevant Tender Offer Date, the Calculation Agent shall either (i)(A) make such adjustment to the terms of the transaction as the Calculation Agent determines appropriate to account for the economic effect on the transaction of such Tender Offer Event (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relevant to the Shares or to the transaction) which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer Event by an options exchange to options on the relevant Shares traded on that options exchange and (B) determine the effective date of that adjustment, or (ii) if the Calculation Agent determines that no adjustment that it could make under (i) will produce a commercially reasonable result then the Affected Share shall be replaced by a Replacement Share and in such circumstances (a) the relevant Replacement Share (as defined in the Particular Provisions below) and their issuer will be deemed the “Share” and the “Issuer” respectively, (b) the Closing Price as of the Start Date of the Replacement Share shall be determined by the Calculation Agent and (c) the Calculation Agent will adjust any other relevant terms of the transaction.

Tender Offer Event: In respect of any relevant Share, a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining, by conversion or other means, greater than 10% and less than 100% of the outstanding voting shares of the issuer of the Share, as determined by the Issuer, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

3. d Nationalization, Insolvency, Delisting

If, as determined by the Issuer, a Nationalisation, Insolvency or Delisting occurs with respect to a Share (the “Affected Share”), then on or after the relevant Nationalisation, Insolvency or Delisting effective date, the Issuer shall replace the Affected Share by a Replacement Share and in such circumstances (a) the relevant Replacement Share (as defined in the Particular Provisions below) and their issuer will be deemed the “Share” and the “Issuer” respectively, (b) the Closing Price as of the Start Date of the Replacement Share shall be determined by the Issuer and (c) the Issuer will adjust any other relevant terms of the transaction.

Nationalization: Means that all the Shares or all or substantially all the assets of an issuer of a Share are nationalized expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof

Insolvency: Means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting an issuer of a Share, (A) all the Shares of that issuer are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Shares of that issuer become legally prohibited from transferring them.

Delisting: Means that the exchange announces that pursuant to the rules of such Exchange, the Share(s) cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer Event) and are not immediately re-listed, re-traded or re-quoted on an Exchange or quotation system located in the same country (or, where the Shares have been listed on an exchange or quotation system within the European Union, in any member state of the European Union) as the exchange.

3. e Liquidity Event

If, as determined by the Calculation Agent a Liquidity Event occurs with respect to a Share (the “Affected Share”), then on or after the relevant Nationalisation, Insolvency or Delisting Date, the Calculation Agent shall replace the Affected Share by a Replacement Share and in such circumstances (a) the relevant Replacement Share (as defined in the Particular Provisions below) and their issuer will be deemed the “Share” and the “Issuer” respectively, (b) the Closing Price as of the Start Date of the Replacement Share shall be determined by the Calculation Agent and (c) the Calculation Agent will adjust any other relevant terms of the transaction.

Liquidity Event: In respect of any Share, any event which, in the opinion of the Calculation Agent, materially reduces the liquidity of such Share on the Exchange or of options contracts and/or futures contracts relating to such Share on the Related Exchange

3. f Particular Provisions

Replacement Share: In respect of any Affected Share, a share selected by the Issuer to replace that Affected Share:

- (i) which is not a Share already comprised in the Basket
- (ii) which is a share in respect of which no Share Event would occur immediately upon its substitution for the relevant Affected Share,
- (iii) which is listed and traded on an exchange, quotation system or market that the Issuer determines is of comparative size and liquidity relative to the relevant Affected Share as the original Exchange in respect of such Affected Share,
- (iv) which, to the extent that this is possible, is established in the same jurisdiction or geographical area ,
- (v) whose primary business, to the extent that this is possible, is the same or substantially the same as that of the relevant Affected Share, and

Nevertheless all adjustment measures as determined and executed by the Issuer in accordance with clause 3 will be valid and effective irrespective of whether the information thereof has been given to Noteholders in due course.
