In cases where the Final Redemption Amount is Index-Linked or other variable-linked:	Applicable
(i) Index/Formula/other variable:	Final Redemption Amount linked to the performance of the Reference Entity and the Reference Obligation, respectively (see Annex 1)
(ii) Party responsible for calculating the Final Redemption Amount (if not the Agent):	Erste Group Bank AG
(iii) Provisions for determining Final Redemption Amount where calculated by reference to Index and/or Formula and/or other variable:	Final Redemption Amount payable on the Maturity Date is an amount in RON equal to the Scheduled RON Cash Flows generated from the Reference Obligation as set out in Annex 3 to these Final Terms with respect to the Maturity Date which includes the coupon payment due as of the Maturity Date (final Specified Interest Payment Date), provided no

Acceleration Event (as defined below) has occurred.

The Issuer undertakes to make payments of the Final Redemption Amount on the fifth (5) Business Day following the day of actual receipt by it of any amount corresponding to the Scheduled RON Cash Flows as set out in Annex 3 to these Final Terms with respect to the Maturity Date.

In the case of occurrence of an Acceleration Event (as defined below) the Notes will be redeemed on the Maturity Date at their Acceleration Event Redemption Amount subject to a minimum of zero (0).

Acceleration Event means the occurrence of one or more of the following events during the period between the Interest Commencement Date (inclusive) and the Maturity Date (exclusive) as determined by the Calculation Agent:

- **Reference Obligation Scheduled Payment Deficiency**
- **Unscheduled Redemption of the Reference Obligation**
- **Value Deterioration Trigger Event**
- **Credit Event with respect to the Reference Entity**

For the definitions of these Acceleration Events refer to Annex 2

Acceleration Event Redemption Amount means an amount in RON equal to a) the Reference Obligation Liquidation Proceeds, minus b) the Scheduled Cash Flow Value, subject to a minimum of zero (0). The Acceleration Event Redemption Amount will be converted by the Calculation Agent into RON at the prevailing EUR/RON exchange rate at the applicable time.

Scheduled Cash Flow Value means a value in EUR (using the prevailing exchange rate at the applicable time) determined by the Calculation Agent at any time during the term of the Notes equal to a) the net present value of the Scheduled EUR Cash Flows minus b) the net present value of the Scheduled RON

Cash Flows, in each case as set out in Annex 3, and as adjusted to account for any costs or fees for the unwind of the underlying cross currency swap. For the avoidance of doubt in the case of an Acceleration Event the Issuer is required to unwind cross currency basis swaps entered into for hedging purposes, and such hedge unwind will produce charges which will be fully accounted for when determining the Scheduled Cash Flow Value. With respect to the determination of the net present values of the Scheduled EUR and RON Cash Flows, each such cash flow will be discounted as if such cash flow was due on the respective Scheduled Cash Flow date as set out in Annex 3 to these Final Terms.

Reference Obligation Liquidation Proceeds means, with respect to the Reference Obligation Nominal Amount (as defined in Annex 1), the amount denominated in EUR as determined by the Calculation Agent in respect of the Reference Obligation upon the occurrence of an Acceleration Event through the following procedure:

(i) on a Business Day selected by the Calculation Agent within 5 Business Days from (but excluding) the day on which an Acceleration Event is deemed to have occurred by the Calculation Agent (such date, the "**Liquidation Date**"), the Calculation Agent shall attempt to obtain firm bid quotations from at least 3 Dealers (as defined below) in accordance with prevailing market practice for all (and not part) of the Reference Obligations (including any Replacement Entitlement (as defined in Annex 2) (if applicable)) for a nominal amount equal to the Reference Obligation Nominal Amount;

(ii) the Calculation Agent shall select the Dealer who has submitted the highest firm bid quotation in respect of all (and not part) of the Reference Obligations (including any Replacement Entitlement (if applicable)) as the best quotation provider (the "**Selected Dealer**") and shall sell all (and not part) of the Reference Obligations (or any Replacement Entitlement (if applicable)) in a nominal amount equal to the Reference Obligation Nominal Amount to the Selected Dealer provided that if

two or more Dealers have submitted the same firm bid quotation, the Calculation Agent shall select one of those Dealers in its sole and absolute discretion;

(iii) the settlement date for the sale of all (and not part) of the Reference Obligations (or any Replacement Entitlement (if applicable)) to the Selected Dealer shall be a Business Day determined by the Calculation Agent in accordance with prevailing market practice on the Liquidation Date and the amount received from the Selected Dealer in respect of such sale shall be the **Reference Obligation Liquidation Proceeds**. On the Liquidation Date, the Calculation Agent shall use its reasonable commercial endeavours to obtain firm bid quotations in respect of the Reference Obligations (or any Replacement Entitlement (if applicable)) in a nominal amount equal to the Reference Obligation Nominal Amount from as many Dealers as is reasonably possible on the Liquidation Date, provided however if the Calculation Agent receives no firm bid quotations from any Dealers in respect of all (and not part) of the Reference Obligations (or any Replacement Entitlement (if applicable)) in an amount equal to the Reference Obligation Nominal Amount, the Reference Obligation Liquidation Proceeds will be determined by the Calculation Agent at its sole and absolute discretion, and may be zero.

As soon as reasonably practicable after receiving the proceeds of the sale of the Reference Obligations (or any Replacement Entitlement (if applicable)) the Calculation Agent shall calculate the Acceleration Event Redemption Amount.

For the purpose of this subclause, “**Dealers**” means a dealer in obligations of the type similar to those of the Reference Obligations (including any Replacement Entitlement (if applicable)) as of the Liquidation Date (which may include the Calculation Agent, the Noteholder or any of their respective affiliates) as selected by the Calculation Agent in good faith and in a commercially reasonable manner.

1. LISTING AND ADMISSION TO TRADING

- (i) Listing: Vienna, Geregelter Freiverkehr
- (ii) Admission to trading: Application is expected to be made by the Issuer for the Notes to be admitted to trading on the Vienna Stock Exchange.

2. RATINGS

- Ratings: The Notes to be issued have not been rated.

3. NOTIFICATION

The Commission de surveillance du secteur financier (CSSF - Luxembourg) has provided the competent authorities of Austria, Germany, the Czech Republic, Hungary, the Slovak Republic and Romania with a certificate of approval, attesting that the Prospectus has been drawn up in accordance with the Prospectus Directive.

4. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

Save as discussed in "Subscription and Sale", so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.

5. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

- (ii) Estimated net proceeds: Not Applicable
- (iii) Estimated total expenses: EUR 3,000

6. Fixed Rate Notes only - YIELD

- Indication of yield: Not Applicable

7. Floating Rate Notes only - HISTORIC INTEREST RATES

8. *Index-linked or Equity-linked or Fund-linked or Credit-linked or Commodity-linked or Future-linked or other variable-linked Notes only* - PERFORMANCE OF INDEX/FORMULA/UNDERLYING EQUITY/FUND/CREDIT EVENT/COMMODITY/FUTURE/OTHER VARIABLE, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING

The performance of the Notes is dependent on the performance of a Reference Obligation or the Reference Entity, respectively.

If an Acceleration Event (defined in 22 (iii)) occurs, the accrual of interest will cease as of the last Specified Interest Payment Date, or, as the case may be, the Interest Commencement Date, prior to the Acceleration Event determination date whereas redemption of the Notes will not occur until the scheduled Maturity Date. At the Maturity Date the Noteholders will receive, instead of the Nominal Amount, an amount equal to the sale proceeds with respect to the Reference Obligations

of the Reference Entity having a Nominal Amount equal to the Notes' Nominal Amount, minus the Scheduled Cash Flow Value, subject to a minimum of zero (0).

In this case the market value of the Reference Obligations, and consequently the proceeds generated from the selling of the Reference Obligations will likely be considerably lower than the outstanding Nominal Amount of the Notes, and liquidity of these Reference Obligations may be limited. So a Noteholder will likely have to bear losses in market value and may even lose its total investment.

9. *Dual Currency Notes only* - PERFORMANCE OF RATE[S] OF EXCHANGE AND EXPLANATION OF EFFECT ON VALUE OF INVESTMENT

Not Applicable

Annex 2

Reference Obligation Scheduled Payment Deficiency

Means with respect to the Reference Obligation and as determined by the Calculation Agent during the term of the Notes, the occurrence of a deficiency or a discrepancy, for whatever reason, of any payments (irrespective of whether this be coupon or redemption payments) of the Reference Obligation in relation to the Scheduled EUR Cash Flows as set out in Annex 3. For the avoidance of doubt only full and timely payment of the Scheduled EUR Cash Flows as set out in Annex 3 avert the occurrence of this Acceleration Event. And further for the avoidance of doubt as long as the Issuer holds the Reference Obligation only cash flows actually received by the Issuer are relevant for the purposes of determining the occurrence of such an Acceleration Event.

Unscheduled Redemption of the Reference Obligation

Means with respect to the Reference Obligation, the occurrence during the term of the Notes of a) the redemption or cancellation (in whole or in part) of the Reference Obligation, or any event which has substantially the same effect, but not including a redemption of the Reference Obligation in full on its scheduled redemption date, or b) the exchange of the Reference Obligation to a Replacement Entitlement on or prior to the Reference Obligation's scheduled redemption date.

For the purposes of this definition **Replacement Entitlement** means cash, securities, rights and/or any other asset or entitlement (whether tangible or otherwise) (in each case, whether of the relevant Reference Entity or of a third party) that the Issuer receives or becomes entitled to receive in relation to such an Unscheduled Redemption.

Means with respect to the Reference Obligation and as determined by the Calculation Agent, the occurrence during the period between the Interest Commencement Date (inclusive) and the Maturity Date (exclusive) of one of the following events:

- a) **Repudiation/Moratorium**
- b) **Obligation Acceleration**
- c) **Obligation Default**
- d) **Failure to Pay**
- e) **Restructuring**

For the purposes of determining this event, Obligation Category shall be "Borrowed Money" and the Obligation Characteristic shall be "None".

Determination whether one or more of these Credit Events has occurred shall be made by the Calculation Agent by reference to the 2003 ISDA Credit Derivatives Definitions as supplemented by the May 2003 Supplement and the 2005 Matrix Supplement ("**2003 ISDA Credit Derivatives Definitions**"). Also determination of "Successor" shall be made in accordance with Section 2.2 (h) of the 2003 ISDA Credit Derivatives Definitions. The 2003 ISDA Credit Derivatives Definitions will not be applicable for any other purposes except as indicated in this provision.

Value Deterioration Trigger Event

Means, with respect to the Reference Obligation and as determined by the Calculation Agent, that as a result of regular valuation of the Calculation Agent the Reference Obligation Value minus the value of the Scheduled Cash Flow Value is at or below the value of **EUR 3,000,000**. For the purposes of determining this event a) **Reference Obligation Value** means the value determined by the Calculation Agent at any time during the term of the Notes equal to the market value (bid) of the Reference Obligation (including accrued interest) for a nominal amount equal to the Reference Obligation Nominal Amount.
