€30,000,000,000

Debt Issuance Programme

On 3 July 1998, Erste Bank der oesterreichischen Sparkassen AG entered into a Debt Issuance Programme (the "Programme"). The Programme was subsequently amended and updated on 2 July 1999, 29 June 2000, 29 June 2001, 17 May 2002, 19 May 2003, 17 May 2004, 9 November 2005, 10 August 2006, 10 August 2007, and 12 August 2008. With effect from 9 August 2008, Erste Bank der oesterreichischen Sparkassen AG demerged its Austrian banking business into a wholly owned subsidiary and changed its name to Erste Group Bank AG (the "Issuer" or "Erste Group Bank"). Further, the Programme was amended and updated on 12 August 2008, 17 July 2009, and 8 June 2010 and with effect from the date hereof, this Prospectus supersedes and replaces the Prospectus dated 8 June 2010. Any Notes (as defined below) to be issued after the date hereof under the Programme are issued subject to the provisions set out herein, save that Notes which are to be consolidated and form a single series with Notes issued prior to the date hereof will be issued subject to the conditions of the Notes applicable on the date of issue for the first tranche of Notes of such series. Subject as aforesaid, this Prospectus does not affect any Notes issued prior to the date hereof.

Under the Programme, the Issuer, subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities specified in the relevant Final Terms (as defined herein) as either domestic notes issued in the German or English language under Austrian law ("Domestic Notes") or international notes issued in the English language under either English or Austrian law ("International Notes", and together with Domestic Notes, the "Notes"). Subject to compliance with all relevant laws, regulations and directives, the Notes will have a minimum maturity of one month and no maximum maturity. The aggregate principal amount of Notes outstanding (i.e. Notes not redeemed) will not at any time exceed €30,000,000,000 (or the equivalent in other currencies).

This Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* ("CSSF") of the Grand-Duchy of Luxembourg ("Luxembourg") in its capacity as competent authority under the Luxembourg Act on Securities Prospectuses (*loi relative aux prospectus pour valeurs mobilières*) (the "Luxembourg Act") for approval of this Prospectus.

Application may be made for the Programme and/or the Notes to be admitted to the "*Amtlicher Handel*" (Official Market) and the "*Geregelter Freiverkehr*" (Second Regulated Market) (together, the "Austrian Markets") of the *Wiener Börse AG* (the "Vienna Stock Exchange"). Application may also be made to list Notes on the official list of the Luxembourg Stock Exchange and to admit to trading such Notes on the regulated market of the Luxembourg Stock Exchange (*Bourse de Luxembourg*) and/or on the Stuttgart Stock Exchange in the EUWAX segment of the *Baden-Württembergische Wertpapierbörse* (together with the Austrian Markets, the "Markets"). References in this Prospectus to Notes being listed (and all related references) shall mean that such Notes have been admitted to trading on the Markets, each of which is a regulated market for the purposes of the Directive 2004/39/EC on markets in financial instruments ("MiFID"). Unlisted Notes may be issued pursuant to this Programme. The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading on the Markets (or any other market and/or stock exchange).

The Issuer has requested the CSSF to provide the competent authorities in other host Member States within the European Economic Area including Austria, Germany, the Czech Republic, Hungary, the Slovak Republic, Romania, Slovenia, Italy and Malta with a certificate of approval attesting that this Prospectus has been drawn up in accordance with Article 5.4 of Directive 2003/71/EC of the European Parliament and the Council of 4 November 2003, as amended (the "Prospectus Directive") and relevant implementing legislation in Luxembourg.

Each Series (as defined herein) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (a "temporary Global Note") or a permanent global note in bearer form (a "permanent Global Note" and each of the temporary Global Note and permanent Global Note, a "Global Note"). Notes in registered form will be represented by a global registered certificate (the "Global Certificate") or by registered certificates (each a "Certificate"), one Certificate being issued in respect of each Noteholder's entire holding of registered Notes of one Series. If the Global Notes are stated in the applicable Final Terms to be issued in new global note ("New Global Note" or "NGN") form they may be intended to be eligible collateral for Eurosystem monetary policy and will be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, *société anonyme* ("Clearstream, Luxembourg").

Global Notes which are not issued in NGN form ("Classic Global Notes" or "CGNs") and Global Certificates will be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg (the "Common Depository"). Global Notes and Global Certificates representing Domestic Notes may be deposited on the issue date with Oesterreichische Kontrollbank Aktiengesellschaft ("OeKB") or with a depository on behalf of OeKB or with or on behalf of the Issuer. The provisions governing the exchange of interests in Global Notes or Global Certificates for other Global Notes and definitive Notes and Certificates, respectively, are described in "Summary of Provisions Relating to the Notes while in Global Form".

Tranches of Notes (as defined in "General Description of the Programme") may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (the "CRA Regulation") will be disclosed in the Final Terms.

Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Prospectus. This Prospectus does not describe all of the risks of an investment in the Notes, but the Issuer believes that all material risks relating to an investment in the Notes have been described.

This Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive as amended (which includes the amendments made by the Directive 2010/73/EU (the "2010 PD Amending Directive") to the extent implemented in the relevant Member State) and relevant implementing legislation in Luxembourg, and for the purpose of giving information with regard to the Issuer and its subsidiaries and affiliates taken as a whole (the "Erste Group") and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "Documents Incorporated by Reference" below). Such documents shall be deemed to be incorporated in, and form part of this Prospectus, save that any statement contained in a document which is deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus.

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers (as defined in "Subscription and Sale") or either of J.P. Morgan Securities Ltd. (the "International Arranger") or Erste Group Bank AG (in its capacity as the arranger of issues of Domestic Notes only, the "Domestic Arranger" and together with the International Arranger, the "Arrangers"). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Erste Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Erste Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. Any material new circumstances or any material incorrectness or inaccuracy as to the statements contained in this Prospectus that could influence the assessment of the Notes issued under the Programme and that occur or are determined between the approval of the Prospectus by the CSSF and the final end of the public offer, or if earlier, the admission to trading on a regulated market of Notes under the Programme will be included and published in a supplement to this Prospectus in accordance with the Prospectus Directive and relevant implementing legislation in Luxembourg.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer, the Dealers and the Arrangers to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act"), and may include Notes in bearer form that are subject to US tax law requirements. The Notes may not be offered, sold or delivered within the United States or to US persons except in certain transactions permitted by US tax regulations and the Securities Act. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see "Subscription and Sale".

This Prospectus does not constitute an offer of, or an invitation by or on behalf of any of the Issuer, the Dealers or the Arrangers to subscribe for, or purchase, any Notes.

The Dealers and the International Arranger have not separately verified the information contained in this Prospectus. None of the Dealers or the International Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy

or completeness of any of the information in this Prospectus. Neither this Prospectus nor any financial statements supplied in connection with the Programme or any Notes are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Dealers or the Arrangers that any recipient of this Prospectus or any financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus or any financial statements and its purchase of Notes should be based upon any such investigation as it deems necessary. None of the Dealers or the International Arranger undertakes to review the financial condition or affairs of the Issuer or the Erste Group during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the International Arranger.

This Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by final terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment shall be conducted in accordance with all applicable laws and rules.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €30,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes calculated in accordance with the provisions of the Programme Agreement, as defined under "Subscription and Sale"). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Programme Agreement.

In this Prospectus, unless otherwise specified or the context otherwise requires, references to €, euro or EUR are to the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Community (as amended from time to time), references to CHF are to Swiss Francs, CZK are to Czech Koruna, HUF to Hungarian Forint, HRK to Croatian Kuna, PLN to Polish Zloty, UAH to Ukrainian Hryvnya, RON are to Romanian Leu, SEK are to Swedish Krona and references to "US dollars" and US\$ are to the currency of the United States of America.

For the avoidance of doubt, such parts of the annual report of the Issuer for the financial years 2009 and 2010 respectively as well as of the quarterly report for the first quarter year in 2011 which are not explicitly listed in the table above, are not incorporated by reference into this Prospectus as these parts are either not relevant for the investor or covered elsewhere in this Prospectus.

Any information not listed above but included in the documents incorporated by reference is given for information purposes only.

Such parts of the documents which are explicitly listed above shall be deemed to be incorporated in, and form part of this Prospectus, save that any statement contained in such a document shall be deemed to be modified or superseded for the purpose of this Prospectus to the extent that a statement contained in this Prospectus modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus.

The Prospectus, any supplement thereto, and the Final Terms for Notes that are admitted to trading on a Market or on any other market or stock exchange will be published in electronic form on the website of the Issuer under "www.erstegroup.com" and the website of the Luxembourg Stock Exchange under www.bourse.lu, except that Final Terms for Notes which are not admitted to trading on the regulated market of the Luxembourg Stock Exchange will not be published on the website of the Luxembourg Stock Exchange. Printed copies of the Prospectus, any supplement thereto and the Final Terms and the documents incorporated by reference in the Prospectus will be made available free of charge at the specified office of the Issuer.

The prospectuses incorporated by reference into this Prospectus will be available on the website of the Issuer under "www.erstegroup.com" and on the website of the Luxembourg Stock Exchange under "www.bourse.lu".

The Audited Consolidated Financial Statements 2009 and 2010 and the Unaudited Consolidated Interim Financial Statements 31 March 2011 incorporated by reference into this Prospectus will be available on the website of the Issuer under "www.erstegroup.com" and on the website of the Luxembourg Stock Exchange under "www.bourse.lu".

SUPPLEMENT TO THE PROSPECTUS

The Issuer has given an undertaking to the Dealer, and is obliged by the provisions of the Prospectus Directive and relevant implementing legislation in Luxembourg, that if at any time during the duration of the Programme there is a significant new factor, material mistake or inaccuracy relating to information contained in this Prospectus which is capable of affecting the assessment of any Notes and which arises or is noted between the time when the Prospectus is approved and the final closing of an offer of such Notes to the public or, as the case may be, the time when trading on a regulated market begins, the Issuer shall prepare a supplement to this Prospectus or publish a replacement Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer and to the CSSF and the stock exchange operating the Markets such number of copies of such supplement or replacement hereto as such Dealer may request and relevant applicable legislation require.

SOURCES OF INFORMATION

Unless otherwise stated, statistical and other data provided in this Prospectus has been extracted from the Audited Consolidated Financial Statements 2010 and the Annual Report thereon and the Unaudited Consolidated Interim Financial Statements 31 March 2011. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by such sources, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Furthermore, certain statistical and other data provided in this Prospectus has been extracted from reports and other documents of certain statistical offices and/or national banks in countries where the Issuer operates, namely the Czech Statistical Office, the Hungarian Statistical Office, the Romanian Statistical Office, the Serbian Statistical Office, the Statistical Office of the Ukraine, the Czech National Bank and the Austrian National Bank. The Issuer confirms that such information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from information published by the sources of such information, no facts have been omitted which would render the reproduced information inaccurate or misleading.

SUMMARY OF THE PROGRAMME

This summary must be read as an introduction to this Prospectus. Any decision to invest in any Notes should be based on consideration of this Prospectus as a whole, including any documents incorporated by reference, by any investor. Civil liability may attach to the Issuer in respect of this summary, including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Prospectus. Where a claim relating to information contained in this Prospectus is brought before a court in an EEA State, the plaintiff investor may, under the national legislation of the EEA State where the claim is brought, have to bear the costs of translating the Prospectus before the legal proceedings are initiated.

Capitalised expressions used in this summary have the meanings given in the Terms and Conditions of the Notes as set out on page 50 et seqq (the "Terms and Conditions").

The Notes

Denominations of Notes

Notes will be issued in such denominations as may be agreed by the Issuer and the relevant Dealer(s) and specified in the relevant Final Terms, save that the minimum denomination of the Notes will be Euro 1,000 or, if any currency other than Euro, in an amount in such other currency equal to or exceeding the equivalent of Euro 1,000 at the time of the issue of the Notes.

Maturities

Subject to compliance with all relevant laws, regulations and directives, the Notes will have a minimum maturity of one month, except that Subordinated Capital Notes, will have a minimum maturity of five years.

Form of Notes

The Notes may be Domestic Notes or International Notes, as specified in the relevant Final Terms. The International Notes may be NGNs (which may be intended to be eligible collateral for Eurosystem monetary policy, if so specified in the relevant Final Terms) or CGNs, as specified in the relevant Final Terms. Erste Group Bank will act as Arranger, Dealer and as Agent in respect of issues of Domestic Notes, which will be issued in the German or English language, governed by Austrian law and the global notes relating to such Domestic Notes will be deposited with or on behalf of OeKB (and if so deposited may be settled through Euroclear and Clearstream, Luxembourg) or with or on behalf of the Issuer or may be held by investors. If and to the extent Registered Notes are not securities within the meaning of Art 2 para 1 lit a of the Prospectus Directive, they are not subject to approval of the Prospectus by the CSSF.

Issue Price

Notes may be issued at their principal amount or at a discount or premium thereto.

Single issues and tap issues

Issues of Domestic Notes may be single issues (*Einzelemissionen*) where the Notes may be subscribed during a fixed subscription period, or tap issues (*Daueremissionen*), where Notes are available for subscription during substantially the whole (or part of the) term of the Notes at the discretion of the Issuer. The issue price for Notes issued in tap issues is determined in the Final Terms at the start of their term and thereafter is fixed by the Issuer continuously according to market conditions prevailing from time to time. In case of tap issues, the aggregate principal amount of the outstanding Notes may increase from time to time upon

subscriptions being made, and the Issuer will in such case specify on the Issue Date the upper limit of the aggregate principal amount of the Notes in the Final Terms.

Interest

Fixed interest will be payable in arrears on the date or dates in each year specified in Part A of the relevant Final Terms, Floating Rate Notes will bear interest set separately for each Series as specified in Part A of the relevant Final Terms and Zero Coupon Notes may be issued at their principal amount or at a discount to it and will not bear interest.

Index-linked Notes, Equity-linked Notes, Fund-linked Notes, Commodity-linked Notes, Future-linked Notes

Payments in respect of Index-linked Notes, Equity-linked Notes, Fund-linked Notes, Commodity-linked Notes, Future-linked Notes will be calculated by reference to such index, single equity security (or basket of equity securities), fund (or basket or portfolio thereof), or commodity or basket of commodities, future contract (or basket or portfolio thereof), currency exchange rate and/or formula as indicated in Part A of the relevant Final Terms.

Credit-linked Notes

Credit-linked Notes may be issued relating to one or more reference entities (as specified in the relevant Final Terms). Holders of Credit-linked Notes are exposed to the credit risk of the Issuer and such reference entities.

Subordinated Notes

Subordinated Notes may be issued from time to time in the form of Subordinated Capital in accordance with the requirements of the Austrian Banking Act 1993 as amended (*Bankwesengesetz*) (the "Austrian Banking Act"). Investors in Subordinated Notes may in certain circumstances be obligated to share in the losses of the Issuer, either pursuant to a special resolution regime for credit institutions that may be implemented in the future, and/or as specified in the relevant Final Terms of the Subordinated Notes.

***Pfandbriefe* (Mortgage Bonds)**

Pfandbriefe (Mortgage Bonds) are Notes which are secured by a separated pool of cover assets mainly comprising first ranking mortgages over certain real estate. In case of the bankruptcy of the Issuer, the holders of *Pfandbriefe* (Mortgage Bonds) will have an immediate preferential right to be satisfied from the pool of cover assets, unless the pool of cover assets is transferred to another credit institution.

***Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds)**

Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-Sector Covered Bonds) are secured by a separated pool of cover assets mainly comprising loan claims against certain governmental entities of the Member States of the European Economic Area and Switzerland or claims benefiting from a guarantee granted by one of these entities. In case of the bankruptcy of the Issuer, the holders of *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) will have an immediate preferential right to be satisfied from the pool of cover assets unless the pool of cover assets is transferred to another credit institution.

Covered Bonds

Covered Bonds are secured by a separated pool of cover assets which are designated to cover the Notes pursuant to the Austrian Law on Covered Bank Bonds (*Gesetz über fundierte*

Bankschuldverschreibungen) and which mainly comprise claims and securities that are suitable for the investment of assets of minors, claims and securities secured by a mortgage registered in a public register, and claims against certain governmental entities, Member States of the European Economic Area or Switzerland, or claims benefiting from a guarantee granted by one of these entities. In case of the bankruptcy of the Issuer, the holders of Covered Bonds will have a preferential right to be satisfied from the pool of cover assets unless the pool of cover assets is transferred to another credit institution.

Reverse Convertible Notes

Reverse Convertible Notes (convertible into shares, commodities, currencies or funds, or baskets thereof, whether listed or unlisted) may be issued under the Programme as Domestic Notes only, and will therefore be governed by Austrian law and issued either in the German or English language.

Other Notes

Terms applicable to High Interest Notes, Low Interest Notes, Step-up Notes, Step-down Notes, Inverse/ Reverse Floating Rate Notes, Fixed to Floating Rate Notes, Structured Floating Rate Notes, Instalment Notes, Reverse Dual Currency Notes, Optional Dual Currency Notes, Partly-paid Notes and any other type of Note that is foreseen in this Prospectus and the Issuer and any Dealer may agree to issue under the Programme will be set out in the relevant Final Terms.

Redemption

The relevant Final Terms will indicate that the Notes: (i) cannot be redeemed prior to their stated maturity (except for taxation reasons, or, in case of senior Notes only, upon the occurrence of an event of default, or, in the case of *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds only, upon the occurrence of an event of default other than the institution of bankruptcy proceedings over the assets of the Issuer); or (ii) will be redeemable at the option of the Issuer and/or the holders of the Notes upon giving notice within the notice period indicated in the relevant Final Terms to the holders of the Notes or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as indicated in the applicable Final Terms.

Investors should note that where the Terms and Conditions of the Notes provide for a right of early redemption by the Issuer only, Noteholders usually receive a higher yield on their Notes than they would if they were also granted a right to early redeem the Notes. Excluding the Noteholders' right to redeem Notes prior to their maturity is often a precondition for the Issuer being able to hedge its exposure under the Notes. Thus, without early redemption by Noteholders being excluded, the Issuer would not be able to issue Notes at all, or the Issuer would factor the potential hedging break costs into the redemption amount of the Notes, thus reducing the yield investors receive from the Notes. Investors should therefore carefully consider whether they think that a right of early redemption only for the Issuer would be to their detriment, and should, if they think that this is the case, not invest in the Notes.

Negative Pledge, Events of Default and Cross Default

The Notes will contain a negative pledge in respect of Senior Notes, events of default and (save for *Pfandbriefe* (Mortgage Bonds) *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds) cross-default provisions as set out in the Terms and Conditions of the Notes.

Listing and Admission to Trading

Application may be made to the Vienna Stock Exchange and/or to the Luxembourg Stock Exchange and/or to the Baden-Württembergische Wertpapierbörse for the Programme and/or Notes to be admitted to the Markets. Notes issued under the Programme may be admitted to trading on any other regulated or unregulated markets or stock exchanges.

Governing law

International Notes shall be governed by English law or by Austrian law. Domestic Notes shall be governed by Austrian law. *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds shall be always governed by Austrian law and the subordination provisions of Condition 3(b) shall be governed by Austrian law.

Use of Proceeds

The net proceeds from the issue of Notes will be used by Erste Group Bank for its general funding purposes and in the case of Subordinated Notes, to strengthen the capital base of the Issuer.

Risk Factors relating to the Notes

Each of the risks highlighted below could have a material adverse effect on the investors' position and on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment. Prospective investors should note that the risks described below are not the only risks relating to the Notes. There may be additional risks and any of these risks could have an effect on the market price of the Notes held by Noteholders, or could cause amounts of interest and principal received on such Notes to be less than anticipated:

Credit risk

Credit risk is the risk of partial or total failure of the Issuer to make interest and/or redemption payments that the Issuer is obliged to make under the Notes.

Credit spread risk

Investors in the Notes assume the risk that the credit spread (i.e. the premium payable by the Issuer to the holder of a Note as a premium for the assumed credit risk) of the Issuer changes.

Inflation Risk

Inflation risk is the risk of future money depreciation which reduces the real yield of an investment.

Liquidity Risk

There can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. In an illiquid market, an investor may not be able to sell his Notes at fair market prices.

Risk of Suspension, Interruption or Termination of Trading

There is a risk that trading in the Notes or underlyings of the Notes will be suspended, interrupted or terminated.

Market Price Risk

Noteholders may be exposed to market price risk in any sale of Notes. The historic price of a Note should not be taken as an indicator of future performance of such Note.

Risk of Early Redemption

In the event that any Notes are redeemed prior to their maturity pursuant to the Terms and Conditions thereof, a holder of such Notes may be exposed to risks, including the risk that his investment will have a lower than expected yield.

Reinvestment Risk

There is a risk that Noteholders may not be able to reinvest proceeds from the Notes in such a way that they earn the same rate of return.

Currency Risk and Foreign Exchange Controls

A holder of a Note denominated in a foreign currency or a Dual Currency Note may be exposed to adverse changes in currency exchange rates and/or the imposition of exchange controls which may affect the yield of such Notes.

Fixed Rate Notes

Holders of Fixed Rate Notes are exposed to the risk that the price of such Notes falls as a result of changes in the market interest rate.

Floating Rate Notes and Index-linked Notes

A holder of a Floating Rate Note or an Index-linked Interest Note is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Floating rate Notes may include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features. The market value of such structured floating rate Notes (including Inverse/Reverse Floating Rate Notes and Fixed to Floating Rate Notes) tends to be more volatile than the market value of conventional floating rate Notes. A holder of Index-linked Redemption Notes is also be exposed to uncertainty with respect to the redemption amount of such Notes, and may in some circumstances receive no principal at all. The yield of an Index-linked Note may be negative and an investor may lose the value of its entire investment or part of it.

Zero Coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes.

Structured Notes

An investment in Notes by which the premium and/or the interest on, or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor could lose all or a substantial portion of the principal of his Notes. In general, structured Notes provide a certain cash flow. The Final Terms set forth under which conditions, on which dates and in which amounts interest and/or redemption

amounts are/is paid. In the event that the agreed conditions do not occur, the actual cash flows may differ from those expected.

Risks in Connection with Caps

In case of a cap, a Noteholder will not be able to benefit from any actual favourable development beyond the cap.

Risk of Potential Conflicts of Interest

Each of the Issuer, the Dealer(s) or any of their respective affiliates not only issue Notes but also have other business areas which independently do business with companies that might be part of the assets underlying Notes (e.g., an index, single shares or baskets). It cannot be ruled out that decisions made by those independent business areas may have a positive or a negative impact on the underlying value which could negatively affect the value of the respective Notes.

Equity-linked Notes, Fund-linked Notes and Notes linked to a Hedge Fund

An investment in Equity-linked Interest or Equity-linked Redemption Notes and in Fund-linked Interest or Fund-linked Redemption Notes may bear similar risks to those associated with a direct investment in the equity (or basket of equity) or a direct investment in the fund (or basket of funds), respectively, underlying such Notes, and investors should take advice accordingly. In case of Equity-linked Redemption Notes and Fund-linked Redemption Notes, the investor may lose the value of its entire investment or part of it.

An investment in Notes which economically represent a hedge fund carries a high degree of risk. Hence only a small part of the disposable funds should be invested into such Notes and not all disposable funds or funds financed by credit should be invested into such Notes. An investment into such Notes will be offered to investors particularly knowledgeable in investment matters. Investors should participate in the investment only if they are in a position to consider carefully the risk associated with such Notes.

Credit-linked Notes

A holder of Credit-linked Notes is exposed to the credit risk of the Issuer and that of one or more reference entities (as specified in the applicable Final Terms). There is no guarantee that the holders of such Notes will receive the full principal amount of such Notes and interest thereon and ultimately the obligations of the Issuer to pay principal under such Notes may even be reduced to zero.

Commodity-linked Notes and Future-linked Notes

Payments in respect of Commodity-linked Notes and Future-linked Notes will be dependent upon the performance of the underlying commodity or future contract (or basket thereof). The performance of the underlying commodity may go down as well as up and there can be no assurance as to the future performance of the underlying commodity. Commodity-linked Notes involve complex risks, which include, among other things, commodity price risks, credit risk and/or political and general economic risks. Future contracts are volatile and risky instruments, and investors in Future-linked Notes are exposed to such volatility and risk, as in the case of a direct investment in such future contracts.

Subordinated Notes

In the event of the liquidation or institution of bankruptcy proceedings over the assets of the Issuer, the Issuer's obligations in respect of Subordinated Notes will be unsecured and subordinated to the claims of certain other creditors (as specified in the Terms and Conditions of the Notes) of the Issuer, so that in any such event no amounts will be payable under such

Notes until the claims of all such creditors of the Issuer will have been satisfied in full. Investors in Subordinated Notes may in certain circumstances be obligated to share in the losses of the Issuer, either pursuant to a special resolution regime for credit institutions that may be implemented in the future, and/or as specified in the relevant Final Terms of the Subordinated Notes.

Reverse Convertible Notes

Reverse Convertible Notes expose the investor to fluctuations in the market prices of both the Notes and the underlying asset, as well as to all the associated risks of a direct investment in the underlying asset.

Instalment Notes

Investors in Instalment Notes should be aware that they may be required to make further payments of principal after having acquired the Instalment Notes and that failure to pay any subsequent instalment could result in the investors losing all or part of their investment.

Rating of the Notes

A rating of Notes may not adequately reflect all risks of the investment in such Notes and may be suspended, downgraded or withdrawn.

Integral multiples of less than €50,000

In relation to any issue of Notes which have a denomination consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €50,000 (or its equivalent) that are not integral multiples of €50,000 (or its equivalent). In such a case, a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Purchase on credit – debt financing

If a loan is used to finance the acquisition of the Notes by an investor and the Notes subsequently go into default, or if the trading price diminishes significantly, the investor may not only have to face a potential loss on its investment, but it will also have to repay the loan and pay interest thereon.

Transaction costs/charges

Incidental costs related in particular to the purchase and sale of the Notes may significantly or completely reduce the profit potential of the Notes.

Clearing risk

Investors have to rely on the functionality of the relevant clearing system.

Taxation

Prospective investors should contact their own tax advisors for advice on the tax impact of an investment in the Notes which might differ from the tax situation described for investors generally.

Governing law and change of law or tax regime

The Terms and Conditions of the Notes will be governed either by English or Austrian law, which may be different to the law of the investors' home jurisdiction. Changes in applicable laws, regulations, regulatory policies or in the relevant tax regime may have an adverse effect on the Issuer, the Notes and the investors.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities, which each investor should make sure compliance with.

Erste Group Bank's Business

Erste Group's ultimate parent company, Erste Group Bank AG ("Erste Group Bank"), is Austria's oldest savings bank. Erste Group is a leading retail banking group in its extended home market, which includes Austria and adjacent Central and Eastern Europe – mainly in the Czech Republic, Romania, the Slovak Republic, Hungary, Croatia, Serbia and the Ukraine. As of 31 December 2010, Erste Group had approximately 17.4 million customers. Erste Group also includes the Austrian savings banks that are required under IFRS to be consolidated into Erste Group's results as a result of their membership in the Haftungsverbund and in which Erste Group Bank holds either a minority interest or no equity stake at all.

Erste Group is one of the largest banking groups in Austria (by total assets) with EUR 205.9 billion as of 31 December 2010 on the basis of the consolidation of the savings banks pursuant to the Haftungsverbund. Erste Group offers a full range of banking and financial services, including deposit taking, lending, mortgage lending, investment banking, securities trading and derivatives business (on its own account and for its customers), portfolio management, project finance, international trade finance, corporate finance, capital and money market services, foreign exchange, leasing and factoring.

As of 31 December 2010, Erste Group operated approximately 3,200 branches and employed 50,272 people worldwide. Erste Group has a particular focus on its extended home market in Central and Eastern Europe and operates in the major financial centres of the world, such as New York, London and Hong Kong.

Erste Group Bank AG is registered as a stock corporation (*Aktiengesellschaft*) in the Austrian Companies Register (*Firmenbuch*) at the Vienna Commercial Court (*Handelsgericht Wien*).

The administrative, managing and supervisory bodies of Erste Group Bank currently consist of seven members of the Managing Board (as defined below), and eighteen members of the Supervisory Board (as defined below), including six representatives of the staff council. The six representatives of the Austrian Financial Markets Authority (the Austrian banking supervisory authority; "**FMA**") include the State Commissioners, the Government Commissioner for Covered Bonds, and the trustees for *Pfandbriefe* (Mortgage Bonds) and *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) pursuant to the Mortgage Bank Act (*Hypothekbankgesetz*).

Share Capital

By 31 December 2010, Erste Group Bank's share capital amounted to EUR 756 million divided into 378,176,721 no par value voting bearer shares (ordinary shares).

Erste Group Bank's shares are listed and officially traded (*Amtlicher Handel*) on the Vienna Stock Exchange, the Prague Stock Exchange and the Bucharest Stock Exchange.

In 2009, Erste Group Bank has issued participation capital with a total nominal value of EUR 1.76bn; EUR 1.224bn thereof was subscribed by the Republic of Austria and EUR 540mn thereof was subscribed by private and institutional investors.

Risk Factors relating to the Issuer

The Issuer may be subject in particular to the following risks, which should be carefully considered together with the other information contained in this Prospectus, prior to any investment decision. Prospective investors should note that the risks described below are not the only risks the Issuer faces. The Issuer has described only those risks relating to its business, operations, financial condition or prospects that it considers to be material and of which it is currently aware. There may be additional risks that the Issuer currently considers not to be material or of which it is not currently aware, and any of these risks could have an effect on its financial position and results of operations.

- The global financial and economic crisis has had a material adverse effect on Erste Group and its markets.
- The Issuer is subject to the risk of losses arising from changes in market prices of the Issuer's assets which could adversely affect its financial position and results of operations (Market Risk).
- The Issuer and the members of Erste Group have significant counterparty and credit risk exposure. The development of the Issuer's and Erste Group's operating performance, loan loss levels or writedowns and impairments could adversely affect its results (Credit Risk).
- Interest rate volatility may adversely affect the Issuer's and Erste Group's results of operations.
- Since a large part of the Issuer's and Erste Group's operations, assets and customers are located in Central and Eastern European countries that are not part of the Eurozone, the Issuer is exposed to currency risks.
- The Issuer and the members of Erste Group are subject to liquidity risk.

- The Issuer's subsidiaries in Central and Eastern Europe are subject to increased political and economical risk associated with these countries.
- It may be difficult for the Issuer to make further acquisitions and/or to identify new suitable acquisition targets, and future acquisitions may contain hidden liabilities and may prove to be difficult to integrate into Erste Group.
- Changes in existing, or new, government laws or regulations in the countries in which Erste Group operates may have a material adverse effect on its results of operations.
- There is a risk of increased regulation and public sector influence.
- Erste Group is exposed to a risk of losses due to any inadequacy or failure of internal proceedings, people, systems (in particular IT systems), or external events, whether caused deliberately or accidentally or by natural circumstances (Operational Risk).
- Competition is intense in the countries where Erste Group operates and may increase significantly in the future.
- There is a risk that a rating agency may suspend, downgrade or withdraw a rating of the Issuer and that such action may have a material adverse effect on the market value and trading price of the Notes.

For further details on risk factors, please see page 22.

RISK FACTORS

Prospective investors should consider carefully the risks set forth below and the other information contained in this Prospectus prior to making any investment decision with respect to the Notes. Each of the risks highlighted below could have a material adverse effect on the Issuer's business, operations, financial condition or prospects which, in turn, could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

Prospective investors should note that the risks described below are not the only risks the Issuer faces. The Issuer has described only those risks relating to its business, operations, financial condition or prospects that it considers to be material and of which it is currently aware. There may be additional risks that the Issuer currently considers not to be material or of which it is not currently aware, and any of these risks could have the effects set forth above.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme:

The global financial and economic crisis has had a material adverse effect on Erste Group and its markets

As a result of the global financial and economic crisis since mid-2007, the lack of confidence in the international financial markets and worsening economic conditions had adversely affected Erste Group's business and results of operations and may still have adverse effects on its financial condition in the future as the Issuer must expect *inter alia* a higher risk of borrowers defaulting. Erste Group does not expect that the difficult conditions in the international financial markets and economic conditions in the countries where Erste Group has operations will improve significantly in the near future. If this happens to be true, there can be no assurance that Erste Group will not experience a material adverse effect on its ability to access capital and on its business, financial condition and results of operations. This could affect the Issuer's ability to service payments under Notes issued under the Programme and potentially adversely affect the market value of such Notes.

The Issuer is subject to the risk of losses arising from changes in market prices of the Issuer's assets which could adversely affect its financial position and results of operations (Market Risk)

Fluctuations in the debt (e.g. interest rate changes) and equity (e.g. share prices) markets as well as changes of currency exchange rates or commodity prices may affect the market value and liquidity of Erste Group Bank's and the Erste Group's assets. Price changes due to increases in issuer-specific credit spreads where no rating migration has occurred (credit spread risk) are also regarded as market risk. The value of the Issuer's and Erste Group's real estate holdings is also exposed to changes in real estate market prices. The occurrence of such events may also have an adverse impact on the revenues generated from the investment banking operations of the Issuer and could result in an adverse impact on its financial condition and results of operations, and thus its ability to service its payment obligations under the Notes.

The Issuer and the members of Erste Group have significant counterparty and credit risk exposure. The development of the Issuer's and Erste Group's operating performance, loan loss levels or writedowns and impairments could adversely affect its results (Credit Risk)

The credit risk comprises non-payment risks, country risks and default risks. Any deterioration in the creditworthiness of a counterparty may lead to an increase in the credit risk. A lower

credit standing of the counterparty means a higher non-payment risk associated with a transaction. Furthermore, it is possible that securities issued by the counterparty to cover the credit risk will not be sufficient to settle the default in payments if, for example, the market price of such securities deteriorates.

The Issuer and Erste Group are exposed to different forms of counterparty and credit risks. Third parties that owe the Issuer or members of Erste Group money, securities or other assets may not pay or perform under their obligations due to insolvency, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

The development of the Issuer's and Erste Group's operating performance, loan loss levels or write-downs and impairments could adversely affect their results and may result in capital requirements that could constrain their operations, reducing the Issuer's ability to service payments under the Notes and potentially adversely affecting the trading price of the Notes.

Interest rate volatility may adversely affect the Issuer's and Erste Group's results of operations

Changes in prevailing interest rates (including changes in the difference between the levels of prevailing short- and long-term rates) may adversely affect the Issuer's and Erste Group's results of operations and costs of funding.

Since a large part of the Issuer's and Erste Group's operations, assets and customers are located in Central and Eastern European countries that are not part of the Euro-zone, the Issuer is exposed to currency risks

A large part of the Issuer's and Erste Group's operations, assets and customers are located in Central and Eastern European countries that are not part of the Euro-zone (as defined herein), and financial transactions in currencies other than the euro give rise to foreign currency risks, leading to a material adverse effect on the Issuer's and Erste Group's business, operations, financial condition or prospects which, in turn, could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes.

The Issuer and the members of Erste Group are subject to liquidity risk

The Issuer and the members of Erste Group are exposed to liquidity risks which could materialise in the event that their obligations are not matched to their assets. Failure to manage such risks may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme.

The Issuer's subsidiaries in Central and Eastern Europe (CEE) are subject to increased political and economic risk associated with these countries.

The Issuer has subsidiaries in some countries in Central and Eastern Europe and a large part of its income is derived from operations in these countries. As a result, Erste Group's operations are exposed to risks common to all regions undergoing rapid political, economic and social change, including currency fluctuations, exchange control restrictions, an evolving regulatory environment, inflation, economic recession, local market disruption and labor unrest. The occurrence of one or more of these events may also affect the ability of the Issuer's clients or counterparties located in the affected country or region to obtain foreign exchange or credit and, therefore, to satisfy their obligations towards the Issuer.

Although, many CEE countries in which the Issuer operates through its subsidiaries managed to go through the financial crisis (the Czech Republic, Slovakia, Poland and Croatia) without the necessity of external financial support, some countries had to undergo an economic rebalance (Hungary, Romania, Ukraine) and had to adopt corrective measures (including structural reforms). Assistance by the International Monetary Fund (IMF) and the European

Union (EU) was necessary to lower the pressure on their external financing and to help them to install measures with the effect of reducing the imbalances. In 2010, Hungary had a surplus on its current account, while the Ukrainian current account deficit was covered by foreign direct investments. In Romania, the gap between the current account deficit and foreign direct investments was reduced to 2% in 2010, from more than 8% of the gross domestic product at the beginning of the crisis. In some countries, significant local currency depreciation has made it more difficult for borrowers to repay loans denominated in foreign currencies. Troubled borrowers in those countries had to seek assistance from their banks under loan restructuring programs, which included maturity extensions and reduced installments for a limited period of time (all information in this paragraph is based on internal research of Erste Group and must not be considered as analyses).

All of the above mentioned risks could have an adverse effect on Erste Group's operations and the Issuer's ability to make payments on the Notes.

It may be difficult for the Issuer to make further acquisitions and/or to identify new suitable acquisition targets, and future acquisitions may contain hidden liabilities and may prove to be difficult to integrate into Erste Group

As part of its strategy in Central and Eastern Europe, the Issuer may decide to make additional acquisitions to complement the growth of Erste Group. Apart from antitrust or similar laws, which may make it difficult to make such acquisitions, any acquired business may contain unknown actual or potential liabilities and the ability of the Issuer to successfully grow through selected acquisitions will depend on, among other things, the Issuer's ability to identify suitable acquisition or investment opportunities and successfully to close those transactions. However, the Issuer may not be able to continue to grow at the same pace as in the past. Furthermore, the integration of acquisitions may be difficult and the Issuer may not be able to achieve anticipated synergies or other expected benefits. Such failure could adversely affect the Issuer's results of operations.

Changes in existing, or new, government laws or regulations in the countries in which Erste Group operates may have a material adverse effect on its results of operations

Changes in existing, or new, government laws or regulations in the countries in which Erste Group operates may have a material adverse effect on Erste Group, including regulations relating to financial services, securities products and other transactions the Issuer is conducting. Furthermore, apart from changes to the economic environment, the introduction of new regulations, such as the introduction of a new framework for capital adequacy rules commonly known as Basel II or Basel III or changes in accounting matters and/or their application, may adversely affect the Issuer's business as its implementation and compliance may result in costs that currently cannot be definitively determined. It is widely expected that there will be a substantial increase in government regulation and supervision of the financial industry, including the imposition of higher capital requirements, heightened disclosure standards and restrictions on certain types of transaction structures.

For example, at its meeting held on 8-9 December 2009, the Basel Committee on Banking Supervision approved a reform package (commonly referred to as "Basel III") consisting of two proposals regarding capital ("Capital Proposal") and liquidity ("Liquidity Proposal"). In December 2010, the Basel Committee on Banking Supervision issued the Basel III rules text contained in the two documents "A global regulatory framework for more resilient banks and banking systems" and "International framework for liquidity risk measurement, standards and monitoring". The Basel III framework covers both microprudential and macroprudential elements and sets out higher and better-quality capital, better risk coverage, the introduction of a leverage ratio as a backstop to the risk-based requirement, measures to promote the build up of capital that can be drawn down in an acute stress scenario, and the introduction of two global liquidity standards. The Basel III framework's text provides for different transitional arrangements until the end of 2018 to gradually phase in the new standards. Such transitional arrangements will further be used to assess the framework's design and calibration and any

resulting adjustments are expected to be made in the first half of 2017.

The implementation of the finalised Basel III framework could require additional capital (or capital of higher quality, thereby increasing funding costs) to be injected into the members of Erste Group, or require Erste Group to enter into business transactions that are not otherwise part of its current group strategy. They might also prevent Erste Group from continuing current lines of operations, restrict the type or volume of transaction Erste Group may enter into, limit the payment of dividends by members of Erste Group to Erste Bank, or set limits on or require the modification of rates or fees that Erste Group charges on loans or other financial products. Erste Group may also face substantially increased compliance costs and material limitations on its ability to pursue business opportunities.

Therefore, changes in laws, regulations or regulatory policies in the markets within which it operates may have an adverse effect on the Erste Group's financial conditions and results of operations.

There is a risk of increased regulation and public sector influence.

Recent developments in the global markets have led to an increase in the involvement of various governmental and regulatory authorities in the financial sector and in the operations of financial institutions. In particular, governmental and regulatory authorities in the European Union and in Austria have provided additional capital and funding facilities to financial institutions including Erste Group Bank and are implementing other measures including increased regulatory control in their respective banking sectors as well as additional capital requirements (see also the risk factor above for details on Basel III). Where the public domain invests directly in a financial institution, it is not unlikely that it will also interfere with that institution's business decisions.

In connection with the subscription of participation capital by the Federal Republic of Austria, Erste Group Bank and Erste Bank Oesterreich signed an agreement in principle ("Grundsatzvereinbarung") with the Republic of Austria. The Grundsatzvereinbarung contains certain covenants and undertakings to and rights for the Republic of Austria in connection with the issue of the above-mentioned participation capital and in connection with Erste Group Bank's and Erste Bank Oesterreich's conduct of business, which are safeguarded by contractual fines and will be in force for as long as the Republic of Austria holds such participation capital. It can not be excluded that the Republic of Austria may make use of the rights granted to it under the Grundsatzvereinbarung in a way which is detrimental to the Issuer and/or Erste Group and/or the holders of Notes.

Furthermore, the way in which a more rigorous overall regulatory climate will impact financial institutions such as Erste Group Bank remains uncertain.

Erste Group is exposed to a risk of losses due to any inadequacy or failure of internal proceedings, people, systems (in particular IT systems), or external events, whether caused deliberately or accidentally or by natural circumstances (Operational Risk).

Erste Group is exposed to various risks due to potential inadequacies or failures of internal controls, proceedings, people, systems, or external events, whether caused deliberately or accidentally or by natural circumstances, and which may cause material losses. Such operational risks include the risk of unexpected losses incurred as a consequence of individual events resulting, among other things, from faulty information systems, inadequate organisational structures or ineffective control mechanisms. Such risks also include the risk of cost increases or profit losses due to unfavourable overall economic or trade-specific trends. Any reputational damage to the Issuer as a result of the occurrence of one of these events also falls into this risk category.

Operational risk is inherent in all activities of the Issuer and cannot be eliminated. In particular, investors should be aware that Erste Group, like other banks, is increasingly

dependent on highly sophisticated information technology ("IT") systems. IT systems are vulnerable to a number of problems, such as computer virus infection, malicious hacking, physical damage to vital IT centres and software or hardware malfunctions.

Furthermore, the economical development of the Issuer is significantly dependent upon its management and key personnel. There is the risk, that current members of the management or key personnel may not be available to the Issuer in the future.

Failure to manage such risks may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme.

Competition is intense in the countries where Erste Group operates and may increase significantly in the future.

International banks such as the Issuer are subject to intense competition, which is expected to increase further in the future *inter alia* by reason of an expected consolidation process among Austrian banks in the near future. Apart from local competitors, other international banks may enter the banking market in Austria and Central and Eastern Europe, thus increasing the pressure on the Issuer's profit margins.

There is a risk that a rating agency may suspend, downgrade or withdraw a rating of the Issuer and that such action may have a material adverse effect on the market value and trading price of the Notes

The risk related to the Issuer's ability to fulfil its obligations (liquidity risk) as issuer of Notes is characterised among other matters by the rating of the Issuer.

A rating is the opinion of a rating agency on the credit standing of an issuer, i.e., a forecast or an indicator of a possible credit loss due to insolvency, delay in payment or incomplete payment to the investors. It is not a recommendation to buy, sell or hold securities. The rating agency may in particular suspend, downgrade or withdraw a rating. Such suspension, downgrading or withdrawal may have a material adverse effect on the market value and trading price of the Notes. A downgrading of the rating may also lead to a restriction of the access to funds and, consequently, to higher refinancing costs.

European regulated investors are subject to restrictions under Regulation (EC) No. 1060/2009 (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings referred to in this Prospectus and/or the Final Terms will be disclosed in the Final Terms.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme:

Noteholders are exposed to the risk of partial or total failure of the Issuer to make interest and/or redemption payments under the Notes (Credit Risk)

Investors are subject to the risk of a partial or total failure of the Issuer to make interest and/or redemption payments that the Issuer is obliged to make under the Notes. The worse the creditworthiness of the Issuer, the higher the risk of loss (see also "Risk Factors relating to the Issuer" above). A materialisation of the credit risk may result in partial or total failure of the

Issuer to make interest and/or redemption payments.

Investors in the Notes assume the risk that the credit spread of the Issuer changes (Credit Spread Risk)

A credit spread is the margin payable by the Issuer to the holder of a Note as a premium for the assumed credit risk. Credit spreads are offered and sold as premiums on current risk-free interest rates or as discounts on the price.

Factors influencing the credit spread include, among other things, the creditworthiness and rating of the Issuer, probability of default, recovery rate, remaining term to maturity of the Note and obligations under any collateralisation or guarantee and declarations as to any preferred payment or subordination. The liquidity situation, the general level of interest rates, overall economic developments, and the currency, in which the relevant obligation is denominated may also have a positive or negative effect.

Investors are exposed to the risk that the credit spread of the Issuer widens resulting in a decrease in the price of the Notes.

Due to future money depreciation (inflation), the real yield of an investment may be reduced

Inflation risk describes the possibility that the value of assets such as the Notes or income therefrom will decrease as inflation reduces the purchasing power of a currency. Inflation causes the rate of return to decrease in value. If the inflation rate exceeds the interest paid on any Notes the yield on such Notes will become negative.

There can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. In an illiquid market, an investor may not be able to sell his Notes at fair market prices (Liquidity Risk)

Application has been made to admit the Programme to the Markets, each of which appears on the list of regulated markets issued by the European Commission. In addition, the Programme provides that Notes may be listed on an alternative market or stock exchange or may not be listed at all.

Regardless of whether the Notes are listed or not, there can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. The fact that the Notes may be listed does not necessarily lead to greater liquidity as compared to unlisted Notes. If the Notes are not listed on any stock exchange, pricing information for such Notes may, however, be more difficult to obtain, which may adversely affect the liquidity of the Notes. In an illiquid market, an investor might not be able to sell its Notes at any time at fair market prices or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. Generally, these types of Notes would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a material adverse effect on the market value of Notes. The possibility to sell the Notes might additionally be restricted by country-specific reasons.

There is a risk that trading in the Notes or underlyings will be suspended, interrupted or terminated

If the Notes are listed on one (or more) markets (which may be regulated or unregulated), the listing of such Notes may – depending on the rules applicable to such stock exchange - be suspended or interrupted by the respective stock exchange or a competent regulatory authority upon the occurrence of a number of reasons, including violation of price limits,

breach of statutory provisions, occurrence of operational problems of the stock exchange or generally if deemed required in order to secure a functioning market or to safeguard the interests of investors. Furthermore, trading in the Notes may be terminated, either upon decision of the stock exchange, a regulatory authority or upon application by the Issuer. Where trading in an underlying of the Notes is suspended, interrupted or terminated, trading in the respective Notes will usually also be suspended, interrupted or terminated and existing orders for the sale or purchase of such Notes will usually be cancelled. Investors should note that the Issuer has no influence on trading suspension or interruptions (other than where trading in the Notes is terminated upon the Issuer's decision) and that investors in any event must bear the risks connected therewith. In particular, investors may not be able to sell their Notes where trading is suspended, interrupted or terminated, and the stock exchange quotations of such Notes may not adequately reflect the price of such Notes. Furthermore, a trading suspension, interruption or termination of underlyings of the Notes may cause a suspension, interruption or termination of trading in the Notes and may as well result in an artificial or wrong valuation of the Notes. Finally, even if trading in Notes or underlyings is suspended, interrupted or terminated, investors should note that such measures may neither be sufficient nor adequate nor in time to prevent price disruptions or to safeguard the investors' interests; for example, where trading in Notes is suspended after price-sensitive information relating to such Notes has been published, the price of such Notes may already have been adversely affected. All these risks would, if they materialise, have a material adverse effect on the investors.

Noteholders are exposed to market price risk in any sale of Notes (Market Price Risk)

The development of market prices of the Notes depends on various factors, such as changes of market interest rate levels, the policies of central banks, overall economic developments, inflation rates or the lack of or excess demand for the relevant type of Note. The holder of Notes is therefore exposed to the risk of an unfavourable development of market prices of its Notes which materialises if the holder sells the Notes prior to the final maturity of such Notes. If the holder decides to hold the Notes until final maturity, the Notes will be redeemed at the amount set out in the relevant Final Terms.

Certain Notes may contain, or be combined with, an option, the price of which may be subject to change and may thus influence the market price of such Notes. The option price (the option premium) is primarily affected by the difference between the price of the underlying asset and the strike price, the time remaining for the option to be exercised, and the volatility of the underlying asset. Affecting the option price to a lesser degree are factors such as interest rates, market conditions, and the dividend rate of the underlying asset. Changes in the price and volatility of the underlying asset strongly influence the option price. The value of an option tends to decrease as its expiration date approaches and the option becomes worthless after that date. The holder of such Notes is therefore exposed to the risk of an unfavourable development of the price of the option contained in, or combined with, such Notes.

In the event that any Notes are redeemed prior to their maturity, a holder of such Notes may be exposed to risks, including the risk that his investment will have a lower than expected yield (Risk of Early Redemption)

The applicable Final Terms will indicate whether an Issuer may have the right to call the Notes prior to maturity (an optional call right) if any or whether the Notes will be subject to early redemption upon the occurrence of an event specified in the applicable Final Terms (an early redemption event). The Issuer will always have the right to redeem the Notes if the Issuer is required to make additional (gross-up) payments for reasons of taxation. If the Issuer redeems the Notes prior to maturity or the Notes are subject to early redemption due to an early redemption event, a holder of such Notes is exposed to the risk that, due to early redemption, its investment will have a lower than expected yield. The Issuer might exercise its optional call right if the yield on comparable Notes in the capital markets falls, which means that the investor may only be able to reinvest the redemption proceeds in Notes with a lower yield.

Investors should note that where the Terms and Conditions of the Notes provide for a right of early redemption by the Issuer only, Noteholders usually receive a higher yield on their Notes than they would if they were also granted a right to early redeem the Notes. Excluding the Noteholders' right to redeem Notes prior to their maturity is often a precondition for the Issuer being able to hedge its exposure under the Notes. Thus, without early redemption by Noteholders being excluded, the Issuer would not be able to issue Notes at all, or the Issuer would factor the potential hedging break costs into the redemption amount of the Notes, thus reducing the yield investors receive from the Notes. Investors should therefore carefully consider whether they think that a right of early redemption only for the Issuer would be to their detriment, and should, if they think that this is the case, not invest in the Notes.

There is a risk that Noteholders may not be able to reinvest proceeds from the Notes in such a way that they earn the same rate of return (Reinvestment Risk)

Noteholders may be subject to the risk that interest or dividends earned from an investment in the Notes may not in the event of an early redemption of any Notes be able to be reinvested in such a way that they earn the same rate of return as the redeemed Notes.

A holder of Notes denominated in a foreign currency or a Dual Currency Note may be exposed to adverse changes in currency exchange rates which may affect the yield of such Notes (Currency Risk/Dual Currency Notes)

A holder of Notes denominated in a foreign currency and a holder of Dual Currency Notes is exposed to the risk of changes in currency exchange rates which may affect the yield of such Notes. Changes in currency exchange rates result from various factors such as macro-economic factors, speculative transactions and interventions by central banks and governments. A change in the value of any foreign currency against the euro, for example, will result in a corresponding change in the euro value of Notes denominated in a currency other than euro and a corresponding change in the euro value of interest and principal payments made in a currency other than in euro in accordance with the terms of such Notes. If the underlying exchange rate falls and the value of the euro correspondingly rises, the price of the Notes and the value of interest and principal payments made thereunder expressed in euro falls.

Furthermore, there is a risk that authorities with jurisdiction over the currency in which an investor's financial activities are denominated principally, may impose or modify exchange controls. Such exchange controls could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Holders of Fixed Rate Notes are exposed to the risk that the price of such Notes falls as a result of changes in the market interest rate

A holder of Fixed Rate Notes is exposed to the risk that the price of such Notes falls as a result of changes in the market interest rate. While the nominal interest rate of Fixed Rate Notes as specified in the applicable Final Terms is fixed during the life of such Notes, the current interest rate on the capital market for issues of the same maturity (the "market interest rate") typically changes on a daily basis. As the market interest rate changes, the price of Fixed Rate Notes also changes, but in the opposite direction. If the market interest rate increases, the price of Fixed Rate Notes typically falls, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the price of Fixed Rate Notes typically increases, until the yield of such Notes is approximately equal to the market interest rate. If the holder of Fixed Rate Notes holds such Notes until maturity, changes in the market interest rate are without relevance to such holder as the Notes will be redeemed at a specified redemption amount, usually the principal amount of such Notes. The same risk applies to Step-Up Notes and Step-Down Notes if the market interest rates in respect of comparable Notes are higher than the rates applicable to such Notes.

Holders of Floating Rate Notes may be exposed to the risk of fluctuating interest rate levels and uncertain interest income

Floating Rate Notes tend to be volatile investments. A holder of Floating Rate Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Fluctuating interest rate levels make it impossible to determine the profitability of Floating Rate Notes in advance. If Floating Rate Notes are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, the market value may be more volatile than those for Floating Rate Notes that do not include these features. If the amount of interest payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the interest rates on interest payable will be increased. The effect of a cap is that the amount of interest will never rise above and beyond the predetermined cap, so that the holder will not be able to benefit from any actual favourable development beyond the cap. The yield could therefore be considerably lower than that of similar Floating Rate Notes without a cap.

The market value of Inverse/Reverse Floating Rate Notes is more volatile than the market value of other more conventional floating rate notes based on the same reference rate

Inverse Floating Rate Notes (also called Reverse Floating Rate Notes) have an interest rate which is determined as the difference between a fixed interest rate and a floating rate reference rate such as the Euro Inter-bank Offered Rate ("EURIBOR") or the London Inter-bank Offered Rate ("LIBOR") which means that interest income on such Notes falls if the reference interest rate increases. Typically, the market value of Inverse Floating Rate Notes is more volatile than the market value of other more conventional floating rate notes based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest payable on the Notes, but may also reflect an increase in prevailing interest rates, which may further adversely affect the market value of such Notes.

Fixed to Floating Rate Notes bear specific risks

Fixed to Floating Rate Notes bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes relating to the same reference rate. In addition, the new floating rate at any time may be lower than the interest rates payable on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than the then prevailing interest rates payable on its Notes.

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes

Zero Coupon Notes do not pay current interest but are issued at a discount from their nominal value. Instead of periodical interest payments, the difference between the redemption price and the issue price constitutes interest income until maturity and reflects the market interest rate. A holder of Zero Coupon Notes is exposed to the risk that the price of such Notes falls as a result of changes in the market interest rate. Prices of Zero Coupon Notes are more volatile than prices of Fixed Rate Notes and are likely to respond to a greater degree to market interest rate changes than interest bearing notes with a similar maturity.

Holders of Index-linked Interest Notes and Holders of Index-linked Redemption Notes are exposed to the risk of fluctuating interest rate and/or principal levels and may in

certain circumstances receive no interest and/or repayment at all

Index-linked Notes may either be issued as Index-linked Interest Notes where payments of interest will be made by reference to a single index or other factors (including changes in the price of securities and commodities or movements in exchange rates) and/or such formula as may be specified by the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms) or as Index-linked Redemption Notes where payment of principal will be calculated by reference to a single index or other factors (including changes in the price of securities and commodities or movements in exchange rates) and/or such formula as may be specified by the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms) or may be issued as a combination of Index-linked Interest Notes and Index-linked Redemption Notes.

If payment of interest is linked to a particular index, a holder of Index-linked Interest Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income or may even receive no interest at all which may have the effect that the yield of an Index-linked Interest Note is negative. If payment of principal is linked to a particular index, a holder of Index-linked Redemption Notes is exposed to the risk that the repayment amount is uncertain. Depending on the calculation of the repayment amount, the yield of an Index-linked Redemption Note may be negative and an investor may lose the value of its entire investment or parts of it. The more volatile the relevant index, the greater is the uncertainty in respect of interest income and repayment amount. Uncertainty with respect to interest and repayment amount make it impossible to determine the yield of Index-linked Notes in advance.

Structured Notes bear special risk

In general, an investment in Notes by which the premium and/or the interest on and/or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security. Such risks include the risks that the holder of such Notes will receive no interest at all, or that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that the holder of such Notes could lose all or a substantial portion of the principal of its Notes. In addition, investors should be aware that the market price of such Notes may be very volatile (depending on the volatility of the relevant currency, commodity, interest rate, future contract, index or formula or basket thereof).

Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Note.

In the case of a cap, a Noteholder will not be able to benefit from any actual favourable development beyond the cap

If the interest rate and/or redemption amount of an issue of Notes are not fixed but will be determined according to the structure of Notes as set out in the relevant Final Terms of the Notes, such an issue may also incorporate a cap. The effect of a cap is that the amount of interest and/or the redemption amount will never rise above the predetermined cap, so that the holder will not be able to benefit from any actual favourable development beyond the cap. The yield could therefore be considerably lower than that of similarly structured Notes without a cap.

There may be potential conflicts of interest

Each of the Issuer, the Dealer(s) or any of their respective affiliates not only issue Notes but also have other business areas which independently do business with companies that might be part of the assets underlying Notes (e.g., an index, single shares or baskets). It cannot be ruled out that decisions made by those independent business areas may have a positive or a

negative impact on the underlying value.

Equity-linked Notes bear similar risks to a direct equity investment

Equity-linked Notes may either be issued as Equity-linked Interest Notes where payment of interest will be calculated by reference to a single equity security or a basket of equity securities (as indicated in the applicable Final Terms) or as Equity-linked Redemption Notes where payment of principal will be calculated by reference to a single equity security or a basket of equity securities (as indicated in the applicable Final Terms). Equity-linked Redemption Notes may also provide that the redemption will be by physical delivery of reference items. Accordingly, an investment in Equity-linked Redemption Notes may bear similar risks as a direct equity investment and investors should take advice accordingly. In case of Equity-linked Redemption Notes, the investor may lose the value of his entire investment or part of it.

Fund-linked Notes bear similar risks to a direct investment in funds

Fund-linked Notes may either be issued as Fund-linked Interest Notes where payment of interest will be calculated by reference to a fund or a basket or portfolio of funds (as indicated in the applicable Final Terms) or as Fund-linked Redemption Notes where payment of principal will be calculated by reference to a fund or a basket or portfolio of funds (as indicated in the applicable Final Terms). Fund-linked Redemption Notes may also provide that the redemption will be by physical delivery of reference items. Accordingly, an investment in Fund-linked Redemption Notes may bear similar risks as a direct fund investment and investors should take advice accordingly. In particular, an investor may be exposed to the market risk of the positions in which the fund (or funds) invests and the risk that the management of the fund (or funds) may act negligently or fraudulently. The performance (positive or negative) of the fund may have a direct impact on the Fund-linked note. In case of Fund-linked Redemption Notes, the investor may lose the value of his entire investment or part of it.

Notes linked to Hedge Funds carry a high degree of risk

Special investment considerations apply to Notes linked to hedge funds: An investment in Notes which economically represent a hedge fund carries a high degree of risk. Hence only a small part of the disposable funds should be invested into such Notes and not all disposable funds or funds financed by credit should be invested into such Notes. An investment into such Notes will be offered to investors particularly knowledgeable in investment matters. Investors should participate in the investment only if they are in a position to consider carefully the risks associated with such Notes.

A holder of Credit-linked Notes is exposed to the credit risk of the Issuer and that of one or more reference entities

A holder of a Credit-linked Note is exposed to the credit risk of the Issuer and that of one or more Reference Entities (as specified in the applicable Final Terms). There is no guarantee that a holder of such Notes will receive the full principal amount of such Notes and interest thereon and ultimately the obligations of the Issuer to pay principal under such Notes may be reduced to zero. Accordingly, an investment in Credit-linked Notes involves a high degree of risk which can only be adequately assessed where an investor has sufficient knowledge and experience to evaluate the merits and risks of investing in such Notes and has access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks.

The Issuer's obligations in respect of Credit-linked Notes are irrespective of the Issuer's credit exposure to a Reference Entity and the Issuer need not suffer any loss or provide evidence of any loss as a result of the occurrence of a Credit Event (as specified in the applicable Final Terms). The Issuer may deal in any obligation of a Reference Entity (as specified in the applicable Final Terms) and may, where permitted, accept deposits from, make loans or

otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, a Reference Entity or any other person or entity having obligations relating to such Reference Entity, and may act with respect to such business in the same manner as each of them would if the Credit-linked Notes did not exist, regardless of whether any such action might have an adverse effect on a Reference Entity or the position of the holder of Credit-linked Notes.

The Issuer may be in possession of information in relation to a Reference Entity that is or may be material in the context of the Credit-linked Notes and that may or may not be publicly available, and the Terms and Conditions of such Notes do not impose any obligation on the part of the Issuer to disclose to the holders any such relationship or information.

Payments in respect of Commodity-linked Notes will be dependent upon the performance of the underlying commodity

Payments in respect of Commodity-linked Notes will be dependent upon the performance of the underlying commodity. An investment in Commodity-linked Notes is not the same as an investment in the underlying commodity or an investment which is directly linked to such commodity. The performance of the underlying commodity may go down as well as up and its performance at any specific date may not reflect its prior or future performance. There can be no assurance as to the future performance of the underlying commodity. Accordingly, before investing in Commodity-linked Notes, prospective investors should carefully consider whether an investment based on the performance of an underlying commodity is suitable for them. Commodity-linked Notes involve complex risks, which include, among other things, commodity price risks, credit risk and/or political and general economic risks.

Payments in respect of Future-linked Notes will be dependent upon the performance of the underlying future contract

An investment in Future-linked Notes may bear similar complex risks (in particular price risk, credit risk and/or political and general economic risk) to those associated with a direct investment in the underlying of such Notes, and investors should take advice accordingly. However, investors should be aware that an investment in such Notes is not the same as a direct investment in a future contract and/or an investment which is directly linked to such future contract. In particular, fluctuations in the value of the future contract (or of each future contract contained in a basket) will affect the value of such a Note. Investors should note that future contracts are usually more volatile and risky than other underlyings and should consider whether they are able and willing to expose themselves to this additional risk. There can be no assurance as to the future performance of the future contract. The repayment amount payable by the Issuer might be substantially less than the issue price or, as the case may be, the purchase price invested by the holder of the Note and it may even be zero, in which case the holder may lose its entire investment.

The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations which are subordinated to the claims of all unsubordinated creditors of the Issuer

The Issuer may issue Subordinated Notes. The obligations of the Issuer in case of Subordinated Notes constitute unsecured and subordinated obligations. In the event of the liquidation or bankruptcy of the Issuer, such obligations will be subordinated to the claims of all unsubordinated creditors of the Issuer so that in any such event no amounts will be payable under such obligations until the claims of all unsubordinated creditors of the Issuer will have been satisfied in full.

In the course of the implementation of Basel III in Austria, a new regime for credit institutions may be implemented, which may enable the competent supervisory authority, in limited circumstances, to cause investors in the Notes to share in the losses of the Issuer. Therefore, even if the Terms and Conditions of the Subordinated Notes do not contain a provision which

requires them to be converted into ordinary shares or written off upon the occurrence of a viability event, it is possible that upon adoption of a resolution regime for credit institutions, any new powers which may be granted to a supervisory authority could be used in such a way as to result in the Subordinated Notes issued under the Programme absorbing losses in the course of any resolution of the Issuer. Loss absorption may be achieved by a variety of tools that may affect the rights of the holders of Subordinated Notes, including the ability to write off sums otherways payable at a time when the Issuer is no longer considered viable by its regulator or upon the occurrence of another trigger, or Subordinated Notes may be converted into ordinary shares upon the bank's non-viability. Alternatively (or in addition), the relevant Final Terms of the Subordinated Notes may foresee that the Subordinated Notes have to share in losses of the Issuer in certain circumstances. The application of any such loss absorption mechanism (either by statute or the Terms and Conditions of the Subordinated Notes) may affect the rights and effective remedies of holders of Notes as well as the market value of the Subordinated Notes.

Claims of the Issuer are not permitted to be offset against payment obligations of the Issuer under the Subordinated Notes and no contractual collateral may be provided by the Issuer or a third person in respect of any liabilities constituted by Subordinated Notes. No subsequent agreement may limit the subordination or amend the maturity of Subordinated Notes.

Reverse Convertible Notes expose the investor to fluctuations in the market prices of both the Notes and the underlying asset, as well as to all the associated risks of a direct investment in the underlying asset

Reverse Convertible Notes will provide the Issuer with the right to convert Notes into shares or other equity-like instruments of the Issuer or any other company limited by shares, commodities, currencies or funds, or baskets thereof, whether listed or unlisted. At maturity the Issuer may choose to exercise its conversion right or redeem the Notes through cash settlement. A holder of a Reverse Convertible Note is exposed to fluctuations in the market price of the Notes and the risk of default by the underlying issuer, if any, as well as the associated risks of a direct investment in the underlying asset. Reverse Convertible Notes will be issued as Domestic Notes only.

Failure to pay an instalment could result in an investor risk of losing all or part of its investment in Instalment Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Investors should therefore be aware that they may be required to make further payments of principal after having acquired the instalment Notes. Failure to pay any subsequent instalment could result in the investors risk of losing all or part of their investment.

Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased by investors as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Credit ratings of Notes may not adequately reflect all risks of the investment in such Notes and may be suspended, downgraded or withdrawn

A rating of Notes may not adequately reflect all risks of the investment in such Notes. Equally, ratings may be suspended, downgraded or withdrawn. Such suspension, downgrading or withdrawal may have an adverse effect on the market value and trading price of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Special Risk related to Notes with Integral multiples of less than €50,000

In relation to any issue of Notes which have a denomination consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €50,000 (or its equivalent) that are not integral multiples of €50,000 (or its equivalent). In such a case, a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If a loan or credit is used to finance the acquisition of the Notes, the loan may significantly increase the risk of a loss

If a loan is used to finance the acquisition of the Notes by an investor and the Notes subsequently go into default, or if the trading price diminishes significantly, the investor may not only have to face a potential loss on its investment, but it will also have to repay the loan and pay interest thereon. A loan may significantly increase the risk of a loss. Investors should not assume that they will be able to repay the loan or pay interest thereon from the profits of a transaction. Instead, investors should assess their financial situation prior to an investment, as to whether they are able to pay interest on the loan, repay the loan on demand, and that they may suffer losses instead of realising gains.

Incidental costs related in particular to the purchase and sale of the Notes may have a significant impact on the profit potential of the Notes

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) may be incurred in addition to the purchase or sale price of the Notes. These incidental costs may significantly reduce or eliminate any profit from holding the Notes. Credit institutions as a rule charge commissions which are either fixed minimum commissions or pro-rata commissions, depending on the order value. To the extent that additional - domestic or foreign - parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, investors may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of Notes (direct costs), investors must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Investors have to rely on the functionality of the relevant clearing system

The Notes are purchased and sold through different clearing systems, such as Clearstream Banking S.A., Euroclear Bank S.A./N.V. or Oesterreichische Kontrollbank Aktiengesellschaft. The Issuer does not assume any responsibility as to whether the Notes are actually transferred to the securities portfolio of the relevant investor. Investors have to rely on the functionality of the relevant clearing system.

The tax impact of an investment in the Notes should be carefully considered

Interest payments on Notes, or profits realised by an investor upon the sale or repayment of Notes, may be subject to taxation in its home jurisdiction or in other jurisdictions in which it is required to pay taxes. The tax impact on investors generally is described under "Taxation"; however, the tax impact on an individual investor may differ from the situation described for investors generally. Prospective investors, therefore, should contact their own tax advisors for advice on the tax impact of an investment in the Notes. Furthermore, the applicable tax regime may change to the disadvantage of the investors in the future.

The Notes are governed by English or Austrian law, and changes in applicable laws, regulations or regulatory policies may have an adverse effect on the Issuer, the Notes and the investors

The Terms and Conditions of the Notes will be governed either by English or Austrian law in effect as at the date of this Prospectus. Investors should thus note that the governing law may not be the law of their own home jurisdiction and that the law applicable to the Notes may not provide them with similar protection as their own law. Furthermore, no assurance can be given as to the impact of any possible judicial decision or change to English or Austrian law (or law applicable in Austria), or administrative practice after the date of this Prospectus.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Furthermore, the Terms and Conditions of the Notes may contain certain exclusions or restrictions of the Issuer's or other parties' (e.g. the Fiscal Agent, the Calculation Agent, the Paying Agent etc) liability for negligent acts or omissions in connection with the Notes, which could result in the investors not being able to claim (or only to claim partial) indemnification for damage that has been caused to them. Investors should therefore inform themselves about such exclusions or restrictions of liability and consider whether these are acceptable for them.

GENERAL DESCRIPTION OF THE PROGRAMME

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus and, in relation to the Terms and Conditions of any particular Tranche of Notes, the applicable Final Terms. Words and expressions defined or used in "Terms and Conditions of the Notes" below shall have the same meanings in this overview. The Issuer may agree with any Dealer that Notes may be issued in a form other than that contemplated in "Terms and Conditions of the Notes" herein, in which event (in the case of listed or publicly offered Notes only) a supplement to the Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

Issuer	Erste Group Bank AG
Description	Debt Issuance Programme
Size	Up to €30,000,000,000 (or the equivalent in other currencies at the date of issue) aggregate principal amount of Notes outstanding at any one time.
Domestic Arranger	Erste Group Bank AG
International Arranger	J.P. Morgan Securities Ltd.
Dealers	<p>Erste Bank der oesterreichischen Sparkassen AG, and Erste Group Bank AG.</p> <p>The Issuer may from time to time terminate the appointment of any dealer under the Programme or appoint additional dealers either in respect of one or more Tranches or in respect of the whole Programme. References in this Prospectus to "Permanent Dealers" are to the persons listed above as Dealers and to such additional persons that are appointed as dealers in respect of the whole Programme (and whose appointment has not been terminated) and to Dealers are to all Permanent Dealers and all persons appointed as a dealer in respect of one or more Tranches.</p>
Fiscal Agent	BNP Paribas Securities Services, Luxembourg Branch
International Paying and Transfer Agents	BNP Paribas Securities Services, Luxembourg Branch
Domestic Agent	Erste Group Bank AG

The Issuer may, subject to the terms of the Agency Agreement from time to time, remove the Fiscal Agent and/or the International Paying and Transfer Agent and/or the Domestic Agent, and/or may appoint other or additional paying agents, as set out in the Final Terms. Such other paying agents will be appointed in accordance with applicable statutory requirements and/or the rules of the stock exchanges where Notes of the respective Series (as defined below) are listed, and will either be banks or other entities licensed in the EEA or another market where Erste Group is active to act as paying agents.

Method of Issue

Notes will be specified in the relevant Final Terms as either International Notes or Domestic Notes (together, the "Notes"). International Notes will be issued on a syndicated or a non-syndicated basis. Domestic Notes will be issued on a non-syndicated basis only.

The Notes will be issued in series (each a "Series") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "Tranche") on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental Terms and Conditions of the Notes and, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in a final terms to this Prospectus (the "Final Terms").

Redenomination, renominatisation and/or reconventioning

Notes denominated in a currency that may be redenominated into euro may, following the giving of notice by the Issuer to the Noteholders, the Fiscal Agent, Euroclear and/or Clearstream, Luxembourg (in the case of International Notes) or to the Noteholders, the Fiscal Agent and/or OeKB (in the case of Domestic Notes), be subject to redenomination, renominatisation, reconventioning and/or consolidation with other Notes then denominated in euro as may be specified in the Final Terms.

Consolidation

Notes of one Series may be consolidated with Notes of another Series and provisions in respect of such consolidation will be contained in Part A

of the relevant Final Terms.

Issue Price

Notes may be issued at their principal amount or at a discount or premium to their principal amount. Partly-paid Notes may be issued, the issue price of which will be payable in two or more instalments.

Form of Notes

The Notes may be issued in bearer form only ("Bearer Notes"), in the case of Notes governed by English law only, in bearer form exchangeable for Registered Notes ("Exchangeable Bearer Notes") or in registered form only ("Registered Notes"). Each Tranche of Bearer Notes and Exchangeable Bearer Notes will be represented on issue by a temporary Global Note without interest coupons if (i) definitive Notes are to be made available to Noteholders following the expiry of 40 days after their issue date or (ii) such Notes have an initial maturity of more than one year and are being issued in compliance with the D Rules (as defined in "General Description of the Programme - Selling Restrictions"), otherwise such Tranche will be represented by a permanent Global Note without interest coupons. Registered Notes will be represented by Certificates (each a "Certificate"), one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Certificates representing Registered Notes that are registered in the name of one holder or a nominee for one or more clearing systems are referred to as "Global Certificates".

Clearing Systems

For International Notes, Euroclear, Clearstream, Luxembourg and, in relation to any Tranche, such other clearing system as may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer. Domestic Notes will in all cases be cleared through OeKB (and may be settled through Euroclear and Clearstream, Luxembourg) or with or on behalf of the Issuer or may be held by investors.

Initial Delivery of Notes

On or before the issue date for each Tranche, if the Global Note is in NGN form, it will be delivered to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. On or before the issue date for each Tranche, if the Global Note is in CGN form, the Global Note representing Bearer Notes or Exchangeable Bearer Notes or the Global Certificate representing Registered Notes may be deposited with a common depository for Euroclear and Clearstream,

Luxembourg (in the case of International Notes) or a depository for OeKB or OeKB or with or on behalf of the Issuer (in the case of Domestic Notes). Global Notes or Global Certificates representing International Notes may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer. Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of nominees or a common nominee for such clearing systems.

Currencies

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency if the Issuer and the relevant Dealers so agree.

Maturities

Subject to compliance with all relevant laws, regulations and directives, the Notes will have a minimum maturity of one month, except for Subordinated Notes which will have a minimum maturity of five years.

Denomination

Notes will be issued in such denominations as may be agreed by the Issuer and the relevant Dealer(s) and specified in the relevant Final Terms, save that the minimum denomination of the Notes will be Euro 1,000 or, if any currency other than Euro, in an amount in such other currency equal to or exceeding the equivalent of Euro 1,000 at the time of the issue of the Notes.

Fixed Interest Rate Notes

Fixed interest will be payable in arrear on the date or dates in each year specified in Part A of the relevant Final Terms.

Floating Rate Notes

Floating Rate Notes will bear interest set separately for each Series:

(i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the ISDA Definitions (as defined in the Terms and Conditions of the Notes); or

(ii) by reference to LIBOR or EURIBOR (or such other benchmark as may be specified in Part A of the relevant Final Terms) as adjusted for any

applicable margin.

Interest periods will be specified in Part A of the relevant Final Terms.

Zero Coupon Notes

Zero Coupon Notes may be issued at their principal amount or at a discount to it and will not bear interest.

Index-linked Notes

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of index-linked Notes will be calculated by reference to such stock or commodity or other index, currency exchange rate and/or formula as the Issuer and the relevant Dealer or other purchaser may agree (as indicated in Part A of the relevant Final Terms).

Fund-linked Notes

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of fund-linked Notes will be calculated by reference to such fund or basket of funds as the Issuer and the relevant Dealer or other purchaser may agree (as indicated in Part A of the relevant Final Terms). Funds may directly or indirectly invest in accordance with the principle of portfolio diversification in shares, bonds, structured notes, real estate, money market instruments, financial instruments, commodities, indices, funds and other investments. Funds may be listed or unlisted and may be established in various forms and structures depending on the applicable legal regime and investment objective. In particular, funds may be set up as closed end or open end vehicles with or without own legal subjectivity with or without a separate management entity. Depending on the jurisdiction of the establishment of the fund, its structure, investment object, etc the fund may be set up in accordance with Council Directive 85/611/EEC of 20 December 1985 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS") (the "UCITS Directive"), as amended. The fund categories sufficient to serve as an underlying for fund-linked Notes are not restricted to funds in compliance with the UCITS Directive and may include various funds categories, such as single funds or fund of funds structures, index funds and index tracking funds, real estate funds, hedge funds, alternative investment funds and others, whose structure, investment objectives, investor's participation etc. may differ from the structure, investment

objectives, investor's participation etc. under the UCITS Directive. Depending on the applicable legal regime, funds may or may not be subject to supervision of authorities, certain investment thresholds and limited redemption rights.

Variable Coupon Amount Notes

The Final Terms issued in respect of each issue of variable coupon amount Notes will specify the basis for calculating the amounts of interest payable, which may be by reference to a stock index or formula or as otherwise provided in Part A of the relevant Final Terms.

Variable Redemption Amount Notes

The Final Terms issued in respect of each issue of variable redemption amount Notes will specify the basis for calculating the redemption amounts payable, which may be by reference to a stock index or formula or as otherwise provided in Part A of the relevant Final Terms.

Equity-linked Notes

Payments in respect of Equity-linked Notes will be calculated by reference to such single equity security or basket of equity securities, as indicated in Part A of the relevant Final Terms.

Credit-linked Notes

Credit-linked Notes may be issued relating to one or more reference entities (as specified in the relevant Final Terms). Holders of Credit-linked Notes are exposed to the credit risk of the Issuer and such reference entities.

Commodity-linked Notes

Payments in respect of Commodity-linked Notes will be calculated by reference to a commodity (or basket thereof), as indicated in Part A of the relevant Final Terms.

Future-linked Notes

Payments in respect of Future-linked Notes will be calculated by reference to a future contract (or basket thereof), as indicated in Part A of the relevant Final Terms.

Reverse Convertible Notes

Reverse Convertible Notes (convertible into shares, commodities, currencies or funds, or baskets thereof, whether listed or unlisted) may be issued as Domestic Notes only, as specified in the relevant Final Terms.

Other Notes

Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, dual currency Notes, reverse dual currency

Notes, optional dual currency Notes, partly-paid Notes, and any other type of Note that is foreseen in this Prospectus and the Issuer and any Dealer or Dealers may agree to issue under the Programme will be set out in the relevant Final Terms.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate or both. The use of interest accrual periods permit the Notes to bear interest at different rates in the same interest period. All such information will be set out in Part A of the relevant Final Terms.

Redemption

Notes may be redeemable at par or at such other Redemption Amount (detailed in a formula or otherwise) as will be specified in Part A of the relevant Final Terms.

Redemption by Instalments

The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

Optional Redemption

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed (either in whole or in part) prior to their stated maturity (if any) at the option of the Issuer and/or the holders, and if so the terms applicable to such redemption.

Status of the Senior Notes

The Senior Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer, all as described in "Terms and Conditions of the Notes - Status of the Senior Notes".

Status of the Subordinated Notes

The Subordinated Notes will constitute direct, subordinated and unsecured obligations of the Issuer, all as described in "Terms and Conditions of the Notes - Status of the Subordinated Notes".

Status of *Pfandbriefe (Mortgage Bonds), Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-*

Pfandbriefe (Mortgage Bonds), Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-Sector Covered Bonds) and Covered Bonds may be issued as either

Sector Covered Bonds) and Covered Bonds

International Notes or Domestic Notes and will constitute direct, unconditional and unsubordinated obligations of the Issuer secured by a special pool of cover assets, all as described in "Terms and Conditions of the Notes - Status of the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds".

Cross Default

See "Terms and Conditions of the Notes - Events of Default". *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds are not subject to Cross Default.

Negative Pledge

See "Terms and Conditions of the Notes - Negative Pledge" in respect of Senior Notes only.

Early Redemption

Except as provided in "Optional Redemption" above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons and, at the option of the Noteholders, only in certain defined circumstances. See "Terms and Conditions of the Notes - Redemption, Purchase and Options".

Withholding Tax

All payments of principal and interest in respect of the Notes will be made free and clear of withholding taxes of Austria, subject to customary exceptions as described in "Terms and Conditions of the Notes - Taxation".

Governing Law

To be specified in Part A of the relevant Final Terms, as either:

English law, save that the subordination provisions contained in Condition 3(b) are governed by Austrian law; or

Austrian law, in respect of issues nominated as being governed by Austrian law, including issues of *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds.

International Notes may be governed by English law or by Austrian law. All Domestic Notes will be governed by Austrian law.

Place of Jurisdiction

If English law is specified in Part A of the relevant Final Terms as the governing law, the Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons ("Proceedings") may be brought in such courts, to the extent permissible according to applicable mandatory consumer protection legislation.

For *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) or Covered Bonds or if Austrian law is specified in Part A of the relevant Final Terms as the governing law, the competent Austrian courts shall have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, to the extent permissible according to applicable mandatory consumer protection legislation.

Binding Language

To be specified in Part A of the relevant Final Terms, as either:

(i) English language, and, if specified in the relevant Final Terms, with the German language version constituting a convenience translation only; or

(ii) German language, and, if specified in the relevant Final Terms, with the English language version constituting a convenience translation only.

International Notes will be issued in the English language, and Domestic Notes will be issued in the German or English language.

Listing and Admission to Trading

Application may be made to admit the Programme and/or Notes to the Markets or as otherwise specified in Part B of the relevant Final Terms and references to listing shall be construed accordingly. As specified in Part B of the relevant Final Terms, a Series may, but need not be, listed on the Markets or any other market or stock exchange.

At the date of this Prospectus, Notes of the Issuer are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange Euronext Amsterdam, Baden-Württembergische Wertpapierbörse, SWX Swiss Exchange and on

the Markets.

Ratings

Tranches of Notes (as defined in "General Description of the Programme") may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (the "the CRA Regulation") will be disclosed in the Final Terms.

Selling Restrictions

United States, the European Economic Area, Italy, United Kingdom, Japan and such other restrictions as may be required in connection with a particular issue. See "Subscription and Sale".

The Notes to be offered and sold will be subject to the restrictions of Category 2 for the purposes of Regulation S under the Securities Act.

Notes having a maturity of more than one year will be subject to the United States Tax Equity and Fiscal Responsibility Act of 1982 ("TEFRA") and will be issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(D) (the "D Rules") unless (i) Part A of the relevant Final Terms states that Notes are issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(C) (the "C Rules") or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration-required obligations" under TEFRA, which circumstances will be referred to in Part A of the relevant Final Terms as a transaction to which TEFRA is not applicable.

**OVERVIEW OF PFANDBRIEFE (MORTGAGE BONDS),
KOMMUNALSCHULDVERSCHREIBUNGEN (ÖFFENTLICHE PFANDBRIEFE)
(PUBLIC-SECTOR COVERED BONDS) AND COVERED BONDS**

Pfandbriefe (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds are Austrian law debt instruments, the quality and standards of which are regulated by the Mortgage Bank Act (*Hypothekbankgesetz*), the Introductory Order to the Mortgage Bank Act (*Verordnung über die Einführung des Hypothekbankgesetzes*), and the Austrian Law on Covered Bank Bonds (*Gesetz über fundierte Bankschuldverschreibungen*). Depending on whether the Notes are *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) or Covered Bonds, the investors' claims under such Notes are secured at all times by separate pools of certain eligible assets (*Deckungsstock*). Such assets are listed in special registers kept by the Issuer. Assets included in these asset pools may only be seized and sold to satisfy claims arising from the relevant Notes.

The assets of the cover pool for *Pfandbriefe* (Mortgage Bonds) consist of mortgage loans (or parts thereof) with a loan to value ratio not exceeding 60%. This applies to mortgages over Austrian real estate; real estate located in member states of the European Economic Area and Switzerland may also be used as cover assets, provided that the legal and economic position of the creditors of the *Pfandbriefe* (Mortgage Bonds) is comparable to that of creditors with respect to Austrian mortgages. To some extent, mortgages which do not satisfy such conformity tests may also be included in the asset pool to a limit of not more than 10% of all conforming mortgages.

The asset pool for *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) consists of loan claims against, or debt securities issued or guaranteed by, Austrian governmental entities or other Member States of the European Economic Area or Switzerland or their regional governments and governmental entities for which the competent authorities pursuant to Art 43 sec 1 lit b No 5 of the Directive 2000/ 12/EC have fixed a risk weighting of not more than 20%, or by claims benefiting from a guarantee granted by one of these governmental entities.

Covered Bonds are secured by a separate asset pool which comprises claims and securities that are suitable for the investment of assets of minors, claims and securities secured by a mortgage registered in a public register, claims against, or debt securities issued or guaranteed by, Austrian government entities or other Member States of the European Economic Area or Switzerland or their regional governments or governmental entities for which the competent authorities pursuant to Art 43 sec 1 lit b No 5 of the Directive 2000/12/EC have fixed a risk weighting of not more than 20%, or by claims benefiting from a guarantee granted by one of these governmental entities.

Certain assets held in trust on behalf of the Issuer may also be included in the relevant cover pools, as well as derivative contracts if they are used to hedge interest rates, foreign exchange or issuer insolvency risks connected with the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) or Covered Bonds.

The total amount of issued *Pfandbriefe* (Mortgage Bonds) is at any time required to be covered by mortgages of at least the same amount and same interest revenue, supplemented by a safety margin requirement of an additional 2% of the nominal value of the outstanding *Pfandbriefe* (Mortgage Bonds). Additionally, the articles of association of the Issuer currently provide that the present value (*Barwert*) of the outstanding *Pfandbriefe* (Mortgage Bonds) shall be covered at any time by eligible assets. The same requirements regarding the safety margin and the coverage of the present value apply *mutatis mutandis* for Covered Bonds, and, for *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds).

In the event that due to the repayment of mortgages or for any other reason the existing mortgages do not fully cover the issued *Pfandbriefe* (Mortgage Bonds), the Issuer may replace the shortfall in cover assets by (i) bonds or other notes that would be eligible as cover assets for *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) provided such bonds or notes are traded on a regulated market in Austria or an OECD member country, (ii) credit balances held with certain central banks or credit institutions, in particular those permitted to conduct business in Member States or member countries of the OECD, or (iii) cash. In the case of Covered Bonds, only credit balances held with certain central banks or credit institutions or cash are eligible as substitute cover assets. Substitute cover assets may never exceed 15% of the total amount of outstanding *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) or Covered Bonds. Notes issued by public bodies (item (i) above) may only be used as substitute assets for *Pfandbriefe* (Mortgage Bonds) up to an amount of 5% of the nominal value deducted from their stock exchange or market price, but never exceeding their nominal value. The same applies to *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds).

The applicable statutes provide that, as a general rule, *Pfandbriefe* (Mortgage Bonds) may only be issued if their maturity terms do not materially exceed the maturity of the mortgages. As a further requirement, the fraction of the nominal value of any newly issued *Pfandbriefe* (Mortgage Bonds) with a maturity of more than 15 years must not, at the end of each financial quarter and within a calculation time period of three years, exceed 60% of the nominal value of all newly issued *Pfandbriefe* (Mortgage Bonds). For the purposes of such calculation, the nominal value of assets with a maturity of more than 15 years which have been newly acquired during the three year calculation period, may be deducted from the nominal value of the *Pfandbriefe* (Mortgage Bonds) with a maturity of more than 15 years. Furthermore, special rules exist for *Pfandbriefe* (Mortgage Bonds) with regard to which the Issuer has either waived its right of early repayment for a time period of up to a third of the term of the *Pfandbriefe* (Mortgage Bonds), or the repayment of which must be commenced not later than after the lapse of a third of the term of the *Pfandbriefe* (Mortgage Bonds). The same applies to *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds).

A Trustee (*Treuhänder* or, in case of Covered Bonds, *Regierungskommissär*) has been appointed for a term of five years for each cover pool by the Federal Minister of Finance, which holds in trust the title deeds relating to the asset pool and the cash contained therein. The Trustee's primary task is to ensure that the required cover assets for the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) or Covered Bonds, and the claims of derivative counter-parties of the Issuer, are at all times sufficient. No asset may be deleted from the relevant register without the written consent of the Trustee.

The asset pools form separate cover funds for the claims of the holders of the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds, respectively, and the creditors under the respective derivative contracts (if any). In the event of bankruptcy of the Issuer, applicable Austrian law expressly contemplates a continuation rather than a liquidation of the asset pools: in a bankruptcy the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and the Covered Bonds will not be automatically terminated by operation of law but the cash flows will in general remain unaffected. Each asset pool would be administered by a special court-appointed receiver (which may also be another credit institution) without infringement of the rights of the holders of the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds. In the event that funds are required to discharge obligations that become due, the special receiver may collect claims that have become due, sell cover assets or raise bridge financing. After its appointment, the special receiver is obliged to sell the asset pool together with the obligations from the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds, respectively, to an appropriate credit institution. Only where a

sale is not possible must the asset pool be liquidated in accordance with the relevant statutes. In such case, the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds, respectively, will fall immediately due and the liquidation proceeds of such assets will be used (preferentially) to satisfy the claims of the holders of such securities (and counterparties under derivative contracts, if any).

Pfandbriefe (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds are full recourse obligations of the Issuer. Since the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds constitute general liabilities of the credit institution, holders also have recourse to the assets of the Issuer outside the asset pools. However, as regards those assets, holders of the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds will rank equally with other unsecured and unsubordinated creditors of the Issuer, their claims being limited to the (foreseeable) shortfall, if any, they may suffer in the liquidation of the respective cover pool. The supervisory authority has the right to request the competent court to appoint a common curator to represent the holders of *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds. Such curator may also be appointed in the event of a bankruptcy of the Issuer, and on the application of any third party whose rights would be deferred due to the lack of a common representative. In such an event, the common rights of the holders arising out of the *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds may only be exercised by the curator. The holders may join the proceedings conducted by the common curator at their own cost.

Pfandbriefe (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds may be issued as either International Notes or Domestic Notes.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the Terms and Conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes represented by Global Notes and Definitive Notes (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these Terms and Conditions together with the relevant provisions of Part A of the Final Terms or (ii) these Terms and Conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the Definitive Notes or Certificates, as the case may be. References in the Conditions to Notes are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

This Note is either a Domestic Note or an International Note as specified hereon. The International Notes are issued pursuant to an Agency Agreement (as amended or supplemented as at the Issue Date, the "Agency Agreement") dated 8 June 2011 between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as fiscal agent and the other agents named therein and, with regard to International Notes governed by English law, with the benefit of a Deed of Covenant (as amended or supplemented as at the Issue Date, the "Deed of Covenant") dated 8 June 2011 executed by the Issuer in relation to the Notes. In relation to Domestic Notes, the Issuer will act as fiscal agent, paying agent, registrar, transfer agent and calculation agent as necessary. The fiscal agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the "Fiscal Agent", the "Paying Agents" (which expression shall include the Fiscal Agent), the "Registrar", the "Transfer Agents" and the "Calculation Agent(s)". The Noteholders (as defined below), the holders of the interest coupons (the "Coupons") relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the "Talons") (the "Couponholders") and the holders of the receipts for the payment of instalments of principal (the "Receipts") relating to Notes in bearer form of which the principal is payable in instalments (the "Receipholders") are deemed to have notice of all of the provisions of the Agency Agreement applicable to them, to the extent such Notes, Coupons, Talons or Receipts are governed by English law.

As used in these Conditions, Tranche means Notes which are identical in all respects and "relevant Final Terms" means the final terms document relating to a Tranche.

Copies of the Agency Agreement, the Deed of Covenant, the ISDA Definitions and the 2003 ISDA Credit Derivatives Definitions, which are published from time to time by the International Swaps and Derivatives Association Inc. are available for inspection during usual business hours at the specified offices of each of the Paying Agents, the Registrar and the Transfer Agents.

If English law is specified hereon, no rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

1 Form, Denomination and Title

The Notes are issued in bearer form ("Bearer Notes", which expression includes Notes that are specified to be Exchangeable Bearer Notes), in registered form ("Registered Notes") or in bearer form exchangeable for Registered Notes ("Exchangeable Bearer Notes") in each case in the Specified Denomination(s) shown hereon.

All Registered Notes shall have the same Specified Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall

have the same Specified Denomination as the lowest denomination of Exchangeable Bearer Notes.

This Note is a *Pfandbrief*, a *Kommunalschuldverschreibung (Öffentlicher Pfandbrief)*, a Covered Bond, a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index-linked Interest Note, an Index-linked Redemption Note, an Equity-linked Note, a Fund-linked Note, a Credit-linked Note, a Commodity-linked Note, a Future-linked Note, a Reverse Convertible Note, an Instalment Note, a Dual Currency Note or a Partly Paid Note, a combination of any of the foregoing or any other kind of Note, depending upon the Status and Interest and Redemption/Payment Basis shown hereon.

Bearer Notes in definitive form are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Registered Notes are represented by registered certificates ("Certificates") and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes governed by English law shall, subject to mandatory rules of law and save as provided below, pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "Register"). Title to Registered Notes governed by Austrian law shall pass upon assignment (*Zession*) or, where such Registered Notes contain an order clause (*Order-Klausel*), upon endorsement (*Indossament*) and delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any, Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

Notes governed by Austrian law are represented by a Global Note or a Global Certificate without coupons. Definitive Notes, Certificates, Coupons, Talons or Receipts will not be issued for Austrian law governed Notes. Each Global Note or Global Certificate shall be signed by two authorised signatories of the Issuer.

In these Conditions, Noteholder means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered (as the case may be), holder (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them herein, the absence of any such meaning indicating that such term is not applicable to the Notes.

As long as Bearer Notes governed by Austrian law are represented by a Global Note, Noteholder means any holder of a co-ownership or other interest or right in the Global Note, in accordance with the Securities Deposit Act and, if applicable, the general terms of business of OeKB as Austrian Central Securities Depository, or the person in whose name a Registered Note and/or Global Certificate is registered.

2 Exchange of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) Exchange of Exchangeable Bearer Notes

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same aggregate principal amount of Registered Notes at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Receipts, Coupons and Talons relating to it, at the specified office of any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) Transfer of Registered Notes

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed, or, in case of Registered Notes governed by Austrian law (i) by assignment (*Zession*) or (ii) in case of Registered Notes which contain an order clause (*Order-Klausel*), by transfer of the Certificate properly endorsed (*indossiert*), and any other evidence as the Registrar or Transfer Agent may reasonably require.

In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. If so specified in the Final Terms, holdings of Registered Notes represented by a Certificate may only be transferred in whole in which case the previous sentence shall not apply. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement (if applicable). The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) Exercise of Options or Partial Redemption in Respect of Registered Notes

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) Delivery of New Certificates

Each new Certificate to be issued pursuant to Conditions 2(a), (b) or (c) shall be available for delivery within three business days of receipt of the request for exchange, form of transfer or Exercise Notice (as defined in Condition 6(d)) or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent (as defined in the Agency Agreement) the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "business day" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) Exchange Free of Charge

Exchange and transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax, duty or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) Closed Period

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(c), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3 Status

(a) Status of Senior Notes

The Senior Notes (being those Notes which specify their status as Senior) and the Receipts and Coupons relating to them constitute direct, unconditional, unsubordinated and (subject to Condition 4) unsecured obligations of the Issuer and rank pari passu and rateably without any preference among themselves and (subject to any applicable statutory exceptions and without prejudice as aforesaid) the payment obligations of the Issuer under the Senior Notes, Receipts and Coupons relating to them rank equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

(b) Status of Subordinated Notes

The Subordinated Notes (being those Notes which specify their status as Subordinated) and the Receipts and Coupons relating to them constitute direct, unsecured obligations of the Issuer and rank pari passu and rateably without any preference among themselves together with all other subordinated obligations of the Issuer other than subordinated obligations which are expressed to rank junior to the Subordinated Notes. In the event of the liquidation or bankruptcy of the Issuer, the payment obligations of the Issuer under the Subordinated Notes, Receipts and Coupons relating to them will rank in right of payment after unsubordinated creditors of the Issuer but at least pari passu with all other subordinated obligations of the Issuer which are not expressed by their terms to rank junior to the Subordinated Notes and in priority to the claims of shareholders of the Issuer.

Subordinated Notes may be issued in the form of subordinated capital ("Subordinated Capital") pursuant to section 23, paragraph 8 of the Austrian Banking Act 1993 as amended (*Bankwesengesetz*) (the "Austrian Banking Act"):

Subordinated Notes constituting Subordinated Capital will have a minimum maturity of five years.

Save as set out below, in case of undated Subordinated Notes constituting Subordinated Capital or where the Issuer or the Noteholders are granted a redemption right, a redemption shall only be permissible after the expiry of a notice period of five years. The Issuer may further redeem Subordinated Notes constituting Subordinated Capital after the expiry of five years without notice period if it has, prior to such notice, available to it an equal amount of capital of at least equal Own Funds quality. The Issuer may give notice to redeem such Notes prior to the expiry of five years pursuant to Condition 6(b) if the Issuer, prior to giving notice, has available to it an equal amount of capital of at least equal Own Funds quality.

Claims of the Issuer are not permitted to be offset against repayment obligations of the Issuer under these Notes and no contractual collateral may be provided by the Issuer or a third person for the liabilities constituted by the Subordinated Notes constituting Subordinated Capital. No subsequent agreement may limit the subordination pursuant to this Condition 3(b) or amend the maturity of Subordinated Notes constituting Subordinated Capital.

A resolution regime for credit institutions may be implemented in Austria. If implemented, such a regime may provide the ability to an authority, in certain circumstances, to cause investors in Subordinated Notes to share in the losses of the Issuer. Alternatively (or in addition), even if no such resolution regime is implemented, Subordinated Notes may share in losses as specified hereon.

(c) Status of Pfandbriefe (Mortgage Bonds), Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-Sector Covered Bonds) and Covered Bonds

(i) Pfandbriefe (Mortgage Bonds)

The *Pfandbriefe* (Mortgage Bonds) (being Notes which are specified as such) constitute direct, unconditional and unsubordinated obligations of the Issuer and rank pari passu among themselves.

Pfandbriefe (Mortgage Bonds) are secured by a separated pool of cover assets comprising, among certain other eligible items, first ranking mortgages over Austrian real estate and over certain real estate located in other Member States of the European Economic Area and Switzerland as well as hedging

contracts (derivative contracts) entered into in order to decrease future interest, currency or creditor risks. The cover assets for *Pfandbriefe* (Mortgage Bonds) are listed in the mortgage register (*Hypothekenregister*) which is kept by the Issuer pursuant to the Austrian Act on Mortgage Banks (*Hypothekenbankgesetz*). The total nominal amount of the issued *Pfandbriefe* (Mortgage Bonds) shall at any time be covered by mortgages (or other eligible assets) of at least equal amount and equal interest revenue plus a safety margin of at least 2% of the issued *Pfandbriefe* (Mortgage Bonds). Additionally, the Articles of Association of the Issuer provide that the present value (*Barwert*) of the outstanding *Pfandbriefe* (Mortgage Bonds) shall be covered at any time by eligible assets.

Pfandbriefe (Mortgage Bonds) are eligible investments for minors (*Mündelgeld*) pursuant to section 230b No 3 of the Austrian General Civil Code. The Issuer intends to apply to include the *Pfandbriefe* (Mortgage Bonds) in the category 1 register of the European Central Bank.

(ii) *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds)

The *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) (being Notes which are specified as such) constitute direct, unconditional and unsubordinated obligations of the Issuer and rank *pari passu* among themselves.

Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-Sector Covered Bonds) are secured by a separated pool of cover assets comprising, among certain other eligible items, loan claims against, or debt securities issued or guaranteed by, Austrian government entities or against other Member States of the European Economic Area or Switzerland or their regional governments and government entities for which the competent authorities pursuant to Art 43 sec 1 lit b No 5 of the Directive 2000/12/EC have fixed a risk weighting of not more than 20%, or by claims benefiting from a guarantee granted by one of these government entities as well as hedging contracts (derivative contracts) entered into in order to decrease future interest, currency or creditor risks. The cover assets for *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) are listed in the relevant register which is kept by the Issuer pursuant to the Austrian Act on Mortgage Banks (*Hypothekenbankgesetz*). The total amount of the issued *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) shall at any time be covered by eligible assets of at least equal amount and equal interest revenue plus a safety margin of at least 2% of the issued *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds). Additionally, the Articles of Association of the Issuer provide that the present value (*Barwert*) of the outstanding *Pfandbriefe* (Mortgage Bonds) shall be covered at any time by eligible assets.

Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-Sector Covered Bonds) are eligible investments for minors (*Mündelgeld*) pursuant to section 230b No 3 of the Austrian General Civil Code. The Issuer intends to apply to include the *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) in the category 1 register of the European Central Bank.

(iii) Covered Bonds (*Fundierte Bankschuldverschreibungen*)

The Covered Bonds (being Notes which are specified as such) constitute direct, unconditional and unsubordinated obligations of the Issuer and rank pari passu among themselves.

Covered Bonds are secured by a separated pool of cover assets which are designated to cover the Notes pursuant to the Austrian Law on Covered Bank Bonds (Gesetz über fundierte Bankschuldverschreibungen). Eligible items for Covered Bonds comprise claims and securities that are suitable for the investment of assets of minors, claims and securities secured by a mortgage registered in a public register, claims against, or debt securities issued or guaranteed by, Austrian government entities or other Member States of the European Economic Area or Switzerland or their regional governments or governmental entities for which the competent authorities pursuant to Art 43 sec 1 lit b No 5 of the Directive 2000/12/EC have fixed a risk weighting of not more than 20%, or by claims benefiting from a guarantee granted by one of these governmental entities, as well as hedging contracts (derivative contracts) concluded in order to decrease future interest, currency or creditor risks. The cover assets for Covered Bonds are listed in the relevant register which is kept by the Issuer pursuant to the Law on Covered Bank Bonds. The eligible assets shall at any time cover at least the redemption amount and the interest of the issued Covered Bonds as well as the prospective administrative costs in case of a bankruptcy of the Issuer. Additionally, the Articles of Association of the Issuer provide that the net present value (*Barwert*) of the outstanding Covered Bonds shall be covered at any time by eligible assets plus a safety margin of at least 2% of the present value of the issued Covered Bonds. The Issuer intends to apply to include the Covered Bonds in the category 1 register of the European Central Bank.

4 Negative Pledge

So long as any of the Senior Notes, Receipts or Coupons remains outstanding (as defined in the Agency Agreement):

- (i) the Issuer will not, and will ensure that none of its Core Subsidiaries (as defined in Condition 10) will, create or permit to subsist any mortgage, charge, pledge or other security interest upon the whole or any part of its property or assets, present or future, to secure for the benefit of the holders of any External Indebtedness (as defined below) (i) payment of such External Indebtedness, (ii) any payment under any guarantee of such External Indebtedness, or (iii) any payment under any indemnity relating to such External Indebtedness; and
- (ii) the Issuer will not, and will use reasonable endeavours to ensure that none of its Haftungsverbund Subsidiaries (as defined in Condition 10) will, create or permit to subsist any mortgage, charge, pledge or other security interest upon the whole or any part of its property or assets, present or future, to secure for the benefit of the holders of any Core Group External Indebtedness (as defined below) (i) payment of such Core Group External Indebtedness, (ii) any payment under any guarantee of such Core Group External Indebtedness, or (iii) any payment under any indemnity relating to such Core Group External Indebtedness, without in any such case at the same time according to the Senior Notes, Receipts and Coupons (unless it has been already so accorded) the same security as is created or subsisting to secure such External Indebtedness, Core Group External Indebtedness, guarantee or indemnity or such other security as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders,

provided however that the restrictions listed in (i) and (ii) above shall not apply to *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds), Covered Bonds or Asset Backed Finance and comparable instruments, including, but not limited to, Czech, Slovak and Romanian mortgage bonds, issued by the Issuer and/or any Subsidiary as created from time to time by Austrian or any other applicable law or permitted by the Austrian Financial Markets Authority or any other competent supervision authority.

"*Asset Backed Finance*" means External Indebtedness secured by a security (and any security created in substitution for any such security) in the form of any mortgage, charge, pledge or other form of encumbrance or security interest (whether or not also securing other indebtedness or obligations) relating to any securitisation, financing or refinancing of, or the acquisition of, any specified asset or assets, but only to the extent that such security is taken over such specified assets that are being financed or acquired and the recourse of the person making the External Indebtedness available or entering into the relevant arrangement or agreement(s), is limited to such specified assets.

"*Core Group External Indebtedness*" means any present or future indebtedness of the Issuer or any of its Core Subsidiaries in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which are for the time being, or are capable of being, quoted, listed or ordinarily dealt in any stock exchange or over-the-counter or other securities market.

"*External Indebtedness*" means any present or future indebtedness in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which are for the time being, or are capable of being, quoted, listed or ordinarily dealt in on any stock exchange or over-the-counter or other securities market.

5 Interest and other Calculations

(a) Interest Rate and Accrual

Each Note bears interest on its outstanding principal amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate, such interest being payable in arrear on each Interest Payment Date.

Interest shall cease to accrue on each Note on, but excluding, the due date for redemption (if any) unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Interest Rate in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(b) Interest Rate on Floating Rate Notes and Index-linked Interest Notes

- (i) Interest Payment Dates: Each Floating Rate Note and Index-linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is:

- (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment;
- (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day;
- (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day;
or
- (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Interest Rate for Floating Rate Notes: The Interest Rate in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon
- (y) the Designated Maturity is a period specified hereon and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), "Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity, Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Interest Rate is to be determined, the

Interest Rate for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Interest Rate in respect of such Notes will be determined as provided in the applicable Final Terms.

- (y) If the Relevant Screen Page is not available or if, sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Eurozone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Interest Rate for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Interest Rate shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference

Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Interest Rate shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Interest Rate is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Interest Rate relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Interest Rate relating to that last preceding Interest Accrual Period).

- (iv) Interest Rate for Index-linked Interest Notes: The Interest Rate in respect of Index-linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified hereon and interest will accrue by reference to an Index or Formula as specified in the relevant Final Terms.

For a description of certain risks relating to an investment in such Notes, see "Risk Factors - Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme - Index-linked Notes" and the relevant Final Terms.

(c) Interest Rate on Zero Coupon Notes

Where a Note the Interest Rate of which is specified hereon to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Interest Rate for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(a)(v)(B)).

(d) Dual Currency Notes

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of

Exchange, the rate or amount of interest payable shall be determined in the manner specified hereon.

(e) Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon.

(f) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Interest Rate in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(g) Interest on Equity-linked Notes, Fund-linked Notes, Credit-linked Notes, Commodity-linked Notes, Future-linked Notes and other Notes

In the case of Equity-linked Notes, Fund-linked Notes, Credit-linked Notes, Commodity-linked Notes, Future-linked Notes or other Notes, the Rate of Interest or amount of interest payable in respect of each Interest Accrual Period or Interest Payment Date, as the case may be, shall be determined by reference to an Underlying Equity or Fund or Commodity or Future Contract or a Basket of Underlying Equities or Funds or Commodities or Future Contracts or Formulae in the manner specified in the relevant Final Terms.

In the case of Credit-linked Notes, interest shall accrue in the manner provided in the Final Terms. In particular, it may be specified in the Final Terms that the accrual of interest ceases or is reduced upon the occurrence of one or more Credit Events and that the 2003 ISDA Credit Derivatives Definitions, which are published from time to time by the International Swaps and Derivatives Association Inc. shall be an integral supplemental part thereof.

For a description of certain risks relating to an investment in such Notes, see "Risk Factors – Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme – Equity-linked Notes / Fund-linked Notes / Credit-linked Notes / Commodity-linked Notes/ Future-linked Notes / Notes Linked to Hedge Funds", the Summary, and the relevant Final Terms.

(h) Margin, Maximum/Minimum Interest Rates, Instalment Amounts and Redemption Amounts and Rounding

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Interest Rates, in the case of (x), or the Interest Rates for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin subject always to the next paragraph.
- (ii) If any Maximum or Minimum Interest Rate, Instalment Amount or Redemption Amount is specified hereon, then any Interest Rate, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) Subject to the requirements of applicable law, for the purposes of any calculations required pursuant to these Conditions (unless otherwise

specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country(ies) of such currency and, with respect to euro, means 0.01 euro.

(i) Calculations

If an Interest Amount (or a formula for its calculation) is specified for any period, the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). If no Interest Amount (or no such formula) is so specified, save as otherwise provided in the applicable Final Terms and except in the case of Definitive Notes where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, the amount of interest payable in respect of any Note for any such period shall be calculated by applying the Interest Rate to (i) in the case of Global Notes, the aggregate outstanding nominal amount of the Notes represented by such Global Note and dividing such amount by the number of Notes represented by such Global Note; or (ii) in the case of Definitive Notes, the Calculation Amount, as specified in the applicable Final Terms, and in each case multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest Sub-unit of the relevant Specified Currency, half of any such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Definitive Note comprises more than one Calculation Amount, the amounts of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(j) Determination and Publication of Interest Rates, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

As soon as practicable on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the amount of interest payable (the "Interest Amount") in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement

of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period is subject to adjustment pursuant to Condition 5(b), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(k) Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Act" means the Austrian Banking Act 1993, as amended.

"Bank Share Capital" means the ordinary shares of the Issuer, together with all other securities issued by the Issuer (including *Vorzugsaktien*), ranking *pari passu* with the ordinary shares of the Issuer as to participation in a liquidation surplus.

"Business Day" means:

- (i) in the case of a specified currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre; and/or
- (ii) in the case of euro, a day on which the TARGET System is open for the settlement of payments in euro (a "TARGET Business Day"); and/or
- (iii) in the case of a specified currency and/or one or more specified financial centres, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in the specified currency or, if none is specified, generally in each of the financial centres so specified.

"Credit Institute Group" means all companies consolidated with the Issuer pursuant to Sec. 30 of the Act.

"Day Count Fraction" means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the "Calculation Period"):

- (i) if "*Actual/365* or *Actual/Actual - ISDA*" is specified hereon, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (x) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (y) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

- (ii) if "*Actual/365 (Fixed)*" is specified hereon, the actual number of days in the Calculation Period divided by 365;
- (iii) if "*Actual/360*" is specified hereon, the actual number of days in the Calculation Period divided by 360;
- (iv) if "*30/360*", "*360/360*" or "*Bond Basis*" is specified hereon, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Calculation Period is the 31 day of a month but the first day of the Calculation Period is a day other than the 30 or 31 day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month));
- (v) if "*30E/360*" or "*Eurobond Basis*" is specified hereon, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Calculation Period unless, in the case of a Calculation Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month); and
- (vi) if "*Actual/Actual - ICMA*" is specified hereon,
 - (a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (b) if the Calculation Period is longer than one Determination Period, the sum of: (x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and (y) the number of days in such Calculation Period falling the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year

where:

"Determination Period" means the period from and including an Interest Determination Date in any year to but excluding the next Interest Determination Date.

"Effective Date" means, with respect to any Floating Rate to be determined on an Interest Determination Date, the date specified as such hereon or, if none is so specified, the first day of the Interest Accrual Period to which such Interest Determination Date relates.

"Euro-zone" means the region comprising member states of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended.

"Interest Accrual Period" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period Date and each successive period beginning on (and including) an Interest Period Date and ending on (but excluding) the next succeeding Interest Period Date.

"Interest Commencement Date" means the Issue Date or such other date as may be specified hereon.

"Interest Determination Date" means, with respect to an Interest Rate and Interest Accrual Period: (i) the date specified as such hereon or, if none is so specified, the first day of such Interest Accrual Period if the Relevant Currency is Sterling or (ii) the day falling two Business Days in the relevant Business Centre for the Relevant Currency prior to the first day of such Interest Accrual Period if the Relevant Currency is neither Sterling nor euro or (iii) the day falling two TARGET Business Days prior to the first day of such Interest Accrual Period if the Relevant Currency is euro.

"Interest Payment" means, in respect of an Interest Payment Date, the aggregate Interest Amounts for the Interest Period ending on such Interest Payment Date;

"Interest Period" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

"Interest Period Date" means each Interest Payment Date unless otherwise specified hereon.

"Interest Rate" means the rate of interest payable from time to time in respect of this Note and that is either specified or calculated in accordance with the provisions hereon.

"ISDA Definitions" means the 2000 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., unless otherwise specified.

"Number of Calculation Periods" means the number of Calculation Periods normally ending in any year.

"Optional Redemption Amount" means the amount specified as such hereon.

"Own Funds" means *Eigenmittel* as specified in Sec. 23 of the Act.

"Redemption Date" means any date designated for the optional redemption, the redemption for tax reasons or the redemption for capital reasons of the Notes pursuant to Condition 6.

"Reference Banks" means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Calculation Agent or as specified hereon.

"Reference Rate" means the rate specified as such hereon.

"Relevant Currency" means the currency specified as such hereon or, if none is specified, the currency in which the Notes are denominated.

"Relevant Screen Page" means such page, section, caption, column or other part of a particular information service as may be specified hereon.

"Sub-unit" means, with respect to any currency, the lowest amount of such currency that is available as legal tender in the country of such currency.

"TARGET System" means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) payment system which utilises a single shared platform and which was launched on 19 November 2007 (TARGET2) or any successor thereto.

(l) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (in the case of International Notes acting through its principal London office or any other office actively involved in such market and in the case of Domestic Notes, acting through its principal office in Vienna) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(m) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Fiscal Agent, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Calculation Agent or the Fiscal Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

6 Redemption, Purchase and Options

(a) Redemption by Instalments and Final Redemption

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified hereon) is extended pursuant to any Issuer's or Noteholders' option in accordance with Condition 6(c) or 6(d), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding principal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the principal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the

Instalment Amount is improperly withheld or refused on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

- (ii) Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any Issuer's or Noteholders' option in accordance with Condition 6(c) or 6(d), each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its principal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.
- (iii) Equity-linked Notes, Fund-linked Notes, Credit-linked Notes, Commodity-linked Notes, Future-linked Notes and other Notes are redeemed as specified in the applicable Final Terms. In the case of Credit-linked Notes, the Final Terms may refer to and specify that the 2003 ISDA Credit Derivatives Definitions, which are published from time to time by the International Swaps and Derivatives Association Inc., shall be an integral supplemental part thereof.

For a description of certain risks relating to an investment in such Notes, see "Risk Factors – Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme – Equity-linked Notes / Fund-linked Notes / Credit-linked Notes / Commodity-linked Notes / Future-linked Notes / Notes Linked to Hedge Funds", the Summary, and the relevant Final Terms.

- (iv) Redemption of Reverse Convertible Notes ("Cash-or-Share Notes", "Cash-or-Fund Notes", "Cash-or-Commodity Notes", "Cash-or-Currency Notes", "Cash-or-Future Notes")
 - (A) Domestic Notes which are named as "Reverse Convertible Notes", "Cash-or-Share Notes", "Cash-or-Fund Notes", "Cash-or-Commodity Notes" or "Cash-or-Currency Notes" or "Cash-or-Future Notes" or similar shall, unless previously redeemed or redeemed on the Maturity Date at the option of the Issuer either (i) by payment of the Final Redemption Amount (which, unless otherwise provided, is its principal amount) or, (ii) by a) physical delivery of a certain amount of Underlyings as specified in the Final Terms for each Note, and b) payment of an additional settlement amount if required due to the denomination or delivered amount of Underlyings to (or to the order of) the Noteholders, all in accordance with these Conditions and the Final Terms.

"Underlying" means the underlying specified in the Final Terms, in particular shares (listed or unlisted), units in funds (listed or unlisted), commodities, currencies, future contracts or other underlyings, as well as baskets of underlyings which, if the Issuer elects to do so, may be described in more detail in an annex attached to the Final Terms.
 - (B) The Issuer shall exercise its option to elect the manner of redemption at the Exercise Date specified in the Final Terms. The Issuer shall not be required to make a separate notification about the manner of redemption elected by the Issuer.
 - (C) In case a Market Disruption occurs on the Exercise Date, the Exercise Date and, if applicable, the Maturity Date (irrespective of any interest accrual) shall be deferred until such date on which the

Market Disruption has ceased to exist or the Issuer is in a position to determine a fair price for the Underlyings.

"Market Disruption" means:

- (i) in case of Notes the Underlying of which are shares, a) if the shares are listed, a temporary suspension or material limitation of trading in such shares on the relevant securities exchange specified in the Final Terms and/or the relevant options exchange (which, if not specified otherwise, shall be the securities exchange and/or option exchange on which such shares and/or options relating thereto are traded on the Issue Date) if such suspension or limitation occurs or continues to exist in the hour prior to the point in time when calculation of the closing price of the shares is usually effected. A limitation of the hours or number of days on which trading takes place shall not constitute a market disruption if the limitation is based on a previously announced change at the relevant securities exchange and/or options exchange. A limitation which occurs in the course of a day due to movements of prices exceeding certain predetermined thresholds shall only constitute a market disruption if such limitation continues to exist until the end of the trading session on the respective day, or b) any other event specified in the Final Terms.
- (ii) in case of Notes the Underlying of which are units in funds, a) if the fund units are listed, a temporary suspension or material limitation of trading in such fund units on the relevant securities exchange specified in the Final Terms, if such suspension or limitation occurs or continues to exist in the hour prior to the point in time when calculation of the closing price of the shares is usually effected. A limitation of the hours or number of days on which trading takes place shall not constitute a market disruption if the limitation is based on a previously announced change at the relevant securities exchange. A limitation which occurs in the course of a day due to movements of prices exceeding certain predetermined thresholds shall only constitute a market disruption if such limitation continues to exist until the end of the trading session on the respective day, b) a net asset value for the fund units is not published or a determination of the net asset value is not possible for other reasons, c) the fund units may not be redeemed or returned in a similar procedure to the fund, or d) any other event specified in the Final Terms.
- (iii) in case of Notes the Underlying of which are commodities, a) if the commodities are traded on an exchange, a temporary suspension or material limitation of trading in such commodities or the calculation and publication of the respective price of the commodities on the relevant exchange specified in the Final Terms and/or the relevant options exchange (which, if not specified otherwise, shall be such exchange and/or option exchange on which such commodities and/or options relating thereto are traded on the Issue Date), if such suspension or limitation occurs or continues to exist in the hour prior to the point in time when

calculation of the closing price of the shares is usually effected. A limitation of the hours or number of days on which trading takes place shall not constitute a market disruption if the limitation is based on a previously announced change at the relevant exchange and/or options exchange. A limitation which occurs in the course of a day due to movements of prices exceeding certain predetermined thresholds shall only constitute a market disruption if such limitation continues to exist until the end of the trading session on the respective day, b) a price of the commodities is not published or a determination of the price is not possible for other reasons, or c) any other event specified in the Final Terms.

- (iv) in case of Notes the Underlying of which are other underlyings than the underlyings listed above, any market disruption event specified in the Final Terms.

The Issuer shall endeavour in all these cases to notify the Noteholders without undue delay as soon as a market disruption has occurred. The Issuer shall not have an obligation to make such notification. The Issuer does accept any liability for the activities of the relevant securities exchange, relevant exchange and relevant options exchange in particular not for the accuracy, completeness, continuity and lasting calculation of the prices, values or net asset values of the Underlyings.

- (D) If during the term of the Notes the Noteholders experience a material change of their economic position due to the occurrence of an Adjustment Event, the Issuer shall take measures, to the extent possible, in order to put the Noteholders in the same economic positions as they would be without such Adjustment Event having occurred. The Issuer shall, to the extent possible, implement adjustment measures which are aligned to the measures taken by the relevant securities exchange, relevant exchange and/or relevant options exchange in connection with such Adjustment Event.

"Adjustment Event" means:

- (i) In case of Notes the Underlying of which are shares, capital measures, e.g. capital increases, issues of securities with option or conversion rights relating to shares, distributions of extraordinary dividends, share splits, spin-offs, nationalisations, takeover by another entity, fusions and other events the results of which are comparable from an economic point of view with the previously listed events, as well as any other event specified in the Final Terms. A Noteholder shall not be entitled to receive a repayment at par nor any shares or a settlement amount, if the company that issued the shares which may be used to redeem the Notes does not exist anymore on the Maturity Date (in particular due to insolvency or liquidation). A discontinuation of the listing of the shares shall have no impact on the obligations between Issuer and Noteholders.
- (ii) In case of Notes the Underlying of which are fund units, changes in the composition and/or weighting of the individual values of the fund or of the funds comprised by a basket of funds which require an adjustment of the funds or the funds

comprised by a basket of funds, if in the determination of the Issuer, the basis or the calculation manner have been changed in such a material way that the continuity or the comparability with the fund as calculated on the old basis is not given anymore and such adjustment can be implemented by taking into account the applicable statutory rules, market conditions and market standards as well as settlement requirements, and any other event specified in the Final Terms.

- (iii) In case of Notes the Underlying of which are commodities or currencies, any event specified in the Final Terms.

(E) Early Redemption

- (i) In case of Notes the Underlying of which are fund units: If the fund or one or more of the funds comprised by a funds basket is not available anymore or if a reasonable adjustment to changes occurred is not possible due to other reasons, or if other events specified in the Final Terms have occurred, the Issuer shall be entitled, but not obliged, to redeem the Notes upon four Business Days' notice at an appropriate value. Such redemption shall be effective upon publication pursuant to Condition 14.

- (ii) In case of Notes with Underlyings other than fund units: If a reasonable adjustment to the changes occurred is not possible due to whatever reason, or if other events specified in the Final Terms have occurred, the Issuer shall be entitled, but not obliged, to redeem the Notes upon four Business Days' notice at an appropriate value. Such redemption shall be effective upon publication pursuant to Condition 14.

(v) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(b) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note, unless otherwise specified hereon.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually. Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(b) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in

sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date.

- (vi) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Zero Coupon Notes described above), upon redemption of such Note pursuant to Condition 6(b) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount unless otherwise specified hereon.

(b) Redemption for Taxation Reasons

If, as a result of any amendment to or change in the laws or regulations of Austria or of any political subdivision thereof or any authority therein or thereof having power to tax or any change in the official or generally accepted interpretation or application of such laws or regulations which becomes effective on or after the Issue Date (in the case of a non-syndicated Series) or the signing date (in the case of a syndicated Series), as the case may be, the Issuer has or will become obliged to pay any additional amounts as described in Condition 8 (and such amendment or change has been evidenced by the delivery by the Issuer to the Fiscal Agent (who shall accept such certificate and opinion as sufficient evidence thereof) of (i) a certificate signed by two authorised signatories of the Issuer on behalf of the Issuer stating that such amendment or change has occurred (irrespective of whether such amendment or change is then effective), describing the facts leading thereto and stating that such requirement cannot be avoided by the Issuer taking reasonable measures available to it and (ii) an opinion of independent legal advisers of recognised standing to the effect that such amendment or change has occurred (irrespective of whether such amendment or change is then effective)) on any Interest Payment Date (if this Note is either a Floating Rate Note or Index-Linked Note), or, at any time (if this Note is neither a Floating Rate Note or Index-Linked Note), the Issuer may (having given not less than 30 nor more than 90 days' irrevocable notice to the Noteholders and to the holders in accordance with Condition 14) redeem all, but not some only, of the Notes (other than Notes in respect of which the Issuer shall have given a notice of redemption pursuant to Condition 6(c) or an Exercise Notice in accordance with Condition 6(d), prior to any notice being given under this Condition 6(b)) at their Early Redemption Amount, together with accrued interest to the date fixed for such redemption, provided that (i) no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be required to pay such additional amounts were a payment in respect of the Note then due and (ii) in the case of Subordinated Notes, the Issuer has available to it a corresponding amount of capital of the same amount and at least equal Own Funds quality.

(c) Redemption at the Option of the Issuer

If so provided hereon, the Issuer may, on giving irrevocable notice to the Noteholders falling within the Issuer's Option Period redeem all or, if so provided, some of the Notes (other than Notes in respect of which the Issuer shall have given a notice of redemption pursuant to Condition 6(b), prior to any notice being given under this Condition 6(c)) on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must

relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon. No such redemption shall be possible prior to the expiry of the minimum period that may be required for such Note in accordance with section 23 of the Austrian Banking Act.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practice, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements. So long as the Notes are listed on the Vienna Stock Exchange and/or the Luxembourg Stock Exchange and/or any other stock exchange and the Stock Exchange Act or rules of the relevant stock exchange so require, the Issuer shall notify such stock exchange of a partial redemption of Notes. In the case of a partial redemption of the Notes which are represented by a Global Certificate or Global Note, the relevant Notes will be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (in the case of International Notes) and/or, if any, OeKB (in the case of Domestic Notes) and if none, prevailing market practice.

(d) Redemption at the Option of Noteholders

If so provided hereon, the Issuer shall, at the option of the holder of such Note, redeem such Note on the date or dates so provided at its Optional Redemption Amount (as described in Part A of the relevant Final Terms) together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the Noteholders' Option Period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer, except that such Note or Certificate will be returned to the relevant Noteholder by the Paying Agent, the Registrar or Transfer Agent with which it has been deposited if, prior to the due date for its redemption or the exercise of the option, the Note becomes immediately due and payable or if upon due presentation payment of the redemption moneys is not made or exercise of the option is denied.

(e) Purchases

The Issuer and any of its Subsidiaries (as defined below) may, to the extent permitted by applicable law, at any time purchase Notes in the ordinary course of their respective treasury business (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(f) Cancellation

All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may, at the option of the Issuer, be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, may, at the option of the Issuer, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith) but not prior to the expiry of the minimum period that may be required for such Note in accordance with section 23 of the Austrian Banking Act. Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

References in these Conditions to "Redemption Amount" shall be deemed to include references to Final Redemption Amount, Early Redemption Amount and Optional Redemption Amount, as the context may require or permit.

7 Payments and Talons

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. Bank means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

(b) Registered Notes

- (i) Payments of principal (which for the purposes of this Condition 7(b) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made to the person shown on the Register, or, if so specified, to the order of such person against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in subparagraph (ii) below.
- (ii) Interest (which for the purpose of this Condition 7(b) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register or to its order at the close of business on the day before the due date for payment thereof (the "Record Date"). Payments of interest on each Registered Note shall be made in the currency in which such payments are due by cheque drawn on a Bank and mailed to the holder (or the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date and subject as provided in paragraph (a) above, such payment of

interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in US dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Fiscal Laws*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) *Appointment of Agents*

The Fiscal Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer for International Notes and their respective specified offices are listed below. With regard to Domestic Notes, Erste Group Bank AG will act as Paying Agent, Registrar, Transfer Agent and Calculation Agent. The Fiscal Agent, the Paying Agents, the Registrar, Transfer Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities in relation to Notes other than Domestic Notes, and a Paying Agent in Vienna in relation to Domestic Notes, (vi) such other agents as may be required by the rules of any stock exchange on which the Notes may be listed or clearing system through which the Notes may be cleared and (vii) a Paying Agent with a specified office in a European member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with or introduced in order to conform to, such Directive.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in US dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders by the Issuer in accordance with Condition 14.

(f) *Unmatured Coupons and Receipts and unexchanged Talons*

- (i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Index-linked Notes) should be surrendered for payment together with all unmatured Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, Dual Currency Note or Index-linked Note unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Bearer Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Bearer Note that provides that the unmatured Coupons related thereto are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) Non-Business Days

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "business day" means a day (other than a Saturday or a Sunday) on

which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "Business Day Jurisdictions" hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

(i) Definition of the euro

- (i) References in these conditions to the euro are to the currency which was introduced at the start of the third stage of European Economic and Monetary Union pursuant to Article 109(L) of the Treaty establishing the European Communities as amended by the Treaty on European Union (the "Treaty").
- (ii) Notes denominated in a currency that may be converted into euro, may be subject to redenomination, renominalisation, reconventioning and/or consolidation with other Notes then denominated in euro as specified in the relevant Final Terms.

8 Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes, the Receipts and the Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Austria or by any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts to the Noteholder or Couponholder as shall result in receipt by that Noteholder or Couponholder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

(a) Other connection

to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of its having some connection with Austria other than the mere holding of the Note, Receipt or Coupon; or

(b) Presentation more than 30 days after the Relevant Date

presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or

(c) Payment to individuals

where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings or any law

implementing or complying with, or introduced in order to conform to, such Directive; or

(d) Payment by another Paying Agent

(except in the case of Registered Notes) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent (or, in the case of the payment of principal in respect of Registered Notes, another Transfer Agent or if applicable, the Registrar) in a Member State of the European Union.

As used in these Conditions, "Relevant Date" in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) principal shall be deemed to include any premium payable in respect of the Notes, or Optional Redemption Amount, all Instalment Amounts, Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) interest shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) principal and/or interest shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or the substitution for it.

9 Prescription

If English law is specified hereon claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date in respect of them.

If Austrian law is specified hereon and with regard to *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) and Covered Bonds, claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) and three years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Events of Default

If any of the following events (each, an "Event of Default") occurs and is continuing, that is to say:

- (a) default being made for a period of 15 days (in the case of interest) or seven days (in the case of principal) in the payment on the due date of interest or principal in respect of any of the Notes; or
- (b) the Issuer failing to perform or observe any covenant, condition or provision contained in the Notes (other than any obligation for the payment of principal or interest in respect of the Notes) and on its part to be performed and observed which default is incapable of remedy or is not remedied within 45 days after notice

of such default shall have been given to the Fiscal Agent at its specified office by any Noteholder; or

- (c) any other Indebtedness (as defined below) of the Issuer or any Material Subsidiary
 - (i) is not paid when due nor within any grace period applicable to such Indebtedness, or (ii) has become or becomes capable of being rendered due and payable before its scheduled maturity by reason of a default by the Issuer, or (iii) if payable on demand, is not paid when demanded, or (iv) any guarantee or indemnity given by the Issuer in respect of any Indebtedness of any other person is not honoured when due and called upon; or
- (d) the security for any Indebtedness of the Issuer becomes enforceable and the creditors entitled thereto take steps to enforce the same; or
- (e) the Issuer shall be adjudicated or found bankrupt or insolvent, or any order shall be made by any competent court or administrative agency for, or any resolution shall be passed by the Issuer to apply for, the judicial appointment of an official controller to supervise the management of the Issuer with binding authority with the effect of a temporary moratorium (*Geschäftsaufsicht*) in relation to the Issuer or a substantial part of its assets or if the Issuer shall be wound up or dissolved, otherwise than for the purposes of reconstruction, merger or amalgamation in which the successor entity assumes all the obligations of the Issuer with respect to the Notes; then:
 - (i) in the case of Senior Notes, the holder of any Note may by written notice to the Issuer at its specified office declare such Note to be due and payable at its Early Redemption Amount, together with accrued interest; and
 - (ii) in the case of Subordinated Notes, the holder of any Note may by written notice to the Issuer at its specified office:
 - (x) in an event contemplated in sub-paragraph (b), institute judicial proceedings against the Issuer as it may think fit to enforce the performance or observance by the Issuer of any covenant, condition or provision contained in the Notes; or
 - (y) in any event contemplated in sub-paragraphs (a), (c), (d) or (e) (other than the Issuer being adjudicated bankrupt by a competent Austrian court) inform the Financial Markets Authority of the occurrence of such event and request that the Financial Markets Authority applies to the competent court in Vienna for the commencement of bankruptcy proceedings against the Issuer subject to the statutory requirement that such court declares that the Issuer has become bankrupt, and only if such declaration is made shall the Notes become due and repayable as hereinafter described; or
 - (z) if bankruptcy proceedings are commenced in such court against the Issuer (on the application of any person other than a Noteholder acting solely in such capacity), file an application in such court demanding repayment of all principal amounts due under the Notes together with accrued interest and any additional amount;
 - (iii) in the case of *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds:
 - (w) the holder of any Note may, in an event contemplated in sub-paragraph (a), by written notice to the Issuer at its specified office

declare such Note to be due and payable at its Early Redemption Amount, together with accrued interest; and

- (x) the holder of any Note may, in an event contemplated in subparagraph (b), institute judicial proceedings against the Issuer as it may think fit to enforce the performance or observance by the Issuer of any covenant, condition or provision contained in the Notes; and
- (y) the holder of any Note may in any event contemplated in subparagraph (c), (d) or (e) (other than the Issuer being adjudicated bankrupt by a competent Austrian court) inform the Financial Markets Authority of the occurrence of such event and request that the Financial Markets Authority applies to the competent court in Vienna for the commencement of bankruptcy proceedings against the Issuer subject to the statutory requirement that such court declares that the Issuer has become bankrupt, and only if such declaration is made shall the Notes become due and repayable as hereinafter described; and
- (z) if bankruptcy proceedings are opened against the Issuer by a competent Austrian court, the Notes will, subject to the following sentence, not become due and payable in the event that the relevant pool of cover assets has been transferred to an appropriate credit institution and the holder of any Note may enforce its claim under the Notes up to the shortfall (or estimated shortfall, as the case may be) by which such claims are not covered by the liquidation proceeds of the respective relevant pool of cover assets. Where the respective pool of cover assets is not transferred to another credit institution in accordance with Austrian law, and provided the assets listed in the relevant register are not sufficient to satisfy the claims of all holders of the Notes, the relevant pool of cover assets for the Notes will be liquidated upon application by the special administrator for the pool of cover assets and approval by the competent bankruptcy court, and the Notes will be deemed to be due and payable by operation of the respective law governing these types of Notes; and

- (iv) in all cases:

If the competent Austrian court declares the Issuer bankrupt, all claims due to the Noteholders and/or to the Couponholders and/or to the Receiptholders (other than under *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds) by the Issuer of principal and/or interest and any additional amounts shall be considered due and payable according to section 14 of the Austrian Insolvency Act 2010 as amended (*Insolvenzordnung*) in such currency that is legal tender in Austria on the date such insolvency is published by judicial notice, converted at the rate of exchange applicable on the day preceding such date for the purchase with such currency that is legal tender in Austria in Vienna of the amounts due.

If bankruptcy proceedings are commenced against the Issuer, the Notes (other than under *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds) and Covered Bonds) will cease to bear interest from the date on which judicial notice of such insolvency is published and all unmatured Coupons will thereupon become void and no payment shall be made in respect thereof.

The Noteholders, the Couponholders and/or the Receiptholders will be represented in any judicial action or bankruptcy proceedings instituted in Austria against the Issuer by an attorney (curator) appointed by and responsible to the Commercial Court of Vienna under the statute of 24 April 1874, Imperial Legislation Gazette no. 49 as amended (*Kuratorengegesetz*) or, in the case of *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds), pursuant to the Introductory Order of the Act on Mortgage Banks and, in the case of Covered Bonds, the Law on Covered Bank Bonds, where the rights of the Noteholders, the Couponholders and/or the Receiptholders are at risk due to the lack of a common representative or where the rights of another person would be deferred.

For the purposes of these Conditions:

"*Core Subsidiary*" means any Subsidiary other than a Haftungsverbund Subsidiary;

"*Haftungsverbund Subsidiary*" means any company which is controlled by and consolidated with the Issuer solely pursuant to its membership in the Haftungsverbund;

"*Group*" means the Issuer and its Subsidiaries;

"*Indebtedness*" means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit, or (iii) any notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed whether by way of public offer, private placing, acquisition consideration or otherwise and whether issued for cash or in whole or in part for a consideration other than cash, in each case in an aggregate principal amount in excess of US\$15,000,000 or its equivalent in other currencies;

"*Material Subsidiary*" means at any time:

- (i) any Core Subsidiary of the Issuer whose total assets, revenues or cash flows (consolidated in the case of a company, which itself has Subsidiaries) represent not less than 7.5% of the consolidated total assets or consolidated revenues or consolidated cash flow of the Erste Group taken as a whole, all as calculated by reference to the then most recent financial statements (consolidated or, as the case may be, unconsolidated), of that Core Subsidiary and the most recent consolidated financial statements of the Erste Group; or
- (ii) any Core Subsidiary to which is transferred the whole or substantially the whole of the assets and undertaking of a Core Subsidiary which, immediately prior to such transfer, is a Material Subsidiary;

"*Subsidiary*" means, at any particular time, either:

- (a) any company which is then, directly or indirectly, controlled, or at least 50% of whose issued equity share capital (or equivalent) is then beneficially owned, by the Issuer and/or one or more of its Subsidiaries. For a company to be controlled by another means that the other (whether directly or indirectly and whether by the ownership of share capital, the possession of voting power, contract or otherwise) has the power to appoint and/or remove all or the majority of the members of the managing board or other governing body

of that company or otherwise controls or has the power to control the affairs and policies of that company; or

- (b) any company regarded as a subsidiary of the Issuer in accordance with International Financial Reporting Standards.

A report by the Auditors (as defined in the Agency Agreement) of the Issuer that, in their opinion, an entity is or is not or was or was not at any particular time a Subsidiary, a Haftungsverbund Subsidiary or a Material Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties.

11 Meeting of Noteholders, Modifications and Waiver

(a) Meetings of Noteholders

This paragraph shall apply only to International Notes, unless specifically indicated otherwise in the Final Terms. The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions (except for Subordinated Notes in respect of which the subordination provisions may not be modified pursuant to section 23, paragraph 8 no. 2 of the Austrian Banking Act) or any provisions of the Agency Agreement. The quorum for any meeting convened to consider a resolution other than an Extraordinary Resolution shall be one or more persons holding or representing in the aggregate not less than one-tenth in principal amount of the Notes for the time being outstanding, and the quorum for any meeting convened to consider an Extraordinary Resolution shall be one or more persons holding or representing 75% in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, inter alia, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, or (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be one or more persons holding or representing not less than two-thirds or at any adjourned meeting not less than one-third in principal amount of the Notes for the time being outstanding. Any resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders. The expression "Extraordinary Resolution" means a resolution passed at a meeting of Noteholders duly convened by a majority consisting of not less than three-quarters of the votes cast. All other resolutions shall be passed at a meeting of Noteholders duly convened by a majority of the votes cast.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

(b) Modification and Amendment of the Agency Agreement

The Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of, or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

The Agency Agreement may be amended by the Issuer and the Fiscal Agent, without the consent of the Registrar or any Paying Agent, Transfer Agent, Exchange Agent, Calculation Agent or holder, for the purpose of curing any ambiguity or of curing, correcting or supplementing any defective provision contained therein or in any manner which the Issuer and the Fiscal Agent may mutually deem necessary or desirable and which does not adversely affect the interests of the holders.

12 Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Fiscal Agent (in case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same Terms and Conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes.

14 Notices

Notices to the holders of Registered Notes shall be mailed to them (or, in the case of joint holders, to the first named) at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing, and shall be published on the internet home page of the Issuer (which is expected to be www.erstegroup.com) (so long as the Notes are listed on the Vienna Stock Exchange), or on the website of the Luxembourg Stock Exchange (www.bourse.lu) (so long as the Notes are listed on the official list of the Luxembourg Stock Exchange), and, in both cases, if required by mandatory law or stock exchange regulation, shall be published by means of an eligible information system. Notices to the holders of Bearer Notes

shall be published on the internet home page of the Issuer (which is expected to be www.erstegroup.com) (so long as the Notes are listed on the Vienna Stock Exchange), or on the website of the Luxembourg Stock Exchange (www.bourse.lu) (so long as Notes are listed on the official list of the Luxembourg Stock Exchange), and, in both cases, if required by mandatory law or stock exchange regulation, be published by means of an eligible information system. Notices to the holders of unlisted Bearer Notes shall be published on the internet homepage of the Issuer. Notwithstanding the foregoing, if any such publication is not practicable, notice shall be validly given if published in a leading daily English language newspaper with general circulation in Europe. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange on which the Notes are for the time being listed. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders and Receiptholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

15 Governing Law, Jurisdiction and Service of Process

(a) *English Law*

If English law is specified hereon:

(i) Governing Law

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, English law, save that the subordination provisions of Condition 3(b) are governed by, and shall be construed in accordance with, Austrian law.

(ii) Jurisdiction

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons (including any disputes relating to any non-contractual obligations arising out of or in connection with Notes, Coupons, Receipts or Talons) and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (including any legal action or proceedings relating to any non-contractual obligations arising out of or in connection with Notes, Receipts, Coupons or Talons) ("Proceedings") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons and shall not affect the right of any of them to take Proceedings in one or more jurisdictions or preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(iii) Service of Process

The Issuer irrevocably appoints its London branch as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in

England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 14. Nothing shall affect the right to serve process in any manner permitted by law.

(b) Austrian Law

For *Pfandbriefe* (Mortgage Bonds), *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) (Public-Sector Covered Bonds) or Covered Bonds or if Austrian law is specified hereon:

(i) Governing Law

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, Austrian law.

(ii) Jurisdiction

The competent Austrian courts shall have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons (including any legal action or proceedings relating to any non-contractual obligations arising out of or in connection with Notes, Receipts, the Coupons or Talons), to the extent permissible according to applicable mandatory consumer protection legislation.

(c) Invalidity etc.

If at any time, any one or more of the provisions of the Notes, the Receipts, the Coupons and the Talons is or becomes invalid, illegal or unenforceable in any respect under the law of any jurisdiction, such provision shall as to such jurisdiction, be ineffective to the extent necessary without affecting or impairing the validity, legality and enforceability of the remaining provisions hereof or of such provisions in any other jurisdiction. The invalid or unenforceable provision shall be deemed replaced by such valid, legal or enforceable provision which comes as close as possible to the original intent of the parties and the invalid, illegal or unenforceable provision.

16 Language

In the event that English language is specified hereon as the binding language, the English language version of these Conditions shall alone be binding and, if specified hereon, the German language version shall be a translation for convenience purposes only.

In the event that German language is specified hereon as the binding language, the German version of these Conditions shall alone be binding and, if specified hereon, the English language version shall be a translation for convenience purposes only.

GERMAN LANGUAGE VERSION OF THE TERMS AND CONDITIONS OF THE NOTES

Emissionsbedingungen

Im Folgenden ist der Text der Emissionsbedingungen wiedergegeben, die - vorbehaltlich der Vervollständigung und Abänderung und entsprechend ergänzt oder abgewandelt in Übereinstimmung mit den Bestimmungen des Teils A der maßgeblichen Endgültigen Bedingungen - auf in Sammelurkunden verbrieft Schuldverschreibungen und auf effektive Stücke (sofern es solche gibt), die im Austausch für (eine) Sammelurkunde(n) ausgegeben wurden, anwendbar sind. Auf Inhaberschuldverschreibungen oder den sich auf Namensschuldverschreibungen beziehenden Zertifikaten werden entweder (i) der vollständige Text dieser Emissionsbedingungen gemeinsam mit den maßgeblichen Bestimmungen des Teils A der Endgültigen Bedingungen, oder (ii) diese Emissionsbedingungen in der so vervollständigten, geänderten, ergänzten oder abgewandelten Form (und vorbehaltlich einer Vereinfachung durch Streichung nicht anwendbarer Bestimmungen) angeführt. Alle Begriffe, die in diesen Emissionsbedingungen nicht definiert sind, haben jene Bedeutung, die ihnen in Teil A der maßgeblichen Endgültigen Bedingungen zugewiesen ist. Diese Definitionen werden auf den Einzelurkunden oder Zertifikaten, je nachdem, angeführt. Verweise in den Bedingungen auf "Schuldverschreibungen" beziehen sich nur auf die Schuldverschreibungen einer Serie, nicht jedoch auf alle Schuldverschreibungen, die unter diesem Programm ausgegeben werden können.

Diese Schuldverschreibung ist entweder eine Inländische Schuldverschreibung oder eine Internationale Schuldverschreibung, wie in den Endgültigen Bedingungen bezeichnet. Die Internationalen Schuldverschreibungen werden gemäß einem am 8.6.2011 zwischen der Emittentin, BNP Paribas Securities Services, Luxembourg Branch als Fiskalagent und den anderen darin genannten Stellen abgeschlossenen Agency Agreement (in der am Ausgabetag gültigen oder ergänzten Fassung, das "Agency Agreement"), und, hinsichtlich der englischen Recht unterliegenden Internationalen Schuldverschreibungen, ausgestattet mit den Rechten gemäß einer Deed of Covenant (in der am Ausgabetag gültigen oder ergänzten Fassung, die "Deed of Covenant") vom 8.6.2011, welche von der Emittentin hinsichtlich der Schuldverschreibungen abgegeben wurde, ausgegeben. Hinsichtlich der Inländischen Schuldverschreibungen wird die Emittentin, soweit erforderlich, selbst als Fiskalagent, Zahlstelle, Registerstelle, Übertragungsstelle und Berechnungsstelle fungieren. Der Fiskalagent, die Zahlstellen, die Registerstelle, die Übertragungsstelle und die Berechnungsstelle(n) werden (wenn solche vorhanden sind) als der "Fiskalagent", die "Zahlstellen" (diese Bezeichnung umfasst auch den Fiskalagenten), die "Registerstelle", die "Übertragungsstelle" und die "Berechnungsstelle(n)" bezeichnet. Die Gläubiger der Schuldverschreibung (wie nachstehend definiert), die Inhaber von Kuponscheinen (die "Kuponscheine") hinsichtlich zinstragender Inhaberschuldverschreibungen und, soweit auf solche Schuldverschreibungen anwendbar, Talonscheine für weitere Kuponscheine (die "Talonscheine") (die "Kuponscheininhaber") und die Inhaber von Ratenscheinen im Hinblick auf die Teilzahlung von Kapital (die "Ratenscheine") betreffend auf Inhaber lautende Schuldverschreibungen, deren Kapital in Raten zahlbar ist, (die "Ratenscheininhaber") werden behandelt, als ob sie Kenntnis von allen Bestimmungen des Agency Agreement, welche auf sie anwendbar sind, haben, soweit auf solche Schuldverschreibungen, Kuponscheine, Talonscheine oder Ratenscheine englisches Recht anwendbar ist.

In diesen Emissionsbedingungen bezeichnet "Tranche" in jeder Hinsicht identische Schuldverschreibungen, und "Endgültige Bedingungen" bezeichnet die Endgültigen Bedingungen, die sich auf eine Tranche beziehen.

Kopien des Agency Agreement, der Deed of Covenant, der ISDA Definitionen und der 2003 ISDA Credit Derivatives Definitionen, welche von Zeit zu Zeit von der International Swaps and Derivatives Association Inc. veröffentlicht werden, können während der üblichen Geschäftszeiten in den benannten Geschäftsstellen der Zahlstellen, der Registerstelle und der Übertragungsstellen eingesehen werden.

Wenn gemäß den Endgültigen Bedingungen englisches Recht anwendbar ist, steht niemandem gemäß dem englischen Contracts (Rights of Third Parties) Act 1999 ein Recht zur Durchsetzung der Bestimmungen dieser Schuldverschreibungen zu, unbeschadet der sonstigen Rechte oder Rechtsbehelfe, welche einer Person abgesehen von diesem Gesetz zustehen.

1 Form, Stückelung und Eigentum

Die Schuldverschreibungen lauten auf Inhaber ("Inhaberschuldverschreibungen", wobei dieser Begriff auch Schuldverschreibungen umfasst, die als Umtauschbare Inhaberschuldverschreibungen bezeichnet werden), auf Namen ("Namensschuldverschreibungen") oder auf Inhaber, umtauschbar in Namensschuldverschreibungen ("Umtauschbare Inhaberschuldverschreibungen"), jeweils mit in den Endgültigen Bedingungen angeführten festgelegten Stückelungen.

Alle Namensschuldverschreibungen haben dieselbe festgelegte Stückelung. Im Falle von Umtauschbaren Inhaberschuldverschreibungen haben die Namensschuldverschreibungen, in welche sie umtauschbar sind, dieselbe festgelegte Stückelung wie die niedrigste Stückelung der Umtauschbaren Inhaberschuldverschreibungen.

Diese Schuldverschreibung ist ein Pfandbrief, eine Kommunalschuldverschreibung (Öffentlicher Pfandbrief), eine fundierte Bankschuldverschreibung, eine festverzinsliche Schuldverschreibung, eine variabel verzinsliche Schuldverschreibung, eine Nullkupon-Schuldverschreibung, eine Schuldverschreibung mit indexgebundener Verzinsung, eine Schuldverschreibung mit indexgebundener Tilgung, eine aktiengebundene Schuldverschreibung, eine fondsgebundene Schuldverschreibung, eine kreditgebundene Schuldverschreibung, eine rohstoffgebundene Schuldverschreibung, eine futuregebundene Schuldverschreibung, eine Reverse Convertible Schuldverschreibung, eine Ratenschuldverschreibung, eine Doppelwährungs-Schuldverschreibung oder eine Teileingezahlte Schuldverschreibung, eine Kombination der vorstehend aufgezählten oder einer anderen Art von Schuldverschreibung, jeweils abhängig von Rang und Verzinsung und Tilgungs-/Zahlungsbasis, wie in den Endgültigen Bedingungen bestimmt.

Inhaberschuldverschreibungen, über die Urkunden ausgegeben werden, haben Seriennummern und werden mit Kuponscheinen ausgegeben (und, soweit notwendig, einem Talonschein), ausgenommen bei Nullkupon-Schuldverschreibungen, bei denen die Verweise auf Zinsen (ausgenommen Zinsen, welche nach dem Tilgungstag fällig werden), Kuponscheine und Talonscheine in diesen Emissionsbedingungen nicht anwendbar sind. Ratenschuldverschreibungen werden mit einem oder mehreren beigefügten Ratenscheinen ausgegeben.

Namensschuldverschreibungen werden durch registrierte Zertifikate ("Zertifikate") vertreten und jedes Zertifikat vertritt sämtliche Namensschuldverschreibungen desselben Inhabers, vorbehaltlich Bedingung 2(c).

Das Eigentum an Inhaberschuldverschreibungen und Ratenscheinen, Kuponscheinen und Talonscheinen wird durch Übergabe übertragen. Das Eigentum an Namensschuldverschreibungen, welche englischem Recht unterliegen, wird, in Übereinstimmung mit zwingendem Recht und wie nachstehend vorgesehen, durch Eintragung im Register (das "Register"), dessen Führung durch die Registerstelle im Einklang mit den Bestimmungen des Agency Agreement die Emittentin vorkehrt, übertragen. Das Eigentum an Namensschuldverschreibungen, welche österreichischem Recht unterliegen, wird durch Zession oder, insoweit solche Namensschuldverschreibungen eine Orderklausel enthalten, durch Indossament und Übergabe übertragen. Ausgenommen aufgrund gesetzlicher Vorschrift oder auftrags eines zuständigen Gerichtes wird der Inhaber (wie unten definiert) einer Schuldverschreibung, eines Ratenscheines, eines Kuponscheines oder eines

Talonscheines für alle Zwecke als der alleinige Eigentümer behandelt, egal ob diese überfällig sind oder nicht und unabhängig von Kenntnis über Eigentum, Treuhandverhältnisse oder sonstige Rechte daran, unabhängig von einem schriftlichen Vermerk darauf (oder auf dem sie vertretenden Zertifikat) oder von deren Diebstahl oder Verlust (oder des sie vertretenden Zertifikates) und niemand ist haftbar, der den Inhaber als alleinigen Eigentümer behandelt.

Schuldverschreibungen, die österreichischem Recht unterliegen, werden durch eine Sammelurkunde oder ein Sammelzertifikat ohne Kuponscheine verbrieft. Einzelurkunden, Zertifikate, Kuponscheine, Talonscheine oder Ratenscheine werden für Schuldverschreibungen, die österreichischem Recht unterliegen, nicht ausgegeben. Jede Sammelurkunde sowie jedes Sammelzertifikat wird von zwei bevollmächtigten Vertretern der Emittentin unterzeichnet.

In diesen Emissionsbedingungen bezeichnet der Begriff "Gläubiger der Schuldverschreibung" den Inhaber einer Inhaberschuldverschreibung und der zugehörigen Ratenscheine oder die Person, auf deren Name eine Namensschuldverschreibung registriert ist (je nachdem), "Inhaber" (in Hinblick auf eine Schuldverschreibung, einen Ratenschein, einen Kuponschein oder einen Talonschein) bezeichnet den Inhaber einer Inhaberschuldverschreibung, eines Ratenscheines, eines Kuponscheins oder eines Talonscheins oder jene Person, auf deren Name eine Namensschuldverschreibung registriert ist und Begriffe, die in diesen Emissionsbedingungen verwendet werden, haben die ihnen hierin und in den Endgültigen Bedingungen zugewiesenen Bedeutungen. Wenn keine Bedeutung angegeben ist, indiziert dies, dass dieser Begriff auf die Schuldverschreibungen nicht anwendbar ist.

So lange Inhaberschuldverschreibungen, die österreichischem Recht unterliegen, durch eine Sammelurkunde verbrieft sind, bezeichnet "Gläubiger der Schuldverschreibung" jeden Inhaber eines Miteigentumanteils oder eines anderen Anteils oder Rechts an der Sammelurkunde gemäß Depotgesetz und, soweit anwendbar, den allgemeinen Geschäftsbedingungen der OeKB als österreichische Wertpapiersammelbank, oder eine Person, auf deren Namen eine Namensschuldverschreibung und/oder ein Sammelzertifikat registriert ist.

2 Umtausch von Umtauschbaren Inhaberschuldverschreibungen und Übertragungen von Namensschuldverschreibungen

(a) Umtausch von Umtauschbaren Inhaberschuldverschreibungen

Umtauschbare Inhaberschuldverschreibungen können, vorbehaltlich wie in Bedingung 2 (f) vorgesehen, auf schriftliche Anforderung des jeweiligen Gläubigers der Schuldverschreibung in Namensschuldverschreibungen mit dem gleichen Gesamtkapitalbetrag durch Einreichung der umzutauschenden Umtauschbaren Inhaberschuldverschreibungen, gemeinsam mit allen nicht fälligen und zugehörigen Ratenscheinen, Kuponscheinen und Talonscheinen bei der angegebenen Geschäftsstelle einer Übertragungsstelle umgetauscht werden; sofern eine Umtauschbare Inhaberschuldverschreibung zum Umtausch nach dem Record Date (wie in Bedingung 7(b) definiert) für eine Zinszahlung eingereicht wird, muss der Kuponschein hinsichtlich dieser Zinszahlung nicht mit ihr gemeinsam eingereicht werden. Namensschuldverschreibungen können nicht in Inhaberschuldverschreibungen umgetauscht werden. Inhaberschuldverschreibungen mit einer festgelegten Stückelung können nicht in Inhaberschuldverschreibungen mit einer anderen festgelegten Stückelung umgetauscht werden. Inhaberschuldverschreibungen, welche keine Umtauschbaren Inhaberschuldverschreibungen sind, können nicht in Namensschuldverschreibungen umgetauscht werden.

(b) Übertragung von Namensschuldverschreibungen

Eine oder mehrere Namensschuldverschreibungen können durch Einreichung (bei der benannten Geschäftsstelle der Registerstelle oder einer Übertragungsstelle) des Zertifikates, welches solche zu übertragenden Namensschuldverschreibungen vertritt, gemeinsam mit der auf dem jeweiligen Zertifikat angebrachten Übertragungserklärung (oder einer anderen Übertragungserklärung, welche im Wesentlichen der Übertragungserklärung entspricht und welche dieselben Zusagen und Bestätigungen enthält (wenn solche vorhanden sind), ausgenommen etwas anderes ist mit der Emittentin vereinbart), ordnungsgemäß ausgefüllt und unterfertigt, oder, im Falle von Namensschuldverschreibungen, die österreichischem Recht unterliegen (i) durch Zession oder (ii) im Falle von Namensschuldverschreibungen, die eine Orderklausel enthalten, ordnungsgemäß indossiert sind, und jeden anderen Nachweis enthalten, den die Registerstelle oder die Übertragungsstelle vernünftigerweise verlangen, übertragen werden.

Im Falle einer nur teilweisen Übertragung von durch ein Zertifikat vertretenen Namensschuldverschreibungen wird ein neues Zertifikat an den Übernehmer hinsichtlich des übertragenen Teiles und ein weiteres neues Zertifikat hinsichtlich des nicht übertragenen Teiles an den Übertragenden ausgestellt. Wenn in den Endgültigen Bedingungen angegeben, dürfen durch ein Zertifikat vertretene Namensschuldverschreibungen nur zur Gänze übertragen werden, in welchem Falle der vorige Satz nicht anwendbar ist. Alle Übertragungen von Schuldverschreibungen und Eintragungen in das Register werden gemäß den detaillierten Bestimmungen über die Übertragung von Schuldverschreibungen im Anhang zum Agency Agreement (soweit anwendbar) vorgenommen. Diese Bestimmungen können mit der vorherigen schriftlichen Zustimmung der Registerstelle und der Gläubiger der Schuldverschreibungen durch die Emittentin geändert werden. Eine Kopie der derzeitigen Bestimmungen wird jedem Gläubiger der Schuldverschreibungen von der Registerstelle auf Anforderung zur Verfügung gestellt.

(c) Ausübung von Wahlrechten oder Teiltilgung von Namensschuldverschreibungen

Im Falle der Ausübung eines Wahlrechtes der Emittentin oder der Gläubiger der Schuldverschreibung hinsichtlich von Namensschuldverschreibungen oder einer Teiltilgung von Namensschuldverschreibungen, welche durch ein einziges Zertifikat vertreten werden, wird ein neues Zertifikat an den Inhaber ausgegeben, das die Ausübung eines solchen Wahlrechtes oder die verbleibenden, nicht getilgten Namensschuldverschreibungen, darstellt. Im Falle einer teilweisen Ausübung eines Wahlrechtes, welches dazu führt, dass Namensschuldverschreibungen desselben Bestandes verschiedene Bedingungen aufweisen, werden gesonderte Zertifikate jeweils für die Schuldverschreibungen mit denselben Bedingungen ausgegeben. Neue Zertifikate werden nur gegen Einreichung der bestehenden Zertifikate bei der Registerstelle oder bei einer Übertragungsstelle ausgegeben. Im Falle einer Übertragung von Namensschuldverschreibungen an eine Person, die bereits Inhaber von Namensschuldverschreibungen ist, wird ein neues Zertifikat über den vergrößerten Bestand nur gegen Einreichung des Zertifikates, welches den bisherigen Bestand vertritt, ausgegeben.

(d) Ausgabe von neuen Zertifikaten

Jedes neue Zertifikat, welches gemäß den Bedingungen 2(a), (b) oder (c) ausgegeben wird, ist innerhalb von drei Geschäftstagen nach Erhalt der Umtauschafforderung, der Übertragungserklärung oder der Ausübungserklärung (wie in Bedingung 6(d) definiert) oder der Einreichung des Zertifikates zum Umtausch zur Lieferung verfügbar. Die Lieferung der(s) neuen Zertifikate(s) erfolgt

bei der benannten Geschäftsstelle der Übertragungsstelle oder der Registerstelle (je nachdem), bei der die Umtauschforderung, die Übertragungserklärung oder die Ausübungserklärung gestellt wurde oder bei welcher das Zertifikat eingereicht wurde, oder, nach Wahl des die Lieferung oder Einreichung wie zuvor beschrieben durchführenden Inhabers und wie in der jeweiligen Umtauschforderung, Übertragungserklärung oder Ausübungserklärung oder auf andere schriftliche Weise festgelegt, durch nicht versicherte Postzustellung auf Risiko des Inhabers, dem das neue Zertifikat zusteht, an jene Adresse, die er auf diese Weise bezeichnet hat, ausgenommen dieser Inhaber verlangt eine andere Art der Lieferung und bezahlt im Voraus dem jeweiligen Agenten (wie im Agency Agreement definiert) die Kosten einer anderen von ihm bestimmten Liefermethode und/oder Versicherung. In dieser Bedingung 2(d) bezeichnet "Geschäftstag" einen Tag außer Samstag oder Sonntag, an dem Banken am Ort der benannten Geschäftsstelle der jeweiligen Übertragungsstelle oder der Registerstelle (je nachdem) zum Geschäftsbetrieb geöffnet sind.

(e) *Kostenloser Umtausch*

Der Umtausch und die Übertragung von Schuldverschreibungen und Zertifikaten bei Registrierung, Übertragung, teilweiser Tilgung oder Ausübung eines Wahlrechtes wird ohne Verrechnung von Kosten durch (oder für) die Emittentin, die Registerstelle oder die Übertragungsstellen vorgenommen, aber unter Zahlung von Steuern, Gebühren oder anderen behördlichen Abgaben, welche im Hinblick darauf vorgeschrieben werden (oder unter Abgabe einer Haftungsfreistellung, wie von der Registerstelle oder der jeweiligen Übertragungsstelle verlangt).

(f) *Sperrfrist*

Kein Gläubiger der Schuldverschreibung ist berechtigt, die Registrierung der Übertragung einer Namensschuldverschreibung oder den Umtausch einer Umtauschbaren Inhaberschuldverschreibung in eine oder mehrere Namensschuldverschreibung(en) (i) während eines Zeitraums von 15 Tagen, der am Tilgungstag der Tilgung oder der Zahlung eines Teilzahlungsbetrages dieser Schuldverschreibung endet, (ii) während eines Zeitraums von 15 Tagen vor jedem Zeitpunkt, an dem die Schuldverschreibungen nach Wahl der Emittentin gemäß Bedingung 6(c) getilgt werden können, (iii) nachdem die Emittentin bekannt gegeben hat, diese Schuldverschreibung zu tilgen, oder (iv) während eines Zeitraums von sieben Tagen, der an einem Record Date endet, wobei dieses mitzuzählen ist, zu verlangen. Eine Umtauschbare Inhaberschuldverschreibung, deren Tilgung bekannt gegeben wird, kann jedoch in eine oder mehrere Namensschuldverschreibung(en) umgetauscht werden, wenn gleichzeitig das entsprechende Zertifikat vor oder am jeweiligen Record Date eingereicht wird.

3 Rang

(a) *Rang der Nicht-Nachrangigen Schuldverschreibungen*

Die Nicht-Nachrangigen Schuldverschreibungen (das sind jene Schuldverschreibungen, die ihren Rang als nicht-nachrangig bezeichnen) und die Ratenscheine und zugehörigen Kuponscheine begründen direkte, unbedingte, und nicht nachrangige und (vorbehaltlich der Bedingung 4) unbesicherte Verbindlichkeiten der Emittentin und haben den gleichen Rang ohne Vorrang untereinander und (soweit nicht gesetzliche Ausnahmen anwendbar sind und ohne das Vorgenannte einzuschränken) die Zahlungspflichten der Emittentin gemäß den Nicht-Nachrangigen Schuldverschreibungen und den Ratenscheinen und zugehörigen Kuponscheinen haben den gleichen Rang wie alle anderen gegenwärtigen und zukünftigen unbesicherten und nicht-nachrangigen Verschuldungen und geldwerten Verpflichtungen der Emittentin.

(b) Rang der Nachrangigen Schuldverschreibungen

Die Nachrangigen Schuldverschreibungen (das sind jene Schuldverschreibungen, die ihren Rang als nachrangig bezeichnen) und die Ratenscheine und zugehörigen Kuponscheine begründen direkte und nicht besicherte Verbindlichkeiten der Emittentin und haben den gleichen Rang ohne Vorrang untereinander wie alle anderen nachrangigen Verbindlichkeiten der Emittentin, ausgenommen nachrangige Verpflichtungen, welche ausdrücklich als nachrangig gegenüber den Nachrangigen Schuldverschreibungen bezeichnet werden. Im Falle der Liquidation oder des Konkurses der Emittentin stehen die Zahlungspflichten der Emittentin gemäß den Nachrangigen Schuldverschreibungen, den Ratenscheinen und zugehörigen Kuponscheinen im Rang nach den nicht-nachrangigen Gläubigern der Emittentin, aber zumindest im gleichen Rang mit allen anderen nachrangigen Verpflichtungen der Emittentin, welche nicht gemäß deren Bedingungen nachrangig gegenüber den Nachrangigen Schuldverschreibungen sind, und vorrangig gegenüber den Ansprüchen der Aktionäre der Emittentin.

Nachrangige Schuldverschreibungen können in Form von nachrangigem Kapital ("Nachrangiges Kapital") gemäß § 23 Abs 8 des österreichischen Bankwesengesetzes 1993 in der geltenden Fassung (das "Bankwesengesetz") ausgegeben werden:

Nachrangige Schuldverschreibungen, welche Nachrangiges Kapital darstellen, haben eine Mindestlaufzeit von fünf Jahren.

Im Falle von unbefristeten Nachrangigen Schuldverschreibungen, die Nachrangiges Kapital begründen oder in Fällen, in denen der Emittentin oder den Gläubigern der Schuldverschreibungen ein Kündigungsrecht eingeräumt ist, darf eine Rückzahlung erst nach Ablauf einer Kündigungsfrist von fünf Jahren erfolgen, abgesehen von den nachstehend genannten Fällen. Die Emittentin ist ferner berechtigt, Nachrangige Schuldverschreibungen, die Nachrangiges Kapital darstellen, nach einer Laufzeit von fünf Jahren ohne Einhaltung einer Kündigungsfrist zurückzuzahlen, sofern die Emittentin vor der Kündigungsanzeige Kapital in gleicher Höhe und zumindest gleicher Eigenmittelqualität zur Verfügung hat. Die Emittentin ist berechtigt, eine Mitteilung, diese Schuldverschreibungen vor dem Ablauf von fünf Jahren gemäß Bedingung 6(b) rückzuzahlen, abzugeben, wenn die Emittentin vor Abgabe der Kündigungsanzeige Kapital in gleicher Höhe und zumindest gleicher Eigenmittelqualität zur Verfügung hat.

Forderungen der Emittentin dürfen nicht gegen Rückzahlungspflichten der Emittentin gemäß diesen Schuldverschreibungen aufgerechnet werden und für die Nachrangigen Schuldverschreibungen, die Nachrangiges Kapital darstellen, dürfen keine vertraglichen Sicherheiten durch die Emittentin oder einen Dritten bestellt werden. Durch nachträgliche Vereinbarung darf weder die Nachrangigkeit gemäß dieser Bedingung 3(b) eingeschränkt werden, noch darf die Fälligkeit von Nachrangigen Schuldverschreibungen, welche Nachrangiges Kapital begründen, geändert werden.

Ein besonderes Abwicklungsverfahren für Kreditinstitute könnte in Österreich eingeführt werden. Wenn dies der Fall sein sollte, könnte in einem solchen Verfahren einer Aufsichtsbehörde die Befugnis eingeräumt werden, in bestimmten Fällen eine Beteiligung der Inhaber Nachrangiger Schuldverschreibungen an den Verlusten der Emittentin anzuordnen. Alternativ (oder zusätzlich) können Nachrangige Schuldverschreibungen an Verlusten teilnehmen, selbst wenn ein solches Abwicklungsverfahren nicht eingeführt wird, soweit dies in den Endgültigen Bedingungen bestimmt ist.

(c) Rang von Pfandbriefen, Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) und fundierten Bankschuldverschreibungen

(i) *Pfandbriefe*

Pfandbriefe (das sind Schuldverschreibungen, die als solche bezeichnet werden) begründen direkte, unbedingte und nicht-nachrangige Verpflichtungen der Emittentin und haben untereinander den gleichen Rang.

Pfandbriefe werden durch einen gesonderten Deckungsstock von Deckungswerten besichert, welcher neben anderen geeigneten Vermögenswerten erstrangige Hypotheken an österreichischen Liegenschaften und an bestimmten Liegenschaften, welche in anderen Mitgliedstaaten des Europäischen Wirtschaftsraumes und der Schweiz gelegen sind, sowie Sicherungsgeschäfte (Derivativerträge) zur Verminderung künftiger Zins-, Währungs- oder Schuldnerisiken enthalten kann. Die Deckungswerte für *Pfandbriefe* werden im Hypothekenregister eingetragen, welches von der Emittentin gemäß dem Hypothekbankgesetz geführt wird. Der Gesamtbetrag der im Umlauf befindlichen *Pfandbriefe* hat in Höhe des Nennwerts jederzeit durch Hypotheken (oder andere geeignete Vermögenswerte) von mindestens gleicher Höhe und mindestens gleichem Zinsertrag zuzüglich einer sichernden Überdeckung von 2% des Nennwerts der im Umlauf befindlichen *Pfandbriefe* gedeckt zu sein. Die Satzung der Emittentin sieht vor, dass zusätzlich zur Deckung des Nennwertes der *Pfandbriefe* die jederzeitige Deckung nach dem Barwert der im Umlauf befindlichen *Pfandbriefe* sichergestellt sein muss.

Pfandbriefe sind geeignete Anlagen für Mündergeld gemäß § 230b Z 3 des österreichischen Allgemeinen Bürgerlichen Gesetzbuches. Die Emittentin beabsichtigt, die Aufnahme der *Pfandbriefe* in das Kategorie 1 Register der Europäischen Zentralbank zu beantragen.

(ii) *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)*

Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (das sind Schuldverschreibungen, die als solche bezeichnet werden) begründen direkte, unbedingte und nicht-nachrangige Verpflichtungen der Emittentin und haben untereinander den gleichen Rang.

Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) werden durch einen gesonderten Deckungsstock von Deckungswerten besichert, welcher neben anderen geeigneten Vermögenswerten Darlehensforderungen gegen inländische Körperschaften des öffentlichen Rechts oder andere Mitgliedstaaten des Europäischen Wirtschaftsraumes als Österreich oder die Schweiz sowie deren Regionalregierungen und örtliche Gebietskörperschaften, für welche die zuständigen Behörden nach Art 43 Abs 1 lit b Z 5 der Richtlinie 2000/12/EG eine Gewichtung von höchstens 20% festgelegt haben, oder Forderungen, denen eine Garantie durch eine der vorgenannten Körperschaften zukommt, oder von einer der vorgenannten Körperschaften ausgegebene Schuldverschreibungen oder Schuldverschreibungen, für die eine der vorgenannten Körperschaften die Garantie übernimmt, sowie Sicherungsgeschäfte (Derivativerträge) zur Verminderung künftiger Zins-, Währungs- oder Schuldnerisiken enthalten kann. Die Deckungswerte für *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* werden im Hypothekenregister eingetragen, welches von der Emittentin gemäß dem Hypothekbankgesetz geführt wird. Der Gesamtbetrag der im Umlauf befindlichen *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* hat in Höhe des Nennwerts jederzeit durch Deckungswerte von

mindestens gleicher Höhe und mindestens gleichem Zinsertrag zuzüglich einer sichernden Überdeckung von zumindest 2% des Nennwerts der im Umlauf befindlichen *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* gedeckt zu sein. Die Satzung der Emittentin sieht außerdem vor, dass der Barwert der im Umlauf befindlichen *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* jederzeit durch geeignete Vermögenswerte sichergestellt sein muss.

Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) sind geeignete Anlagen für Mündelgeld gemäß § 230b Z 3 des österreichischen Allgemeinen Bürgerlichen Gesetzbuches. Die Emittentin beabsichtigt, die Aufnahme der *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* in das Kategorie 1 Register der Europäischen Zentralbank zu beantragen.

(iii) Fundierte Bankschuldverschreibungen

Fundierte Bankschuldverschreibungen (das sind Schuldverschreibungen, die als solche bezeichnet werden) begründen direkte, unbedingte und nicht-nachrangige Verpflichtungen der Emittentin und haben untereinander den gleichen Rang.

Fundierte Bankschuldverschreibungen werden durch einen gesonderten Deckungsstock von Deckungswerten besichert, welche zur vorzugsweisen Deckung der Schuldverschreibungen gemäß dem Gesetz betreffend fundierte Bankschuldverschreibungen bestimmt sind. Als Deckungswerte geeignet sind Forderungen, wenn sie zur Anlage von Mündelgeldern geeignet sind, Forderungen und Wertpapiere, wenn ein Pfandrecht dafür in einem öffentlichen Buch eingetragen ist, Forderungen, wenn sie gegen eine inländische Körperschaft des öffentlichen Rechts, einen anderen Mitgliedstaat des Europäischen Wirtschaftsraumes als Österreich oder gegen die Schweiz sowie gegen deren Regionalregierungen oder örtliche Gebietskörperschaften, für welche die zuständigen Behörden nach Art 43 Abs 1 lit b Z 5 der Richtlinie 2000/12/EG eine Gewichtung von höchstens 20% festgelegt haben, bestehen oder wenn eine der vorgenannten Körperschaften die Gewährleistung übernimmt, Wertpapiere, wenn sie von einer der vorgenannten Körperschaften begeben wurden oder wenn eine dieser Körperschaften die Gewährleistung übernimmt, sowie Sicherungsgeschäfte (Derivatverträge) zur Verminderung künftiger Zins-, Währungs- oder Schuldnerisiken. Die Deckungswerte für fundierte Bankschuldverschreibungen werden im Deckungsregister eingetragen, welches von der Emittentin gemäß dem Gesetz betreffend fundierte Bankschuldverschreibungen geführt wird. Die Deckungswerte haben zu jeder Zeit zumindest den Tilgungsbetrag und die Zinsen der ausgegebenen fundierten Bankschuldverschreibungen sowie die voraussichtlichen administrativen Kosten im Falle eines Konkurses der Emittentin zu decken. Die Satzung der Emittentin sieht vor, dass die in den Deckungsstock eingebrachten Vermögenswerte derart bestellt werden, dass der Verkehrswert der im Deckungsfonds enthaltenen Vermögenswerte den Barwert der im Umlauf befindlichen fundierten Bankschuldverschreibungen zuzüglich einer sichernden Überdeckung von mindestens 2% deckt. Die Emittentin plant, die Aufnahme der fundierten Bankschuldverschreibungen in das Kategorie 1 Register der Europäischen Zentralbank zu beantragen.

4 Negativverpflichtung

So lange Nicht-Nachrangige Schuldverschreibungen, Ratenscheine oder Kuponscheine (wie im Agency Agreement definiert) ausständig sind:

- (i) wird die Emittentin keine Hypothek, Belastung, Pfandrecht oder ein anderes Sicherheitsrecht über ihr Eigentum oder ihre Vermögenswerte, zur Gänze oder teilweise, künftig oder gegenwärtig, zugunsten der Inhaber von Externer Verschuldung (wie unten definiert) für (i) die Zahlung solcher Externer Verschuldung, (ii) eine Zahlung gemäß einer Garantie für eine solche Externe Verschuldung, oder (iii) eine Zahlung gemäß einer Haftung, welche sich auf eine solche Externe Verschuldung bezieht, bestellen oder aufrechterhalten; die Emittentin wird sicherstellen, dass keine ihrer Kern-Tochtergesellschaften (wie in Bedingung 10 definiert) eine der oben beschriebenen Handlungen vornimmt; und
- (ii) wird die Emittentin keine Hypothek, Belastung, Pfandrecht oder ein anderes Sicherheitsrecht über ihr Eigentum oder ihre Vermögenswerte, zur Gänze oder teilweise, künftig oder gegenwärtig, bestellen oder aufrechterhalten, um zu Gunsten der Inhaber einer Externen Verschuldung der Kerngruppe (wie unten definiert) (i) die Zahlung solcher Externer Verschuldung der Kerngruppe, (ii) eine Zahlung gemäß einer Garantie für eine solche Externe Verschuldung, oder (iii) eine Zahlung gemäß einer Haftung, welche sich auf eine solche Externe Verschuldung der Kerngruppe bezieht, zu besichern; die Emittentin wird zumutbare Anstrengungen unternehmen, um sicherzustellen, dass keine ihrer Haftungsverbund Tochtergesellschaften (wie in Bedingung 10 definiert) eine der oben beschriebenen Handlungen vornimmt, ohne in einem solchen Fall zur gleichen Zeit zu Gunsten der Nicht-Nachrangigen Schuldverschreibungen, der Ratenscheine und Kuponscheine (außer wenn es ohnedies bereits so vereinbart war) die gleiche Sicherheit zu bestellen, welche zur Besicherung von Externer Verschuldung, Externer Verschuldung der Kerngruppe, Garantie oder Haftung oder anderer Sicherheit, die durch einen Außerordentlichen Beschluss (wie im Agency Agreement definiert) der Gläubiger der Schuldverschreibung beschlossen wird, geschaffen oder aufrechterhalten wird,

wobei die in (i) und (ii) oben angeführten Einschränkungen nicht für *Pfandbriefe*, *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*), fundierte Bankschuldverschreibungen oder Asset Backed Finanzierungen und vergleichbare Instrumente gelten, einschließlich, aber nicht beschränkt auf, tschechische, slowakische und rumänische Immobilienanleihen, welche von der Emittentin und/oder einer Tochtergesellschaft ausgegeben werden und welche durch österreichisches oder anderes anwendbares Recht geschaffen werden oder gemäß der österreichischen Finanzmarktaufsichtsbehörde oder einer anderen zuständigen Aufsichtsbehörde zulässig sind.

"Asset Backed Finanzierung" bedeutet jede Externe Verschuldung, die durch eine Sicherheit (und jede Sicherheit, die als Ersatz für eine Sicherheit geschaffen wird) in Form einer Hypothek, eines Pfandrechts oder einer anderen Form der Belastung oder eines Sicherheitsrechts (unabhängig, ob diese auch andere Verschuldungen oder Verpflichtungen besichern), die sich auf eine Verbriefung, die Finanzierung, die Refinanzierung, oder den Erwerb eines bestimmten Vermögenswertes oder Vermögens bezieht, besichert wird, aber nur in dem Ausmaß, als eine solche Sicherheit solche bestimmten Vermögenswerte besichert, die finanziert oder erworben wurden und der Rückgriff der Person, die die Externe Verschuldung zur Verfügung stellt oder die entsprechende(n) Vereinbarung(en) eingeht, auf solche bestimmten Vermögenswerte beschränkt ist.

"Externe Verschuldung der Kerngruppe" bedeutet jede gegenwärtige und künftige Verschuldung der Emittentin oder einer ihrer Kern-Tochtergesellschaften in der Form von, oder verkörpert in oder verbrieft durch Schuldverschreibungen, Anleihen, Schuldscheine, Obligationsanleihen, oder andere Wertpapiere, welche zur Zeit notiert, gelistet oder auf sonstige Weise an einer Wertpapierbörse oder

außerbörslich oder an einem anderen Wertpapiermarkt gehandelt werden, oder werden könnten.

"Externe Verschuldung" bedeutet jede gegenwärtige und künftige Verschuldung in der Form von, oder verkörpert in oder verbrieft durch Schuldverschreibungen, Anleihen, Schuldscheine, Obligationsanleihen, oder andere Wertpapiere, welche zur Zeit notiert, gelistet oder auf sonstige Weise an einer Wertpapierbörse oder außerbörslich oder an einem anderen Wertpapiermarkt gehandelt werden, oder werden könnten.

5 Verzinsung und andere Berechnungen

(a) Zinssatz und Zinslauf

Jede Schuldverschreibung ist auf ihren ausstehenden Kapitalbetrag ab (einschließlich) dem Zinsbeginnstag mit dem Zinssatz (ausgedrückt als Prozentsatz) jährlich zu verzinsen, wobei solche Zinsen im Nachhinein an jedem Zinszahlungstag zahlbar sind.

Der Zinslauf für jede Schuldverschreibung endet (wenn ein solcher vorgesehen ist) am Tilgungstag (dieser ausgenommen), sofern nicht die Zahlung des Kapitals nach rechtmäßiger Vorlage unrechtmäßig zurückgehalten oder abgelehnt wird; in einem solchen Fall fallen Zinsen weiter an (sowohl nach als auch vor einem Gerichtsurteil) zu dem in dieser Bedingung 5 vorgesehenem Zinssatz bis zum Relevanten Datum (wie in Bedingung 8 definiert).

(b) Zinssatz für Variabel Verzinsliche Schuldverschreibungen und Schuldverschreibungen mit indexgebundener Verzinsung

(i) Zinszahlungstage: Jede Variabel Verzinsliche Schuldverschreibung und Schuldverschreibung mit indexgebundener Verzinsung wird auf ihren ausstehenden Kapitalbetrag ab dem Zinsbeginnstag mit dem Zinssatz (ausgedrückt als Prozentsatz) jährlich verzinst, wobei solche Zinsen im Nachhinein an jedem Zinszahlungstag zahlbar sind. Ein solcher Zinszahlungstag oder solche Zinszahlungstage sind entweder die, welche in den Endgültigen Bedingungen als Bestimmte Zinszahlungstage benannt sind, oder, wenn keine Bestimmten Zinszahlungstage darin benannt sind, jeder Zeitpunkt, der nach einer Anzahl von Monaten oder einem anderen Zeitraum, welcher in den Endgültigen Bedingungen als Zinsperiode benannt ist, nach dem vorhergehenden Zinszahlungstag, oder, im Falle des ersten Zinszahlungstages, nach dem Zinsbeginnstag fällt.

(ii) Business Day Convention: Wenn ein Zeitpunkt, auf den in diesen Bedingungen Bezug genommen wird, und gemäß einer Business Day Convention anzupassen ist, auf einen Tag fallen würde, welcher kein Geschäftstag ist, dann wird, wenn die Business Day Convention benannt ist als:

(A) die Floating Rate Business Day Convention, ein solcher Zeitpunkt auf den nächsten Tag, der ein Geschäftstag ist, verschoben, außer dies würde dazu führen, dass er in den nächsten Kalendermonat fallen würde; in einem solchen Fall (x) wird dieser Zeitpunkt auf den unmittelbar vorhergehenden Geschäftstag vorgezogen, und (y) ist der nächste solche Zeitpunkt der letzte Geschäftstag jenes Monats, in welchen dieser Zeitpunkt gefallen wäre, wenn er nicht angepasst worden wäre;

- (B) die Following Business Day Convention, ein solcher Zeitpunkt auf den nächsten Geschäftstag verschoben;
 - (C) die Modified Following Business Day Convention, ein solcher Zeitpunkt auf den nächsten Tag, der ein Geschäftstag ist, verschoben, außer dies würde dazu führen, dass er in den nächsten Kalendermonat fallen würde; in einem solchen Fall wird das Datum auf den unmittelbar vorhergehenden Geschäftstag vorgezogen; oder
 - (D) die Preceding Business Day Convention, ein solcher Zeitpunkt auf den unmittelbar vorhergehenden Geschäftstag vorgezogen.
- (iii) Zinssatz für Variabel Verzinsliche Schuldverschreibungen: Der Zinssatz für Variabel Verzinsliche Schuldverschreibungen wird für jede Zinslaufperiode in der in den Endgültigen Bedingungen bestimmten anwendbaren Weise festgelegt und die nachfolgenden Bestimmungen hinsichtlich der ISDA Feststellung oder der Bildschirmseitenfeststellung sind anwendbar, je nach dem, wie hierin bezeichnet.

(A) ISDA Feststellung für Variabel Verzinsliche Schuldverschreibungen

Wenn die ISDA Feststellung in den Endgültigen Bedingungen als die Methode bezeichnet wird, nach welcher der Zinssatz zu bestimmen ist, wird der Zinssatz für die jeweilige Zinslaufperiode durch die Berechnungsstelle mit jenem Zinssatz festgelegt, welcher dem anwendbaren ISDA Satz entspricht. Für Zwecke dieses Unterabsatzes (A) bedeutet "ISDA Satz" für eine Zinslaufperiode einen Satz, der dem variablen Zinssatz entspricht, welcher von der Berechnungsstelle gemäß einer Swap-Transaktion unter den Bedingungen einer Vereinbarung festgelegt wurde, welche die ISDA Definitionen beinhaltet und gemäß welcher:

- (x) die Floating Rate Option wie hierin lautet,
- (y) die Designated Maturity ein Zeitraum ist, der in den Endgültigen Bedingungen bestimmt wird, und
- (z) das maßgebliche Reset Date der erste Tag dieser Zinslaufperiode ist, wenn nichts anderes in den Endgültigen Bedingungen bestimmt ist.

Für die Zwecke dieses Unterabsatzes (A) haben die Begriffe "variabler Zinssatz", "Berechnungsstelle", "Floating Rate Option", "Designated Maturity", "Reset Date" und "Swap Transaktion" jene Bedeutungen, die ihnen in den ISDA Definitionen zugewiesen werden.

(B) Bildschirmseitenfeststellung für Variabel Verzinsliche Schuldverschreibungen

(x) Wenn Bildschirmseitenfeststellung in den Endgültigen Bedingungen als jene Methode, mit welcher der Zinssatz festgelegt wird, bestimmt ist, ist der Zinssatz für jede Zinslaufperiode, wenn nachstehend nichts anders bestimmt ist, entweder:

- (1) die angebotene Quotierung; oder

- (2) das arithmetische Mittel der angebotenen Quotierungen, (ausgedrückt als jährlicher Prozentsatz) für den Referenzzinssatz, die Referenzzinssätze, welche(r) auf der Maßgeblichen Bildschirmseite entweder um 11.00 Uhr (Londoner Ortszeit im Falle von LIBOR, oder Brüsseler Ortszeit im Falle EURIBOR) am in Frage kommenden Zinsfestlegungstag von der Berechnungsstelle festgelegt werden. Wenn fünf oder mehr solcher angebotener Quotierungen auf der Maßgeblichen Bildschirmseite verfügbar sind, werden die höchste Quotierung (oder wenn mehrere höchste Quotierungen vorhanden sind, nur eine dieser Quotierungen) und die niedrigste Quotierung (oder, wenn mehrere niedrigste Quotierungen vorhanden sind, nur eine dieser Quotierungen) von der Berechnungsstelle für Zwecke der Bestimmung des arithmetischen Mittels der angebotenen Quotierungen nicht beachtet.

Wenn der Referenzzinssatz hinsichtlich der Variabel Verzinslichen Schuldverschreibungen in den anwendbaren Endgültigen Bedingungen entweder als LIBOR oder EURIBOR festgelegt wird, wird der Zinssatz für diese Schuldverschreibungen wie in den anwendbaren Endgültigen Bedingungen vorgesehen festgelegt.

- (y) Wenn die maßgebliche Bildschirmseite nicht verfügbar ist, oder wenn Unterabsatz (x)(1) anwendbar ist und keine solche angebotene Quotierung auf der maßgeblichen Bildschirmseite erscheint oder wenn Unterabsatz (x)(2) anwendbar ist und weniger als drei solcher angebotenen Quotierungen auf der maßgeblichen Bildschirmseite in jedem Fall zu der oben angegebenen Zeit erscheinen, wird die Berechnungsstelle, wenn nachstehend nichts anderes vorgesehen ist, verlangen, dass, wenn der Referenzzinssatz LIBOR ist, die Hauptgeschäftsstelle in London einer jeden Referenzbank, oder wenn der Referenzzinssatz EURIBOR ist, die Hauptgeschäftsstelle in der Eurozone einer jeden Referenzbank, der Berechnungsstelle ihre angebotene Quotierung zur Verfügung stellt (ausgedrückt als jährlicher Prozentsatz). Wenn der Referenzzinssatz LIBOR ist, geschieht dies um ungefähr 11.00 Uhr (Londoner Zeit) oder, wenn die Referenzrate EURIBOR ist, um ungefähr 11.00 Uhr (Brüsseler Zeit) an jedem in Frage kommenden Zinsfestlegungstag. Wenn zwei oder mehrere der Referenzbanken die Berechnungsstelle mit solchen angebotenen Quotierungen versorgen, wird der Zinssatz für eine solche Zinsperiode das arithmetische Mittel der angebotenen Quotierungen sein, wie er von der Berechnungsstelle festsetzt wird.
- (z) Wenn Absatz (y) oben anwendbar ist und die Berechnungsstelle feststellt, dass weniger als zwei Referenzbanken angebotene Quotierungen zur Verfügung stellen, dann ist, wenn nachstehend nichts anderes festgelegt ist, der Zinssatz das arithmetische Mittel der der Berechnungsstelle (auf ihre Anforderung) von den

Referenzbanken oder zwei oder mehreren von ihnen mitgeteilten Zinssätze p.a. (ausgedrückt als Prozentsatz), zu welchen diesen Banken Einlagen in der Festgesetzten Währung für einen Zeitraum angeboten wurden, welcher gleich zu jenem ist, welcher von den Banken für den Referenzzinssatz herangezogen worden wäre, um, wenn der Referenzzinssatz LIBOR ist, ungefähr 11.00 Uhr (Londoner Zeit) oder, wenn der Referenzzinssatz EURIBOR ist, um ungefähr 11.00 Uhr (Brüsseler Zeit) am jeweiligen Zinsfestlegungstag, im, wenn der Referenzzinssatz LIBOR ist, London Interbankenmarkt, oder wenn der Referenzzinssatz EURIBOR ist, dem Eurozone Interbankenmarkt, je nachdem; oder wenn weniger als zwei der Referenzbanken der Berechnungsstelle solche angebotenen Zinssätze zur Verfügung stellen, der angebotene Zinssatz für Einlagen in der Festgesetzten Währung für einen Zeitraum, welcher jenem entspricht, der für den Referenzzinssatz anwendbar gewesen wäre, oder das arithmetische Mittel der angebotenen Zinssätze für Einlagen in der Festgesetzten Währung für einen Zeitraum, der jenem entspricht, der für den Referenzzinssatz anwendbar gewesen wäre, über welchen, wenn der Referenzzinssatz LIBOR ist, um ungefähr 11.00 Uhr (Londoner Zeit), oder, wenn die Referenzrate EURIBOR ist, um ungefähr 11.00 Uhr (Brüsseler Zeit), am jeweiligen Zinsfestlegungstag, eine oder mehrere Banken (welche nach Meinung der Berechnungsstelle für diesen Zweck geeignet sind) die Berechnungsstelle informiert, dass sie diesen an führende Banken im, wenn der Referenzzinssatz LIBOR ist, Londoner Interbankenmarkt, oder, wenn der Referenzzinssatz EURIBOR ist, im Eurozone Interbankenmarkt, anbietet, vorausgesetzt, dass wenn der Zinssatz gemäß den vorstehenden Bestimmungen dieses Absatzes nicht bestimmt werden kann, die Zinsrate wie am letzten vorhergehenden Zinsfestlegungstag festgelegt werden soll (aber wenn eine andere Marge oder ein anderer Maximal- oder Minimumzinssatz als jener, welche(r) auf die letzte vorhergehende Zinslaufperiode anwendbar war, auf die jeweilige Zinslaufperiode anwendbar ist, wird die Marge oder der Maximal- oder Minimumzinssatz, die/der auf die relevante Zinslaufperiode anwendbar wäre, an die Stelle der Marge oder des Maximal- oder Minimumzinssatzes der letzten vorhergehenden Zinslaufperiode gesetzt).

- (iv) Zinssatz für Schuldverschreibungen mit indexgebundener Verzinsung: Der Zinssatz für Schuldverschreibungen mit indexgebundener Verzinsung für jede Zinslaufperiode wird in der in den Endgültigen Bedingungen festgelegten Weise bestimmt und Zinsen laufen gemäß einer Bezugnahme auf einen Index oder eine Formel auf, wie in den Endgültigen Bedingungen festgesetzt.

Für eine Beschreibung bestimmter Risiken, die sich auf eine Veranlagung in solchen Schuldverschreibungen beziehen, siehe "Risk Factors - Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme - Index-linked Notes", die Zusammenfassung und die maßgeblichen Endgültigen Bedingungen.

(c) Zinssatz für Nullkupon-Schuldverschreibungen

Wenn eine Schuldverschreibung, deren Zinssatz in den Endgültigen Bedingungen als Nullkupon benannt wird, vor dem Tilgungstag zu tilgen ist und bei Fälligkeit nicht bezahlt wird, entspricht der fällige und zahlbare Betrag vor dem Tilgungstag dem Vorzeitigen Tilgungsbetrag dieser Schuldverschreibung. Ab dem Tilgungstag ist der Zinssatz für den überfälligen Kapitalbetrag einer solchen Schuldverschreibung der jährliche Zinssatz (ausgedrückt als Prozentsatz), der der Amortisationsrendite (wie in Bedingung 6(a)(v)(B) definiert) entspricht.

(d) Doppelwährungs-Schuldverschreibungen

Im Fall von Doppelwährungs-Schuldverschreibungen ist der Zinssatz oder der Betrag der zahlbaren Zinsen in der Weise zu bestimmen, die in den Endgültigen Bedingungen benannt ist, wenn der Zinssatz oder der Betrag der Zinsen durch Bezug auf einen Wechselkurs oder eine Methode zur Berechnung eines Wechselkurses zu bestimmen ist.

(e) Teileingezahlte Schuldverschreibungen

Im Fall von Teileingezahlten Schuldverschreibungen (ausgenommen Teileingezahlte Schuldverschreibungen, die Nullkupon Schuldverschreibungen sind), fallen Zinsen, wie oben angegeben, auf den einbezahlten Teilbetrag solcher Schuldverschreibungen an, und ansonsten wie in den Endgültigen Bedingungen angegeben.

(f) Zinslauf

Die Verzinsung endet für jede Schuldverschreibung am Fälligkeitstag der Tilgung, ausgenommen die Zahlung wird bei ordnungsgemäßer Vorlage unrechtmäßigerweise zurückbehalten oder verweigert, in welchem Fall Zinsen bis zum Relevanten Datum (wie in Bedingung 8 definiert) weiter auflaufen (sowohl nach als auch vor einem Gerichtsurteil) zu dem Zinssatz und in der Weise wie in dieser Bedingung 5 vorgesehen.

(g) Verzinsung von aktiengebundenen Schuldverschreibungen, fondsgebundenen Schuldverschreibungen, kreditgebundenen Schuldverschreibungen (Credit Linked Notes), rohstoffgebundenen Schuldverschreibungen, futuresgebundenen Schuldverschreibungen und anderen Schuldverschreibungen

Im Fall von aktiengebundenen Schuldverschreibungen, fondsgebundenen Schuldverschreibungen, kreditgebundenen Schuldverschreibungen, rohstoffgebundenen Schuldverschreibungen oder anderen Schuldverschreibungen ist der Zinssatz oder der zahlbare Zinsbetrag für jede Zinslaufperiode oder jeden Zinszahlungstag durch Bezug auf einen Aktien-, Fonds- oder Rohstoff- oder Future Kontrakt-Basiswert oder einen Korb von Aktien-, Fonds- oder Rohstoff- oder Future Kontrakt-Basiswerten oder eine Formel, je nachdem wie in den Endgültigen Bedingungen angegeben, zu bestimmen.

Kreditgebundene Schuldverschreibungen (Credit Linked Notes) werden wie in den Endgültigen Bedingungen angegeben verzinst. Insbesondere kann in den Endgültigen Bedingungen angegeben werden, dass die Verzinsung bei Eintritt eines oder mehrerer Kreditereignisse (Credit Events) eingestellt oder verringert wird und dass die 2003 Credit Derivatives Definitions, welche von Zeit zu Zeit von der International Swaps and Derivatives Association Inc. veröffentlicht werden, ein integraler zusätzlicher Bestandteil sind.

Für eine Beschreibung bestimmter Risiken, die sich auf eine Veranlagung in solchen Schuldverschreibungen beziehen, siehe "Risk Factors - Factors which are

material for the purpose of assessing the market risks associated with Notes issued under the Programme - Equity-linked Notes / Fund-linked Notes / Credit-linked Notes / Commodity-linked Notes / Future-linked Notes / Notes Linked to Hedge Funds", die Zusammenfassung und die maßgeblichen Endgültigen Bedingungen.

(h) Marge, Maximal- oder Minimumzinssätze, Teilzahlungsbeträge und Tilgungsbeträge und Rundung

- (i) Wenn eine Marge in den Endgültigen Bedingungen angegeben ist (entweder (x) im Allgemeinen, oder (y) in Bezug auf eine oder mehrere Zinslaufperioden, wird im Falle von (x) eine Anpassung der Zinssätze für die angegebenen Zinslaufperioden vorgenommen, oder im Falle von (y) in Übereinstimmung mit (d) oben durch Addition (wenn dies eine positive Zahl ist), oder Subtraktion des absoluten Wertes (wenn dies eine negative Zahl ist) jener Marge berechnet, soweit der nachstehende Absatz nichts anderes bestimmt.
- (ii) Wenn ein Maximal- oder Minimumzinssatz, Teilzahlungsbetrag oder Tilgungsbetrag in den Endgültigen Bedingungen angegeben ist, dann unterliegt jeder Zinssatz, Teilzahlungsbetrag oder Tilgungsbetrag jeweils diesem Maximum oder Minimum.
- (iii) Soweit anwendbares Recht nicht entgegensteht, werden für die Zwecke von Berechnungen, welche gemäß diesen Bedingungen notwendig sind (außer es ist anders angegeben) (x) alle Prozentsätze, welche aus solchen Berechnungen resultieren, gerundet, wenn notwendig, bis zum nächsten Hunderttausendstel eines Prozentpunktes (wobei Hälften aufgerundet werden) (y) alle Zahlen auf sieben Stellen gerundet, wobei Hälften aufgerundet werden), und (z) alle Währungsbeträge, die fällig und zahlbar werden, auf die nächste Einheit einer solchen Währung aufgerundet (wobei Hälften aufgerundet werden). Für diese Zwecke bedeutet "Einheit", im Bezug auf eine andere Währung als Euro, den niedrigsten Betrag einer solchen Währung, der als gesetzliches Zahlungsmittel in dem Land oder den Ländern dieser Währung verfügbar ist, und hinsichtlich des Euro 0,01 Euro.

(i) Berechnungen

Wenn ein Zinsbetrag (oder eine Formel für seine Berechnung) für einen bestimmten Zeitraum festgesetzt ist, entspricht der Betrag an zahlbaren Zinsen hinsichtlich einer solchen Schuldverschreibung für einen solchen Zeitraum diesem Zinsbetrag (oder er wird in Übereinstimmung mit einer solchen Formel berechnet). Wenn kein Zinsbetrag (oder keine solche Formel) auf diese Weise festgesetzt ist, wird, wenn nicht anderweitig in den anwendbaren Endgültigen Bedingungen vorgesehen und ausgenommen im Fall von effektiven Stücken bei denen ein Festzinssatzbetrag oder ein Bruchteilmbetrag in den anwendbaren Endgültigen Bedingungen bestimmt ist, der Betrag an zahlbaren Zinsen hinsichtlich einer Schuldverschreibung für einen solchen Zeitraum berechnet, indem der Zinssatz (i) bei Sammelurkunden auf das gesamte ausstehende Nominale der Schuldverschreibungen, die durch die Sammelurkunde vertreten werden angewendet wird, dividiert durch die Anzahl der durch diese Sammelurkunde vertretenen Schuldverschreibungen; oder (ii) im Falle von effektiven Stücken, auf den Rechnungsbetrag angewendet wird, wie in den Endgültigen Bedingungen angegeben, und in beiden Fällen dieser Betrag mit dem Zinstagequotienten multipliziert wird und die resultierende Zahl auf die nächste Untereinheit der festgesetzten Währung gerundet wird, wobei die Hälfte einer solchen Untereinheit nach oben gerundet wird oder anders, jeweils in Übereinstimmung mit der anwendbaren Marktconvention. Wenn die festgelegte Stückelung einer Schuldverschreibung, die als effektives Stück ausgegeben wurde, mehr als einen

Rechnungsbetrag enthält, sind die als Zinsen zahlbaren Beträge in Hinblick auf eine solche Schuldverschreibung die Summe der Beträge (wie in der oben genannten Weise bestimmt) für jeden Rechnungsbetrag, der die festgelegte Stückelung enthält, ohne weitere Rundung.

Wenn eine Zinsperiode zwei oder mehrere Zinslaufperioden umfasst, ist der Betrag an zahlbaren Zinsen für eine solche Zinsperiode die Summe der Beträge der zahlbaren Zinsen für jede dieser Zinslaufperioden.

(j) Festsetzung und Veröffentlichung von Zinssätzen, Zinsbeträgen, Endgültigen Tilgungsbeträgen, Vorzeitigen Tilgungsbeträgen, Optionalen Tilgungsbeträgen und Teilzahlungsbeträgen

Sobald durchführbar nach der Maßgeblichen Zeit an jedem Zinsfestlegungstag oder einer solchen anderen Zeit zu einem solchen Zeitpunkt, an dem die Berechnungsstelle verpflichtet ist, einen Zinssatz oder einen Betrag zu berechnen, eine Quotierung zu erhalten oder eine Festsetzung oder Berechnung zu machen, wird die Berechnungsstelle einen solchen Zinssatz bestimmen und den zahlbaren Zinsbetrag (der "Zinsbetrag") hinsichtlich einer jeden Festgelegten Stückelung der Schuldverschreibungen für die jeweilige Zinslaufperiode berechnen, sowie den Endgültigen Tilgungsbetrag, den Vorzeitigen Tilgungsbetrag, den Optionalen Tilgungsbetrag oder den Teilzahlungsbetrag berechnen, die jeweilige Quotierung erhalten oder die jeweilige Festsetzung oder Berechnung durchführen, je nachdem, und veranlassen, dass der Zinssatz und die Zinsbeträge für jede Zinsperiode und der maßgebliche Zinszahlungstag und, wenn diese Berechnung notwendig ist, der Endgültige Tilgungsbetrag, der Vorzeitige Tilgungsbetrag, der Optionale Tilgungsbetrag oder der Teilzahlungsbetrag dem Fiskalagenten, der Emittentin, jeder Zahlstelle, den Gläubigern der Schuldverschreibung, jeder anderen Berechnungsstelle, die hinsichtlich der Schuldverschreibungen bestellt wurde, und welche eine weitere Berechnung nach Erhalt einer solchen Information machen muss, und, wenn die Schuldverschreibungen an einer Börse notieren und die Regeln dieser Börse oder einer anderen maßgeblichen Behörde dies verlangen, der Behörde oder der anderen maßgeblichen Behörde angezeigt werden, sobald als möglich nach der Festsetzung, aber in keinem Fall später als (i) zu Beginn der maßgeblichen Zinsperiode, wenn vor diesem Zeitpunkt festgelegt, im Falle der Anzeige eines Zinssatzes oder Zinsbetrages an eine solche Börse, oder (ii) in allen anderen Fällen am vierten Geschäftstag nach einer solchen Festlegung. Falls ein Zinszahlungstag oder eine Zinsperiode gemäß Bedingung 5(b) anzupassen sind, können die solcherart veröffentlichten Zinsbeträge und der Zinszahlungstag nachträglich ohne Anzeige im Falle einer Ausweitung oder Verkürzung der Zinsperiode geändert werden (oder geeignete alternative Arrangements können durch Anpassung gemacht werden). Wenn die Schuldverschreibungen gemäß Bedingung 10 fällig und zahlbar werden, werden die aufgelaufenen Zinsen und der Zinssatz, die im Hinblick auf die Schuldverschreibungen zahlbar sind, weiterhin ungeachtet dessen wie zuvor in Übereinstimmung mit dieser Bedingung berechnet, wobei jedoch eine Veröffentlichung des Zinssatzes oder des Zinsbetrages, der auf diese Art berechnet wird, nicht erfolgen muss. Die Bestimmung eines Zinssatzes oder eines Betrages, die Einholung einer Quotierung und die Durchführung einer Festsetzung oder Berechnung durch die Berechnungsstelle ist (ausgenommen im Falle eines offensichtlichen Irrtums) endgültig und bindend für alle Parteien.

(k) Definitionen

In diesen Bedingungen haben die folgenden definierten Begriffe die nachfolgenden Bedeutungen, sofern nicht der Zusammenhang etwas anderes verlangt:

"Bankwesengesetz" meint das österreichische Bankwesengesetz 1993 in der geltenden Fassung.

"Aktienkapital" meint die Stammaktien der Emittentin, gemeinsam mit allen anderen Wertpapieren der Emittentin (einschließlich Vorzugsaktien), die gleichrangig mit den Stammaktien der Emittentin hinsichtlich der Beteiligung am Liquidationserlös sind.

"Geschäftstag" bedeutet:

- (i) im Falle einer anderen festgesetzten Währung als Euro, ein Tag außer Samstag und Sonntag, an dem Geschäftsbanken und Devisenmärkte in dem Hauptfinanzzentrum Zahlungen abwickeln; und/oder
- (ii) Im Falle von Euro, ein Tag, an dem das TARGET System zur Abwicklung von Zahlungen in Euro zur Verfügung steht (ein "TARGET Geschäftstag"); und/oder
- (iii) im Falle einer festgesetzten Währung und/oder einer oder mehrerer festgesetzter Finanzzentren, ein Tag (außer Samstag und Sonntag), an dem Geschäftsbanken und Devisenmärkte Zahlungen in der festgesetzten Währung oder, wenn keine angegeben ist, generell in jedem der Finanzzentren, die festgesetzt sind, abwickeln.

"Kreditinstitutsgruppe" meint alle Gesellschaften, die mit der Emittentin gemäß § 30 Bankwesengesetz konsolidiert werden.

"Zinstagequotient" bedeutet hinsichtlich der Berechnung eines Zinsbetrages für eine Schuldverschreibung für jedweden Zeitraum (ab und inklusive dem ersten Tag eines solchen Zeitraumes bis und exklusive dem letzten) (ungeachtet dessen, ob er eine Zinsperiode darstellt, der "Berechnungszeitraum"):

- (i) wenn in den Endgültigen Bedingungen "Actual/365" oder Actual/Actual - ISDA" bestimmt ist, die tatsächliche Anzahl von Tagen im Berechnungszeitraum, geteilt durch 365 (oder, falls ein Teil des Berechnungszeitraumes in ein Schaltjahr fällt, geteilt durch die Summe (x) der tatsächlichen Anzahl der Tage in dem Teil des Berechnungszeitraumes, der in ein Schaltjahr fällt, geteilt durch 366, und (y) der tatsächlichen Anzahl der Tage in dem Teil der Berechnungsperiode, der nicht in ein Schaltjahr fällt, geteilt durch 365);
- (ii) wenn in den Endgültigen Bedingungen "Actual/365 (Fixed)" bestimmt ist, die tatsächliche Anzahl von Tagen im Berechnungszeitraum, geteilt durch 365;
- (iii) wenn in den Endgültigen Bedingungen "Actual/360" bestimmt ist, die tatsächliche Anzahl von Tagen im Berechnungszeitraum, geteilt durch 360;
- (iv) wenn in den Endgültigen Bedingungen "30/360" "360/360" oder "Bondbasis" bestimmt ist, die Anzahl von Tagen im Berechnungszeitraum, geteilt durch 360 (wobei diese Anzahl der Tage auf Basis eines Jahres mit 360 Tagen in 12 Monaten mit je 30 Tagen zu berechnen ist (außer für den Fall, dass (a) der letzte Tag des Berechnungszeitraumes der 31. eines Monats ist, aber der erste Tag der Berechnungsperiode ein anderer als der 30. oder 31. Tag eines Monats ist, wird der Tag, in den dieser letzte Tag fällt, nicht auf einen Monat mit 30 Tagen verkürzt, oder (b) der letzte Tag der Berechnungsperiode der letzte Tag des Monats Februar ist, wird der Monat Februar nicht auf einen Monat mit 30 Tagen verlängert));
- (v) wenn in den Endgültigen Bedingungen "30E/360" oder "Eurobond Basis" bestimmt ist, die Anzahl von Tagen im Berechnungszeitraum, geteilt durch 360 (wobei diese Anzahl der Tage auf Basis eines Jahres mit 360 Tagen in

12 Monaten mit je 30 Tagen zu berechnen ist, ohne Berücksichtigung des Datums, auf das der erste oder der letzte Tag des Berechnungszeitraumes fällt; wenn allerdings der Berechnungszeitraum mit dem Tilgungstag endet und der Tilgungstag der letzte Tag des Monats Februar ist, wird der Monat Februar nicht auf einen Monat mit 30 Tagen verlängert); und

- (vi) wenn in den Endgültigen Bedingungen "Actual/Actual - ICMA" bestimmt ist,
- (a) wenn der Berechnungszeitraum gleich oder kürzer als der Feststellungszeitraum ist, in den er fällt, die Anzahl der Tage des Berechnungszeitraumes, geteilt durch das Produkt aus (x) der Anzahl der Tage dieses Feststellungszeitraumes und (y) der Anzahl der Feststellungszeiträume, die in einem Jahr üblicherweise enden; und
 - (b) wenn der Berechnungszeitraum länger als ein Feststellungszeitraum ist, die Summe aus: (x) der Anzahl der Tage des Berechnungszeitraumes, die in den Feststellungszeitraum fallen, in dem der Berechnungszeitraum beginnt, geteilt durch das Produkt aus: (1) der Anzahl der Tage dieses Feststellungszeitraumes und (2) der Anzahl von Feststellungszeiträumen, die normalerweise in einem Jahr enden; und (y) die Anzahl der Tage des Berechnungszeitraumes, die in den nächsten Feststellungszeitraum fallen, geteilt durch das Produkt aus (1) der Anzahl der Tage dieses Feststellungszeitraumes und (2) der Anzahl der Feststellungszeiträume, die normalerweise in einem Jahr enden,

wobei:

"Feststellungszeitraum" meint jeden Zeitraum ab und inklusive dem Zinsfestlegungstag in einem Jahr bis und exklusive dem nächsten Zinsfestlegungstag.

"Effektiver Tag" meint hinsichtlich eines Variablen Zinssatzes, welcher an einem Zinsfestlegungstag festgelegt wird, den Zeitpunkt, welcher als solcher in den Endgültigen Bedingungen festgesetzt ist, oder wenn keiner festgelegt ist, der erste Tag der Zinslaufperiode, auf welchen sich der jeweilige Zinsfestlegungstag bezieht.

"Eurozone" meint das Gebiet, das aus den Mitgliedstaaten der Europäischen Union besteht, welche die gemeinsame Währung in Übereinstimmung mit dem Vertrag zur Errichtung der Europäischen Gemeinschaften in der derzeit geltenden Fassung einführen.

"Zinslaufperiode" bedeutet den Zeitraum, der am Zinsbeginnstag (inklusive) beginnt und am ersten Zinsperiodentag (exklusive) endet, sowie jeden nachfolgenden Zeitraum, der an (und inklusive) einem Zinsperiodentag beginnt und an (exklusive) dem nächsten folgenden Zinsperiodentag endet.

"Zinsbeginnstag" bedeutet den Emissionstag oder einen anderen Tag, wie in den Endgültigen Bedingungen angegeben.

"Zinsfestlegungstag" bedeutet, hinsichtlich eines Zinssatzes und einer Zinslaufperiode: (i) der Tag, der als solcher in den Endgültigen Bedingungen bestimmt wird, oder wenn keiner bestimmt wird, der erste Tag der jeweiligen Zinslaufperiode, wenn die maßgebliche Währung Pfund Sterling ist, oder (ii) der Tag, der zwei Geschäftstage im maßgeblichen Geschäftszentrum für die Maßgebliche Währung vor dem ersten Tag einer solchen Zinslaufperiode fällt, wenn die maßgebliche Währung weder Pfund Sterling noch Euro ist, oder (iii) der

Tag, der zwei Geschäftstage vor den ersten Tag einer solchen Zinslaufperiode fällt, wenn die Maßgebliche Währung Euro ist.

"Zinszahlung" bedeutet hinsichtlich eines Zinszahlungstages die gesamten Zinsbeträge für die Zinsperiode, die an diesem Zinszahlungstag endet;

"Zinsperiode" bedeutet jenen Zeitraum, der am Zinsbeginnstag (inklusive) beginnt und am (exklusive) ersten Zinszahlungstag endet und jeden nachfolgenden Zeitraum, der an (und inklusive) einem Zinszahlungstag beginnt und an (exklusive) dem nächsten folgenden Zinszahlungstag endet.

"Zinsperiodentag" bedeutet jeden Zinszahlungstag, wenn in den Endgültigen Bedingungen nicht anders angegeben.

"Zinssatz" bedeutet den Zinssatz, der von Zeit zu Zeit hinsichtlich dieser Schuldverschreibung zahlbar ist und welcher entweder in den Endgültigen Bedingungen angegeben wird, oder in Übereinstimmung mit den Endgültigen Bedingungen berechnet wird.

"ISDA Definitionen" bedeutet die ISDA Definitionen 2000 (unter Berücksichtigung der jeweiligen Änderungen und Ergänzungen), die durch die International Swaps and Derivatives Association, Inc., veröffentlicht werden.

"Anzahl von Berechnungszeiträumen" bedeutet die Anzahl der Berechnungszeiträume, die normalerweise in einem Jahr enden.

"Optionaler Tilgungsbetrag" bedeutet den Betrag, der in den Endgültigen Bedingungen als solcher angegeben ist.

"Eigenmittel" bezeichnet die in § 23 Bankwesengesetz definierten Eigenmittel.

"Tilgungstag" meint jeden Tag, der für eine optionale Tilgung, eine Tilgung aus Steuergründen oder eine Tilgung aus Gründen der Anrechenbarkeit zu den Eigenmitteln gemäß Bedingung 6 bestimmt ist.

"Referenzbanken" bedeutet im Falle einer Bestimmung von LIBOR die Hauptgeschäftsstelle in London von vier großen Banken im Londoner Interbankenmarkt und, im Fall einer Bestimmung von EURIBOR, die Eurozone Hauptgeschäftsstellen von vier großen Banken im Eurozonen Interbankenmarkt, die jeweils von der Berechnungsstelle ausgewählt oder in den Endgültigen Bedingungen bezeichnet werden.

"Referenzzinssatz" bedeutet den Zinssatz, der in den Endgültigen Bedingungen als solcher bestimmt wird.

"Maßgebliche Währung" bedeutet die Währung, die in den Endgültigen Bedingungen als solche bezeichnet wird, oder wenn keine bezeichnet wird, die Währung, in der die Schuldverschreibungen denominiert sind.

"Maßgebliche Bildschirmseite" bedeutet jene Seite, Abschnitt, Überschrift, Spalte oder anderen Teil eines bestimmten Informationsdienstes, der in den Endgültigen Bedingungen festgelegt wird.

"Untereinheit" bedeutet hinsichtlich einer Währung den geringsten Betrag dieser Währung, der in dem Land dieser Währung als gesetzliches Zahlungsmittel verfügbar ist.

"TARGET System" bezeichnet das Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET) Zahlungssystem, das eine einheitliche gemeinsam genutzte Plattform verwendet und das am 19.11.2007 in Betrieb gestellt wurde (TARGET2) oder dessen Nachfolger.

(l) Berechnungsstelle

Die Emittentin wird dafür sorgen, dass zu jeder Zeit zumindest eine oder mehrere Berechnungsstellen zur Verfügung stehen, wenn dies in den Endgültigen Bedingungen vorgesehen ist und solange eine Schuldverschreibung aussteht (wie im Agency Agreement definiert). Wenn mehr als eine Berechnungsstelle hinsichtlich der Schuldverschreibungen bestellt ist, sind die Verweise in diesen Bedingungen auf die Berechnungsstelle so zu verstehen, dass jede Berechnungsstelle ihre jeweiligen Pflichten gemäß diesen Bedingungen ausüben wird. Wenn die Berechnungsstelle nicht in der Lage oder nicht Willens ist, ihre Funktion auszuüben, oder wenn die Berechnungsstelle scheitert, zeitgerecht den Zinssatz für eine Zinsperiode oder eine Zinslaufperiode festzulegen oder einen Zinsbetrag, Teilzahlungsbetrag, Endgültigen Tilgungsbetrag, Vorzeitigen Tilgungsbetrag oder Optionalen Tilgungsbetrag zu berechnen, je nachdem, oder einem anderen Erfordernis zu genügen, wird die Emittentin eine führende Bank oder eine Investmentbank, welche im Interbankenmarkt tätig ist (oder wenn angebracht, Geldmarkt, Swapmarkt oder Over-the-Counter Indexoptionenmarkt) bestellen, welche am engsten mit der durch die Berechnungsstelle vorzunehmenden Berechnung oder Festsetzung verbunden ist (im Falle von Internationalen Schuldverschreibungen wird sie durch ihre Londoner Hauptgeschäftsstelle oder andere Geschäftsstelle, welche aktiv im jeweiligen Markt eingebunden ist, tätig, und im Falle von Inländischen Schuldverschreibungen wird sie durch ihre Hauptgeschäftsstelle in Wien tätig), um an deren Stelle tätig zu werden. Die Berechnungsstelle darf ihre Funktion nicht zurücklegen, ohne dass ein Nachfolger wie zuvor beschrieben bestellt worden ist.

(m) Bindende Bestätigungen

Alle Bestätigungen, Kommunikationen, Meinungen, Festlegungen, Berechnungen, Quotierungen und Entscheidungen, welche für Zwecke dieser Bedingung 5 gegeben, ausgedrückt, erstellt oder eingeholt werden, sind (abgesehen von vorsätzlichen Fehlern, Arglist, oder offensichtlichem Irrtum) bindend für die Emittentin, die Berechnungsstelle, den Fiskalagenten, die anderen Zahlstellen und alle Gläubiger von Schuldverschreibungen, Inhaber von Ratenscheinen und Kuponscheinen, und (ausgenommen in den vorher genannten Fällen) die Berechnungsstelle oder der Fiskalagent sind nicht haftbar gegenüber der Emittentin, den Gläubigern von Schuldverschreibungen, Inhabern von Ratenscheinen oder Kuponscheinen im Zusammenhang mit der Ausübung oder Nichtausübung ihrer Befugnisse, Pflichten und Ermessensentscheidungen gemäß diesen Bedingungen.

6 Tilgung, Rückkauf und Wahlmöglichkeiten

(a) Tilgung durch Teilzahlungen und Endgültige Tilgung

(i) Jede Schuldverschreibung, welche Teilzahlungstage und Teilzahlungsbeträge vorsieht, wird an den Teilzahlungstagen zum jeweiligen Teilzahlungsbetrag teilweise zurückgezahlt, wie in den Endgültigen Bedingungen angegeben, außer sie wurde bereits zuvor gemäß dieser Bedingung 6 getilgt, zurückgekauft, oder eingezogen, oder der jeweilige Teilzahlungstag (welcher einer der Tage ist, die in den Endgültigen Bedingungen als solche bestimmt sind) wird gemäß einem Wahlrecht der Emittentin oder der Gläubiger der Schuldverschreibung in Übereinstimmung

mit Bedingung 6(c) oder 6(d) verlängert. Der ausstehende Kapitalbetrag einer jeden solchen Schuldverschreibung wird durch den Teilzahlungsbetrag verringert (oder wenn der jeweilige Teilzahlungsbetrag durch Bezugnahme auf einen Anteil des Kapitalbetrages einer solchen Schuldverschreibung berechnet wird, jener Anteil) für alle Zwecke mit Wirkung ab dem jeweiligen Teilzahlungstag, außer die Zahlung des Teilzahlungsbetrags wird bei Vorlage des jeweiligen Ratenscheines unrechtmäßig zurückgehalten oder verweigert, in welchem Fall der jeweilige Betrag weiterhin bis zum Relevanten Datum, das sich auf den jeweiligen Teilzahlungsbetrag bezieht, aussteht.

- (ii) Jede Schuldverschreibung wird endgültig am Tilgungstag, der in den Endgültigen Bedingungen angegeben ist, zum Endgültigen Tilgungsbetrag (der, wenn nicht anders angegeben ist, dem Kapitalbetrag entspricht) zurückgezahlt, oder, im Falle einer Schuldverschreibung gemäß Absatz (i) oben, mit ihrem letzten Teilzahlungsbetrag, sofern sie nicht vorher getilgt, rückgekauft oder eingezogen wurden, wie nachstehend vorgesehen, oder ihre Laufzeit gemäß einem Wahlrecht der Emittentin oder der Gläubiger der Schuldverschreibung in Übereinstimmung mit Bedingung 6(c) oder 6(d) verlängert wird.
- (iii) Aktiengebundene Schuldverschreibungen, fondsgebundene Schuldverschreibungen, kreditgebundene Schuldverschreibungen (Credit Linked Notes), rohstoffgebundene Schuldverschreibungen, futuregebundene Schuldverschreibungen und andere Schuldverschreibungen werden wie in den Endgültigen Bedingungen beschrieben getilgt. Im Fall von kreditgebundenen Schuldverschreibungen (Credit Linked Notes) können die Endgültigen Bedingungen angeben, dass die 2003 Credit Derivatives Definitions, welche von Zeit zu Zeit von der International Swaps and Derivatives Association Inc. veröffentlicht werden, ein integraler zusätzlicher Bestandteil sind, und sich darauf beziehen.

Für eine Beschreibung bestimmter Risiken, die sich auf eine Veranlagung in solchen Schuldverschreibungen beziehen, siehe "Risk Factors - Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme - Equity-linked Notes / Fund-linked Notes / Credit-linked Notes/ Commodity-linked Notes / Future-linked Notes / Notes Linked to Hedge Funds", die Zusammenfassung und die maßgeblichen Endgültigen Bedingungen.

- (iv) Tilgung von Reverse Convertible Schuldverschreibungen ("Aktienanleihen", "Fondsanleihen", "Warenanleihen", "Währungsanleihen", "Futuresanleihen")
 - (A) Inländische Schuldverschreibungen, welche als "Reverse Convertible Schuldverschreibungen", "Aktienanleihe", "Fondsanleihe", "Warenanleihe", "Cash or Share", "Cash or Fund", "Cash or Commodity", "Cash or Currency" oder "Cash or Futures" oder ähnlich bezeichnet werden, werden, soweit sie nicht bereits vorher zurückbezahlt wurden, am Tilgungstag nach Wahl der Emittentin entweder (i) durch Zahlung des Endgültigen Tilgungsbetrages (der, wenn nichts anderes angegeben ist, dem Kapitalbetrag entspricht), oder (ii) statt durch Zahlung des Endgültigen Tilgungsbetrages durch a) physische Lieferung der in den Endgültigen Bedingungen festgelegten Anzahl des betreffenden Basiswertes je Schuldverschreibung, und b) gegebenenfalls durch zusätzliche Zahlung eines Ausgleichsbetrages für den Fall, dass dies aufgrund der Stückelung oder Liefermenge des Basiswertes erforderlich ist, nach Maßgabe dieser Emissionsbedingungen und der Endgültigen Bedingungen an die (oder für Order der) Gläubiger, getilgt.

"Basiswert" bezeichnet den in den Endgültigen Bedingungen als solchen bezeichneten Basiswert, insbesondere Aktien (notiert oder nicht notiert), Fondsanteile (notiert oder nicht notiert), Waren ("Commodities"), Währungen, Future Kontrakte oder andere Basiswerte sowie aus solchen Basiswerten zusammengesetzte Körbe, welche, wenn sich die Emittentin hierfür entscheidet, in einem Anhang zu den Endgültigen Bedingungen näher beschrieben sind.

- (B) Die Emittentin hat ihr Tilgungswahlrecht am in den Endgültigen Bedingungen festgelegten Ausübungstag auszuüben. Eine gesonderte Bekanntmachung, welche Art der Tilgung gewählt wurde, erfolgt nicht.
- (C) Für den Fall, dass am Ausübungstag eine Marktstörung vorliegt, verschiebt sich der Ausübungstag und gegebenenfalls der Tilgungstag (unbeschadet der Verzinsung) bis zu jenem Tag, an dem die Marktstörung beendet ist oder die Emittentin in der Lage ist, einen fairen Preis für die Basiswerte zu ermitteln.

"Marktstörung" bedeutet:

- (i) im Falle von Schuldverschreibungen, deren Basiswert aus Aktien besteht, a) wenn die Aktien notiert sind, die vorübergehende Suspendierung oder wesentliche Einschränkung des Handels in den Aktien an der in den Endgültigen Bedingungen bezeichneten maßgeblichen Wertpapierbörse und/oder an der maßgeblichen Optionenbörse (welche, wenn nichts anderes bezeichnet ist, jene Wertpapierbörse(n) und/oder Optionenbörse(n) ist, an der die Aktien und/oder darauf bezogene Optionen zum Ausgabetag gehandelt werden), sofern diese Suspendierung oder Einschränkung in der letzten Stunde vor der üblicherweise zu erfolgenden Berechnung des Schlusskurses der Aktien eintritt bzw besteht. Eine Beschränkung der Stunden oder Anzahl der Tage, an denen ein Handel stattfindet, gilt nicht als Marktstörung, sofern die Einschränkung auf einer vorher angekündigten Änderung an der betreffenden Wertpapierbörse und/oder Optionenbörse beruht. Eine im Laufe eines Tages eintretende Beschränkung im Handel aufgrund von Preisbewegungen, die bestimmte vorgegebene Grenzen überschreiten, gilt nur dann als Marktstörung, wenn diese Beschränkung bis zum Ende der Handelszeit an dem betreffenden Tag fort dauert, oder b) jedes in den Endgültigen Bedingungen bestimmte andere Ereignis.
- (ii) im Falle von Schuldverschreibungen, deren Basiswert aus Fondsanteilen besteht, a) wenn die Fondsanteile notiert sind, die vorübergehende Suspendierung oder wesentliche Einschränkung des Handels in den Fondsanteilen an der in den Endgültigen Bedingungen bezeichneten maßgeblichen Wertpapierbörse, sofern diese Suspendierung oder Einschränkung in der letzten Stunde vor der üblicherweise zu erfolgenden Berechnung des Schlusskurses der Fondsanteile eintritt bzw besteht. Eine Beschränkung der Stunden oder Anzahl der Tage, an denen ein Handel stattfindet, gilt nicht als Marktstörung, sofern die Einschränkung auf einer vorher angekündigten Änderung an

der betreffenden Wertpapierbörse beruht. Eine im Laufe eines Tages eintretende Beschränkung im Handel aufgrund von Preisbewegungen, die bestimmte vorgegebene Grenzen überschreiten, gilt nur dann als Marktstörung, wenn diese Beschränkung bis zum Ende der Handelszeit an dem betreffenden Tag fort dauert, b) kein Nettoinventarwert ("Net Asset Value" oder "NAV") für die Fondsanteile veröffentlicht wird oder eine Feststellung des Nettoinventarwertes aus anderen Gründen nicht möglich ist, c) die Fondsanteile nicht rückgelöst oder im Rahmen eines vergleichbaren Vorgangs zurückgereicht werden können, oder d) jedes in den Endgültigen Bedingungen bestimmte andere Ereignis.

- (iii) im Falle von Schuldverschreibungen, deren Basiswert aus Waren ("Commodities") besteht, a) wenn die Waren an einer Börse gehandelt werden, die vorübergehende Suspendierung oder wesentliche Einschränkung des Handels in den Waren oder der Berechnung und Veröffentlichung des jeweiligen Warenkurses an der in den Endgültigen Bedingungen bezeichneten maßgeblichen Börse und/oder an der maßgeblichen Optionenbörse (welche, wenn nichts anderes bezeichnet ist, jene Börse(n) und/oder Optionenbörse(n) ist, an der die Waren und/oder darauf bezogene Optionen zum Ausgabebetrag gehandelt werden), sofern diese Suspendierung oder Einschränkung in der letzten Stunde vor der üblicherweise zu erfolgenden Berechnung des Schlusskurses der Waren eintritt bzw besteht. Eine Beschränkung der Stunden oder Anzahl der Tage, an denen ein Handel stattfindet, gilt nicht als Marktstörung, sofern die Einschränkung auf einer vorher angekündigten Änderung an der betreffenden Börse und/oder Optionenbörse beruht. Eine im Laufe eines Tages eintretende Beschränkung im Handel aufgrund von Preisbewegungen, die bestimmte vorgegebene Grenzen überschreiten, gilt nur dann als Marktstörung, wenn diese Beschränkung bis zum Ende der Handelszeit an dem betreffenden Tag fort dauert, b) kein Preis für die Waren veröffentlicht wird oder eine Feststellung des Preises aus anderen Gründen nicht möglich ist, oder c) jedes in den Endgültigen Bedingungen bestimmte andere Ereignis.
- (iv) im Falle von Schuldverschreibungen, deren Basiswert aus anderen als den oben genannten Basiswerten besteht, die in den Endgültigen Bedingungen genannten Marktstörungsereignisse.

Die Emittentin wird sich in allen Fällen bemühen, den Gläubigern unverzüglich mitzuteilen, wenn eine Marktstörung eingetreten ist. Eine Pflicht zur Mitteilung besteht nicht. Die Emittentin übernimmt keine Haftung für die Tätigkeit der maßgeblichen Wertpapierbörse, maßgeblichen Börse und/oder maßgeblichen Optionenbörse, insbesondere auch nicht für die Richtigkeit, Vollständigkeit, Kontinuität und dauerhafte Berechnung der Kurse, Werte, Preise oder Nettoinventarwerte der Basiswerte.

- (D) Sollte während der Laufzeit der Schuldverschreibungen durch ein Anpassungsereignis für die Gläubiger der Schuldverschreibungen eine wesentliche Änderung ihrer wirtschaftlichen Position eintreten,

wird die Emittentin nach Möglichkeit Maßnahmen treffen, um die Gläubiger der Schuldverschreibungen wirtschaftlich so zu stellen, wie sie ohne dieses Anpassungsereignis stehen würden. Die Emittentin wird dabei nach Möglichkeit solche Anpassungsmaßnahmen treffen, welche sich an den an der maßgeblichen Wertpapierbörse, maßgeblichen Börse und/oder maßgeblichen Optionenbörse im Zusammenhang mit diesem Anpassungsereignis getroffenen Maßnahmen orientieren.

"Anpassungsereignis" bedeutet:

- (i) Im Falle von Schuldverschreibungen, deren Basiswert(e) Aktien sind, Kapitalmaßnahmen, beispielsweise Kapitalerhöhungen, Emissionen von Wertpapieren mit Options- oder Wandlungsrechten auf Aktien, Ausschüttungen von Sonderdividenden, Aktiensplits, Ausgliederungen, Verstaatlichungen, Übernahmen durch eine andere Gesellschaft, Fusionen und andere Ereignisse, die in ihren Auswirkungen mit den genannten Ereignissen wirtschaftlich vergleichbar sind, sowie jedes in den Endgültigen Bedingungen bestimmte andere Ereignis. Ein Gläubiger der Schuldverschreibung erhält weder eine Rückzahlung zum Nennwert noch irgendeine Aktien bzw einen Ausgleichsbetrag, wenn die Gesellschaft, welche die Aktien ausgegeben hat, mit der die Schuldverschreibungen getilgt werden können, am Tilgungstag nicht mehr existiert (insbesondere infolge Insolvenz oder Liquidation). Eine Beendigung der Notierung der Aktien bleibt ohne Auswirkungen auf das Schuldverhältnis zwischen Emittentin und Gläubiger der Schuldverschreibung.
 - (ii) Im Falle von Schuldverschreibungen, deren Basiswert(e) Fondsanteile sind, Änderungen in der Zusammensetzung und/oder Gewichtung der Einzelwerte des Fonds oder der im Fondsbasket enthaltenen Fonds, die eine Anpassung des Fonds oder der im Fondsbasket enthaltenen Fonds erfordern, wenn sich nach Auffassung der Emittentin die Grundlage oder die Berechnungsweise so erheblich geändert hat, dass die Kontinuität oder die Vergleichbarkeit mit dem auf alter Grundlage errechneten Fonds nicht mehr gegeben ist und dieser auch unter Berücksichtigung der jeweils anwendbaren Rechtsvorschriften, Marktgegebenheiten und -gepflogenheiten sowie aus abwicklungstechnischen Gründen nachgekommen werden kann, sowie jedes in den Endgültigen Bedingungen bestimmte andere Ereignis.
 - (iii) Im Falle von Schuldverschreibungen, deren Basiswert(e) Waren ("Commodities") oder Währungen sind, jeder in den Endgültigen Bedingungen als Anpassungsereignis bezeichnete Vorgang.
- (E) Vorzeitige Kündigung
- (i) Im Falle von Schuldverschreibungen, deren Basiswert(e) Fondsanteile sind: Sollte der Fonds oder einer oder mehrere der im Fondsbasket enthaltenen Fonds nicht mehr verfügbar sein oder ist eine sachgerechte Anpassung an eingetretene

Änderungen aus anderen Gründen nicht möglich, oder sind sonstige in den Endgültigen Bedingungen genannten Gründe eingetreten, ist die Emittentin berechtigt aber nicht verpflichtet, die Schuldverschreibung vorzeitig unter Einhaltung einer Kündigungsfrist von vier Geschäftstagen zu einem angemessenen Wert zu kündigen. Die Kündigung wird mit dem Zeitpunkt der Bekanntmachung gemäß Bedingung 14 wirksam.

(ii) Im Falle von Schuldverschreibungen, deren Basiswert(e) andere als Fondsanteile sind: Sollte eine sachgerechte Anpassung im Falle von Anpassungsereignissen aus welchen Gründen auch immer nicht möglich sein oder sonstige in den Endgültigen Bedingungen genannten Gründe eingetreten sein, ist die Emittentin berechtigt aber nicht verpflichtet, die Schuldverschreibung vorzeitig unter Einhaltung einer Kündigungsfrist von vier Geschäftstagen zu einem angemessenen Wert zu kündigen. Die Kündigung wird mit dem Zeitpunkt der Bekanntmachung gemäß Bedingung 14 wirksam.

(v) Nullkupon-Schuldverschreibungen

(A) Der Vorzeitige Tilgungsbetrag, der für Nullkupon-Schuldverschreibungen zahlbar ist, bei welchen der Vorzeitige Tilgungsbetrag nicht an einen Index und/oder an eine Formel gebunden ist, entspricht, wenn eine solche Schuldverschreibung gemäß Bedingung 6(b) getilgt wird oder wenn sie fällig und zahlbar gemäß Bedingung 10 wird, dem Amortisationsnennbetrag (berechnet wie unten angegeben) der jeweiligen Schuldverschreibung, außer die Endgültigen Bedingungen sehen anderes vor.

(B) Ausgenommen in den Fällen des nachstehenden Unterabsatzes (C) ist der Amortisationsnennbetrag einer solchen Schuldverschreibung der vorgesehene Endgültige Tilgungsbetrag der Schuldverschreibung am Tilgungstag, der mit einem jährlichen Zinssatz (ausgedrückt als Prozentsatz) diskontiert wird, welcher der Amortisationsrendite entspricht (welche, wenn eine solche in den Endgültigen Bedingungen nicht vorgesehen ist, einem Zinssatz entspricht, der bei Diskontierung des Amortisationsnennbetrages zurück bis zum Emissionstag den Emissionspreis der Schuldverschreibung ergeben würde). Sofern die Berechnung für einen Zeitraum von weniger als einem Jahr erfolgen muss, wird die Berechnung auf Basis des Zinstagequotienten wie in den Endgültigen Bedingungen bezeichnet durchgeführt.

(C) Wenn der im Hinblick auf eine solche Schuldverschreibung bei ihrer Tilgung gemäß Bedingung 6(b) oder bei Fälligkeit und Zahlbarkeit gemäß Bedingung 10 zahlbare Vorzeitige Tilgungsbetrag nicht bezahlt wird, wenn er fällig ist, entspricht der fällige und zahlbare Vorzeitige Tilgungsbetrag einer solchen Schuldverschreibung dem Amortisationsnennbetrag einer solchen Schuldverschreibung wie in Unterabsatz (B) oben definiert, wobei dieser Unterabsatz gilt, als ob der darin enthaltene Verweis auf den Zeitpunkt, an dem die Schuldverschreibung fällig und zahlbar wird, durch einen Verweis auf das Relevante Datum ersetzt wird. Die Berechnung des Amortisationsnennbetrages gemäß diesem Unterabsatz bis zum Relevanten Datum erfolgt weiterhin (sowohl nach als auch vor einem

Gerichtsurteil), wenn nicht das Relevante Datum auf oder nach den Tilgungstag fällt; in diesem Fall entspricht der fällige und zahlbare Betrag dem am Tilgungstag vorgesehenen Endgültigen Tilgungsbetrag der Schuldverschreibung.

- (vi) Andere Schuldverschreibungen: Der zahlbare Vorzeitige Tilgungsbetrag hinsichtlich einer Schuldverschreibung (außer einer Nullkupon Schuldverschreibung wie oben beschrieben) entspricht bei Tilgung der Schuldverschreibung gemäß Bedingung 6(b) oder bei Fälligkeit und Zahlbarkeit gemäß Bedingung 10 dem Endgültigen Tilgungsbetrag, sofern in den Endgültigen Bedingungen nichts anderes vorgesehen ist.

(b) Tilgung aus steuerlichen Gründen

Wenn als Ergebnis einer Novelle oder Änderung von Gesetzen oder Vorschriften der Republik Österreich oder einer ihrer Gebietskörperschaften oder einer dort tätigen Behörde mit der Befugnis, Steuern einzuheben, oder von Änderungen in der offiziellen oder allgemein anerkannten Auslegung oder der Anwendung solcher Gesetze und Vorschriften, die am oder nach dem Emissionstag (im Fall einer nicht syndizierten Serie) oder am Unterfertigungstag (im Fall einer syndizierten Serie) in Kraft treten, die Emittentin verpflichtet ist oder verpflichtet sein wird, zusätzliche Beträge, wie in Bedingung 8 beschrieben, zu bezahlen und eine solche Novelle oder Änderung durch Einreichung bei der Emittentin oder dem Fiskalagenten (der eine solche Bestätigung und ein solches Gutachten als ausreichenden Nachweis hierüber anerkennen wird) (i) einer von zwei bevollmächtigten Vertretern der Emittentin im Namen der Emittentin unterzeichneten Bestätigung, in der ausgeführt wird, dass eine solche Änderung oder Novelle eingetreten ist (unabhängig davon, ob eine solche Novelle oder Änderung zu diesem Zeitpunkt bereits in Kraft ist), in der die Tatsachen, die hierzu geführt haben, beschrieben werden und festgestellt wird, dass diese Verpflichtung von der Emittentin nicht durch das Ergreifen vernünftiger, ihr zur Verfügung stehender Maßnahmen abgewendet werden kann, und (ii) einem Gutachten eines unabhängigen Rechtsberaters von anerkannter Reputation, besagend, dass eine solche Novelle oder Änderung (unabhängig davon, ob eine solche Änderung oder Novelle dann bereits in Kraft ist) an einem Zinszahlungstag (wenn die Schuldverschreibung entweder eine Variabel Verzinsliche Schuldverschreibung oder eine Schuldverschreibung mit indexgebundener Verzinsung ist) oder zu jeder anderen Zeit (wenn die Schuldverschreibung weder eine Variabel Verzinsliche Schuldverschreibung noch eine Schuldverschreibung mit indexgebundener Verzinsung ist) eingetreten ist, ist die Emittentin (welche den Gläubigern der Schuldverschreibung und den Inhabern in Übereinstimmung mit Bedingung 14 eine unwiderrufliche Anzeige innerhalb einer Frist von nicht weniger als 30 und nicht mehr als 90 Tagen gegeben hat) berechtigt, alle (nicht jedoch nur einzelne) Schuldverschreibungen (ausgenommen Schuldverschreibungen, hinsichtlich derer die Emittentin eine Tilgungserklärung gemäß Bedingung 6(c) oder eine Ausübungserklärung in Übereinstimmung mit Bedingung 6(d) vor einer gemäß dieser Bedingung 6(b) gegebenen Erklärung abgegeben hat) zu ihrem Vorzeitigen Tilgungsbetrag gemeinsam mit bis zu dem festgesetzten Zeitpunkt für die Tilgung aufgelaufenen Zinsen zurückzahlen, vorausgesetzt, dass (i) keine solche Tilgungserklärung früher als 90 Tage vor dem frühesten Zeitpunkt abgegeben wird, an dem die Emittentin verpflichtet wäre, zusätzliche Beträge zu bezahlen, wenn eine Zahlung hinsichtlich der Schuldverschreibung fällig wäre, und (ii) im Fall von Nachrangigen Schuldverschreibungen, die Emittentin einen Kapitalbetrag in der selben Höhe zur Verfügung hat, der zumindest die gleiche Eigenmittelqualität aufweist.

(c) Tilgung nach Wahl der Emittentin

Sofern dies in den Endgültigen Bedingungen festgelegt ist, kann die Emittentin alle, oder wenn dies vorgesehen ist, einige der Schuldverschreibungen (außer Schuldverschreibungen hinsichtlich derer die Emittentin eine Tilgungserklärung gemäß Bedingung 6(b) vor einer gemäß dieser Bedingung 6(c) abgegebenen Erklärung abgegeben hat) oder vor einem Optionalen Tilgungstag durch Abgabe einer unwiderruflichen Erklärung an die Gläubiger der Schuldverschreibung innerhalb der Emittentin-Wahlperiode zurückzahlen. Eine solche Tilgung von Schuldverschreibungen erfolgt zum Optionalen Tilgungsbetrag gemeinsam mit bis zu dem festgesetzten Tag für die Tilgung aufgelaufenen Zinsen. Eine solche Tilgung oder Ausübung muss sich auf Schuldverschreibungen beziehen, deren Nennbetrag zumindest dem Minimum-Tilgungsbetrag entspricht und darf nicht größer sein als der Maximum-Tilgungsbetrag, die beide in den Endgültigen Bedingungen festgesetzt sind. Eine solche Tilgung ist nicht vor dem Ablauf der Mindestperiode, die für eine solche Schuldverschreibung in Übereinstimmung mit § 23 Bankwesengesetz vorgesehen ist, möglich.

Alle Schuldverschreibungen, hinsichtlich derer eine solche Erklärung abgegeben wird, sind zu dem in einer solchen Erklärung festgesetzten Zeitpunkt in Übereinstimmung mit diesen Bedingungen zu tilgen.

Im Fall einer teilweisen Tilgung enthält die Erklärung an die Gläubiger der Schuldverschreibung auch die Nummern der Inhaberschuldverschreibungen oder, im Fall von Namensschuldverschreibungen, den Nominalbetrag der durch Ziehung ermittelten Namensschuldverschreibungen und den/die Inhaber solcher Namensschuldverschreibungen, welche durch Ziehung an jenem Ort und in jener Weise ermittelt werden, die nach den jeweiligen Umständen unter Berücksichtigung der herrschenden Marktpraxis angemessen und vernünftig ist, vorbehaltlich der Einhaltung der anwendbaren Gesetze und der Vorgaben der Börse oder anderer relevanter Behörden. Solange die Schuldverschreibungen an der Wiener Börse und/oder an der Luxemburger Börse und/oder an einer anderen Börse gelistet sind und das Börsegesetz oder die Regeln der relevanten Börse dies verlangen, hat die Emittentin diese Börse von einer teilweisen Tilgung der Schuldverschreibung zu verständigen. Im Fall einer teilweisen Tilgung von Schuldverschreibungen, die durch eine Sammelurkunde oder eine Sammelzertifikat verbrieft sind, werden die betroffenen Schuldverschreibungen in Übereinstimmung mit den Regeln von Euroclear und/ oder Clearstream, Luxemburg (im Fall von Internationalen Schuldverschreibungen) und/oder, wenn vorhanden, der Oesterreichischen Kontrollbank AG (im Fall von Inländischen Schuldverschreibungen) und, wenn keine vorhanden sind, gemäß der herrschenden Marktpraxis ausgewählt.

(d) *Tilgung nach Wahl der Gläubiger der Schuldverschreibung*

Sofern in den Endgültigen Bedingungen vorgesehen, zahlt die Emittentin nach Wahl des Inhabers der Schuldverschreibung diese Schuldverschreibung zum/zu den so festgesetzten Zeitpunkt(en) zum Optionalen Tilgungsbetrag (wie in Teil (A) der maßgeblichen Endgültigen Bedingungen beschrieben) zusammen mit den bis zum für die Tilgung festgelegten Zeitpunkt aufgelaufenen Zinsen zurück.

Um ein solches Wahlrecht auszuüben, muss der Inhaber (im Fall von Inhaberschuldverschreibungen) eine solche Schuldverschreibung (gemeinsam mit allen nicht fälligen Ratenscheinen und Kuponscheinen und nicht eingelösten Talonscheinen) bei einer Zahlstelle oder (im Fall von Namensschuldverschreibungen) das Zertifikat, welches eine solche Schuldverschreibung verbrieft, bei der festgelegten Geschäftsstelle einer Registerstelle oder einer Übertragungsstelle, gemeinsam mit einer ordnungsgemäß ausgefüllten Wahlausübungserklärung ("Ausübungserklärung") in der bei einer Zahlstelle, der Registerstelle oder einer Übertragungsstelle erhältlichen Form (je nachdem) innerhalb der Gläubiger-Wahlperiode einreichen. Keine

Schuldverschreibung und kein Zertifikat, die auf diese Weise hinterlegt wurden, und kein ausgeübtes Wahlrecht kann ohne die vorherige Zustimmung der Emittentin zurückgezogen werden (außer wie im Agency Agreement vorgesehen), ausgenommen dass eine solche Schuldverschreibung oder ein solches Zertifikat an den jeweiligen Gläubiger einer Schuldverschreibung durch die Zahlstelle, die Registerstelle oder Übertragungsstelle, bei welcher sie hinterlegt wurde, zurückgestellt wird, wenn vor dem Fälligkeitstag für die Tilgung oder der Ausübung des Wahlrechts die Schuldverschreibung sofort fällig und zahlbar wird, oder wenn bei ordnungsgemäßer Vorlage die Zahlung der Rückzahlungsgelder nicht erfolgt oder die Ausübung des Wahlrechts verweigert wird.

(e) Rückkauf

Die Emittentin und jede ihrer Tochtergesellschaften (wie nachstehend definiert) kann in dem gemäß anwendbaren Recht zulässigen Ausmaß zu jeder Zeit Schuldverschreibungen im gewöhnlichen Verlauf ihres jeweiligen Treasury-Geschäftes (vorausgesetzt, dass alle nicht fälligen Ratenscheine und Kuponscheine und nicht eingelösten Talonscheine, die sich darauf beziehen, den Schuldverschreibungen beigefügt oder mit diesen übergeben werden) am Markt oder auf andere Weise zu jedem Preis zurückkaufen.

(f) Einziehung

Alle durch oder im Namen der Emittentin oder einer ihrer Tochtergesellschaften zurückgekauften Schuldverschreibungen können nach Wahl der Emittentin zur Einziehung überlassen werden, im Fall von Inhaberschuldverschreibungen durch Übergabe der Schuldverschreibung gemeinsam mit allen nicht fälligen Ratenscheinen und Kuponscheinen und uneingelösten Talonscheinen an den Fiskalagenten, und im Fall von Namensschuldverschreibungen durch Übergabe des Zertifikates, welches eine solche Schuldverschreibung verbrieft, an die Registerstelle, und in allen Fällen können die so übergebenen Schuldverschreibungen nach Wahl der Emittentin gemeinsam mit allen durch die Emittentin getilgten Schuldverschreibungen unverzüglich (zusammen mit allen nicht fälligen Ratenscheinen und Kuponscheinen und uneingelösten Talonscheinen, die beigefügt sind oder gemeinsam übergeben werden) eingezogen werden, nicht jedoch vor Ablauf der Mindestfrist, die für eine solche Schuldverschreibung in Übereinstimmung mit § 23 Bankwesengesetz erforderlich sein kann. Auf diese Weise zur Einziehung übergebene Schuldverschreibungen können nicht wieder ausgegeben oder wieder verkauft werden und die Verpflichtungen der Emittentin hinsichtlich solcher Schuldverschreibungen sind erfüllt.

Verweise in diesen Bedingungen auf den "Tilgungsbetrag" schließen Verweise auf den "Endgültigen Tilgungsbetrag", den "Vorläufigen Tilgungsbetrag" und den "Optionalen Tilgungsbetrag", je nachdem wie es der Zusammenhang erfordert oder erlaubt, mit ein.

7 Zahlungen und Talonscheine

(a) Inhaberschuldverschreibungen

Zahlungen von Kapital und Zinsen in Bezug auf Inhaberschuldverschreibungen erfolgen, ausgenommen wie nachstehend erwähnt, gegen Vorlage und Übergabe der relevanten Ratenscheine (im Fall von Zahlungen von Teilzahlungsbeträgen, die nicht am Tag der Fälligkeit der Tilgung erfolgen und vorausgesetzt, dass der Ratenschein zur Zahlung gemeinsam mit der sich darauf beziehenden Schuldverschreibung vorgelegt wird), Schuldverschreibungen (im Falle aller anderen Zahlungen von Kapital und, im Fall von Zinsen, wie in Bedingung 7(f) (vi) bestimmt) oder Kuponscheinen (im Fall von Zinsen, vorbehaltlich Bedingung 7(f)

(ii) bei der festgesetzten Geschäftsstelle einer Zahlstelle außerhalb der Vereinigten Staaten durch einen auf eine Bank bezogenen Scheck in jener Währung, in der die Zahlung fällig ist, oder nach Wahl des Inhabers durch Überweisung auf ein bei einer Bank in einer solchen Währung geführtes Bankkonto. "Bank" bedeutet eine Bank in einem Hauptfinanzzentrum für eine solche Währung oder, im Falle von Euro, in einer Stadt, in der Banken Zugang zum TARGET System haben.

(b) Namensschuldverschreibungen

- (i) Zahlungen von Kapital (welches für den Zweck dieser Bedingung 7(b) endgültige Teilzahlungsbeträge, nicht aber andere Teilzahlungsbeträge beinhaltet) in Bezug auf Namensschuldverschreibungen werden an die im Register eingetragene Person oder, wenn dies so vorgesehen ist, an die Order einer solchen Person gegen Vorlage und Übergabe der jeweiligen Zertifikate an eine festgelegte Geschäftsstelle einer Übertragungsstelle oder der Registerstelle und in der in Unterabsatz (ii) nachstehend festgesetzten Weise durchgeführt.
- (ii) Zahlungen von Zinsen (welche für Zwecke dieser Bedingung 7(b) alle Teilzahlungsbeträge, die nicht endgültige Teilzahlungsbeträge sind, beinhalten) auf Namensschuldverschreibungen erfolgen an die im Register zu Geschäftsschluss am Tag vor dem Tilgungstag für Zahlungen ("Record Date") eingetragene Person oder an deren Order. Zahlungen von Zinsen auf Namensschuldverschreibungen erfolgen in der Währung, in welcher solche Zahlungen fällig sind, mittels eines auf eine Bank bezogenen Schecks und werden an den Inhaber (oder den Erstgenannten bei mehreren gemeinsamen Inhabern) einer solchen Schuldverschreibung an die im Register aufscheinende Adresse versendet. Auf Antrag des Inhabers an die festgelegte Geschäftsstelle der Registerstelle oder einer Übertragungsstelle vor dem Record Date und vorbehaltlich von Absatz (a) oben können solche Zinszahlungen durch Überweisung auf ein Konto in der maßgeblichen Währung, welches der Zahlungsempfänger bei einer Bank unterhält, erfolgen.

(c) Zahlungen in den Vereinigten Staaten

Ungeachtet der vorstehenden Bedingungen können Zahlungen, wenn Inhaberschuldverschreibungen in US Dollar denominiert sind, im Hinblick auf diese an die festgelegte Geschäftsstelle einer Zahlstelle in New York City in derselben Weise wie oben beschrieben erfolgen, wenn (i) die Emittentin Zahlstellen mit festgelegten Geschäftsstellen außerhalb der Vereinigten Staaten in der vernünftigen Erwartung festgelegt hat, dass solche Zahlstellen in der Lage wären, Zahlungen dieser Beträge auf die Schuldverschreibungen in der oben festgesetzten Weise bei Fälligkeit durchzuführen, (ii) die vollständige Zahlung solcher Beträge bei all diesen Geschäftsstellen unrechtmäßig ist oder faktisch durch Devisenkontrollen oder ähnliche Beschränkungen der Zahlung oder des Erhalts solcher Beträge ausgeschlossen ist, und (iii) eine solche Zahlung dann gemäß US-amerikanischem Recht erlaubt ist, ohne nach der Meinung der Emittentin nachteilige steuerliche Konsequenzen für die Emittentin zu erzeugen.

(d) Steuergesetzen unterliegende Zahlungen

Sämtliche Zahlungen sind in allen Fällen den anwendbaren Steuergesetzen und anderen Gesetzen, Vorschriften und Richtlinien unterworfen, aber ohne Einschränkung von Bedingung 8. Kommissionen oder Ausgaben werden den Gläubigern von Schuldverschreibungen oder den Kuponinhabern im Hinblick auf solche Zahlungen nicht verrechnet.

(e) Bestellung von Agenten und Stellen

Der Fiskalagent, die Zahlstellen, die Registerstelle, die Übertragungsstellen und die Berechnungsstelle, welche anfänglich von der Emittentin für Internationale Schuldverschreibungen bestellt wurden, sowie ihre jeweiligen festgesetzten Geschäftsstellen sind nachstehend angeführt. Im Hinblick auf Inländische Schuldverschreibungen handelt die Erste Group Bank AG als Zahlstelle, Registerstelle, Übertragungsstelle und Berechnungsstelle. Der Fiskalagent, die Zahlstellen, die Registerstelle, die Übertragungsstellen und die Berechnungsstelle handeln ausschließlich als Beauftragte der Emittentin und übernehmen keine Verpflichtung und kein Auftrags- oder Treuhandverhältnis für oder mit einem Gläubiger der Schuldverschreibung oder einem Kuponinhaber.

Die Emittentin behält sich das Recht vor, zu jeder Zeit die Bestellung des Fiskalagenten, einer anderen Zahlstelle, der Registerstelle, einer Übertragungsstelle oder der Berechnungsstelle zu ändern oder zu beenden und zusätzliche oder andere Zahlstellen oder Übertragungsstellen zu bestellen, vorausgesetzt, dass die Emittentin zu jeder Zeit (i) einen Fiskalagenten, (ii) eine Registerstelle im Hinblick auf die Namensschuldverschreibungen, (iii) eine Übertragungsstelle im Hinblick auf die Namensschuldverschreibungen, (iv) eine oder mehrere Berechnungsstellen, sofern die Bedingungen es erfordern, (v) Zahlstellen mit festgelegten Geschäftsstellen in zumindest zwei großen europäischen Städten im Hinblick auf die Schuldverschreibungen, die keine Inländischen Schuldverschreibungen sind, und eine Zahlstelle in Wien im Hinblick auf die Inländischen Schuldverschreibungen, (vi) andere Agenten und Stellen, die nach den Vorschriften einer Börse, an der die Schuldverschreibungen gelistet werden können oder eines Clearing Systems, bei welchem die Schuldverschreibungen übertragen werden können, erforderlich sind, und (vii) eine Zahlstelle mit einer festgelegten Geschäftsstelle in einem europäischen Mitgliedsstaat, der nicht verpflichtet ist, Steuern gemäß der europäischen Richtlinie des Rates 2003/48/EG oder einer anderen Richtlinie der Europäischen Union, welche die Schlussfolgerungen des ECOFIN Ratstreffens vom 26. / 27. November 2000 betreffend die Besteuerung von Spareinkünften umsetzt oder Gesetzen, welche die genannte Richtlinie umsetzen oder ihr entsprechen oder eingeführt werden, um ihr zu entsprechen, einzubehalten oder abzuziehen, unterhalten wird.

Zusätzlich wird die Emittentin unverzüglich eine Zahlstelle in New York City hinsichtlich der Inhaberschuldverschreibungen, die in US-Dollar denominated sind, in den in Absatz (c) oben beschriebenen Umständen bestellen.

Die Benachrichtigung über eine solche Änderung sowie jede Änderung einer festgesetzten Geschäftsstelle erfolgt unverzüglich gemäß Bedingung 14 an die Gläubiger von Schuldverschreibungen durch die Emittentin.

(f) Nicht fällige Kuponscheine und Ratenscheine und nicht eingelöste Talonscheine

- (i) Zum Fälligkeitszeitpunkt der Tilgung von Inhaberschuldverschreibungen, welche festverzinsliche Schuldverschreibungen (außer Doppelwährungs-Schuldverschreibungen oder Schuldverschreibungen mit indexgebundener Verzinsung) darstellen, sind diese zur Zahlung zu übergeben, gemeinsam mit allen nicht fälligen Kuponscheinen (sofern es solche gibt), die diesen zugehören, wobei im Falle von fehlenden Kuponscheinen ein Betrag, der dem Nennwert jedes einzelnen fehlenden nicht fälligen Kuponscheins entspricht (oder für den Fall, dass eine Zahlung nicht vollständig erfolgt ist, ein Anteil am Betrag des fehlenden nicht fälligen Kuponscheins, der der Summe des bezahlten Kapitals zum gesamten fälligen Kapital entspricht) vom Endgültigen Tilgungsbetrag, dem Vorzeitigen Tilgungsbetrag oder dem

Optionalen Tilgungsbetrag, je nachdem, die zur Zahlung fällig sind, abgezogen wird. Ein auf diese Weise abgezogener Betrag wird in der oben genannten Weise gegen Übergabe eines solchen fehlenden Kuponscheines innerhalb eines Zeitraums von zehn Jahren ab dem Relevanten Datum für die Zahlung eines solchen Kapitalbetrages (unabhängig davon, ob ein solcher Kuponschein gemäß Bedingung 9 unwirksam wurde) bezahlt.

- (ii) Zum Fälligkeitszeitpunkt der Tilgung von Inhaberschuldverschreibungen, welche Variabel Verzinsliche Schuldverschreibungen, Doppelwährungs-Schuldverschreibungen oder Schuldverschreibungen mit indexgebundener Verzinsung sind, werden nicht fällige Kuponscheine, welche sich auf eine solche Schuldverschreibung beziehen (unabhängig davon, ob sie beigefügt sind oder nicht) unwirksam und keine Zahlungen erfolgen im Hinblick auf sie.
- (iii) Am Fälligkeitstag der Tilgung einer Inhaberschuldverschreibung wird ein nicht eingelöster Talonschein, der sich auf eine solche Schuldverschreibung bezieht (unabhängig davon, ob er ihr beigefügt ist oder nicht) unwirksam und kein Kuponschein wird im Hinblick auf einen solchen Talonschein geliefert.
- (iv) Am Fälligkeitstag der Tilgung einer Inhaberschuldverschreibung, die in Teilzahlungen getilgt wird, werden alle Ratenscheine, die sich auf eine Schuldverschreibung mit einem Teilzahlungstag, welcher auf oder nach dieses Datum fällt, beziehen (unabhängig davon, ob sie beigefügt sind oder nicht) unwirksam und keine Zahlung erfolgt im Hinblick auf sie.
- (v) Wenn eine Inhaberschuldverschreibung, die vorsieht, dass auf sie bezogene, nicht fällige Kuponscheine am Fälligkeitstag der Tilgung dieser Schuldverschreibungen unwirksam werden, ohne alle fälligen Kuponscheine und ohne uneingelöste, auf sie bezogene Talonscheine zur Tilgung vorgelegt wird, und wenn eine Inhaberschuldverschreibung zur Tilgung ohne uneingelöste, auf sie bezogene Talonscheine zur Tilgung vorgelegt wird, erfolgt eine Tilgung nur gegen die Übernahme der von der Emittentin geforderten Haftung.
- (vi) Wenn der Fälligkeitstag der Tilgung einer Schuldverschreibung nicht ein Fälligkeitszeitpunkt für die Zahlung von Zinsen ist, sind aufgelaufene Zinsen vom vorhergehenden Tilgungstag für Zinszahlungen oder dem Zinsbeginnstag, je nachdem, nur gegen Vorlage (und Übergabe, sofern angebracht) der jeweiligen sie verbriefenden Inhaberschuldverschreibung oder des Zertifikates zahlbar. Aufgelaufene Zinsen hinsichtlich einer Schuldverschreibung, die nur Zinsen nach ihrem Tilgungstag trägt, sind bei Tilgung einer solchen Schuldverschreibung gegen Vorlage der jeweiligen sie verbriefenden Schuldverschreibung oder des Zertifikates zahlbar.

(g) Talonscheine

Am oder nach dem Zinszahlungstag für den letzten Kuponschein, den ein für eine Inhaberschuldverschreibung ausgegebener Kuponbogen beinhaltet, kann ein auf dem Kuponbogen enthaltener Talonschein an die festgesetzte Geschäftsstelle des Fiskalagenten im Austausch für einen weiteren Kuponbogen übergeben werden (und sofern es notwendig ist, ein weiterer Talonschein für einen weiteren Kuponbogen) (jedoch ohne Kuponscheine, welche gemäß Bedingung 9 unwirksam geworden sind).

(h) Keine Geschäftstage

Wenn ein Zahltag hinsichtlich einer Schuldverschreibung, eines Ratenscheines oder eines Kuponscheins kein Geschäftstag ist, hat der Inhaber kein Anrecht auf

Zahlung bis zum nächstfolgenden Geschäftstag, weder von Zinsen noch einer anderen Summe im Hinblick auf eine solche verschobene Zahlung. In diesem Absatz bedeutet "Geschäftstag" einen Tag (außer Samstag oder Sonntag), an dem Banken und Devisenmärkte für Geschäfte am maßgeblichen Ort der Vorlage in solchen Rechtsordnungen, die als "Geschäftstagsrechtsordnungen" bezeichnet werden, geöffnet sind und:

- (i) (im Falle von Zahlungen in einer anderen Währung als Euro) wenn eine Zahlung durch Überweisung auf ein bei einer Bank in der jeweiligen Währung unterhaltenes Konto, auf welches Devisentransaktionen in der maßgeblichen Währung im Hauptfinanzzentrum des Staates dieser Währung durchgeführt werden können, erfolgt; oder
- (ii) (im Falle einer Zahlung in Euro) der Tag ein TARGET-Geschäftstag ist.

(i) Definition von Euro

- (i) Verweise in diesen Bedingungen auf Euro sind solche auf die Währung, die zu Beginn der dritten Stufe der Europäischen Wirtschafts- und Währungsunion gemäß Art 109 (L) des Vertrages zur Schaffung der Europäischen Gemeinschaften und geändert durch den Vertrag über die Europäische Union (der "Vertrag") eingeführt wurde.
- (ii) Schuldverschreibungen, die in einer Währung denominiert sind, die in Euro umgerechnet werden kann, können Gegenstand einer Änderung der Stückelung, der Währung, einer Konvention und/oder einer Zusammenführung mit anderen dann in Euro denominierten Schuldverschreibungen sein, wie in den jeweiligen Endgültigen Bedingungen bestimmt.

8 Besteuerung

Sämtliche Zahlungen von Kapital und Zinsen in Bezug auf die Schuldverschreibungen, die Ratenscheine und die Kuponscheine durch oder im Namen der Emittentin sind frei von und ohne Einbehalt oder Abzug von Steuern, Gebühren, Veranlagungen oder öffentlichen Abgaben welcher Art auch immer, die von oder innerhalb der Republik Österreich durch irgendeine Abgabenbehörde angelastet, auferlegt, eingehoben, vereinnahmt, einbehalten oder veranschlagt werden, zu leisten, sofern ein derartiger Einbehalt oder Abzug nicht gesetzlich vorgesehen ist. In diesem Fall wird die Emittentin jene zusätzlichen Beträge an die Gläubiger von Schuldverschreibungen oder Inhaber von Kuponscheinen bezahlen, die erforderlich sind, um die Gläubiger von Schuldverschreibungen oder Inhaber von Kuponscheinen so zu stellen, als hätten sie die Beträge ohne Einbehalt oder Abzug erhalten, ausgenommen dass keine derartigen zusätzlichen Beträge hinsichtlich einer Schuldverschreibung, einem Ratenschein oder einem Kuponschein zahlbar sind:

(a) Andere Verbindung

an einen Inhaber oder an einen Dritten im Namen des Inhabers, der zur Zahlung solcher Steuern, Abgaben, Veranlagungen oder öffentlicher Abgaben hinsichtlich einer Schuldverschreibung, eines Ratenscheins oder eines Kuponscheins aufgrund einer anderen Verbindung mit der Republik Österreich als jene der bloßen Inhaberschaft einer Schuldverschreibung, eines Ratenscheins oder eines Kuponscheins verpflichtet ist; oder

(b) Vorlage mehr als 30 Tagen nach dem Relevanten Datum

die zur Zahlung mehr als 30 Tage nach dem Relevanten Datum vorgelegt werden (oder hinsichtlich derer das verbriefende Zertifikat vorgelegt wird) außer in dem Ausmaß, in dem der Inhaber zu zusätzlichen Beträgen bei Vorlage zur Zahlung am 30. Tag berechtigt gewesen wäre; oder

(c) Zahlungen an natürliche Personen

sofern ein solcher Einbehalt oder Abzug auf Zahlungen an eine natürliche Person auferlegt wird und gemäß der Richtlinie des Rates 2003/48/EG oder einer anderen Richtlinie der Europäischen Union, welche die Schlussfolgerungen des ECOFIN Ratstreffens vom 26. bis 27. November 2000 betreffend die Besteuerung von Spareinkünften umsetzt oder Gesetzen, welche die genannte Richtlinie umsetzen oder ihr entsprechen oder eingeführt werden, um ihr zu entsprechen, gemacht werden muss; oder

(d) Zahlung durch eine andere Zahlstelle

welche (außer im Falle von Namensschuldverschreibungen) durch oder im Namen eines Inhabers zur Zahlung vorgelegt werden, der in der Lage gewesen wäre, einen solchen Einbehalt oder Abzug durch Vorlage der betreffenden Schuldverschreibung, des Ratenscheins oder Kuponscheins bei einer anderen Zahlstelle (oder, im Falle von Zahlungen des Kapitals von Namensschuldverschreibungen, bei einer anderen Übertragungsstelle oder, wenn anwendbar, Registerstelle) in einem Mitgliedstaat der Europäischen Union zu vermeiden.

In diesen Bedingungen bedeutet "Relevantes Datum" im Hinblick auf eine Schuldverschreibung, einen Ratenschein oder Kuponschein den Zeitpunkt, an dem eine Zahlung erstmals fällig wird oder (wenn ein fälliger Betrag unrechtmäßig zurückgehalten oder verweigert wird) den Zeitpunkt, an dem eine vollständige Bezahlung des ausstehenden Betrages erfolgt, oder (wenn früher) der Zeitpunkt sieben Tage nach jenem, an dem eine Mitteilung an die Gläubiger der Schuldverschreibung ordnungsgemäß erfolgt, wonach bei weiterer Vorlage der Schuldverschreibung (oder des betreffenden Zertifikates), Ratenscheines oder Kuponscheins in Übereinstimmung mit den Bedingungen die jeweilige Zahlung erfolgen wird, vorausgesetzt, dass die Zahlung tatsächlich bei Vorlage durchgeführt wird. Verweise in den Bedingungen auf (i) "Kapital" und "Kapitalbetrag" beinhalten jeden zahlbaren Aufschlag im Hinblick auf die Schuldverschreibungen, oder den Optionalen Tilgungsbetrag, alle Teilzahlungsbeträge, Tilgungsbeträge, Amortisationsnennbeträge und alle anderen Beträge, die vom Wesen her als Kapitalbeträge zahlbar gemäß Bedingung 6 (oder einer Änderung oder Ergänzung derselben) sind, (ii) "Zinsen" beinhaltet alle Zinsbeträge und anderen Beträge, die gemäß Bedingung 5 (oder einer Änderung oder Ergänzung derselben) zahlbar sind, und (iii) "Kapital" und "Kapitalbetrag" und/oder "Zinsen" beinhaltet alle zusätzlichen Beträge, die gemäß dieser Bedingung oder gemäß einer Verpflichtungserklärung zusätzlich oder als Ersatz hierfür zahlbar sind.

9 Verjährung

Sofern englisches Recht in den Endgültigen Bedingungen bestimmt ist, verjähren Ansprüche gegen die Emittentin auf Zahlungen hinsichtlich der Schuldverschreibungen, Ratenscheine und Kuponscheine (welche für diese Zwecke Talonscheine nicht beinhalten) und werden unwirksam, wenn diese nicht innerhalb von zehn Jahren (im Fall des Kapitals) oder innerhalb von fünf Jahren (im Fall von Zinsen) ab dem anwendbaren Relevanten Datum geltend gemacht werden.

Sofern österreichisches Recht in den Endgültigen Bedingungen bestimmt ist sowie im Hinblick auf *Pfandbriefe, Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* und

fundierte Bankschuldverschreibungen, verjähren Ansprüche gegen die Emittentin auf Zahlungen hinsichtlich der Schuldverschreibungen, Ratenscheine und Kuponscheine (welche für diese Zwecke Talonscheine nicht beinhalten) und werden unwirksam, wenn diese nicht innerhalb von zehn Jahren (im Falle des Kapitals) und innerhalb von drei Jahren (im Falle von Zinsen) ab dem anwendbaren Relevanten Datum geltend gemacht werden.

10 Verzugsfälle

Sofern eines der folgenden Ereignisse (jeder ein "Verzugsfall") eintritt und andauert, nämlich:

- (a) Zahlungsverzug von Zinsen oder Kapital hinsichtlich der Schuldverschreibungen für einen Zeitraum von fünfzehn Tagen (im Fall von Zinsen) oder sieben Tagen (im Fall von Kapitalzahlungen) ab dem Tilgungstag vorliegt; oder
- (b) die Emittentin es unterlässt, seitens der Emittentin zu erfüllende oder einzuhaltende und in den Schuldverschreibungen enthaltene Zusicherungen, Bedingungen oder Bestimmungen (abgesehen von der Verpflichtung zur Zahlung des Kapitals oder von Zinsen gemäß den Schuldverschreibungen) zu erfüllen oder einzuhalten, wenn dieser Verzugsfall keiner Heilung zugänglich ist oder innerhalb von 45 Tagen nach Mitteilung über einen solchen Verzugsfall an die bezeichnete Geschäftsstelle des Fiskalagenten durch einen Gläubiger der Schuldverschreibung nicht saniert wird; oder
- (c) eine andere Verschuldung (wie unten definiert) der Emittentin oder einer Wesentlichen Tochtergesellschaft (i) weder bei Fälligkeit noch innerhalb einer auf die Verschuldung anwendbaren Nachfrist bezahlt wird, oder (ii) vor der geplanten Fälligkeit aufgrund eines Verzugsfalles der Emittentin fällig und zahlbar wird oder fällig und zahlbar gestellt werden kann, oder (iii) wenn sie auf Abruf zahlbar ist, auf Abruf nicht gezahlt wird, oder (iv) eine von der Emittentin im Hinblick auf die Verschuldung einer anderen Person eingeräumte Garantie oder Haftung bei Fälligkeit oder Abruf nicht erfüllt wird; oder
- (d) eine Sicherheit für eine Verschuldung der Emittentin vollstreckbar wird und die dazu berechtigten Gläubiger Schritte für die Vollstreckung derselben einleiten; oder
- (e) die Emittentin von einem Gericht für zahlungsunfähig oder insolvent befunden wird, oder ein Beschluss von einem zuständigen Gericht oder einer Verwaltungsbehörde über die gerichtliche Bestellung einer Aufsichtsperson mit verbindlicher Handlungsbefugnis zur Überwachung der Geschäftsführung der Emittentin mit dem Effekt einer befristeten Forderungsstundung (Geschäftsaufsicht) hinsichtlich der Emittentin oder eines wesentlichen Teils ihres Vermögens gefasst wird, oder die Emittentin beschließt, einen diesbezüglichen Antrag zu fassen, oder wenn die Emittentin abgewickelt oder aufgelöst werden soll, außer für Zwecke der Sanierung, Verschmelzung oder Zusammenschluss wenn der Rechtsnachfolger alle Verpflichtungen der Emittentin im Hinblick auf die Schuldverschreibungen übernimmt;

dann:

- (i) ist im Fall von Nicht-Nachrangigen Schuldverschreibungen der Inhaber einer Schuldverschreibung berechtigt, durch schriftliche Mitteilung an die festgesetzte Geschäftsstelle der Emittentin diese Schuldverschreibung zum Vorzeitigen Tilgungsbetrag samt aufgelaufenen Zinsen fällig und zahlbar zu stellen; und

- (ii) ist im Fall von Nachrangigen Schuldverschreibungen der Inhaber einer Schuldverschreibung berechtigt, durch schriftliche Mitteilung an die bezeichnete Geschäftsstelle der Emittentin:
- (x) in den in Unterabsatz (b) beschriebenen Fällen ein Gerichtsverfahren gegen die Emittentin einzuleiten, von dem er meint, dass es geeignet ist, die Erfüllung oder Einhaltung der jeweiligen in den Schuldverschreibungen enthaltenen Zusicherungen, Bedingungen oder Bestimmungen durchzusetzen; oder
 - (y) in jedem der in den Unterabsätzen (a), (c), (d) oder (e) beschriebenen Fälle (außer wenn die Emittentin durch ein zuständiges österreichisches Gericht für zahlungsunfähig erklärt wird) die Finanzmarktaufsichtsbehörde vom Vorliegen eines solchen Ereignisses zu informieren und zu verlangen, dass die Finanzmarktaufsichtsbehörde beim zuständigen Gericht in Wien die Einleitung eines Konkursverfahrens gegen die Emittentin beantragt, vorbehaltlich der gesetzlichen Voraussetzung, dass das Gericht die Emittentin für zahlungsunfähig erklärt; nur wenn eine solche gerichtliche Erklärung gemacht wird, werden die Schuldverschreibungen fällig und zahlbar wie im folgenden beschrieben; oder
 - (z) wenn ein Konkursverfahren bei einem solchen Gericht gegen die Emittentin eingeleitet wird (auf Antrag einer Person, die kein nur als solcher handelnder Gläubiger einer Schuldverschreibung ist), einen Antrag bei diesem Gericht zu stellen, womit die Rückzahlung aller gemäß den Schuldverschreibungen fälligen Kapitalbeträge samt aufgelaufenen Zinsen und allen zusätzlichen Beträgen begehrt wird;
- (iii) im Fall von *Pfandbriefen, Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* und fundierten Bankschuldverschreibungen:
- (w) ist der Inhaber einer solchen Schuldverschreibung berechtigt, in den in Unterabsatz (a) beschriebenen Fällen durch schriftliche Mitteilung an die festgesetzte Geschäftsstelle der Emittentin diese Schuldverschreibung zum Vorzeitigen Tilgungsbetrag samt aufgelaufenen Zinsen fällig und zahlbar zu stellen; und
 - (x) ist der Inhaber einer solchen Schuldverschreibung in den in Unterabsatz (b) beschriebenen Fällen berechtigt, ein Gerichtsverfahren gegen die Emittentin einzuleiten, von dem er meint, dass es geeignet ist, die Erfüllung oder Einhaltung der jeweiligen in den Schuldverschreibungen enthaltenen Zusicherungen, Bedingungen oder Bestimmungen durchzusetzen; und
 - (y) ist der Inhaber einer solchen Schuldverschreibung in jedem der in den Unterabsätzen (c), (d) oder (e) beschriebenen Fälle (außer wenn die Emittentin durch ein zuständiges österreichisches Gericht für zahlungsunfähig erklärt wird) berechtigt, die Finanzmarktaufsichtsbehörde vom Vorliegen eines solchen Ereignisses zu informieren und zu verlangen, dass die Finanzmarktaufsichtsbehörde beim zuständigen Gericht in Wien die Einleitung eines Konkursverfahrens gegen die Emittentin beantragt, vorbehaltlich der gesetzlichen Voraussetzung, dass das Gericht die Emittentin für zahlungsunfähig erklärt; nur wenn eine solche gerichtliche Erklärung gemacht wird, werden die

Schuldverschreibungen fällig und zahlbar wie im folgenden beschrieben; und

- (z) wenn ein Konkursverfahren gegen die Emittentin durch ein zuständiges österreichisches Gericht eröffnet wird, werden die Schuldverschreibungen, vorbehaltlich des folgenden Satzes, nicht fällig und zahlbar, wenn der maßgebliche Deckungsstock an ein geeignetes Kreditinstitut übertragen wurde und der Inhaber einer Schuldverschreibung kann seinen Anspruch gemäß den Schuldverschreibungen bis zur Höhe des Ausfalls (oder des geschätzten Ausfalls, je nachdem) mit dem solche Ansprüche durch die Liquidationserlöse des jeweils maßgeblichen Deckungsstockes nicht gedeckt sind, geltend machen. In Fällen, in denen der maßgebliche Deckungsstock nicht an ein anderes Kreditinstitut in Übereinstimmung mit österreichischem Recht übertragen wird und vorausgesetzt, dass die im relevanten Register aufgeführten Vermögenswerte nicht ausreichen, um die Ansprüche aller Gläubiger der Schuldverschreibung zu befriedigen, wird der maßgebliche Deckungsstock für die Schuldverschreibungen auf Antrag des Verwalters des Deckungsstockes und nach Genehmigung durch das zuständige Konkursgericht liquidiert, und die Schuldverschreibungen gelten als fällig und zahlbar gemäß dem jeweils auf diese Arten von Schuldverschreibungen anwendbaren Recht; und

- (iv) gilt in allen Fällen:

Wenn das zuständige österreichische Gericht die Emittentin für zahlungsunfähig erklärt, gelten alle fälligen Ansprüche der Gläubiger der Schuldverschreibung und/oder der Inhaber von Kuponscheinen und/oder der Inhaber von Ratenscheinen (außer *Pfandbriefe*, *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) und fundierte Bankschuldverschreibungen) an die Emittentin auf Kapital und/oder Zinsen und zusätzliche Beträge als fällig und zahlbar gemäß § 14 der österreichischen Insolvenzordnung 2010 in der geltenden Fassung, in jener Währung, die das gesetzliche Zahlungsmittel in Österreich an jenem Tag ist, an dem die Zahlungsunfähigkeit durch gerichtliche Mitteilung bekannt gegeben wird, umgerechnet zu dem Wechselkurs, der an dem diesem Tag vorangehenden Tag für den Ankauf der fälligen Beträge in Wien mit der in Österreich als gesetzliches Zahlungsmittel geltenden Währung gilt.

Wenn ein Konkursverfahren gegen die Emittentin eingeleitet wird, tragen die Schuldverschreibungen (außer *Pfandbriefen*, *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) und fundierte Bankschuldverschreibungen) ab jenem Tag, an dem die gerichtliche Bekanntmachung über die Insolvenz veröffentlicht wird, keine Zinsen und alle nicht fälligen Kuponscheine werden daraufhin unwirksam und keine Zahlungen erfolgen im Hinblick auf sie.

Die Gläubiger der Schuldverschreibung, die Inhaber von Kuponscheinen und/oder die Inhaber von Ratenscheinen werden in einem Gerichtsverfahren oder in einem Konkursverfahren, welches in Österreich gegen die Emittentin eingeleitet wird, durch einen Kurator, der durch das Handelsgericht Wien bestellt wird und diesem verantwortlich ist gemäß dem Gesetz vom 24. April 1874, Reichsgesetzblatt Nr. 49 idgF (Kuratorengesetz) vertreten, oder, im Fall von *Pfandbriefen*, *Kommunalschuldverschreibungen* (*Öffentliche Pfandbriefe*) gemäß der Einführungsverordnung zum Hypothekenbankengesetz und, im Fall von fundierten Bankschuldverschreibungen, gemäß dem Gesetz betreffend fundierte

Bankschuldverschreibungen, wenn die Rechte der Gläubiger der Schuldverschreibung, der Inhaber von Kuponscheinen und/oder der Inhaber von Ratenscheinen aufgrund des Mangels einer gemeinsamen Vertretung gefährdet sind, oder wenn die Rechte einer anderen Person dadurch verzögert würden, bestellt wird.

Für Zwecke dieser Bedingungen bedeutet:

"Kern-Tochtergesellschaft" jede Tochtergesellschaft, die keine Haftungsverbund-Tochtergesellschaft ist;

"Haftungsverbund-Tochtergesellschaft" jede Gesellschaft, die von der Emittentin kontrolliert wird und mit dieser ausschließlich aufgrund ihrer Mitgliedschaft im Haftungsverbund konsolidiert wird.

"Gruppe" die Emittentin und ihre Tochtergesellschaften.

"Verschuldung" die gegenwärtige oder zukünftige Verschuldung (unabhängig, ob sie Kapital, Aufgeld, Zinsen oder andere Beträge betrifft) für oder im Hinblick auf (i) Ausleihungen, (ii) Verbindlichkeiten unter oder im Hinblick auf einen Wechsel oder einen Wechselkredit, oder (iii) Schuldverschreibungen, Anleihen, Schuldscheine, Obligationen, Obligationsanleihen oder andere angebotene, ausgegebene oder vertriebene Wertpapiere, entweder im Wege eines öffentlichen Angebots, einer Privatplatzierung, eines Kaufpreises oder auf andere Weise und entweder als Gegenleistung für Geld oder (ganz oder teilweise) eine andere nicht aus Geld bestehende Gegenleistung, in jedem Einzelfall mit einem Gesamtkapitalbetrag von mehr als US-Dollar 15 Millionen oder dem Gegenwert in anderen Währungen;

"Wesentliche Tochtergesellschaft" jederzeit:

- (i) jede Kern-Tochtergesellschaft der Emittentin, deren Gesamtaktiva, Umsätze oder Cash Flows (konsolidiert im Fall einer Gesellschaft, welche selbst Tochtergesellschaften hat) nicht weniger als 7,5% der gesamten konsolidierten Gesamtaktiva oder der konsolidierten Umsätze oder des konsolidierten Cash Flows der Gruppe als Ganzes genommen betragen, wobei alle durch Bezug auf die dann jüngsten Jahresabschlüsse (konsolidiert oder nicht konsolidiert, je nachdem) dieser Kern-Tochtergesellschaft und des jüngsten Konzernabschlusses der Gruppe berechnet werden; oder
- (ii) jede Kern-Tochtergesellschaft, an welche das gesamte Vermögen oder im wesentlichen das gesamte Vermögen und Unternehmen einer Kern-Tochtergesellschaft, welche unmittelbar vor einer solchen Übertragung eine Wesentliche Tochtergesellschaft ist, übertragen wird;

"Tochtergesellschaft" jederzeit:

- (a) jede Gesellschaft, die, direkt oder indirekt, kontrolliert wird oder deren ausgegebenes Grundkapital (oder dessen Äquivalent) wirtschaftlich von der Emittentin und/oder einer oder mehrerer ihrer Tochtergesellschaften zu mindestens 50% gehalten wird. Dass eine Gesellschaft durch einen anderen kontrolliert wird, bedeutet, dass der andere (entweder direkt oder indirekt und durch Eigentum von Grundkapital, den Besitz von Stimmrechten, Vertrag oder auf andere Weise) das Recht hat, die Mehrheit der Mitglieder des Vorstands

oder des Geschäftsführungsorgans dieser Gesellschaft zu besetzen und/oder zu entfernen oder sie auf andere Weise kontrolliert oder die Befugnis hat, die Geschäfte und die Politik dieser Gesellschaft zu kontrollieren; oder

- (b) jede Gesellschaft, die als Tochtergesellschaft der Emittentin in Übereinstimmung mit International Financial Reporting Standards betrachtet wird.

Ein Bericht der Abschlussprüfer (wie im Agency Agreement definiert) der Emittentin, dass nach ihrer Ansicht eine Körperschaft eine Tochtergesellschaft, Haftungsverbund-Tochtergesellschaft oder Wesentliche Konzerngesellschaft ist, oder nicht ist oder war, oder zu einer bestimmten Zeit nicht war, ist, soweit kein offensichtlicher Fehler vorliegt, endgültig und hat bindende Wirkung für alle Parteien.

11 Gläubigerversammlung, Änderungen und Verzicht

(a) Gläubigerversammlung

Dieser Absatz ist nur auf Internationale Schuldverschreibungen anwendbar, sofern nichts anderes in den Endgültigen Bedingungen festgelegt wird. Das Agency Agreement enthält Bestimmungen für die Einberufung von Gläubigerversammlungen zur Erwägung von Angelegenheiten, die die Interessen der Gläubiger betreffen, einschließlich der Genehmigung einer Änderung dieser Bedingungen (außer für Nachrangige Schuldverschreibungen wofür die Nachrangigkeitsbestimmungen gemäß § 23 Abs 8 Z 2 Bankwesengesetz nicht geändert werden dürfen) durch außerordentlichen Beschluss (wie im Agency Agreement definiert) oder der Bestimmungen des Agency Agreement. Die Mehrheit für eine Versammlung, die einberufen worden ist, um einen anderen Beschluss als einen außerordentlichen Beschluss zu erwägen, beträgt eine oder mehrere Personen, die insgesamt nicht weniger als ein Zehntel des Kapitalbetrags der zu dieser Zeit ausstehenden Schuldverschreibungen halten oder vertreten, und die Mehrheit für eine Versammlung zur Erwägung eines außerordentlichen Beschlusses beträgt eine oder mehrere Personen, die eine 75% Mehrheit des Kapitalbetrags der ausstehenden Schuldverschreibungen zur jeweiligen Zeit halten oder vertreten, oder bei einer vertagten Versammlung, eine oder mehrere Personen, die Gläubiger der Schuldverschreibung sind oder diese vertreten, unabhängig vom Kapitalbetrag der von ihnen gehaltenen oder vertretenen Schuldverschreibungen, ausgenommen die Tagesordnung einer solchen Versammlung beinhaltet Erwägungen für Vorschläge um unter anderem (i) die Fälligkeits- oder Tilgungszeitpunkte der Schuldverschreibungen, Teilzahlungstage oder Zahlungszeitpunkte für Zinsen und Zinsbeträge auf die Schuldverschreibungen zu ändern, (ii) den Kapitalbetrag, Teilzahlungsbeträge oder bei Tilgung zahlbares Aufgeld hinsichtlich der Schuldverschreibungen zu verringern oder zu stornieren, (iii) den Zinssatz oder die Zinssätze im Hinblick auf die Schuldverschreibungen zu verringern oder die Methode oder Basis zur Berechnung des Zinssatzes oder der Zinssätze oder den Zinsbetrag oder die Basis für die Berechnung von Zinsbeträgen im Hinblick auf die Schuldverschreibungen zu ändern, (iv) wenn ein Maximal- und/oder Minimumzinssatz, Teilzahlungsbetrag oder Tilgungsbetrag in den Endgültigen Bedingungen bestimmt ist, ein solches Minimum oder Maximum zu reduzieren, (v) eine Methode oder eine Basis für die Berechnung des Endgültigen Tilgungsbetrages, des Vorzeitigen Tilgungsbetrages oder des Optionalen Tilgungsbetrages (einschließlich der Methode zur Berechnung des Amortisationsnennbetrages) zu ändern, (vi) die Währung oder die Währungen oder die Stückelung der Schuldverschreibungen zu ändern, oder (vii) die Bestimmungen über die notwendigen Mehrheiten einer Versammlung der Gläubiger von Schuldverschreibungen oder die notwendigen Mehrheiten für einen

außerordentlichen Beschluss zu ändern, in welchem Fall die notwendige Mehrheit eine oder mehrere Personen beträgt, die nicht weniger als zwei Drittel des Kapitalbetrages der zu dieser Zeit ausständigen Schuldverschreibungen halten oder vertreten, oder im Fall einer vertagten Versammlung nicht weniger als ein Drittel des Kapitalbetrages der zu diesem Zeitpunkt ausständigen Schuldverschreibungen halten oder vertreten. Ein ordnungsgemäß gefasster Beschluss hat bindende Wirkung für die Gläubiger der Schuldverschreibungen (unabhängig davon, ob sie bei der Versammlung, bei welcher ein solcher Beschluss gefasst wurde, anwesend waren) und für alle Inhaber von Kuponscheinen. Der Ausdruck "außerordentlicher Beschluss" bedeutet einen Beschluss, der bei einer ordnungsgemäß einberufenen Versammlung der Gläubiger der Schuldverschreibung durch eine Mehrheit gefasst wurde, die nicht weniger als drei Viertel der abgegebenen Stimmen beträgt. Alle anderen Beschlüsse bei einer ordnungsgemäß einberufenen Versammlung der Gläubiger der Schuldverschreibung werden mit Mehrheit der abgegebenen Stimmen gefasst.

Diese Bedingungen können im Hinblick auf eine Serie von Schuldverschreibungen durch die Bestimmungen der maßgeblichen Endgültigen Bedingungen im Hinblick auf eine solche Serie geändert, abgeändert oder variiert werden.

(b) *Änderung des Agency Agreement*

Die Emittentin wird nur solche Änderungen oder Verzichte oder Genehmigungen von Verletzungen oder vorgeschlagenen Verletzungen sowie die Nichteinhaltung des Agency Agreements erlauben, wenn vernünftigerweise nicht erwartet werden kann, dass dies nachteilig für die Interessen der Gläubiger der Schuldverschreibung ist.

Das Agency Agreement kann durch die Emittentin und durch den Fiskalagenten ohne Zustimmung der Registerstelle oder einer Zahlstelle, Übertragungsstelle, Austauschstelle, Berechnungsstelle oder eines Inhabers zum Zweck der Klarstellung einer Mehrdeutigkeit, der Korrektur oder Ergänzung einer fehlerhaften darin enthaltenen Bestimmung oder in einer Weise geändert werden, welche die Emittentin und der Fiskalagent gemeinsam für notwendig oder wünschenswert halten und welche die Interessen der Inhaber nicht nachteilig berührt.

12 Austausch von Schuldverschreibungen, Zertifikaten, Ratenscheinen, Kuponscheinen und Talonscheinen

Wenn eine Schuldverschreibung, Zertifikat, Ratenschein, Kuponschein oder Talonschein verloren, gestohlen, verstümmelt, entstellt oder zerstört wird, kann sie (er) vorbehaltlich der anwendbaren Gesetze, Vorschriften und Regeln von Börsen und anderen zuständigen Behörden bei der festgesetzten Geschäftsstelle des Fiskalagenten (im Fall von Inhaberschuldverschreibungen, Ratenscheinen, Kuponscheine oder Talonscheinen) und bei der Registerstelle (im Fall von Zertifikaten) oder einer anderen Zahlstelle oder Übertragungsstelle, die von der Emittentin zu diesem Zweck festgelegt und den Gläubigern der Schuldverschreibung bekannt gegeben wird, ersetzt werden, in jedem Fall bei Zahlung der Kosten und Gebühren, die im Zusammenhang damit und gemäß von der Emittentin vernünftigerweise festgelegten Bedingungen betreffend Nachweis, Sicherheitsleistung und Schadloshaltung (welche unter anderem vorsehen können, dass wenn die (der) angeblich verlorene, gestohlene oder zerstörte Schuldverschreibung, Zertifikat, Ratenschein, Kuponschein oder Talonscheine in der Folge zur Zahlung oder zum Austausch für weitere Kuponscheine vorgelegt wird, der Emittentin auf Anforderung der zahlbare Betrag im Hinblick auf solche Schuldverschreibungen, Zertifikate, Ratenscheine, Kuponscheine und weitere Kuponscheine bezahlt wird) entstehen, durch den Anspruchsteller und ansonsten auf jene Weise, die die Emittentin vernünftigerweise bestimmt. Verstümmelte und entstellte Schuldverschreibungen und Zertifikate, Ratenscheine, Kuponscheine oder Talonscheine müssen übergeben werden, bevor ein Ersatz dafür ausgestellt wird.

13 Weitere Emissionen

Die Emittentin ist berechtigt, von Zeit zu Zeit ohne Zustimmung der Gläubiger der Schuldverschreibung oder Inhaber von Kuponscheinen weitere Wertpapiere, welche entweder in aller Hinsicht dieselben Ausgabebedingungen wie die Schuldverschreibungen haben (ausgenommen betreffend die erste Zahlung von Zinsen darauf), so dass diese weitere Emission mit den ausstehenden Wertpapieren einer Serie (einschließlich der Schuldverschreibungen) konsolidiert wird und eine einheitliche Serie darstellt, oder gemäß anderen Bedingungen, welche die Emittentin bei Ausgabe festsetzen kann, zu schaffen und auszugeben. Verweise in diesen Bedingungen auf die Schuldverschreibungen beinhalten (sofern der Zusammenhang nichts anderes verlangt) alle anderen Wertpapiere, die gemäß dieser Bedingung ausgegeben werden und eine einheitliche Serie von Schuldverschreibungen darstellen.

14 Mitteilungen

Mitteilungen an die Inhaber von Namensschuldverschreibungen werden diesen an ihre jeweils im Register eingetragene Adresse zugesandt (oder den Erstgenannten bei mehreren gemeinsamen Inhabern) und gelten am vierten Wochentag (welcher weder Samstag noch Sonntag ist) nach dem Tag der Postaufgabe als zugestellt und werden auf der Internet-Homepage der Emittentin (voraussichtlich www.erstegroup.com) (solange die Schuldverschreibungen an der Wiener Börse gelistet sind) oder auf der Internet-Homepage der Luxemburger Börse (www.bourse.lu) (solange die Schuldverschreibungen an der offiziellen Liste der Luxemburger Börse gelistet sind) und in beiden Fällen, wenn von zwingend anwendbarem Recht oder Börseregeln verlangt, über ein passendes Informationsverbreitungssystem veröffentlicht. Mitteilungen an die Inhaber von Inhaberschuldverschreibungen werden, im Internet auf der Homepage der Emittentin (voraussichtlich www.erstegroup.com) (solange die Schuldverschreibungen an der Wiener Börse gelistet sind) oder auf der Internet-Homepage der Luxemburger Börse (www.bourse.lu) (solange die Schuldverschreibungen an der offiziellen Liste der Luxemburger Börse gelistet sind) und in beiden Fällen, wenn von zwingend anwendbarem Recht oder Börseregeln verlangt, über ein passendes Informationsverbreitungssystem veröffentlicht. Mitteilungen an die Inhaber von nicht gelisteten Inhaberschuldverschreibungen werden im Internet auf der Homepage der

Emittentin veröffentlicht. Ungeachtet dessen erfolgt, wenn eine solche Mitteilung nicht praktikabel ist, eine gültige Mitteilung, wenn sie in einer führenden englischsprachigen Tageszeitung mit allgemeiner Verbreitung in Europa veröffentlicht wird. Die Emittentin stellt sicher, dass Mitteilungen in einer Weise ordnungsgemäß veröffentlicht werden, welche den Regeln und Vorschriften jener Börse entsprechen, an der die Schuldverschreibungen zeitweise gelistet sind. Jede Mitteilung gilt am Tag der Veröffentlichung als erfolgt, oder, wenn die Veröffentlichung mehr als einmal oder an verschiedenen Zeitpunkten erfolgt, am Datum der ersten Veröffentlichung wie oben vorgesehen.

Von Inhabern von Kuponscheinen und Ratenscheinen wird angenommen, dass sie in jeder Hinsicht vom Inhalt der Mitteilungen, die an die Inhaber von Inhaberschuldverschreibungen im Einklang mit diesen Bedingungen gemacht wurden, Kenntnis haben.

15 Anwendbares Recht, Gerichtsstand und Zustellungen

(a) *Englisches Recht*

Sofern englisches Recht in den Endgültigen Bedingungen als anwendbar bestimmt ist:

(i) Anwendbares Recht

Die Schuldverschreibungen, die Ratenscheine, die Kuponscheine und die Talonscheine und alle außervertraglichen Schuldverhältnisse, die sich aus oder im Zusammenhang mit den Schuldverschreibungen, den Ratenscheinen, den Kuponscheinen und den Talonscheinen ergeben, unterliegen englischem Recht und werden in Übereinstimmung mit englischem Recht ausgelegt, mit der Ausnahme, dass die Nachrangigkeitsbestimmungen der Bedingung 3(b) österreichischem Recht unterliegen und in Übereinstimmung mit österreichischem Recht ausgelegt werden.

(ii) Gerichtsstand

Die Gerichte von England sind zuständig für alle Streitigkeiten, die aus oder im Zusammenhang mit Schuldverschreibungen, Ratenscheinen, Kuponscheinen oder Talonscheinen (einschließlich allfälliger Streitigkeiten im Zusammenhang mit außervertraglichen Schuldverhältnissen, die sich aus oder im Zusammenhang mit Schuldverschreibungen, Ratenscheinen, Kuponscheinen oder Talonscheinen ergeben) entspringen und dementsprechend können rechtliche Maßnahmen oder Verfahren daraus oder im Zusammenhang mit Schuldverschreibungen, Ratenscheinen, Kuponscheinen oder Talonscheinen (einschließlich allfälliger Rechtsstreitigkeiten oder Verfahren im Zusammenhang mit außervertraglichen Schuldverhältnissen aus oder im Zusammenhang mit Schuldverschreibungen, Ratenscheinen, Kuponscheinen oder Talonscheinen) ("Verfahren") vor solche Gerichte gebracht werden. Die Emittentin unterwirft sich unwiderruflich der Zuständigkeit der Gerichte von England und verzichtet auf Einwände gegen Verfahren bei solchen Gerichten wegen unpassenden Gerichtsortes oder weil das Verfahren vor ein nicht passendes Gericht gebracht wurde. Diese Unterwerfung erfolgt zugunsten eines jeden Inhabers von Schuldverschreibungen, Ratenscheinen, Kuponscheinen und Talonscheinen und berührt nicht dessen Recht, Verfahren in einer oder mehreren Rechtsordnungen zu führen oder schließt die Führung von Verfahren in einer anderen Rechtsordnung (unabhängig davon ob gleichzeitig oder nicht) nicht aus.

(iii) Zustellungen

Die Emittentin bestellt unwiderruflich ihre Londoner Niederlassung als Zustellbevollmächtigte in England für sich und in ihrem Namen in Verfahren in England. Die Zustellung gilt mit der Übergabe an die Zustellbevollmächtigte (unabhängig davon, ob die Zustellung weitergeleitet und von der Emittentin empfangen wird) als erfolgt. Wenn aus welchem Grund immer die Zustellbevollmächtigte nicht mehr in der Lage ist, als solche zu handeln oder keine Adresse mehr in London hat, stimmt die Emittentin unwiderruflich zu, einen Ersatz zu bestellen und die Inhaber der Schuldverschreibungen unverzüglich von einer solchen Bestellung gemäß den Bestimmungen in Bedingung 14 zu informieren. Das Recht, die Zustellung in einer anderen gesetzlich zulässigen Weise vorzunehmen, wird in keiner Weise beschränkt.

(b) Österreichisches Recht

Für *Pfandbriefe, Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* oder fundierte Bankschuldverschreibungen oder wenn österreichisches Recht in den Endgültigen Bedingungen als anwendbar bestimmt ist:

(i) Anwendbares Recht

Die Schuldverschreibungen, die Ratenscheine, die Kuponscheine und die Talonscheine, und alle außervertraglichen Schuldverhältnisse, die sich aus oder im Zusammenhang mit den Schuldverschreibungen, den Ratenscheinen, den Kuponscheinen und den Talonscheinen ergeben, unterliegen österreichischem Recht und werden in Übereinstimmung mit österreichischem Recht ausgelegt.

(ii) Gerichtsstand

Die zuständigen österreichischen Gerichte sind ausschließlich zuständig für Streitigkeiten, die aus oder im Zusammenhang mit Schuldverschreibungen, Ratenscheinen, Kuponscheinen oder Talonscheinen (einschließlich allfälliger Streitigkeiten im Zusammenhang mit außervertraglichen Schuldverhältnissen, die sich aus oder im Zusammenhang mit Schuldverschreibungen, Ratenscheinen, Kuponscheinen oder Talonscheinen ergeben) entstehen, soweit dies nach den anwendbaren zwingenden Konsumentenschutzgesetzen zulässig ist.

(c) Unwirksamkeit etc.

Sollten zu irgendeinem Zeitpunkt eine oder mehrere der Bestimmungen der Ratenscheine, der Schuldverschreibungen, der Kuponscheine und der Talonscheine unwirksam, unrechtmäßig oder undurchsetzbar gemäß dem Recht eines Staates sein oder werden, dann ist diese Bestimmung im Hinblick auf die betreffende Rechtsordnung im notwendigen Ausmaß unwirksam, ohne die Gültigkeit, Rechtmäßigkeit und Durchsetzbarkeit der verbleibenden Bestimmungen zu berühren oder zu beeinträchtigen. Die ungültige oder undurchsetzbare Bestimmung wird durch eine gültige, rechtmäßige oder durchsetzbare Bestimmung ersetzt, die dem ursprünglichen Willen der Parteien und der ungültigen, unrechtmäßigen oder undurchsetzbaren Bestimmung so nahe wie möglich kommt.

16 Sprache

Für den Fall, dass die englische Sprache in den Endgültigen Bedingungen als bindende Sprache bestimmt ist, ist die englische Version dieser Bedingungen ausschließlich

verbindlich und, sofern in den Endgültigen Bedingungen bestimmt, stellt die deutschsprachige Version eine Übersetzung zum Zweck der Benutzerfreundlichkeit dar.

Für den Fall, dass die deutsche Sprache in den Endgültigen Bedingungen als bindende Sprache bestimmt ist, ist die deutsche Fassung der Bedingungen alleine verbindlich und, sofern in den Endgültigen Bedingungen bestimmt, stellt die englischsprachige Version eine Übersetzung zum Zweck der Benutzerfreundlichkeit dar.

USE OF PROCEEDS

The net proceeds from the issue of any Notes will be used by the Issuer for its general funding purposes and, in case of Subordinated Notes, to strengthen the capital base of the Issuer.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of International Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form they may be intended to be eligible collateral for Eurosystem monetary policy and will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Global Certificates may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN, upon the initial deposit of a Global Note representing International Notes with a common depository for Euroclear or Clearstream, Luxembourg (the "Common Depository") or registration of Registered International Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relevant Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes representing International Notes that are initially deposited with the Common Depository for Euroclear or Clearstream, Luxembourg may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with other clearing systems (if indicated in the relevant Final Terms) through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes representing International Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Initial Issue of Domestic Notes

Upon the initial deposit of a Global Note representing Domestic Notes with OeKB or a depository for OeKB or registration of Registered Domestic Notes in the name of any nominee for OeKB and delivery of the relevant Global Certificate to the depository, OeKB or the respective control securities depository will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Notes representing Domestic Notes that are initially deposited with the depository for OeKB may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with the Issuer or with other clearing systems through direct or indirect accounts with OeKB held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with OeKB or other clearing systems.

Global Notes and Global Certificates representing Domestic Notes may also be deposited with, or on behalf of, the Issuer or may be held by the investor.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, OeKB or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg, OeKB or such clearing system (as the case may be) for its share of each payment made by the Issuer to the bearer of such Global Note or the holder of the Global Certificate, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, OeKB or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the Global Certificate, as the case may be, in respect of each amount so paid.

The following discussion applies only to Notes which are governed by English law.

Exchange

1. Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (a) Part A of the relevant Final Terms indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (see "General Description of the Programme - Selling Restrictions"), in whole, but not in part, for the Definitive Notes defined and described below and
- (b) otherwise, in whole or in part upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement, for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Each temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Conditions in addition to any permanent Global Note or Definitive Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Registered Notes only.

2. Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under "Partial Exchange of Permanent Global Notes", in part for Definitive Notes or, in the case of 2(a) below, Registered Notes:

- (a) if the permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Fiscal Agent of its election to exchange the whole or a part of such Global Note for Registered Notes or
- (b) otherwise, (1) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an "Alternative Clearing System") and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due,

by the holder giving notice to the Fiscal Agent of its election for such exchange.

In relation to any issue of Notes which have a denomination consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount, and the relevant clearance system(s) so permit, the Notes will be tradeable only in the minimum Specified Denomination and such other higher integral multiples, notwithstanding that no definitive notes will be issued with a denomination above €99,000 (or its equivalent).

3. Global Certificates

If the Final Terms state that the Notes are to be represented by a Global Certificate on issue, transfers of the holding of Registered Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (a) if the Registered Notes represented by the Global Certificate are held on behalf of Euroclear, or Clearstream, Luxembourg or an alternative clearing system and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or
- (b) if principal in respect of any Registered Notes is not paid when due or
- (c) with the consent of the Issuer

provided that, in the case of the first transfer of part of a holding pursuant to 3(a) or 3(b) above, the holder of the Global Certificate has given the Registrar not less than 30 days' notice at its specified office of the intention of the holder of the Global Certificate to effect such transfer.

4. Partial Exchange of Permanent Global Notes

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system so permit, such permanent Global Note will be exchangeable at the cost of the Issuer in part on one or more occasions (1) for Registered Notes if the permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes, or (2) for Definitive Notes (i) if principal in respect of any Notes is not paid when due or (ii) if so provided in, and in accordance with, the Conditions (which will be set out in the relevant Final Terms and/or Supplement to the Prospectus) relating to Partly-paid Notes.

5. Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note or Global Certificate exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be or (iii) if the Global Note is a NGN, procure that details of such exchange be entered pro rata in the records of the relevant clearing system. In this Prospectus, "Definitive Notes" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of

interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

6. Exchange Date

"Exchange Date" means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

So long as the Notes are represented by a temporary Global Note or permanent Global Note and the relevant clearing system so permit, the Notes will be tradeable only in the minimum Specified Denomination and such other specified integral multiples, notwithstanding that no definitive notes will be issued with a denomination above €99,000 (or its equivalent).

Amendment to Conditions

The temporary Global Notes, the permanent Global Notes and the Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the Terms and Conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

1. Payments

No payment falling due after the Exchange Date will be made on any temporary Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership in the form set out in the Agency Agreement. All payments in respect of CGNs represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on such Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. If the Global Note is a NGN, the Issuer shall procure that details of each such payment shall be entered in the relevant proportions in the records of the relevant clearing system and the nominal amount of the Notes recorded in the records of the clearing systems and represented by the Global Note will be reduced accordingly. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. Condition 8(d) will apply to the Definitive Notes only. Global Notes will not bear interest coupons.

2. Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note or a Global Certificate will become void unless it is presented for payment within a period of five years (in the case of both principal and interest) from the appropriate Relevant Date (as defined in "Terms and Conditions of the Notes - Taxation").

3. Meetings

The holder of a permanent Global Note or of the Registered Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of the minimum Specified Denomination of Notes for which such Global Note may be exchanged. All holders of Registered Notes are entitled to one vote in respect of each Note comprising such Noteholder's holding, whether or not represented by a Global Certificate.

4. Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant permanent Global Note.

5. Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its Subsidiaries (as defined in the Terms and Conditions of the Notes) if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) set out in Part A of the relevant Final Terms.

6. Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a Global Note or Global Certificate shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the certificate numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), or the relevant Alternative Clearing System (as the case may be).

7. Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Global Note or Global Certificate may be exercised by the holder of the Global Note or Global Certificate giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised, and stating the principal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the Global Note or Global Certificate to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

8. NGN nominal amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and upon any such entry being made,

the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

9. Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 10 by stating in the notice to the Issuer the nominal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note or Registered Notes represented by a Global Certificate may elect for direct enforcement rights against the Issuer under the terms of a Deed of Covenant executed by the Issuer and the Fiscal Agent on 8 June 2011 to come into effect in relation to the whole or any part of such Global Note or one or more Registered Notes in favour of the persons entitled to such part of such Global Certificate, as the case may be, as accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note or, as the case may be, the Global Certificate and the corresponding entry in the register kept by the Registrar will become void as to the specified portion of Registered Notes, as the case may be. However, no such election may be made in respect of Notes represented by a Global Certificate unless the transfer of the whole or a part of the holding of Notes represented by that Global Certificate shall have been improperly withheld or refused.

10. Notices

So long as any Notes are represented by a Global Note or a Global Certificate and such Global Note or Global Certificate is held on behalf of Euroclear or Clearstream, Luxembourg, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note or Global Certificate, or, if required by mandatory law or stock exchange regulation, by means of an eligible information system.

11. Partly-paid Notes

The provisions relating to partly-paid Notes are not set out in this Prospectus but will be contained in the relevant Final Terms and thereby in the Global Notes and/or Global Certificates. While any instalments of the subscription moneys due from the holder of partly-paid Notes are overdue, no interest in a Global Note or Global Certificate representing such Notes may be exchanged for an interest in a permanent Global Note, for Definitive Notes (as the case may be) or Certificates. If any Noteholder fails to pay any instalment due on any partly-paid Notes within the time specified, the Issuer may forfeit such Notes and shall have no further obligation to their holder in respect of them.

The following discussion applies only to Notes which are governed by Austrian law:

Exchange

1. Temporary Global Notes

As regards the exchange of temporary Global Notes governed by Austrian law, the same description as for English law governed Global Notes applies (see above "Exchange - Temporary Global Notes"), save that no exchange for Definitive Notes shall be made.

2. Permanent Global Notes and Global Certificates

Permanent Global Notes and Global Certificates are not exchangeable for Definitive Notes or Registered Notes.

Amendment to Conditions

1. Payments

No payment falling due after the Exchange Date will be made on any temporary Global Note unless exchange for an interest in a permanent Global Note or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed on each Global Note. Global Notes will not bear interest coupons.

2. Partly-paid Notes

The provisions relating to partly-paid Notes are not set out in this Prospectus but will be contained in the relevant Final Terms and thereby in the Global Notes and/or Global Certificates. While any instalments of the subscription moneys due from the holder of partly-paid Notes are overdue, no interest in a Global Note or Global Certificate representing such Notes may be exchanged for an interest in a permanent Global Note, for Definitive Notes (as the case may be) or Certificates. If any Noteholder fails to pay any instalment due on any partly-paid Note within the time specified, the Issuer may forfeit such Note and shall have no further obligation to its holder in respect of it.

ERSTE GROUP BANK AG

Introduction

Erste Group Bank AG ("Erste Group Bank") is registered as a joint-stock corporation (*Aktiengesellschaft*) in the Austrian Companies Register (*Firmenbuch*) (the "Companies Register") at the Vienna Commercial Court (*Handelsgericht Wien*) and has the registration number 33209 m. The registered office of Erste Group Bank is Graben 21, 1010 Vienna, Austria, and its telephone number is +43-50100-0.

Erste Group Bank was established in 1819 as a "Vereinssparkasse" (association savings bank) under the name "Verein der Ersten österreichischen Spar-Casse" and, as the name suggests, was the first savings bank in Austria ("erste" means "first" in German). It was subsequently renamed "DIE ERSTE österreichische Spar-Casse - Bank" and its business was transformed into a stock corporation with the name "DIE ERSTE österreichische Spar-Casse Bank Aktiengesellschaft" ("Die Erste") in 1993. Die Erste changed its name to "Erste Bank der oesterreichischen Sparkassen AG" on 4 October 1997, following the merger of GiroCredit Bank Aktiengesellschaft der Sparkassen ("GiroCredit") with Die Erste which created the then second largest banking group in Austria.

On 9 August 2008, in accordance with the decision of the annual shareholders' meeting of 6 May 2008, the Austrian regional banking activities of Erste Group were de-merged and renamed Erste Bank der oesterreichischen Sparkassen AG ("Erste Bank Oesterreich"), and the parent company changed its name to Erste Group Bank AG. Erste Group Bank operates as the parent company and remains the sole company of Erste Group listed on a stock exchange in the EEA (see below "New Group Governance Structure" for more details).

Background

Erste Group Bank AG is the lead bank in the Austrian Savings Banks Sector. Erste Group is also a leading retail banking group in Central and Eastern Europe, where it serves approximately 17.4 million customers (for information on market shares of Erste Group in CEE, see "Erste Group Bank AG - Business Overview - Erste Group's Business Segments - Erste Group's Business in Central and Eastern Europe"). Total assets amounted to EUR 205.9 billion as of 31 December 2010.

Erste Group is a leading financial services provider in Austria and CEE. It provides a full range of banking and financial services, including deposit taking, lending, mortgage lending, investment banking, securities trading and derivatives business (on its own account and for its customers), portfolio management, project finance, international trade finance, corporate finance, capital and money market services, foreign exchange, leasing, and factoring.

"Erste Group" consists of Erste Group Bank, together with its subsidiaries and participations, including Erste Bank Oesterreich in Austria, Česká spořitelna in the Czech Republic, BCR in Romania, Slovenská sporiteľňa in the Slovak Republic, Erste Bank Hungary, Erste Bank Croatia, Erste Bank Serbia, Erste Bank Ukraine, Salzburger Sparkasse, Tiroler Sparkasse, S-Bausparkasse, other savings banks of the Haftungsverbund (see "Haftungsverbund" below), Immorent, and others.

Comprising approximately 3,200 branches, Erste Group employed 50,272 people worldwide as of 31 December 2010 (of which 1,478 people were employed by Erste Group Bank). Erste Group is active in its extended home market in Central and Eastern Europe, (in particular, and in addition to Austria, in the Czech Republic, Romania, the Slovak Republic, Hungary, Croatia, Serbia, and the Ukraine), as well as operating in the major financial centres of the world, such as New York, London and Hong Kong.

Share Capital of Erste Group Bank

By 31 December 2010, Erste Group Bank's share capital amounted to EUR 756 million divided into 378,176,721 no par value voting bearer shares (ordinary shares).

Erste Group Bank's shares are listed and officially traded (*Amtlicher Handel*) on the Vienna Stock Exchange, the Prague Stock Exchange and the Bucharest Stock Exchange.

In 2009, Erste Group Bank has issued participation capital with a total nominal value of EUR 1.76bn; EUR 1.224bn thereof were subscribed by the Republic of Austria and EUR 540mn thereof were subscribed by private and institutional investors.

Business Overview

Strategy

Erste Group's goal is to be a leading financial services provider with a clear focus on retail and SME banking in Austria and CEE. The strategic positioning of Erste Group has been shaped by its core strategies, which have been followed since the IPO of Erste Group Bank in 1997: (i) business focus – retail and SME banking, (ii) geographic focus – Central and Eastern Europe, and (iii) efficiency focus.

Business focus – retail and SME banking

A clearly defined business focus – retail and SME banking – lies at the core of Erste Group's operations. Retail and SME banking is attractive to Erste Group for a number of reasons: it offers a business case that is built on market leadership, a favourable risk reward profile and the principle of self-funding; comprehensive scope in terms of product offering, covering simple and understandable products with substantial cross-selling potential; and the opportunity to operate in well diversified markets both in terms of geography and maturity. In short, Erste Group believes that its retail and SME banking model allows for sustainable, self-funded and profitable growth even in economically challenging times.

Geographic focus – CEE

Initially, Erste Group defined its extended home market as Austria's neighbouring countries in Central Europe. In the next phase of its strategic development, Erste Group extended its home market to the adjacent regions (including any further potential EU candidates in Eastern and South-Eastern Europe). It now has significant operating subsidiaries in the Czech Republic, Romania, the Slovak Republic, Hungary and Croatia. Erste Group believes that the foremost requirement for succeeding in retail banking in this region is achieving a strong market presence. Accordingly, Erste Group does not intend to change this strategic objective due to the current international financial and economic crisis, as it believes that this strategy offers substantial and sustainable, long-term growth potential.

Efficiency focus

Erste Group's aim to work more efficiently across the group is a direct result of its rapid expansion. It also reflects the belief that a number of tasks are more efficiently carried out on a group-wide, standardised basis while sales efforts are best handled locally.

The organisational restructuring related to the group governance model was completed in 2008 and led to the spin-off of the Austrian retail and SME business into a stand-alone subsidiary – Erste Bank Oesterreich – and to the setup of an operating holding company. In addition to executing classic steering functions Erste Group Bank also became home to two operating divisions in the form of the newly established Global Markets (GM) and Group Corporate and Investment Banking (GCIB) divisions. This allows for group-wide coordination, improved market presence and regional as well as industry-specific customer service.

In contrast to Erste Group Bank the regional subsidiaries located in CEE countries as well as the spun-off Austrian customer business, Erste Bank Oesterreich, will run the local retail and SME businesses. In addition, group-wide platforms for regional business topics (e.g. retail cross-selling initiatives) will aim to ensure the adoption of best practices and exchange of experience across Erste Group.

Relationship with Austrian Savings Banks

The Austrian Savings Banks Sector comprises all savings banks in Austria, excluding Bank Austria. Bank Austria is legally organised as a savings bank and participates in the savings banks deposit insurance system and the Sparkassen-Prüfungsverband Prüfungsstelle is its statutory auditor.

The Banking Act requires savings banks to maintain a specified amount of their savings deposits and other Euro deposits ("Liquidity Reserve") with Erste Group Bank, as the central financial institution of the savings bank group. Due to a legal change required by the European Commission, savings banks may now keep the Liquidity Reserve with banks other than the relevant central financial institution. Nevertheless, as of 31 December 2010, all savings banks of the Austrian Savings Banks Sector kept their Liquidity Reserve with Erste Group Bank.

Erste Group Bank provides a wide range of services and products to the savings banks and their customers. These services and products include syndication services, risk management advice, support in legal matters, retail mortgage, investment fund products, portfolio and asset management services, as well as securities-related services.

Haftungsverbund

In 2002, the Haftungsverbund was formed on the basis of a set of agreements among the majority of the member banks in the Austrian Savings Banks Sector, including the Haftungsverbund-Grundsatzvereinbarung. The Haftungsverbund, as an integral part of the joint marketing strategy and co-operation of the Austrian Savings Banks Sector, is based on three pillars:

- joint product development and centralisation of processing functions, a uniform risk policy (including standardised credit risk classification), coordinated liquidity management and common standards of control;
- a joint early-warning system designed to identify financial difficulties at member savings banks, which also provides support mechanisms, including intervention in management to prevent such member savings banks from becoming insolvent; and
- a cross-guarantee for certain liabilities of member savings banks.

In 2007 and 2008, Erste Group Bank entered into further agreements, including the supplementary agreement (*Zusatzvereinbarung*), with all members of the Austrian Savings Banks Sector (except for Allgemeine Sparkasse Oberösterreich) that confer on Erste Group Bank, on a contractual basis, the possibility to exercise a controlling influence over these savings banks. These agreements were approved by the Austrian competition authority as mergers (*Zusammenschluss*) within the meaning of the EU Merger Regulation and the Austrian Cartel Act (*Kartellgesetz*). These mergers are designed to further strengthen the savings banks group's unity and performance, in particular by taking a joint approach in the following four main areas:

- the joint development of products and services;
- the creation of a uniform identity through a single-brand strategy;

- the standardisation of business and marketing strategies for retail and corporate banking; and
- the development of common management information and control systems and integration of central functions.

Erste Group Bank and Allgemeine Sparkasse Oberösterreich entered into a similar mutual liability agreement with the difference being that this agreement is an exclusive agreement between Erste Group Bank, Allgemeine Sparkasse Oberösterreich, and Erste Bank Oesterreich.

Erste Group Bank effectively controls the Steering Company through its 52% interest (held directly and indirectly through its 100% subsidiary Erste Bank Oesterreich) in the share capital (the remaining 48% being held by the other Austrian savings banks that are part of Haftungsverbund) and nomination rights for the management board (*Geschäftsführung*). The Steering Company is responsible for resolving on measures to support members saving banks in financial difficulties, to make compensation payments to customers as a trustee of the Haftungsverbund, and to enforce certain information and control rights vis-à-vis member savings banks. In addition to the provisions of the Haftungsverbund agreements and the supplementary agreements, the activities of the Haftungsverbund are also governed by several rule books setting forth detailed provisions in the fields of risk management, treasury and audit.

The Steering Company has four corporate bodies: the management board, the advisory board (*Beirat*), the shareholders' committee (*Gesellschafterausschuss*), and the shareholders' meeting (*Gesellschafterversammlung*). The management board comprises four managing directors, two of whom are nominated by Erste Bank Oesterreich and the other two by the other member savings banks. The chairman of the management board, who is nominated by Erste Bank Oesterreich, casts the deciding vote in the event of a deadlock. The shareholders' committee consists of fifteen members, eight of whom are nominated by Erste Bank Oesterreich and the remaining seven by the member savings banks. The shareholders' committee is primarily responsible for monitoring compliance with the supplementary agreement. In order to implement joint business and marketing strategies, working committees for various fields, such as internal audits, accounting, infrastructure and risk management have been established. The chairperson of each working committee is an employee of Erste Group Bank or Erste Bank Oesterreich.

The Haftungsverbund is designed to enable a common risk management approach and implementation across the Austrian Savings Banks Sector. This includes establishing general principles of business conduct, the determination of risk capacity for each member savings bank and the setting of risk limits. The Steering Company's governance rights include the following: prior approval by the Steering Company of appointments to the management boards of member savings banks; prior approval by the Steering Company of annual budgets and capital expenditure plans; prior approval of significant changes of the business of a member savings bank; and, in case of continuing non-compliance with material provisions of the Haftungsverbund agreements and policies, expulsion from the Haftungsverbund.

The member savings banks share an IT platform and a common management reporting system. This allows the Steering Company to generate comprehensive reports regarding the operations and financial condition of each member savings bank, data regarding key performance indicators as well as risk profiles on both an individual savings bank and on an aggregate basis. Depending on the information being collected, these analyses are performed on a quarterly, monthly and even daily basis.

A key focus of the Haftungsverbund is the early warning system. If the risk monitoring systems indicate that a member savings bank may experience financial difficulties, the Steering Company will alert that particular member savings bank and discuss remedial

measures. To date, the Haftungsverbund has been able to address situations of most concern through the early warning system.

If a member encounters serious difficulties, the Steering Company has the power to intervene in the management of the affected member savings bank and to require other member savings banks to provide such support and assistance as the Steering Company determines. Economic problems are deemed to exist in the following scenarios: (i) if the core capital ratio (as defined in the Banking Act) drops below 5% or the solvency ratio (as defined in the Banking Act) falls below 8.5% for the prior three months, (ii) if there is no pre-tax profit for the year, (iii) if a 20% drop in managed customers' funds occurs compared to the respective monthly period of the preceding year or if such funds have, compared to the two preceding years, decreased to an extent that indicates a material and lasting loss of market share or (iv) if the return on equity in the preceding business year is below the average of twelve months' EURIBOR over the preceding three full business years. The Steering Company may order and implement support measures in the event that a member savings bank experiences financial difficulties. Such support measures include, *inter alia*, the implementation of certain restructuring measures, the engagement of outside advisors, injections of liquidity, the granting of subordinated loans, the assumption of guarantees, and the contribution of equity. In providing any such support measures, the Steering Company may require that the management board of a member savings bank in financial difficulties is supplemented by additional members until the financial difficulties have been resolved or that individual members of such management board are removed and substituted.

In the event that a member savings bank becomes insolvent, the other members guarantee, through the Steering Company, the payment of all amounts owed to customers by the insolvent member, including:

- all deposits (as defined in section 1 paragraph 1, No. 1 of the Banking Act);
- all monetary claims based on credit balances from banking transactions; and
- all monetary claims from the issuance of securities,

unless the relevant amounts are owed to a credit institution. This guarantee is also subject to the cumulative limit on members' obligations referred to below.

Each of the member savings bank has made a commitment to contribute funds up to a maximum cumulative amount of 1.5% of the member's risk-weighted assets, determined on a non-consolidated basis and based on the previous financial statement of the member, plus 75% of the member's anticipated pre-tax profits for the current financial year in case of insolvency of a member savings bank.

Each member savings bank has a right to terminate the Haftungsverbund-Grundsatzvereinbarung and the supplementary agreement if it notifies Erste Group Bank within a period of twelve weeks after the occurrence of a change of control at Erste Group Bank. A change of control at Erste Group Bank is defined as any acquisition of more than 25% of the voting rights in or outstanding shares of Erste Group Bank by a non-member of the Austrian Savings Bank Sector. If a termination of the Haftungsverbund-Grundsatzvereinbarung and the supplementary agreement becomes effective, the relevant member savings bank would cease to be a member of the Haftungsverbund.

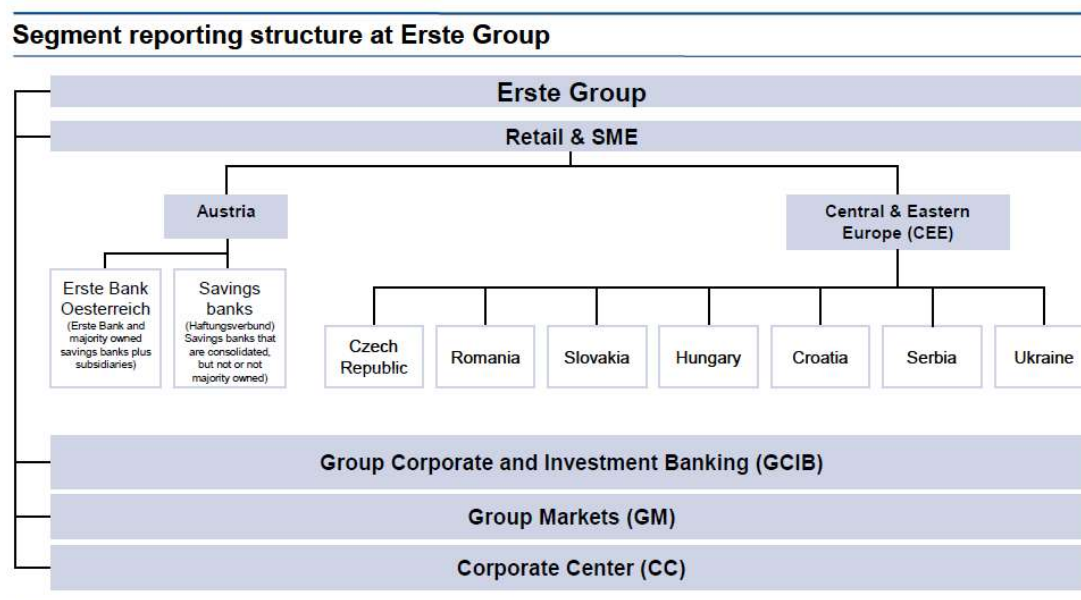

Erste Group's Business Segments

Segment reporting of Erste Group follows the IFRS presentation and measurement requirements. There are four main segments: (i) Retail & SME, (ii) Group Corporate & Investment Banking, (iii) Group Markets, and (iv) Corporate Center.

The Retail & SME segment is subdivided into the individual regional businesses focusing on Erste's local customer business. To improve transparency and to be consistent with current reporting, the Austrian segment is split into the new Erste Bank Oesterreich (including local subsidiaries) and the savings banks consolidated under the Haftungsverbund. In Central and Eastern Europe, all the subsidiaries continue to be reported on individually.

The Group Corporate & Investment Banking segment includes all large corporate customers in Erste Group's region with a GDP weighted turnover of more than EUR 175 million. The Group Markets segment includes divisionalised business lines like Group Treasury and Debt Capital Markets. The Corporate Center segment contains Group services such as marketing, organisation and information technology, as well as other departments supporting the execution of group strategy. In addition consolidation items and selected non-operating items are allocated to this segment. Additionally, Group Balance Sheet Management unit forms part of the Corporate Center segment. The result of local asset/liability management units remains with the respective local segments.

Banca Comercială Română S.A.

Banca Comercială Română S.A. ("BCR") is the leading financial services group in Romania. The bank serves approximately 4.3 million retail and corporate customers and operates a network of 667 branches (as of 31 December 2010). The market share in terms of net assets reached 19.8% at the end of the year 2010. BCR's market shares in total banking loans and total banking deposits amounted to 22.2% and 19.8%, respectively. (Source: Romanian National Bank)

Since its acquisition by Erste Group Bank BCR's strategy has been to maintain its leading market position by further improving its sales channels as well as back office processes. Several projects and activities such as the extension of card business, implementation of alternative channels (internet banking, etc.), retail and corporate process reengineering, setup of a local data warehouse in combination with an increased data quality effort, as well as the ongoing implementation of Basel II and a group performance model have remained top priorities since then.

Credit Risk

Credit exposure represents the total of the following balance sheet items: loans and advances to credit institutions, loans and advances to customers; debt securities included in trading assets and at fair value through profit or loss, available for sale and held-to-maturity derivatives; and credit risks held off-balance sheet (including undrawn credit commitments).

Credit risk by risk class

From 31 December 2009 to 31 December 2010, the percentage of total exposure increased for the low risk category (1.3%) and for the non-performing category (17%). The later category, as a share of total exposure (i.e. 'NPL ratio') showed a marked increase from 4.1% to 4.7%. Of Erste Group's total credit exposure, 80% constituted the best risk category and 12% was in the management attention category; the combined proportion of the two poorer risk categories rose from 7.7% to 8% from 31 December 2009 to 31 December 2010.

The following table presents the total credit risk exposure of Erste Group by risk category as of 31 December 2010, compared with total credit exposure as of 31 December 2009.

Credit risk by sector

In 2010, the private households represented the largest risk volume followed by financial and insurance services, public administration and real estate. The four largest sectors together accounted for more than two-thirds of total credit exposure of Erste Group. The next highest exposures were found in the manufacturing and trade sectors. Compared to 2009, the Public Administration sector accounts for the largest increase in exposure during the previous year.

Basel II/ Basel III

Having passed the required audit conducted by the Austrian supervisory authority in 2006, Erste Group (including almost all Haftungsverbund savings banks as well as Česká spořitelna a.s.) successfully qualified for Basel II advanced internal ratings based (IRB) approaches to the measurement of credit risk, effective from the coming into force of the new regulations on 1 January 2007. For credit risk purposes, Erste Group applies the Advanced IRB Approach in the retail segment and the Foundation IRB Approach in all other Basel segments. In 2008, these standards were also adopted by Erste Bank Hungary Nyrt. and Slovenská sporiteľňa a.s and have also been adopted by Erste Bank Croatia as of 1 July 2009.

According to the current rollout plan for Erste Group, the transition from the Standardised Approach to the IRB Approach was made in 2010 for s-Wohnbaubank in Austria.

For operational risk purposes, Erste Group received regulatory approval to use the AMA (Advanced Management Approach) at group level for five entities (Erste Group Bank AG, Erste Bank der oesterreichischen Sparkassen AG, Česká spořitelna a.s., Slovenská sporiteľňa a.s and Erste Bank Hungary Nyrt) in the first half of 2009. At the beginning of October 2010, further three entities (Banca Comerciala Romana S.A., Erste& Steiermärkische Bank d.d., Rijeka and Erste Leasing Hungary) were granted the approval to use AMA . Other major subsidiaries which are currently using the Basic Indicator Approach intend to apply for AMA in the future.

Regulatory changes planned for the coming years (commonly known as Basel III) are closely monitored by Erste Group. Erste Group participated in the Quantitative Impact Study (QIS) of Basel III in 2010 and has undertaken further analysis and preparation activities in order to ensure a timely implementation of those changes.

Erste Group Bank is not aware of any conflicts of interests between any duties to Erste Group Bank of members of the Supervisory Board or Managing Board and their private interests and/ or other duties.

Shareholders of Erste Group Bank

Erste Group Bank's major shareholder, DIE ERSTE österreichische Spar-Casse Privatstiftung, is a private foundation which was created by the transformation of DIE ERSTE Österreichische Spar-Casse Anteilsverwaltungssparkasse, a special form of savings bank holding company, with effect as of 19 December 2003. Such type of transformation is provided for under the Savings Bank Act. As of 30 April 2011 the major shareholders of Erste Group Bank are DIE ERSTE österreichische Spar-Casse Privatstiftung (25.3%) and Criteria CaixaCorp, S.A. (10.1%). The free float amounts to 64.6% (of which all savings banks in aggregate hold 4.4% and Erste Group's employees hold 2.3%).

LEGAL PROCEEDINGS

Erste Group Bank and some of its subsidiaries are involved in legal disputes, most of which have arisen in the course of its ordinary banking business. These proceedings are not expected to have a significant negative impact on the financial position or profitability of Erste Group and/or Erste Group Bank. Erste Group is also subject to the following ongoing proceedings:

Haftungsverbund

In 2002, Erste Group Bank formed the Haftungsverbund with the majority of the Austrian savings banks. The purpose of the Haftungsverbund is to establish a joint early-warning system as well as a cross-guarantee for certain liabilities of member savings banks and to strengthen the group's cooperation in the market. In competition proceedings before the Austrian cartel court (the "Cartel Court"), both a competitor of Erste Group Bank and the Austrian federal competition authority requested the court to set aside the Haftungsverbund agreements because of an alleged infringement of Article 81 of the EC Treaty (now Article 101 of The Treaty of the functioning of the European Union/TFEU).

In March 2007, the Supreme Court issued a decision confirming that the agreements that constitute the Haftungsverbund are for the most part in compliance with Article 81 of the EC Treaty. However, the Supreme Court held certain provisions to be anticompetitive on their merits. In its findings, the Supreme Court did not cite any explicit measures that needed to be implemented by Erste Group Bank and the other parties.

In April 2008, Erste Group Bank and the Cartel Court reached an understanding on the necessary adjustments to be made. This understanding (commitments within the meaning of section 27 Cartel Act relating primarily to the sharing of data that might have competitive value) was challenged by Erste Group Bank's competitor before the Supreme Court. In October 2008, the Supreme Court set aside the decision of the Cartel Court due to a procedural error and remanded the case to the Cartel Court for reconsideration. Neither the commitments (assuming they are upheld) nor the preceding decision of the Supreme Court affect the consolidation of the Qualifying Capital of the savings banks nor their inclusion as subsidiaries in the consolidated financial statements in accordance with IFRS of Erste Group Bank.

Stockholm arbitration proceedings

In 2009 a former corporate borrower has initiated arbitration proceedings in Stockholm against a group of lenders, including Erste Group Bank. The plaintiff alleges that arrangements entered into at the peak of the financial crisis between the borrower and the lenders, following the borrower's default, which resulted in the forgiving of the loan - loan amount Erste Group Bank: SEK 400 million - and the transfer of ownership to the lenders of shares in a listed Swedish company should be declared null and void and that the total current value of the shares and compensation for further alleged losses following from such transfer are due to it. With regard to Erste Group Bank, the claimant requested payment in the region of SEK 1 bn, and has since varied its claims in different ways. Erste Group Bank rejects the claim in its entirety as unfounded. In March 2011 the Arbitral Tribunal has handed down the Final Award in which it rejects the claims of the plaintiff.

Hungarian Holocaust litigation

In 2010 a group of attorneys has filed a complaint with a U.S. court on behalf of victims of the Holocaust or their heirs against several Hungarian banks in relation to the persecution of Jews in Greater Hungary in 1944. Also Erste Group Bank is named as a defendant. The plaintiffs essentially claim that Hungarian banks improperly benefited from wartime Jewish assets and held on to these assets until today. The assets claimed total \$2 billion in 1944 dollars. The plaintiffs allege that Erste Group Bank is the legal successor to a number of banks that were active during that time in Greater Hungary. Erste Group Bank rejects the

claim. Neither Erste Group Bank nor its Hungarian subsidiary bank, which was founded only decades after the end of World War II, view themselves as legal successors to any of the banks mentioned in the complaint. Erste Group Bank does not see any basis for a U.S. court having jurisdiction in this matter. In February 2011 the United States submitted a Statement of Interest to the court recommending dismissal of the claims against Erste Group Bank.

MATERIAL CONTRACTS

Since 31 December 2010, Erste Group Bank has not entered into material contracts, other than contracts entered into in the ordinary course of business.

THE AUSTRIAN BANKING SYSTEM

Overview

Austria's banking system, like that of other continental European countries, comprises a diverse array of financial institutions. The Austrian banking industry is divided into seven "sectors" according to the legal status of a bank and classification in a sector association: (i) Sparkassen (savings banks), (ii) Raiffeisenbanken (agricultural credit co-operatives), (iii) Landes-Hypothekenbanken (provincial mortgage banks), (iv) Volksbanken (trade credit co-operative banks), (v) Aktienbanken und Bankiers (commercial banks), (vi) Sonderbanken (specialist banks) and (vii) Bausparkassen (building societies). Changes in banking practices generally, and in Austrian banking law specifically, have contributed to an erosion of the original distinctions between the sectors. Today, commercial banks, savings banks and co-operative banks all engage in substantially similar business; however, each has its separate deposit insurance system and may have different business policies. Erste Group Bank is a member of the Austrian Savings Banks Sector.

The structure of Austria's banking system is characterised by a large number of small banks, a smaller number of medium to large banks and the absence of any banks of international scale other than Erste Group Bank, UniCredit Bank Austria AG, which is a subsidiary of Unicredito Italiano S.p.A and the financial holding company Raiffeisen International Bank-Holding AG which was recently merged with parts of Raiffeisen Zentralbank Österreich AG (RZB) and which now is part of the newly formed Raiffeisen Bank International AG (RBI). In 2010, the Austrian banking system consisted of 843 independent banks with a total of 4,180 branches and estimated total assets of EUR 978.6 billion (Source: Website of the Austrian National Bank reviewed on 26 April 2011).

Savings Banks

Of the seven banking sectors, the Austrian Savings Banks Sector is the third largest, accounting for approximately EUR 162.9 billion of total assets (excluding Bank Austria which is legally established as a savings bank) as of 31 December 2010) (Source: Website of the Austrian National Bank reviewed on 26 April 2011: www.oenb.at - "Statistics and Reporting" – "Statistical Data" – "Financial Institutions" – "Banks" – "Banks' Business Structure" – "Banks' Balance Sheets" - "Joint stock banks and private banks, savings banks, state mortgage banks"). The Austrian Savings Banks Sector then comprised the independent savings banks (excluding Bank Austria), with Erste Group Bank operating as the central financial institution of the Austrian Savings Banks Sector.

Austrian savings banks were historically subject to geographical restrictions on their operations, which contributed to the development of a savings banks sector characterised by a large number of small, local savings banks. Savings banks were established either by a benevolent association (*Verein*), or by a community (*Gemeinde*). The historical role of both the Verein and the Gemeinde with respect to Vereinssparkassen (association savings bank) and Gemeindesparkassen (community savings bank) was to provide the foundation capital for the savings bank and to act in a supervisory capacity. The principal difference between a Gemeindesparkasse and a Vereinssparkasse is that creditors of a Gemeindesparkasse and of its operating savings bank stock corporation have the benefit of a municipal deficiency guarantee and that, to an extent, a Gemeindesparkasse and its operating savings bank stock corporation are influenced by their municipality, whereas a Vereinssparkasse has no such guarantee and is wholly independent of the municipalities.

These deficiency guarantees were abolished by law as follows: Liabilities existing as of 2 April 2003 will continue to be covered until their maturity. Liabilities entered into between 2 April 2003 and 1 April 2007 will be covered if the agreed maturity date is 30 September 2017 at the latest. As the savings banks traditionally did not expressly use this guarantee to reduce their costs of financing, no major impact is expected to result from the

revocation of this guarantee. Only 10 smaller savings banks are affected by the revocation of the guarantee.

In 1986, an amendment to the Banking Act 1979 permitted a savings bank to reorganise as a joint-stock company in order to enable transfers of shares or to raise capital. Such reorganisation involved the creation of an *Anteilsverwaltungssparkasse* (special savings bank holding company) which holds the shares in the relevant operating savings bank stock corporation. In 1993, Erste Group Bank changed its structure accordingly.

Such an *Anteilsverwaltungssparkasse* may opt to transform into a privately organised foundation. For *Gemeindesparkassen* the deficiency guarantee then only covers liabilities assumed until the 31 December following the registration of the foundation.

On 19 December 2003, DIE ERSTE österreichische Spar-Casse Anteilsverwaltungssparkasse was transformed into a private law foundation named DIE ERSTE österreichische Spar-Casse Privatstiftung.

Regulation and supervision

The structure of the regulation and supervision of the Austrian banking system is set forth in a number of statutes, including the Austrian Financial Market Supervision Act 2001 (*Finanzmarktaufsichtsgesetz*), the Banking Act (*Bankwesengesetz*), the Austrian National Bank Act 1984 (*Nationalbankgesetz*), the Austrian Savings Bank Act 1979 (*Sparkassengesetz*), the Financial Conglomerates Act (*Finanzkonglomeratengesetz*), the Austrian Mortgage Bank Act 1899 (*Hypothekenbankgesetz*) and the Austrian Securities Supervision 2007 (*Wertpapieraufsichtsgesetz*), each as amended.

The Austrian Financial Market Supervision Act assigns the responsibility for the supervision of credit institutions, insurance companies, financial conglomerates, investment firms and exchanges, investment funds and pension funds to the FMA. Under the Banking Act, regulation and supervision of Austrian credit institutions and the branches of non-EU credit institutions in Austria are the responsibility of the FMA assisted by the Oesterreichische Nationalbank (Austrian National Bank, the central bank of Austria), which has the competence to make on-site bank audits. The FMA may take a variety of actions under the Banking Act to supervise credit institutions on a comprehensive and consolidated basis. In order to enable the FMA and the Austrian National Bank to fulfil their obligations, credit institutions must, amongst other requirements, prepare monthly interim balance sheets and quarterly profit and loss statements and submit annual audit reports.

The FMA is subject to supervision by the Minister of Finance. The management board of the FMA consists of two members, who are nominated by the Minister of Finance and the Austrian National Bank, respectively, and are appointed by the Austrian federal president upon proposal by the federal government. A supervisory board consisting of eight members, two of whom have no voting rights, approves the FMA's budget, financial statements, top employees and other important matters. The expenses of the FMA are borne primarily by the supervised credit institutions, companies and funds, whilst the Austrian federal government bears a minor fixed portion thereof.

The FMA is afforded an array of powers to regulate and supervise the Austrian banking system. These powers include the power to require the delivery of certain reports, to inspect credit institutions, to require audits, and to appoint certain officers and advisers to assist in the discharge of regulatory and supervisory duties. The FMA may use the auditors of the Austrian National Bank to perform an audit of a credit institution, including its branches and representative offices outside Austria. Since 1 January 2008, the Austrian National Bank is solely responsible to undertake on-site audits of credit institutions upon instruction by the FMA. Any credit institution operating in Austria that is subject to regulation and supervision by the FMA may be subject to an order by the FMA if there is reason to doubt such credit institution's ability to fulfil its obligations to its customers. By such an order, which may be

effective for up to 18 months, the FMA may (i) prohibit withdrawals of capital or profits from the credit institution (in whole or in part), (ii) appoint a government commissioner authorised to prohibit all business which could be prejudicial to the safety of the interests of customers of the credit institution, (iii) prohibit further management of the credit institutions by such credit institution's existing management board or (iv) prohibit (in whole or part) further business of the credit institution.

State commissioners

The Banking Act requires the Minister of Finance to appoint a state commissioner and a deputy state commissioner to assist in the supervision and regulation of Austrian credit institutions that have a total balance sheet of more than EUR 375 million in total assets (at balance sheet value), of all savings banks and, under certain circumstances, of credit institutions organised as limited liability companies (*GmbH*). The role of the state commissioner is to ensure that these credit institutions do not make decisions at shareholders' and supervisory board meetings which in their view violate federal laws, regulations, other provisions or decisions (*Bescheide*) by the Federal Minister of Finance or the FMA. If a state commissioner objects to any resolution proposed at a shareholders' meeting or a meeting of the supervisory board, then the state commissioner has to notify the FMA immediately. The effectiveness of such resolution is suspended until the FMA makes a determination as to its validity (within one week after application by the credit institution).

Mortgage banks (*Hypothekenbanken*) are subject to inspection by trustees and deputy trustees appointed by the Minister of Finance in accordance with the Mortgage Bank Act 1899. The trustees and the deputy trustees are charged with the responsibility for determining compliance with legal requirements for the registration of certain assets covering obligations of Erste Group Bank under *Pfandbriefe* (Mortgage Bonds) and *Kommunalschuldverschreibungen (Öffentliche Pfandbriefe)* (Public-Sector Covered Bonds). Commissioners appointed by the Minister of Finance are also responsible for monitoring compliance by Erste Group Bank with the legal requirements for segregation of assets and security provided for covered bonds (*fundierte Bankschuldverschreibungen*) pursuant to the Act on Covered Bank Bonds 1905.

The Austrian National Bank and the European System of Central Banks

The Austrian National Bank is the central bank of Austria and is mandated by law to assist the European Central Bank. Whereas the European Central Bank decides on the principal monetary issues of the European Monetary Union, the Austrian National Bank, as a member of the European System of Central Banks, executes the directives and regulations of the European Central Bank. Moreover, it co-operates with the FMA in supervising Austrian credit institutions.

In addition to its functions as the central bank and as an institution within the European System of Central Banks, the Austrian National Bank reviews reports filed by credit institutions. Detailed foreign currency statistics concerning the foreign currency position of all Austrian credit institutions are compiled by the Austrian National Bank and provide it with an indication of the business volume of the large Austrian credit institutions.

Minimum reserves

In accordance with EU Regulations, the European Central Bank prescribes by decree minimum reserves to be maintained by Austrian credit institutions with the Austrian National Bank. These minimum reserve requirements apply to the following liabilities denominated in euro: (i) deposits, (ii) debt securities, and (iii) money market certificates. Certain exemptions apply. The required reserve ratio ranges between 2.5% for short-term liabilities and liabilities due within 6 months and 20% for liabilities due within 36 months. Failure by a credit institution to meet the minimum reserve requirements exposes the credit institution to fines or interest penalties.

Statutory deposit insurance scheme

Austrian law requires that any credit institution which receives deposits requiring a guarantee under applicable law must join the insurance scheme of its sector within the banking system. Failure of a credit institution to join the relevant insurance scheme results in the lapse of the credit institution's licence to conduct a business involving the acceptance of deposits requiring a guarantee under applicable law in Austria. Payments made by an insurance scheme to restore insured deposits are met by contributions from each member credit institution in the relevant sector. Each bank's contribution is determined in proportion to the aggregate amount of such credit institution's deposits, subject to a maximum contribution amount equal to 1.5% of the calculation basis pursuant to section 22 paragraph 2 of the Banking Act, plus 12.5 times the own funds requirement for certain positions of the trading book pursuant to section 22o paragraph 2 Nos 1, 3 and 6 of the Banking Act, each as per the most recent balance sheet date.

In the event that the aggregate maximum amount that a sector's members can be called upon to contribute is less than the payment liability under the insurance scheme, each deposit insurance scheme of the other banking sectors will contribute a pro rata portion of the amount then remaining unpaid. The participation of each insurance scheme is to be determined as per the previous paragraph. If the amount contributed by all insurance schemes is insufficient to make the required payment, then the insurance scheme that is primarily obligated to repay such protected deposits must issue bonds to cover any amount then remaining unpaid. The Republic of Austria may accept liability for such bonds.

The insurance scheme currently insures deposits of private individuals up to 100% capped at EUR 100,000 and deposits of legal persons up to EUR 20,000 or equivalent, except that deposits of certain SME's are insured at EUR 50,000 or equivalent. Deposits of legal entities are always capped with 90%, subject to such maximum amount and are to a certain extent excluded from the scope of the scheme. Deposits not exceeding EUR 2,000 will be repaid in chronological preference to deposits of a greater amount.

Haftungsverbund

Effective 1 January 2002, the majority of the Austrian savings banks, excluding Bank Austria, formed a common risk management system, early warning system and customer deposit insurance scheme. The customer deposit insurance scheme materially expanded the credit institutions' obligations beyond the legally prescribed amount per depositor. This arrangement, called the Haftungsverbund (literally translated "cross-guarantee system"), ensures enforcement of payments by transferring control of the system to Haftungsverbund GmbH, an entity in which Erste Group Bank is required to hold at least 51% of the shares, and the other savings banks own the remainder. The right to determine risk policies and, in case of serious difficulties of a member, the right to intervene in management was also transferred to Haftungsverbund GmbH. For more details on the Haftungsverbund, see page 138.

Financial statements and audits

Austrian credit institutions, and credit institutions operating in Austria, are required to submit financial statements, including the audit reports thereon, to the FMA and the Austrian National Bank.

Austrian listed companies must prepare consolidated financial statements in accordance with IFRS as adopted by the European Union. Austrian bank accounting standards differ from IFRS mainly in respect of a reduced use of fair values and less comprehensive tax deferrals.

All financial statements of credit institutions must be audited by a bank auditor, who is either a certified public accountant or the auditing office of one of the specialised auditing institutions of the relevant sector. The consolidated and separate financial statements of Erste Group

Bank, as a savings bank stock corporation, have been audited by Sparkassen-Prüfungsverband Prüfungsstelle (the Savings Banks' auditing agency) as statutory bank auditor. The 2007, 2008, 2009 and 2010 audits were performed jointly with Ernst & Young Wirtschaftsprüfungsgesellschaft m.b.H. which has been elected by the shareholders' meeting of Erste Group Bank in 2006, 2007, 2008 and 2009 to act as an additional auditor. The financial statements until 2006 were audited by a member firm of Deloitte Touche Tohmatsu. The audited financial statements, the contents of which are prescribed by law, must be published in the *Amtsblatt zur Wiener Zeitung* (the Austrian official gazette), the official publication medium in Austria.

Bank auditors are also required to examine the timely and complete compliance with all relevant banking regulations. The result of this audit is attached to the long form audit report as a separate bank supervision audit report.

Capital adequacy requirements

In June 2004, the Basel Committee published the "International Convergence of Capital Measurement and Capital Standards, a Revised Framework" ("Basel II") that aims to align the risk of a bank's loan portfolio more closely with the capital reserves that it is required to set aside against unexpected losses. Basel II is built on three interlocking pillars ("Pillar 1", "Pillar 2" and "Pillar 3"), minimum capital requirements, supervisory review and market discipline. Taking this into account, the European Parliament and the Council have published Directive 2006/48/EC of 14 June 2006 relating to the taking up and pursuit of the business of credit institutions which has been implemented in the Banking Act (entering into force on 1 January 2007) and the Solvability Regulation (*Solvabilitätsverordnung*) published by the FMA on the basis of the Banking Act.

Under such risk-based capital adequacy rules, credit institutions and credit institution groups must have at their disposal Qualifying Capital (as defined below) equal to the total capital requirement which is the sum of (i) 8% of the calculation base for credit risk (ii) the risk positions of the trading book, (iii) the commodity positions risk and foreign exchange risk for positions outside the trading book, (iv) operational risk, and (v) any participations exceeding a certain threshold and potential risks stemming from a violation of the Banking Act as imposed by the FMA.

The Banking Act defines "Qualifying Capital" as consisting principally of (i) paid-in capital, (ii) disclosed reserves, (iii) funds for general bank risks, (iv) hybrid capital, (v) hidden reserves, (vi) participation capital, (vii) supplementary capital, (viii) subordinated capital, (ix) short-term subordinated capital, (x) revaluation reserves and (xi) the commitments of members of co-operative banks to make additional contributions quantified in relation to their shareholdings. Certain losses, certain intangible assets and certain investments in other banks, insurance companies or financial institutions are required to be deducted in computing Qualifying Capital.

"Core Capital", as applied to Erste Group Bank, consists of (i) paid-in capital (which includes *inter alia* share capital and participation capital), (ii) disclosed reserves and (iii) funds for general bank risks, less losses and intangible assets. The Banking Act requires that the aggregate amount of the elements comprising Qualifying Capital, other than those elements which are part of Core Capital, must not exceed the Core Capital. In addition, the sum of subordinated capital may not exceed 50% of the Core Capital. Core Capital reflects the same concept as "tier-1 Capital" and Qualifying Capital other than Core Capital reflects a concept similar to "tier-2 Capital" (as such terms are used in the United Kingdom and the United States capital adequacy rules).

The calculation base for credit risk is the sum of risk-weighted exposure amounts and encompasses assets, certain off-balance sheet items and derivatives, excluding positions of the trading book. The calculation base has to be computed either by use of the standardised

approach or the Internal Ratings Based approach (both such approaches as provided for in the Banking Act and the Solvability Regulation issued by the FMA).

Erste Group Bank has been examined by the FMA and the Austrian National Bank and is, following a positive assessment of the Internal Ratings Based approach concerning all portfolios, entitled to determine the calculation base for credit risk as of 1 January 2007 using the Internal Ratings Based approach. The approval by the FMA has no expiry date. The Internal Ratings Based approach may also be used on a consolidated basis for Česká spořitelna and the Austrian members of the credit institute group, save that the branches of Kärntner Sparkasse AG in Italy and several subsidiaries (ecetra Central European e-Finance AG, the capital investment entities and ancillary business entities) continue to use the standardised approach. For the other members of the credit institute group, Erste Group Bank has agreed with the FMA on a roll-out plan for implementing the use of the Internal Ratings Based approach.

Capital adequacy rules must be met not only by a credit institution on its own, but also by the credit institution's group, i.e., the credit institution together with all other subsidiary credit institutions, financial institutions, investment firms, ancillary financial services companies and hybrid capital vehicles. Savings banks, that are members of the Haftungsverbund, are included in Erste Group for capital adequacy purposes.

According to the Financial Conglomerates Act (*Finanzkonglomeratengesetz*) of 2004 which is based on the EU Directive and which came into force on 1 January 2005, Erste Group was considered a financial conglomerate. Regarding the capital requirement according to the Financial Conglomerates Act, Erste Group had a surplus regulatory capital of EUR 1,935.5 million as of 31 December 2007. After the sale of the insurance business of Erste Group to WIENER STÄDTISCHE Versicherung AG Vienna Insurance Group, Erste Group ceased to be a financial conglomerate effective 15 August 2008.

Through an amendment of the Banking Act, the FMA received the power to require a credit institution or a credit institution group to take appropriate measures including to raise additional tier-1 capital if it has not adequately limited its banking and operational risks and an adequate assessment and mitigation of such risks in short-term by the credit institution or the credit institution group can not be expected.

The Austrian Banking Act

In addition to specifying the capital adequacy rules, the Banking Act, as amended, imposes other requirements and restrictions on Austrian credit institutions, including reporting requirements, liquidity requirements, open foreign currency positions, large exposures and restrictions on participations.

Periodical reports

Austrian credit institutions are required to file a number of reports with the FMA, including periodical monthly and quarterly reports. In addition, reports must also be filed to report any hidden reserves or credit in excess of certain amounts. The form of all reports is established by an implementing ordinance. All reports are delivered to the Austrian National Bank, which reviews them and provides to the FMA an opinion as to whether the regulations on solvency, qualifying capital, liquidity, open foreign currency positions, large exposures and participations have been observed.

Liquidity

The Banking Act requires each credit institution to establish company-specific finance and liquidity planning. The liquidity plan must generally set forth the programme that enables the credit institution to react to possible disparities between incoming and outgoing payments and to changes in market conditions. The terms of claims and obligations of each credit institution

must be structured to provide for changing interest rates and maturity trends. In addition to these general regulations, the Banking Act requires credit institutions to retain minimum liquid resources of both first degree and second degree and to submit a detailed calculation plan for the foregoing.

Large exposures

If the assets and off-balance sheet items with regard to a single client or group of connected clients exceed 10% of a credit institution's Qualifying Capital, then a large exposure exists within the meaning of the Banking Act. In principle, a large exposure may not exceed 25% of the accountable Qualifying Capital of a credit institution and of the respective credit institution group. Moreover, no large exposure may exceed either 25% of the Qualifying Capital or EUR 150 mn if the total amount does not exceed 25% of the Qualifying Capital, if it is made to the parent company or a subsidiary of the parent or the credit institution. A credit institution's aggregate large exposures may not exceed 100% of its accountable Qualifying Capital.

Qualified participations

A qualified participation is a holding by a bank, whether direct or indirect, of at least 10% of the capital or voting rights of a company. The possibility of exercising a significant influence over the management of a company may also cause the company to constitute a qualified participation of the bank. Qualified participations in non-banks (with certain exceptions, in particular insurance companies) may not be held by credit institutions or a group of credit institutions if the value of the qualified participation exceeds 15% of the accountable Qualifying Capital of such credit institutions or group. Moreover, the total carrying value of qualified participations may not exceed 60% of the Qualifying Capital of a credit institution or a group of credit institutions. In certain circumstances, these limitations may be exceeded.

Interbank Market Support Act 2008 - Financial Market Stabilisation Act 2008

Under the Federal Act regarding the strengthening of the Interbank Market (Interbank Market Support Act, the "IBSA") and the Federal Act regarding the stabilisation of the Financial Market (Financial Market Stabilisation Act, the "FinStaG") 2008 the Federal Minister of Finance (the "Minister of Finance") has been granted certain powers in relation to Austrian credit institutions (such as Erste Group Bank) and insurance undertakings. Under the IBSA, Erste Group Bank has established a EUR 6 billion debt issuance programme in relation to issues of notes guaranteed by the Republic of Austria.

Under the FinStaG, Erste Group has issued participation capital to the Republic of Austria, see above on page 137.

Remuneration

Directive 2010/76/EU of the European Parliament and of the Council of 24 November 2010 amending Directives 2006/48/EC and 2006/49/EC as regards capital requirements for the trading book and for re-securitisations, and the supervisory review of remuneration policies ("CRD III") has recently been implemented in Austria by way of amending the Austrian Banking Act which entered into force on 1 January 2011. The implementation of CRD III provides for principles and rules on the remuneration of the staff of banks and is aimed to facilitate the review of remuneration policies, employment contracts and incentive schemes for identified staff.

TAXATION

The statements herein regarding certain tax issues in Austria, the Czech Republic, Germany, Hungary, Luxembourg, Romania, the Slovak Republic, Slovenia, Italy and Malta are based on the laws in force in those jurisdictions as of the date of this Prospectus and are subject to any changes in such laws. The following summaries do not purport to be comprehensive descriptions of all the tax considerations which may be relevant to a decision to purchase, own or dispose of Notes and further disclosure may be included in a supplement to this Prospectus. Prospective holders of Notes should consult their tax advisers as to the relevant tax consequences of the ownership and disposition of Notes.

Austria

General

This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Notes in the Republic of Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. These comments are not intended to be, nor should they be construed to be, legal or tax advice. This summary furthermore only refers to investors which are subject to unlimited (corporate) income tax liability in Austria. It is based on the currently valid tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential purchasers of the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes. Tax risks resulting from the Notes shall in any case be borne by the purchaser. In general, it has to be noted that the Austrian tax authorities have a rather critical attitude towards structured products which may also give rise to tax benefits.

General remarks

Individuals having a permanent domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*) in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a permanent domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of effective management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*) in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of effective management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

On 1 January 2011 the Budget Accompanying Act of 2011 (*Budgetbegleitgesetz 2011*), which will lead to significant changes in the taxation of financial instruments, entered into force. The tax disclosure below already incorporates the changes contained therein. Please note that a group of Austrian banks has filed a complaint with the Austrian Constitutional Court

(*Verfassungsgerichtshof*) in respect of this legislation. It is widely expected that the Austrian legislator will postpone the entering into force of the provisions of the Budget Accompanying Act of 2011 until said court has passed its decision.

Income taxation of Notes purchased before 1 October 2011

In general, the Notes qualify as bonds (*Forderungswertpapiere*) in the sense of sec. 93(3) of the Austrian Income Tax Act (*Einkommensteuergesetz*).

Individuals subject to unlimited income tax liability in Austria holding bonds in the sense of sec. 93(3) of the Austrian Income Tax Act as a non-business asset (*Privatvermögen*) are subject to income tax on all resulting interest payments (which term also encompasses the difference between the redemption price and the issue price) pursuant to sec. 27(1)(4) and sec. 27(2)(2) of the Austrian Income Tax Act. If such interest is paid out by an Austrian paying agent (*kuponauszahlende Stelle*) then the payments are subject to a withholding tax of 25%. No additional income tax is levied over and above the amount of tax withheld (final taxation; *Endbesteuerung*) in case the bonds are legally and factually offered to an indefinite number of persons. If interest payments are not effected through an Austrian paying agent, a flat income tax rate of 25% applies in case the bonds are in addition legally and factually offered to an indefinite number of persons. Since in this case no withholding tax is levied, interest payments must be included in the income tax return of the investor. If the bonds are not legally and factually offered to an indefinite number of persons then the interest payments must also be included in the investor's income tax return and are subject to income tax at a marginal rate of up to 50%, any withholding tax being creditable against the income tax liability.

Individuals subject to unlimited income tax liability in Austria holding bonds as a business asset (*Betriebsvermögen*) are subject to income tax on all resulting interest payments (which term also encompasses the difference between the redemption price and the issue price). Such interest payments are subject to a withholding tax of 25% in case they are paid out by an Austrian paying agent. No additional income tax is levied over and above the amount of tax withheld (final taxation) in case the bonds are legally and factually offered to an indefinite number of persons. If interest payments are not effected through an Austrian paying agent, a flat income tax rate of 25% applies in case the bonds are in addition legally and factually offered to an indefinite number of persons. Since in this case no withholding tax is levied, interest payments must be included in the income tax return of the investor. If the bonds are not legally and factually offered to an indefinite number of persons, then the interest payments must also be included in the investor's income tax return and are subject to income tax at a marginal rate of up to 50%, any withholding tax being creditable against the income tax liability.

Corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on all interest payments (which term also encompasses the difference between the redemption price and the issue price) resulting from bonds at a rate of 25%. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act no withholding tax is levied.

Private foundations (*Privatstiftung*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(6) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*) and holding bonds as a non-business asset are subject to interim taxation (*Zwischenbesteuerung*) on all resulting interest payments received (which term also encompasses the difference between the redemption price and the issue price) at a rate of 25% in case the bonds are in addition legally and factually offered to an indefinite number of persons. If the bonds are not legally and factually offered to an indefinite number of persons, then the interest payments are subject to corporate income tax at a rate of 25%. Under the conditions set forth in sec. 94(11) of the Austrian Income Tax Act no withholding tax is levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are only subject to (corporate) income tax on interest payments (which term also encompasses the difference between the redemption price and the issue price) resulting from bonds at a rate of 25% in Austria if – broadly speaking – the bonds are attributable to an Austrian permanent establishment (*Betriebsstätte*) of the investor. If interest received by non-resident individuals and corporations is not subject to (corporate) income tax but if at the same time it is subject to withholding by virtue of an Austrian paying agent, the withholding tax will be refunded upon the investor's application. The Austrian Ministry of Finance has also provided for the possibility for the non-resident investor to furnish proof of non-residency, in which case the Austrian paying agent may refrain from withholding in the first place.

Income taxation of Notes purchased after 30 September 2011

With the passing of the Budget Accompanying Act of 2011, the Austrian legislator intends to comprehensively realign the taxation of financial instruments, in particular with regard to capital gains. Pursuant to the newly worded sec. 27(1) of the Austrian Income Tax Act, the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest on bonds (as well as the balance between the redemption price and the issue price in case of zero coupon bonds);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the sale, redemption and other realisation of assets that lead to income from the letting of capital, and also broken-period interest; and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates.

Basically, also the withdrawal of Notes from bank deposits (*Depotentnahme*) is considered as a realisation of assets; however, no taxation is triggered if certain disclosures are made.

Individuals subject to unlimited income tax liability in Austria holding Notes as a non-business asset are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income that is paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), the income is subject to a withholding tax of 25%; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). In case of investment income without an Austrian nexus, the income must be included in the income tax return; in this case it is subject to a flat income tax rate of 25%. Special rules apply for bonds that have not been legally and factually offered to an indefinite number of persons. Here, the investment income will in no case be subject to a withholding tax, but will always have to be included in the income tax return (marginal rate of up to 50%). Certain restrictions apply regarding the offsetting of losses.

Individuals subject to unlimited income tax liability in Austria holding Notes as a business asset are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income with an Austrian nexus (as described above) the income is subject to a withholding tax of 25%. While this withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must on the other hand be included in the income tax return (nevertheless flat income tax rate of 25%). In case of investment income without an Austrian nexus, the income must always be included in the income tax return (flat

income tax rate of 25%). Special rules apply for bonds that have not been legally and factually offered to an indefinite number of persons. Here, the investment income will in no case be subject to a withholding tax, but will always have to be included in the income tax return (marginal rate of up to 50%). Certain restrictions apply regarding the offsetting of losses.

Corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on all investment income resulting from Notes at a rate of 25%. In case of investment income with an Austrian nexus (as described above) the income is subject to a withholding tax of 25%, which can be credited against the corporate income tax liability. However, under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act no withholding tax is levied in the first place.

Private foundations pursuant to the Austrian Private Foundations Act fulfilling the prerequisites contained in sec. 13(6) of the Austrian Corporate Income Tax Act and holding Notes as a non-business asset are subject to interim taxation at a rate of 25% on interest income, income from realised increases in value and income from derivatives. According to the wording of the statute, interest income from bonds that have not been legally and factually offered to an indefinite number of persons is not subject to interim taxation but rather to corporate income tax at a rate of 25%. In case of investment income with an Austrian nexus (as described above) the income is subject to a withholding tax of 25%, which can be credited against the tax falling due. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act no withholding tax is levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are only subject to (corporate) income tax on investment income resulting from the Notes at a rate of 25% in Austria if – broadly speaking – the Notes are attributable to an Austrian permanent establishment (*Betriebsstätte*) of the investor. According to sec. 94(13) of the Austrian Income Tax Act, no withholding tax falls due on investment income which is not subject to limited (corporate) income tax liability under sec. 98(1)(5) of the Austrian Income Tax Act.

EU withholding tax

Sec. 1 of the Austrian EU Withholding Tax Act (*EU-Quellensteuergesetz*) – which transforms into national law the provisions of Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments – provides that interest payments paid or credited by an Austrian paying agent to a beneficial owner who is an individual resident in another Member State (or in certain dependant or associated territories) is subject to a withholding tax if no exception from such withholding applies. Sec. 10 of the Austrian EU Withholding Tax Act provides for an exemption from withholding tax where the beneficial owner presents to the paying agent a certificate drawn up in his/her name by the competent authority of his/her Member State of residence for tax purposes, indicating the name, address and tax or other identification number or, failing such, the date and place of birth of the beneficial owner, the name and address of the paying agent, and the account number of the beneficial owner or, where there is none, the identification of the security; such certificate shall be valid for a period not exceeding three years. Currently, the withholding rate amounts to 20%. As of 1 July 2011 it will be increased to 35%.

Regarding the issue of whether also index certificates are subject to the EU withholding tax, the Austrian tax authorities distinguish between index certificates with and without a capital guarantee, a capital guarantee being the promise of repayment of a minimum amount of the capital invested or the promise of the payment of interest. The exact tax treatment of index certificates furthermore depends on their underlying.

Austrian inheritance and gift tax

Austria does not levy an inheritance and gift tax anymore.

However, it should be noted that certain gratuitous transfers of assets to (Austrian or foreign) private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Tax Act (*Stiftungseingangssteuergesetz*). Such tax is triggered if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat or their place of effective management in Austria. Certain exemptions apply in case of a transfer *mortis causa*, in particular for bank deposits, publicly placed bonds and portfolio shares (i.e., less than 1%). The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate is in general 2.5%, with a higher rate of 25% applying in special cases.

In addition, a special notification obligation exists for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles. The notification obligation applies if the donor and/or the donee have a domicile, their habitual abode, their legal seat or their place of effective management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may lead to the levying of fines of up to 10% of the fair market value of the assets transferred.

Czech Republic

General

Czech tax implications largely depend on whether the Notes qualify as securities. Certain types of Notes (e.g. certificates and warrants) are not explicitly defined by Czech law. However, according to a statement published by the Czech National Bank (Czech financial market regulator), the term "securities" also involves securities that are not specified in the Czech Capital Markets Act – provided that they meet the general conditions for securities as indicated in the Czech National Bank's official statement of 10 September 2007 regarding the issue of securities that are not provided for by Czech law, published in the Czech National Bank's Bulletin.

The information below is based on the assumption that the Notes fulfill all conditions for the treatment as securities under Czech law.

Residents

Interest

According to the double taxation treaty between Austria and the Czech Republic, interest paid from Austria to a Czech tax resident is taxable in the Czech Republic. However, the Austrian paying agent may under certain conditions deduct withholding tax from interest payments on the Notes in Austria if the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the "EU Savings Directive") is applicable (see "Austria" above).

Interest paid on the Notes to a Czech tax resident from foreign sources is subject to income tax in the Czech Republic.

Individuals

An individual must include the interest received in the overall personal income tax base, which is taxable at a flat rate of 15% in 2011.

If a withholding tax is deducted on interest in Austria pursuant to the EU Savings Directive, the individual Czech tax resident may declare the tax deducted in Austria on the Czech income tax return and claim a credit against his Czech tax liability due on the income in respect of which the deduction was made. If the deduction exceeds the tax liability, the resident may claim the amount of the surplus from the Czech tax authority.

Corporation

A corporation must include the interest received in its general corporate income tax base, which is taxable at a flat rate of 19% in 2011.

Capital gains

According to the double taxation treaty between Austria and the Czech Republic, capital gains from the sale of the Notes by a Czech tax resident to an Austrian tax resident are taxable in the Czech Republic.

Individuals

Capital gains from the sale of the Notes are exempt from Czech personal income tax if an individual has held the Notes as a non-business asset for an uninterrupted period of more than six months. This time limit only applies to investment securities where a shareholding comprises a maximum of 5%. Otherwise, the individual must hold the Notes for an uninterrupted period of more than five years for the personal income tax exemption to be applicable. Either way, the exemption only applies if the Notes have not been included in the individual's business assets at any point in time prior to their sale.

If capital gains from the sale of the Notes held by individuals as a non-business asset are not tax-exempt, they are subject to personal income tax at a flat rate of 15% in 2011, the tax base being calculated as the income from the sale of the Notes reduced by the purchase price of the Notes and charges related to their acquisition. A loss from the sale of the Notes may be offset against gains from the sale of the Notes or other securities in the same fiscal period.

In the case of individuals holding the Notes as a business asset the capital gain from the sale of the Notes is included in their general income tax base and taxed at a flat rate of 15% in 2011. A loss from the sale of the Notes may be offset against overall taxable income (other than employment income) in the current fiscal period and the following five fiscal periods.

Corporations

Capital gains from the sale of the Notes held by corporations are included in their general income tax base and taxed at a flat rate of 19% in 2011. A loss from the sale of the Notes may be offset against profits in the current fiscal period and the following five fiscal periods.

Inheritance and gift tax

If acquiring the Notes as a gift or as inheritance, resident individuals and corporations are liable to pay the Czech gift tax ranging from 1% to 40% or inheritance tax ranging from 0.5% to 20%. The levels of both tax rates depend on the value of the assets transferred and on the relationship between the deceased/the donor on the one hand and the heir/the donee on the other hand. A tax exemption may be applied in specific cases, such as succession by direct relatives and spouses.

Other taxes

No other taxes are levied in the Czech Republic on the acquisition, sale or other disposal of the Notes.

Non-residents

Tax non-residents are subject to tax only on their Czech source income. Income derived by a permanent establishment located in the Czech Republic is deemed to be Czech source income.

Interest

Interest income paid by a Czech paying agent may be treated as Czech source income. In this case the paying agent will withhold 15% withholding tax from the interest paid. The withholding tax rate may be reduced by a relevant double taxation treaty.

If the interest is considered as income of a permanent establishment, the withholding tax does not apply and the individual or corporation having the permanent establishment has to pay tax on the interest income in the same way as tax residents (see the section on residents above).

The tax treatment of interest income is the same for individuals and also for corporations.

Capital gains

Income from the sale of the Notes payable by a Czech tax resident or by a permanent establishment of a Czech tax non-resident located in the Czech Republic to a non-resident shall be treated as a Czech source income taxable in the Czech Republic.

The income from the sale of the Notes may, however, be exempt from taxation under the terms of a relevant double taxation treaty.

If no double taxation treaty applies, the following Czech taxation should be taken into account:

Individuals

Capital gains from the sale of the Notes are exempt from Czech personal income tax if an individual has held the Notes as a non-business asset for an uninterrupted period of more than six months. This time limit only applies to investment securities where a shareholding comprises a maximum of 5%. Otherwise, the individual must hold the Notes for an uninterrupted period of more than five years for the personal income tax exemption to be applicable. Either way, the exemption only applies if the Notes have not been included in the individual's business assets at any point in time prior to their sale.

If capital gains from the sale of the Notes held by individuals as a non-business asset are not tax-exempt, they are subject to personal income tax at a flat rate of 15% in 2011, the tax base being calculated as the income from the sale of the Notes reduced by the purchase price of the Notes and charges related to their acquisition. A loss from the sale of the Notes may be offset against gains from the sale of the Notes or other securities in the same fiscal period.

In the case of individuals holding the Notes as a business asset the capital gain from the sale of the Notes is included in their general income tax base and taxed at a flat rate of 15% in 2011. A loss from the sale of the Notes may be offset against overall taxable income (other than employment income) in the current fiscal period and the following five fiscal periods.

Corporations

Capital gains from the sale of the Notes held by corporations are included in their general income tax base and taxed at a flat rate of 19% in 2011. A loss from the sale of the Notes may be offset against profits in the current fiscal period and the following five fiscal periods.

Purchase of the Notes from a non-EEA resident

A Czech resident who purchases the Notes from a resident from outside the European Economic Area is obliged to withhold and pay a tax security advance at a rate of 1% of the purchase price for the Notes to the Czech tax authorities unless the respective double taxation treaty provides tax exemption of the capital gain in the Czech Republic.

If no double taxation treaty is applicable, the seller should file a Czech corporate/personal income tax return, in which the withheld tax security advance is deducted from the final tax liability assessed at regular tax rates. If no tax return is filed, the tax security advance withheld will be treated as the final tax.

If the Notes are attributed to the permanent establishment of a non-Czech tax resident, a different tax regime applies. In general, the gain is taxed as a regular business profit of the permanent establishment in the Czech Republic.

Inheritance and gift tax

Subject to the gift tax is a gift of the Notes located in the Czech Republic to non-resident individuals and corporations. In the case that the donor is a Czech resident, the tax is payable by the donor; if the donor is a non-resident, the tax is payable by the non-resident donee. The Czech law is applicable only if a treaty does not provide otherwise.

All Notes inherited by non-resident individuals and corporations in case of the decedent being a citizen of the Czech Republic are subject to the inheritance tax. If the decedent was not a citizen of the Czech Republic, the non-resident individuals and corporations are liable to inheritance tax only on the Notes located in the Czech Republic at the time of the death of the decedent. This applies unless a treaty provides otherwise.

Gift tax rates range from 1% to 40%, inheritance tax rates range from 0.5% to 20%. The levels of both tax rates depend on the value of the assets transferred and on the relationship between the deceased/the donor on the one hand and the heir/the donee on the other hand. A tax exemption may be applied in specific cases, such as succession by direct relatives and spouses.

Implementation of the EU Savings Directive

The Czech Republic has implemented the EU Savings Directive. If the payments qualify as interest or other similar income under the EU Savings Directive, a Czech paying agent will collect certain specified details in respect of the payments of interest and other similar income mediated by the Czech paying agent to an individual in another EU Member State and the Czech Republic will provide the information to the tax authorities in other EU Member States. The same regime also applies in respect of certain non-EU countries and independent territories, such as Switzerland, San Marino, Monaco, Andorra and Liechtenstein.

Other taxes

No other taxes are levied in the Czech Republic on the acquisition, sale or other disposal of the Notes.

Germany

General

The following is a general discussion of certain German tax consequences of the acquisition, ownership and the sale, assignment or redemption of Notes and the receipt of interest thereon. It does not purport to be a comprehensive description of all tax considerations, which may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany currently in force and as applied on the date of this

Prospectus, which are subject to change, possibly with retroactive or retrospective effect. It is limited to Notes that are issued and acquired after 31 December 2008. The tax treatment of Notes issued and acquired prior to 1 January 2009 may differ significantly from the description in this summary.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the German tax consequences of the acquisition, ownership and the sale, assignment or redemption of Notes and the receipt of interest thereon, including the effect of any state or local taxes, under the tax laws of Germany and each country of which they are residents or citizens. Only these advisers will be able to take into account appropriately the details relevant to the taxation of the respective holders of the Notes. This applies, in particular, because each Series or Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Series or Tranche and the following section only provides some very generic information on the possible tax treatment. It should also be noted that the following summary does not provide for information with respect to the tax treatment of any underlying (e.g. shares, commodities, currencies, funds) received upon a conversion of Reverse Convertible Notes etc. unless otherwise explicitly referred to.

Residents

According to the double taxation treaty between Austria and Germany, interest on the Notes payable by the Issuer to a German tax resident and capital gains from the sale, assignment or redemption of Notes by a German tax resident are, in general, subject to taxation in Germany. However, the Austrian paying agent may under certain conditions be obliged to deduct withholding tax from interest payments on the Notes if the EU Savings Directive is applicable (see "Austria" above). As regards the credit for such withholding tax, if any, on the German income tax see below "Withholding" and "Business Investors".

Private Investors

Interest and Capital Gains

Interest payable on the Notes to persons holding the Notes as private assets ("Private Investors") who are tax residents of Germany (i.e. persons whose residence or habitual abode is located in Germany) qualifies as taxable investment income (*Einkünfte aus Kapitalvermögen*) according to sec. 20(1) of the German Income Tax Act (*Einkommensteuergesetz*) and is generally taxed at a separate tax rate of 25% (*Abgeltungsteuer*, in the following also referred to as "flat tax"), plus 5.5% solidarity surcharge thereon and, if applicable, church tax.

Capital gains from the sale, assignment or redemption of the Notes, including interest having accrued up to the disposition of a Note and credited separately ("Accrued Interest", *Stückzinsen*), if any, qualify – irrespective of any holding period – as investment income pursuant to sec. 20(2) of the German Income Tax Act as well and are also taxed at the flat tax rate of 25%, plus 5.5% solidarity surcharge thereon and, if applicable, church tax.

Capital gains are determined by taking the difference between the sale, assignment or redemption price (after the deduction of expenses incurred directly in connection with the sale, assignment or redemption) and the acquisition price of the Notes. Where the Notes are issued in a currency other than EUR the sale, assignment or redemption price and the acquisition costs have to be converted into EUR on the basis of the foreign exchange rates prevailing on the acquisition date and the sale, assignment or redemption date respectively.

Expenses (other than such expenses directly incurred in connection with the sale, assignment or redemption) related to interest payments or capital gains under the Notes are – except for a standard lump sum (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for married couples filing jointly) – not deductible.

According to the flat tax regime losses from the sale, assignment or redemption of the Notes can only be set-off against other investment income including capital gains. If the set-off is not possible in the assessment period in which the losses have been realized, such losses can only be carried forward into future assessment periods and can be set-off against investment income including capital gains generated in these future assessment periods. Losses resulting from the sale of shares which may be received in case of Reverse Convertible Notes, can only be set-off against capital gains from the sale of other shares. Losses from so called private disposal transactions (*private Veräußerungsgeschäfte*) according to sec. 23 of the German Income Tax Act as applicable until 31 December 2008 may only be set-off against capital gains under the flat tax regime until 31 December 2013 in the personal income tax return as well.

If a capital claim in the meaning of sec. 20(1) no. (7) of the German Income Tax Act is not repaid in cash at the maturity date but the holder of such claim receives a pre-determined number of securities (*Wertpapiere*) instead of a repayment, sec. 20(4a) sentence 3 of the German Income Tax Act construes the consideration for the acquisition of the capital claim as its sales price. At the same time the consideration for the acquisition of the capital claim is qualified as acquisition cost of the securities received. The aforesaid also applies with respect to so-called "full risk certificates" (*Vollrisikozertifikate*), i.e. index or share basket etc. linked securities which do not provide for a guaranteed repayment or any capital yield, with a put offer (*Andienungsrecht*).

Particularities apply with respect to so-called full risk certificates with several payment dates. According to the decree of the German Federal Ministry of Finance (*Bundesfinanzministerium*) dated 16 November 2010 (IV C1 – S 2252/10/10010), which is subject to controversial discussions among tax experts, all payments to the investor under such full risk certificates that are made prior to the final maturity date shall qualify as taxable income from a capital claim pursuant to sec. 20(1) no. 7 German Income Tax Act, unless the offering terms and conditions contain that such payments shall be redemption payments. If there is no final redemption payment, the final maturity date shall not constitute a sale-like event in the meaning of sec. 20(2) German Income Tax Act. Therefore, capital losses, if any, shall not be deductible. The same applies with respect to so-called knock-out and other certificates if the investor does not receive any payment at the final maturity date or the certificate will be prematurely cancelled according to the terms and conditions of the certificate because the underlying reaches or breaks any knock-out threshold or barrier prior to the final maturity date. Although this decree only refers to certain types of certificates, it cannot be excluded that the tax authorities may apply the above described principles to other kinds of certificates as well. Further, the German Federal Ministry of Finance in its decree dated 22 December 2009 (IV C 1 – S 2252/08/10004) has taken the position that a bad debt loss (*Forderungsausfall*) and a waiver of a receivable (*Forderungsverzicht*) shall, in general, not be treated as a sale, so that losses suffered upon such bad debt loss or waiver shall not be deductible for tax purposes. Again, this position is subject to controversial discussions among tax experts. In this respect, it is not clear, as well, whether the position of the tax authorities may affect securities which are linked to a reference value in case such value decreases. Furthermore, restrictions with respect to the claiming of losses may also apply if the certain types of Notes would have to be qualified as derivative transactions and expire worthless.

Withholding

If the Notes are held in custody with or administrated by a German credit institution, financial services institution (including a German permanent establishment of such foreign institution), securities trading company or securities trading bank (the "Disbursing Agent"), the flat tax at a rate of 25% (plus 5.5% solidarity surcharge thereon and, if applicable, church tax) will be withheld by the Disbursing Agent on interest payments and the excess of the proceeds from the sale, assignment or redemption (after the deduction of expenses incurred directly in connection with the sale, assignment or redemption) over the acquisitions costs for the Notes (if applicable converted into EUR terms on the basis of the foreign exchange rates as of the

acquisition date and the sale, assignment or redemption date respectively). The Disbursing Agent will provide for the set-off of losses with current investment income including capital gains from other securities. If, in the absence of sufficient current investment income derived through the same Disbursing Agent, a set-off is not possible, the holder of the Notes may – instead of having a loss carried forward into the following year – file an application with the Disbursing Agent until 15 December of the current fiscal year for a certification of losses in order to set-off such losses with investment income derived through other institutions in the holder's personal income tax return. If the acquisition data is not proved as required by sec. 43a(2) German Income Tax Act or not relevant, the flat tax rate of 25% (plus 5.5% solidarity surcharge thereon and, if applicable, church tax) will be imposed on an amount equal to 30% of the proceeds from the sale, assignment or redemption of the Notes. In the course of the tax withholding provided for by the Disbursing Agent foreign taxes may be credited in accordance with the double taxation treaty between Austria and Germany and the German Income Tax Act.

If the Notes are not kept in a custodial account with a Disbursing Agent, the flat tax will apply on interest paid by a Disbursing Agent upon presentation of a coupon (whether or not presented with the Note to which it appertains) to a holder of such coupon (other than a non-German bank or financial services institution) (*Tafelgeschäft*). In this case proceeds from the sale, assignment or redemption of the Notes will also be subject to the flat tax.

In general, no flat tax will be levied if the holder of a Note filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent (in the maximum amount of the standard lump sum of EUR 801 (EUR 1,602 for married couples filing jointly) to the extent the income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no flat tax will be deducted if the Noteholder has submitted to the Disbursing Agent a valid certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the competent tax office.

For Private Investors the flat tax withheld is, in general, definitive. Private Investors having a lower personal income tax rate may request that their total investment income, together with their other income, be subject to taxation at their personal, progressive tax rate rather than the flat tax rate, if this results in a lower tax liability. In order to prove such capital investment income and the withheld flat tax thereon the investor may request a respective certificate in officially required form from the Disbursing Agent.

Investment income not subject to the withholding flat tax (e.g. since there is no Disbursing Agent) must be included in the personal income tax return and will be subject to the flat tax rate of 25% (plus 5.5% solidarity surcharge thereon and, if applicable, church tax), unless the investor requests the investment income to be subject to taxation at lower personal, progressive income tax rate. In the course of the assessment procedure foreign taxes and taxes withheld on the basis of the EU Savings Directive on investment income may be credited in accordance with the double taxation treaty between Austria and Germany and the German Income Tax Act.

Application of the tax provisions of the German Investment Tax Act

Tax consequences different from those discussed above would arise if the respective Notes or the underlying securities delivered upon physical delivery were to be regarded as foreign investment fund units (*Investmentanteil*). In such case, withholding tax requirements for the Disbursing Agent as well as the taxation of the holder of the Notes would depend on whether the disclosure and reporting requirements of the German Investment Tax Act (*Investmentsteuergesetz*) have been fulfilled. If this were not the case, the holder of the Notes may be subject to unrealized or fictitious income. A foreign investment fund is defined as a pool of assets subject to foreign law, invested pursuant to the principle of risk diversification in one or more of certain asset classes listed in the German Investment Act (*Investmentgesetz*). A foreign investment fund unit exists if the investor has the right to request a redemption of its interest against cash equivalent to its pro rata portion of the net asset value of the foreign

investment fund or, in the absence of such right of redemption, the foreign investment fund is subject to regulatory supervision of collective investments. According to the circular no. 14/2008 concerning the scope of application of the German Investment Act issued by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin*) dated 22 December 2008 (BaFin, WA 41–Wp 2136–2008/0001) and the tax decree with respect to the application of the German Investment Tax Act dated 18 August 2009 index or fund linked securities (e.g. Notes) are, however, in principle not regarded to represent foreign investment fund units.

Business Investors

Interest payable on the Notes to persons holding the Notes as business assets ("Business Investors") who are tax residents of Germany (i.e. Business Investors whose residence, habitual abode, statutory seat or place of effective management and control is located in Germany) and capital gains, including Accrued Interest, if any, from the sale, assignment or redemption of the Notes are subject to income tax at the applicable personal, progressive income tax rate or, in case of corporate entities, to corporation tax at a uniform 15% tax rate (in each case plus solidarity surcharge at a rate of 5.5% on the tax payable; in case where payments of interest on the Notes to Business Investors are subject to income tax plus church tax, if applicable). Such interest payments may also be subject to trade tax if the Notes form part of the property of a German trade or business. Losses from the sale, assignment or redemption of the Notes are generally recognized for tax purposes; this may be different if certain (e.g. index linked Notes) would have to be qualified as derivative transactions..

Withholding tax, if any, including solidarity surcharge is credited as a prepayment against the Business Investors' personal or corporate income tax liability and the solidarity surcharge in the course of the tax assessment procedure, i.e. the withholding tax is not definitive. Any potential surplus will be refunded. However, in general no withholding deduction will apply on the gains from the sale, assignment or redemption of the Notes and, in case the income under certain types of Notes would have to be qualified as derivative income, derivative income derived from Notes if (i) the Notes are held by a corporation, association or estate in terms of sec. 43(2) sentence 3 no. 1 of the German Income Tax Act or (ii) the proceeds from the Notes qualify as income of a domestic business and the investor notifies this to the Disbursing Agent by use of the officially required form according to sec. 43(2) sentence 3 no. 2 of the German Income Tax Act (*Erklärung zur Freistellung vom Kapitalertragsteuerabzug*). In case of (i) above corporations which qualify as private corporate bodies (*juristische Personen des privaten Rechts*) under sec. 1(1) no. (4) of the German Corporate Income Tax Act or associations, institutions or foundations having no legal capacity (*nicht rechtsfähige Vereine, Anstalten und Stiftungen*) pursuant to sec. 1(1) no. (5) of the German Corporate Income Tax Act have to prove their belonging to such group of corporations by certification of the relevant local tax office according to sec. 43(2) sentence 4 of the German Income Tax Act in order to benefit from the exemption from withholding.

Foreign taxes and taxes withheld on the basis of the EU Savings Directive on investment income may be credited in accordance with the double taxation treaty between Austria and Germany and the German Income Tax Act. Such taxes may also be deducted from the tax base for German income tax purposes.

Non-residents

Interest payable on the Notes and capital gains, including Accrued Interest, if any, are not subject to German taxation, unless (i) the Notes form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder of the Notes; or (ii) the interest income otherwise constitutes German-source income; or (iii) the Notes are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the sale, assignment or redemption of the Notes are paid by a German credit institution, financial services institution (including a German permanent establishment of such foreign institution), securities trading company or securities trading

bank upon presentation of a coupon to a holder of such coupon (other than a non-German bank or financial services institution) (*Tafelgeschäft*). In the cases (i), (ii) and (iii) a tax regime similar to that explained above under "Residents" applies.

Non-residents of Germany are, as a rule, exempt from German withholding tax on interest and the solidarity surcharge thereon, even if the Notes are held in custody with a Disbursing Agent. However, where the investment income is subject to German taxation as set forth in the preceding paragraph and the Notes are held in a custodial account with a Disbursing Agent, withholding tax is levied as explained above under "Residents". The withholding tax may be refunded based upon an applicable double taxation treaty or German national tax law.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Note will arise under the laws of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Note is not attributable to a German trade or business for which a permanent establishment is maintained or a permanent representative has been appointed in Germany. Exceptions from this rule apply to certain German expatriates.

Implementation of the EU Savings Directive

Germany has implemented the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the "EU Savings Directive") into national legislation by means of an Interest Information Regulation (*Zinsinformationsverordnung, ZIV*) in 2004. Starting on 1 July 2005, Germany has therefore begun to communicate all payments of interest on the Notes and interest-alike income to the beneficial owner's Member State of residence if the Notes have been kept in a custodial account with a Disbursing Agent.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery, execution or conversion of the Notes. Currently, net assets tax is not levied in Germany.

Hungary

General

The purpose of the following description is to provide a high-level overview of the relevant Hungarian tax rules based on the laws in force in Hungary as of the date of this Prospectus. The present description does not include a comprehensive analysis of all tax implications that might be relevant to an investment decision. Please note that this disclosure does not substitute the consultation between the prospective investors and their professional advisors since in order to determine the tax implications of a particular transaction several circumstances should be examined and considered in detail.

Residents

Interest

General

Resident individuals are taxed on their worldwide income, including interest income.

It may occur that the source country of the interest income, if other than Hungary, imposes a withholding tax on the same income. In order to eliminate double taxation, the Hungarian domestic legislation grants credit for the taxes paid abroad. In case of double taxation treaties

in force between the two countries concerned, the relevant double taxation treaty rules will apply and would overrule domestic tax legislation. In relation to Austria and Hungary, the double taxation treaty concluded between the two countries provides that interest paid to Hungarian residents from Austrian sources shall be taxable only in Hungary.

Private individuals

Interest income of a Hungarian resident private individual will be subject to Hungarian personal income tax. The Hungarian Personal Income Tax Act applies a broad definition of interest income; in connection with publicly offered and traded debt securities and collective investments in transferable securities, interest shall mean the following:

a) the income paid to the private individual under the title of interest and/or yield, if the securities are held at a specific time prescribed as a precondition for entitlement to interest and/or yield,

b) in certain cases, the capital gains achieved when securities are called, redeemed, or transferred. However, gains from the transfer of collective investments in transferable securities in certain qualified exchange markets or in a market of an EU, EEA or OECD State will not qualify as interest income, but will be considered as income from capital for Hungarian tax law purposes.

Interest income calculated as above would be subject to personal income tax at a rate of 16% as of January 1, 2011. In the event of in-kind interest payment, the taxable base would be assessed in the amount of the interest received multiplied by 1,19.

In the event that the interest income is received from a Hungarian paying agent, such paying agent should withhold the personal income tax. If the interest income is not received from a paying agent, the tax should be assessed, declared and paid to the tax authority by the private individual himself.

If the interest income is received from a country other than Hungary, the rules of the relevant double taxation treaty will also apply. In the absence of a double taxation treaty, the Hungarian tax burden may be reduced by the tax paid abroad. However, the maximum amount of the credit will be subject to certain limitations.

Payments distributed by 'controlled foreign taxpayers' would be subject to personal income tax at a 16% rate. In the unlikely situation that the payer of the interest would qualify as a controlled foreign taxpayer for Hungarian tax purposes, the recipient should pay a 27% health tax (in Hungarian: EHO), in addition to the personal income tax.

Corporations

Interest income of a Hungarian resident corporation shall be included in the ordinary corporate income tax base and as a consequence would be subject to Hungarian corporate income tax at a rate of 19% in 2011. However, for that part of the corporate income tax base not exceeding HUF 500 million (approximately EUR 1,800,000), a reduced 10% rate would apply in 2011.

If any interest income is also subject to tax abroad, the rules of the relevant double taxation treaty will apply. In the absence of a double taxation treaty the domestic Hungarian rules will provide for a credit opportunity, as a result of which the tax paid abroad could be credited against the Hungarian corporation tax. However, the maximum amount of the foreign tax to be credited against is subject to certain limitations.

Capital gains

General

Please note that in case of capital gains arising from the alienation of securities by a Hungarian resident individual, these would be taxable only in Hungary according to the double taxation treaty between Hungary and Austria.

Private individuals

As a general rule, capital gains achieved when debt securities are redeemed or transferred may be treated as interest income for personal income tax purposes unless certain conditions are met (please see our comments regarding the taxation of interest income).

Notwithstanding the above, capital gains derived from the sale of the Notes by a resident private individual are categorized as income from capital and subject to personal income tax at 16% and to health tax (in Hungarian: EHO) at 14% (capped at HUF 450,000 per annum, which is approx. EUR 1,600). The tax should be withheld by the paying agent if the provider of the capital gain is a Hungarian paying agent; in any other case the tax shall be self-assessed and paid by the private individual himself. If the income from capital gains is received from abroad, the rules of the relevant double taxation treaty would overrule the domestic rules. In the absence of a double taxation treaty, the Hungarian tax to be paid could be reduced by the tax paid abroad, subject to certain limitations. In any case, the Hungarian tax shall account for at least 5% of the income.

Payments distributed by 'controlled foreign taxpayers' would be subject to personal income tax at a 16% rate. In the unlikely situation that the payer of the interest would qualify as a controlled foreign taxpayer for Hungarian tax purposes, the recipient should pay a 27% of health tax (in Hungarian: EHO), in addition to the personal income tax.

Corporations

Income from capital gains of a Hungarian resident corporation is included in the ordinary corporate income tax base and as a consequence they shall be subject to corporate income tax at a 19% rate. However, for that part of the corporate income tax base not exceeding HUF 500 million (approximately EUR 1,800,000), a reduced 10% rate would apply in 2011.

If any capital gain income is also subject to tax abroad the rules of the relevant double taxation treaty will apply. In the absence of a double taxation treaty, the tax paid abroad can be credited against the Hungarian corporate income tax under the Hungarian domestic rules. However, the maximum amount of the foreign tax to be credited against is subject to certain limitations.

Income from Controlled Capital Market Transactions

General

On certain conditions, preferential personal income tax rules may apply to income from 'controlled capital market transactions' of private individuals.

Private Individuals

For the purpose of these preferential rules, 'controlled capital market transactions' shall include any transaction concluded with an investment service provider or by the assistance of an investment service provider, as well as spot transactions concluded within the framework of financial services, or within the framework of services involving foreign exchange or currency, where such deals are concluded by financial settlement and if they satisfy the conditions required by the relevant laws, provided that the transactions are executed in the form of activities supervised by the Hungarian Financial Supervisory Authority (PSZÁF). Rules on 'controlled capital market transactions' could also apply where private individuals conclude any of the above-listed transactions with an investment service provider operating in the money markets of any EEA member state, or any other state with which Hungary has an

agreement on double taxation, provided that (a) the transaction is executed within the framework of activities supervised by the competent authorities of that state, and (b) if the given state is not an EEA member state, there are facilities in place to ensure the exchange of information between the competent authorities mentioned above and PSZÁF, and (c) the private individual has a certificate made out by the investment service provider to his name, containing all data and information for each transaction concluded during the tax year for the assessment of his tax liability. As of 1 January 2011, transactions entered into at prices different from the fair market value cannot qualify as 'controlled capital market transactions'.

Income from 'controlled capital market transactions' shall be calculated as the difference between the total profit and the total loss realized on transactions during the tax year. In 2011 a 16% personal income tax rate would apply on that income.

Due to the preferential tax treatment of 'controlled capital market transactions', the private individual could be entitled to tax compensation with respect to losses realized from controlled capital market transactions during the tax year and/or during the year preceding the current tax year, and/or in the two years preceding the current tax year. Tax 'calculated' for such losses could reduce the taxes calculated on gains realized by the private individual from controlled capital market transactions during the tax year and/or during the year preceding the current tax year, and/or in the two years preceding the current tax year.

As a general rule, interest income could not qualify for the application of the preferential rules as described above. However, income realized in connection with the call, redemption or transfer of the Notes could be treated as income from 'controlled capital market transactions', provided that the private individual opted for the preferential tax regime and all the conditions prescribed by law fulfilled.

The profit realized on controlled capital market transactions and the tax payable on such income should be declared on the basis of self-assessment executed by the private individual and supported by an appropriate certificate of execution issued by the investment service provider. Also, the private individual would need to keep specific records on any income from controlled capital market transactions. The private individual should pay the related personal income tax by the deadline prescribed for filing the tax return for the respective period.

Income from 'Qualified Long-Term Investments'

General

On certain conditions, preferential personal income tax rules may apply to income from 'qualified long-term investments' of private individuals.

Private Individuals

Income derived from so-called 'qualified long-term investments' shall mean the profit the private individual realizes under a long-term investment contract concluded with an investment service provider or a credit institution. Under the long-term investment contract the private individual places an amount of at least HUF 25,000 (approx. EUR 85) on his account for a minimum period of three (and further two) years, and the parties agree on applying the preferential taxation rules laid down by the Hungarian Personal Income Tax Act. If all the conditions prescribed by law fulfil and the 'qualified long-term investment' is held for less than three years, for the 2011 tax year a 16% rate may apply, while if the investment lasts at least three years, a preferential 10% rate is applicable; income from 'qualified long-term investments' would be subject to a 0% rate, if the investment is held for at least five years.

Please note that profits and losses derived in the framework of a 'qualified long-term investment' could not qualify for the calculation of income derived from 'controlled capital market transactions' as described above.

Non-residents

Interest

Private individuals

Interest income of a non-resident private individual generally is not subject to Hungarian personal income tax. Please note, however, that in case the interest is payable via a Hungarian place of business (permanent establishment), branch or commercial representation of the obligor, or if the interest payable is in fact tied to the non-resident private individual's Hungarian place of business, the interest income should be regarded as Hungarian source income and thus should be taxed in Hungary. In such case the Hungarian source income will be taxed at 16%. This tax rate is usually overruled and limited by double taxation treaties (if applicable). If a Hungarian paying agent provides the interest payment to the private individual, it should deduct the tax, otherwise the private individual himself should assess, declare and pay the tax to the Hungarian Tax Authority.

Corporations

Interest income of a non-resident corporation should be taxable in Hungary if it relates to the corporation's Hungarian business activity carried on by its Hungarian permanent establishment. The applicable corporate income tax rate is 19% in 2011. However, the part of the overall corporate income tax base not exceeding HUF 500 million (approximately EUR 1,800,000) would be taxed at a reduced 10% rate. Double taxation treaties may limit or eliminate this tax burden.

Capital gains

Private individuals

Capital gains from the disposal of securities realized by non-resident private individuals should not be subject to Hungarian personal income tax. In the unlikely event that Hungary has a double taxation treaty with the country of the recipient's residence state stating that Hungary has the right to tax the Hungarian-source capital gain income, Hungarian withholding tax may apply.

Corporations

Capital gains income from the disposal of securities of a non-resident corporation should be taxable in Hungary only if it relates to the corporation's Hungarian business activity carried on by its Hungarian permanent establishment. The applicable corporate income tax rate is 19%, however, the part of the overall corporate income tax base not exceeding HUF 500 million (approximately EUR 1,800,000) would be taxed at a reduced 10% rate.

Hungarian double taxation treaties usually allocate the taxation right to the residence state, however. In the absence of an applicable double taxation treaty, the Hungarian domestic rules allow the corporation to credit against the Hungarian corporate income tax a determined part of the corporate income tax paid (payable) abroad in relation to the capital gains income.

Inheritance and gift tax

The acquisition of the Notes as part of a Hungarian inheritance should be subject to Hungarian inheritance tax regardless of the successor's residency. In case of non-Hungarian inheritance the acquisition of the Notes should be subject to inheritance tax only if the successor (private individual or corporation) is resident in Hungary. However, even in such a case no inheritance tax should be paid if the successor certifies that inheritance tax was due in the country of inheritance.

The rate of the inheritance tax ranges from 11% to 40% depending on the value of the assets inherited and the relationship between the decedent and the successor. No inheritance tax is due on inheritance between relatives of lineal kinship. Also, other exemptions may apply if certain conditions meet.

The donation of the Notes would be subject to gift tax if the donation takes place in the territory of Hungary, regardless of the residency of the parties. The rate of gift tax ranges from 11% to 40% depending on the value of the assets transferred and the relationship between the parties. No gift tax is due on donations between relatives of lineal kinship. If the value of the transferred assets does not exceed the amount of HUF 150,000 (approximately EUR 556) and the parties do not conclude a written agreement regarding the donation, no gift tax has to be paid. Also, other exemptions may apply, if certain conditions meet.

Implementation of the EU Savings Directive

Hungary has implemented the EU Savings Directive. Therefore, Hungarian authorities will provide tax authorities of other EU Member States with the details of the payments of interest and other similar income by a Hungarian paying agent to an individual in another Member State.

Luxembourg

The following information is of a general nature only and is based on the laws in force in Luxembourg as of the date of this Prospectus. It does not purport to be a comprehensive description of all tax implications that might be relevant to an investment decision. It is included herein solely for preliminary information purposes. It is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should consult their professional advisers with respect to particular circumstances, the effects of state, local or foreign laws to which they may be subject and as to their tax position.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds de chômage*), as well as personal income tax (*impôt sur le revenu*) generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Withholding taxation of the holders of Notes

(i) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 (the Law) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

However, under the Law, payments of interest or similar income made or ascribed by a Paying Agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10%.

Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg Paying Agent. Payments of interest under the Notes coming within the scope of the Law would be subject to a withholding tax of 10%.

(ii) Non-resident holders of Notes

Under the Luxembourg tax laws currently in force and subject to the application of the Luxembourg laws dated 21 June 2005 ("Laws") implementing the EU Savings Directive and ratifying several agreements concluded between Luxembourg and certain dependant and associated territories of European Union Member States, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to a Luxembourg non-resident Noteholder. There is also no Luxembourg withholding tax upon repayment of the principal or payment of a premium, or subject to the application of the Laws, upon redemption or exchange of the Notes.

However, under the Laws, a Luxembourg based Paying Agent (within the meaning of the EU Savings Directive) is required since 1 July 2005, to withhold tax on interest and other similar income (including reimbursement premium received at maturity) paid by it to (or under certain circumstances, for the benefit of) an individual or a residual entity ("Residual Entity") in the sense of art. 4(2) of the EU Savings Directive (i.e. an entity without legal personality and whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognised in accordance with the UCITS Directive), resident or established in another Member State of the European Union, unless the beneficiary of the interest payments elects for an exchange of information. The same regime applies to payments to individuals or Residual Entities resident or established in any of the following territories: Aruba, British Virgin Islands, Guernsey, Isle of Man, Jersey, Montserrat and the Netherlands Antilles.

The withholding tax currently is 20% and will be raised to 35% as of 1 July 2011. Responsibility for the withholding of the tax will be assumed by the Luxembourg Paying Agent. Payments of interest under the Notes coming within the scope of the Laws would at present be subject to a withholding tax of 20%. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the Commission's advice on the need for changes to the EU Savings Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the EU Savings Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. Discussions are still ongoing at the level of the Council of the European Union, building on the basis of the unanimous conclusions adopted on 2 December 2008 and on 9 June 2009. If any of the proposed changes are made in relation to the EU Savings Directive, they may amend or broaden the scope of the requirements described above.

Income taxation

(i) Resident holders of Notes

According to the double taxation treaty between Austria and Luxembourg, interest on the Notes payable by the Issuer to a Luxembourg tax resident and capital gains from the sale, assignment or redemption of Notes by a Luxembourg tax resident are, in general, subject to taxation in Luxembourg.

A corporate holder of Notes must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes. The same inclusion applies to an individual holder of Notes, acting in the course of the management of a professional or business undertaking.

A holder of Notes that is governed by the law of 11 May 2007 on family estate management companies, or by the law of 20 December 2002 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 17 December 2010 on undertakings for collective investment, is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Notes.

An individual holder of Notes, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual holder of the Notes has opted for the application of a 10% tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State), or in a state that has entered into a treaty with Luxembourg relating to the Council Directive 2003/48/EC of 3 June 2003. A gain realised by an individual holder of Notes, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Law.

(ii) Non-resident holders of Notes

A non-resident corporate holder of Notes or an individual holder of Notes acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realised upon the sale or disposal, in any form whatsoever, of the Notes.

Net wealth taxation

A corporate holder of Notes, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Notes are attributable, is subject to Luxembourg wealth tax on such Notes, except if the holder of Notes is governed by the law of 11 May 2007 on family estate management companies, or by the law of 20 December 2002 on undertakings for collective investment, as amended, or by the law of 17 December 2010 on undertaking for collective investment, or by the law of 13 February 2007 on specialised investment funds, as amended, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or is a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.

An individual holder of Notes, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Notes.

Other taxes

Neither the issuance nor the transfer of Notes will give rise to any Luxembourg stamp duty, issuance tax, registration tax, transfer tax or similar taxes or duties.

Where a holder of Notes is a resident of Luxembourg for tax purposes at the time of his/her death, the Notes are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of Notes if embodied in a Luxembourg deed or recorded in Luxembourg.

Romania

General

The main taxes and charges in Romania are covered by the Fiscal Code (Law no. 571/2003 regarding the Fiscal Code, as subsequently amended), enforced on 1 January 2004 and designed to bring more stability over the Romanian fiscal regime. However, the legislation and regulations regarding taxation in Romania as well as the related procedures are still developing and subject to change and at times unclear.

Thus, both the substantive provisions of Romanian tax law and the interpretation and application of those provisions by the Romanian tax authorities may be subject to more rapid and unpredictable change than in jurisdictions with more developed capital markets.

Moreover, the still evolving situation in Romania and the limited precedent in legislative interpretation or in the manner in which related practical procedures are to be followed may result in inconsistencies and contradictions of the Romanian tax authorities in interpreting various tax rules and regulations.

The following information is based on the Romanian legislation in force as of 9 May 2011 and may be subject to any changes based on the changes to be brought in the Romanian laws. The current Romanian tax law does not provide for specific tax treatment applicable to each type of Notes intended to be issued by the Issuer. Therefore, the information below is of a general nature, applicable to interest income and capital gains which may be realised by Romanian tax resident investors upon investment in the Notes and are not intended as an exhaustive list of all the Romanian tax implications which could arise in relation with each type of Notes and which could be relevant to a decision to purchase, own or dispose of any of the Notes. Prospective investors in the Notes should consult their professional advisers with respect to particular circumstances, the effects of state, local or foreign laws to which they may be subject and as to their tax position.

Please be aware that Romanian tax law does not specifically define capital gains for taxation purposes. Under Law 571/2003 as amended and the related Norms for Application approved by Government Decision 44/2004 as amended ("domestic law" or the "Fiscal Code"), capital gains realised by legal entities are subject to corporate income tax, while capital gains realised by individuals are taxed as investment income.

Residents

Please note that the Fiscal Code does not distinguish between coupons and discount notes, and it does not specifically qualify the income such derived as interest or capital gains. Therefore the information below relates to the taxation of both types of income under the current domestic law and applicable double taxation treaties.

Interest

Under the current Fiscal Code interest is defined as "any amount that is required to be paid or received for the use of money, regardless whether required to be paid or received within a debt liability, in connection with a deposit, or under a finance lease agreement, instalment sale or other deferred payment sale".

Individuals

Specified Romanian tax resident individuals (e.g. Romanian citizens with their domicile in Romania, non-residents fulfilling certain residency criteria for three consecutive years, based on the Fiscal Code) are subject to 16% income tax on their worldwide income, including interest income obtained from abroad. Please note that the domestic law provides for certain non-taxable income for resident individuals, for instance income realized from holding and trading treasury bills or municipal bonds, however not likely to be applicable to the Notes under discussion.

Under the norms to the Fiscal Code for individual tax purposes interest income is considered to be the income obtained from bonds, term deposits, including deposit certificates, interest on loans granted, as well as other income from receivable titles. However, if any withholding tax is retained in Austria on such interest, a tax credit may be available to the Romanian tax resident individuals within the limit assessed by applying the domestic income tax rate (i.e. 16%) to the interest income obtained from abroad.

However, if the interest income on the Notes were subject to the EU Savings Directive, the Austrian paying agent would likely retain a withholding tax, which is currently 20% and will be raised to 35% starting from 1 July 2011, from the interest payments made to the Romanian tax resident individual qualifying as the beneficial owner of such interest income and Romania shall reimburse to the Romanian tax resident individual such withholding tax.

Legal entities

Under the domestic law, interest obtained from Austria by a Romanian resident legal entity investing in the Notes is subject to corporate income tax at the standard rate of 16%, applicable on its worldwide income. In case any withholding tax is retained in Austria on such interest, a tax credit may be available to the Romanian legal entity within the limit established by applying the Romanian corporate income tax rate (i.e. 16%) to the taxable income obtained from Austria.

Regardless of the above, as a general note, if Romania (the country of tax residency of the interest income beneficiary) has concluded a double taxation treaty with the country of tax residency of the income payer (e.g. Austria), the provisions of the treaty should take precedence over the domestic law, if more favourable. Thus, the current double taxation treaty concluded between Romania and Austria may apply with regard to interest income obtained by Romanian tax residents (legal entities or individuals), as described below.

Under the current double taxation treaty concluded between Romania and Austria, interest income may be taxed at a maximum rate of 3% in Austria if the Romanian recipient is the beneficial owner of such interest. According to the double taxation treaty protocol, if and as long as Austria, under its national legislation, levies no withholding tax on interest paid to a resident of Romania, the percentage mentioned above shall be reduced to 0%. Nevertheless, under the same article, interest paid in respect of a loan granted by a bank or any financial institution shall be taxed only in the country of tax residency of the beneficial owner, i.e. in Romania. The above withholding tax implications in Austria would be different if the Romanian beneficial owner of the interest carried on a business in Austria through a permanent establishment, respectively, if it performed independent personal services from a fixed base situated in Austria and the interest paid were effectively connected with such permanent establishment or fixed base. In such a case, the Austrian domestic law would apply to such income at the level of the permanent establishment/fixed base.

Capital Gains / Investment Income

Please note that capital gains are not defined as such by the Fiscal Code and the Romanian tax authorities have not expressed an official position on this matter. Hence, there is no clear

indication of the types of income arising for an investor in the Notes which would be subject to capital gains tax in Romania.

Individuals

As regards Romanian tax resident individuals under the domestic law, income from a transfer of securities is taxable. Under the definition of "securities" (titluri de valoare) as per the Fiscal Code corroborated with the Romanian capital markets legislation (namely Law 297/2004 as subsequently amended and currently in force), bonds and other receivable titles, including treasury bonds with maturity of both over or less than one year, traded on the capital markets are included in the category of "securities" and thus taxable in Romania as per the rules applicable to such securities. Thus, capital gains from the alienation of securities by Romanian tax resident individuals are subject to income tax in Romania at the rate of 16%.

Legal entities

Under the current domestic tax law capital gains obtained from Austria by a Romanian resident legal entity are subject to corporate income tax at the standard rate of 16% (which applies on the worldwide income of the Romanian legal entity), since there is no separate capital gains taxation concept in Romania. In case any tax is retained in Austria on such gains, a tax credit may be available to the Romanian legal entity within the limit established by applying the Romanian corporate income tax rate (i.e. 16%) to the taxable income obtained from Austria.

Nevertheless, as noted above, the double taxation treaty concluded between Romania and Austria could be invoked with regard to such capital gains. Thus, capital gains to be obtained by a Romanian resident from the transfer of such securities should fall under art. 13(5) of the treaty and therefore shall be taxed only in Romania.

Non-residents

Interest

Interest income to be obtained by a non-resident entity or person is subject to a withholding tax in Romania unless the interest is treated as an expense attributed to a Romanian permanent establishment of a non-resident entity.

The domestic legislation does not provide for the concept of beneficial ownership in respect of interest payments, except with regard to the EU Savings Directive.

Starting from 1 January 2007, Romania adopted the EU Savings Directive.

Therefore, the taxation of such interest obtained by non-residents should be reviewed on a case by case basis, based on the application of relevant conventions for the avoidance of double taxation and/or the EU Savings Directive.

Capital gains

Capital gains obtained by non-resident individuals from trading in any type of securities are subject to taxation in Romania if they qualify as Romanian-sourced income. There are arguments which may be brought to sustain the fact that the Notes have no connection to Romania and hence the related capital gain (if any) should not be deemed as Romanian sourced income. However, the taxation of such capital gains should be analysed on a case by case basis, based on the specific conditions of the transactions and the applicable legislation.

Income derived by non-resident collective placement bodies without corporate status from the transfer of securities, respectively of shares, held directly or indirectly in a Romanian legal entity, is not taxable in Romania.

Under the Fiscal Code capital gains obtained by non-resident legal entities from the alienation of the Notes issued by the Austrian issuer are not subject to taxation in Romania. Although under the Fiscal Code such income is not taxable in Romania, a provision under the Norms to the Fiscal Code appears to extend the Romanian taxation to capital gains arising from all types of securities traded by non-residents. This clause is considered to extend the scope of the Fiscal Code and therefore clarification on its application should be sought with the Romanian tax authorities.

Inheritance and gift tax

There is no inheritance or gift tax in Romania. In case the Notes are granted free of charge to a Romanian tax resident individual by its employer, the value of the gift may be subject to Romanian income tax (at 16%) and related social security contributions.

Moreover, if the granting of the Notes is performed in the legal form of a donation, the transaction may need to be authenticated by a notary public. For large values, such authentication could trigger fees of around 1% of the value of the transferred Notes.

Slovak Republic

Residents

Interest

According to the double taxation treaty between the Slovak Republic and Austria the interest received by a Slovak tax resident on Notes issued by an Austrian entity is subject to income tax in the Slovak Republic only. However, based on the EU Savings Directive adopted, an Austrian withholding tax of currently 20%, which will be raised to 35 % as of 1 July 2011 until the end of a transitional period (see "Austria" above), will be withheld from the interest payment if the beneficial owner is an individual residing in another EU member state or certain other countries.

In the Slovak Republic the interest income is subject to Slovak income tax at a flat rate of 19%, which is applicable for both individuals and corporations (Slovak tax residents). The interest income will be included in the general tax base and reported in the annual income tax return. If an Austrian tax has been withheld under the EU Savings Directive, it may be credited against the Slovak income tax liability.

Capital gains

Based on the existing double taxation treaty, any capital gain realised by a Slovak tax resident on the sale of Notes issued by an Austrian entity is taxable only in the Slovak Republic. The Slovak income tax rate applicable for both individuals and corporations is 19%.

The tax deductibility of a potential loss varies according to the nature of the beneficial owner. In case of an individual holding the Notes as a non-business asset, the eventual loss from the sale of the Notes can be compensated only with profits realised on the sale of other Notes, shares or securities in the same fiscal period. In the case of an individual holding the Notes in connection with its business activities, a loss on the sale of the Notes can be generally offset against the interest income derived from the Notes before the sale if the net result of business activities is a loss. The amount of loss exceeding the related interest income is not deductible for tax purposes. A similar principle applies for corporations.

In the following situations, the loss is entirely accepted as a tax deductible expense: (i) securities traded at a stock exchange, the acquisition cost of which is not higher, and the proceeds from the sale of which are not lower than a deviation of 10% from the average quotation published by the stock exchange on the date of purchase or sale, or, if the securities are not traded on such a date, from the last published average quotation; as

regards the securities above, the expense shall be equal to the acquisition cost of shares, or, with respect to other securities, the acquisition cost adjusted by the valuation difference arising out of the valuation at a fair market price which is included in the tax base; (ii) bonds, the selling price of which is not lower by more than the interest accrued on the bonds and included in the tax base up prior to the date of sale or the date of maturity of the bond; and (iii) for taxable parties, which are engaged in the trading with securities pursuant to special legislation, and which may deduct the expenses of acquisition of securities up to the amount posted as their cost.

Non-residents

Interest

Under the EU Savings Directive as implemented in the Slovak Republic, a paying agent domiciled in the Slovak Republic is required to withhold a tax of 19% on interest under the Notes payable to an individual resident in another EU Member State, unless the beneficiary recipient of the interest opted for an exchange of information in accordance with the EU Savings Directive.

Capital gains

Capital gains realised by a Slovak tax non-resident on the sale of Notes issued by an Austrian entity are not treated as Slovak source income (i.e., they are not subject to tax in Slovakia). In general, only the capital gains realised by Slovak tax non-residents on the sale of securities issued by taxpayers having their seat in the territory of Slovakia, shall be taxed in Slovakia under local tax law.

Inheritance and gift tax

There is no inheritance or gift tax in the Slovak Republic.

However, if Notes are donated by an employer to a Slovak tax resident who is an employee, or if Notes are donated to a Slovak tax resident who is a self-employed and these Notes are donated in connection with carrying out his self-employment, the value of the gift is subject to Slovak income tax.

Slovenia

The following is a general description of certain Slovenian tax considerations relating to the Notes, based on the Issuer's understanding of the current law and its practice in Slovenia. It does not purport to be a complete analysis of all relevant tax considerations. Furthermore, it only relates to the position of investors who are beneficial owners of the Notes and the interest and may not apply to certain classes of investors. Prospective purchasers of the Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of the Republic of Slovenia of acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

Residents

Interest

Individuals

Under the Slovenian tax laws currently in effect, the payment of interest on the Notes (as defined in sec. 81 of the Slovenian Individual Income Tax Act [*Zakon o dohodnini*]) in

accordance with their terms and conditions to a resident individual (within the meaning of the relevant provisions of the Slovenian Individual Income Tax Act) will generally be subject to Slovenian income tax (levied by way of withholding or by way of assessment), provided that these qualify as non-business assets. Income from a disposal or repurchase by the issuer of discounted debt securities (including non-coupon debt securities) shall also be considered as interest income (in accordance with sec. 88 of the Slovenian Individual Income Tax Act).

The tax base shall be obtained interest unless otherwise provided by the Slovene Personal Income Tax Act.

The tax base on interest resulting from the disposal of discounted debt securities prior to maturity of the security or upon purchase of the discounted debt security prior to or upon maturity of the paper shall be the interest calculated for the period from the day of acquisition to the day of disposal or purchase of the discounted debt security. Discounted debt securities shall also include non-coupon debt securities. The level of interest shall be determined according to the methodology of constant yield.

If in a particular financial debt arrangement it is not explicitly determined in advance what share of individual payment represents repayment of the principal and what share is the interest, it shall be deemed for the purpose of taxation that interest calculated at the recognised interest rate, as defined in the Corporate Income Tax Act, is paid out first.

Income from capital comprises profits from the disposal and exchange of profits from securities and other capital investments. Exempt from income tax is income from capital gains achieved after a speculative period of 20 years. The tax basis from capital gains is the positive difference between the revenue of disposal and the acquisition value or the manufacturing value of the disposed capital assets.

Income from capital is taxed at a rate of 20 per cent. and not subject to the annual personal income tax return.

Corporations

Under the Slovenian tax laws currently in effect, the payment of interest on the Notes in accordance with their terms and conditions within the meaning of the relevant provisions of the Slovenian Corporate Income Tax Act (*Zakon o davku od dohodkov pravnih oseb*) received by (i) a legal person resident for tax purposes in the Republic of Slovenia; or by (ii) a permanent establishment (*poslovna enota*) in the Republic of Slovenia of a legal person not resident for tax purposes in the Republic of Slovenia, is considered as a part of the overall taxable income. The Corporate Income Tax is levied on the net profits, defined according to the profit and loss account, as stipulated by the law and the Accounting Standards. The tax rate is 20%.

However, a tax rate of 0 per cent. might apply to e.g. Investment funds, Pensions funds and insurance companies that have their own pensions funds.

Double taxation treaty between Slovenia and Austria

According to the double taxation treaty between Slovenia and Austria interest arising in Austria and paid to a resident of Slovenia may be taxed in Slovenia (with Austria being entitled to levy tax up to a certain amount).

Capital gains

Individuals

Under the Slovenian Individual Income Tax Act, capital gains from the sale or other disposition of debt securities held as non-business assets are in general exempt from

taxation. Capital gains derived from the alienation of financial derivatives (as defined in sec. 7 of the Financial Instruments Market Act [*Zakon o trgu finančnih instrumentov*]) and debt securities (except for coupon debt securities and discount debt securities) by a resident individual are taxed at the rate of 40% (in the first 12 months of holding) and 20% (in the following 4 years of holding) according to the Act on the Taxation of Profits from the Disposal of Derivatives (*Zakon o davku od dobicka od odsvojitve izvedenih finančnih instrumentov*). The tax rate is further reduced by 5 percentage points for every 5 years of holding, so that the rate of 15%, 10%, 5% and 0% applies after the 5th, 10th, 15th and 20th year of holding, respectively.

Capital gains from the sale or other disposition of debt securities held as business assets might be subject to a progressive income tax rate of up to 41%.

Corporations

Capital gains derived from the sale or other disposition of the Notes by a Slovenian resident corporation will generally be subject to Slovenian corporate income tax at a flat rate of 20%.

Double taxation treaty between Slovenia and Austria

According to the double taxation treaty between Austria and Slovenia, capital gains from the sale of the Notes by a Slovenian tax resident to an Austrian tax resident are in general only taxable in Slovenia.

Non-residents

In accordance with the Slovenian Personal Income Tax Act non-residents are subject to tax on income derived from a source in Slovenia. Withholding tax is levied at a rate of 20%. Source taxation may be obviated or reduced pursuant to the terms of an applicable double taxation treaty, with the holder applying for a refund with the Slovenian tax authorities providing proof of eligibility.

No tax is levied on payments under the Notes to legal persons not resident for taxation purposes in the Republic of Slovenia and having no permanent establishment in the Republic of Slovenia except that withholding tax at the rate of 15% is levied on payments of interest on the Notes to legal persons resident in certain non-EU jurisdictions, where the general or average nominal income tax rate is lower than 12.5% and which are listed as "tax havens" by the Ministry of Finance (currently the Bahamas, Barbados, Belize, Brunei, the Dominican Republic, Costa Rica, Liberia, Liechtenstein, the Maldives, the Marshall Islands, Mauritius, Oman, Panama, Saint Kitts and Nevis, Saint Vincent and the Grenadines, Samoa, the Seychelles, Uruguay and Vanuatu).

Inheritance and gift taxation

Individuals and private law entities (within the meaning of sec. 3 of the Slovenian Inheritance and Gift Tax Act [*Zakon o davku na dediscine in darila*]) are subject to Slovenian inheritance and gift tax in case of a transfer of the Notes *mortis causa* or *inter vivos*. The rate of such tax depends upon the value of the assets transferred and upon the relationship between the deceased/the donor on the one hand and the heir/the donee on the other hand. An exemption may apply in certain cases, such as to transfers between direct descendants and between spouses, as well as to a transfer of movable property the total value of which does not exceed EUR 5,000.

Stamp duty

In principle, no stamp duty should be payable upon a transfer of Notes in Slovenia.

Implementation of the EU Savings Directive

The EU Savings Directive has been implemented in the local legislation. If a withholding tax is deducted from the interest in another EU country under the provisions of the national legislation in that country and in line with the transitional periods provided by the EU Savings directive, the resident individual may claim a credit of the tax deducted against his/her Slovenian income tax liability. If the tax deducted exceeds the tax liability in Slovenia, the resident individual can apply for a refund of the excess amount from the Slovenian tax authorities.

Italy

The following is a general summary of certain Italian tax ramifications of acquiring, holding and disposing of the Notes. It does not purport to be a complete analysis of all tax considerations that may be relevant to the decision to purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of the Notes, some of which may be subject to special rules. For instance, this summary does not discuss the treatment of Notes that are held in connection with a permanent establishment in Italy through which a non-resident carries on business in Italy.

Therefore, the following summary cannot serve as the sole basis for judging the tax consequences of an investment in the Notes.

With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the Italian Tax Authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be excluded that the Italian Tax Authorities and Italian courts or Italian paying agents may adopt a different view from that outlined below.

It is recommended that prospective investors should consult their tax advisors, who can take into consideration the personal situation of the investor in connection with analyzing the overall tax consequences of acquiring, holding and disposing of the Notes and the applicability of the following general principles.

The following summary is based upon Italian tax laws and practice in effect as at the date of this Prospectus, which may be subject to change, potentially with retroactive effect. Please note that this Prospectus will not be amended to take into account such future changes. It should be noted that the taxation of the Notes may change as a result of a process of review of the tax regime applicable to financial income.

Residents

Interest

Legislative Decree No. 239 of 1 April 1996, as amended ("Decree No. 239"), regulates the tax treatment of interest, premiums and other income from Notes (including the difference between the redemption amount and the issue price), hereinafter collectively referred to as "Interest", inter alia issued by non-resident companies. The provisions of Decree No. 239 only apply to those Notes that qualify as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) pursuant to art. 44(2)(c) of the Presidential Decree No. 917 of 22 December 1986, as amended. For securities to qualify as similar to bonds (*titoli similari alle obbligazioni*) they must incorporate an unconditional obligation to pay at maturity an amount not less than that therein indicated without providing any right to the noteholders to participate in, or to control, the activity carried on by the Issuer.

Individuals

Please note that it is hereinafter assumed that the individual holds the Notes in his/her capacity of private individual, i.e. not in connection with an entrepreneurial activity.

Pursuant to Decree No. 239, where the noteholder, who is the beneficial owner of the Notes, is a resident individual holding Notes with an original maturity of at least 18 months otherwise than in connection with an entrepreneurial activity, interest is subject to a final substitute tax (referred to as "*imposta sostitutiva*") levied at the rate of 12.5%, either when interest is paid by the Issuer or when payment thereof is obtained by the holder on a transfer of the Notes.

Imposta sostitutiva is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance ("Intermediaries"). The Intermediaries must (i) be resident or be a permanent establishment in Italy of a non-resident financial intermediary and (ii) intervene, in any way, in the collection of interest or in the transfer of the Notes.

For the purpose of the application of *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, that results in a change of ownership of the relevant Notes or in a change of the intermediary with which the Notes are deposited.

Where the Notes are not deposited with an authorised intermediary, *imposta sostitutiva* is applied and withheld by any intermediary paying interest to the noteholders.

The 12.5% *imposta sostitutiva* regime described herein does not apply in case the Notes are held in a discretionary investment portfolio managed by an authorised financial intermediary and the investor opts to be taxed at a flat rate of 12.5% on the year-end appreciation of the investment portfolio accrued, even if not realised (which appreciation includes interest accrued on the Notes), pursuant to the so-called discretionary investment portfolio regime (the *risparmio gestito* regime) provided by art. 7 of Legislative Decree No. 461 of 21 November 1997, as amended ("Decree No. 461").

Imposta sostitutiva applies at a rate of 27% if the original maturity of the Notes is shorter than 18 months.

Companies

Interest on Notes deposited with an authorised intermediary received by a resident company is not subject to *imposta sostitutiva* and must be included on an accrual basis in the noteholder's annual tax return and therefore is subject to general Italian taxation, according to the ordinary rules.

A tax credit for the applicable Austrian income tax (if any) may be granted pursuant to (and subject to the corresponding limitations) either domestic law or the provisions of the double taxation treaty concluded between Italy and Austria.

Early redemption

Without prejudice to the above provisions, Notes qualifying as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*), as defined above, and with an original maturity of eighteen months or more that are made subject to an early redemption within eighteen months from the date of issue are subject to an additional tax due by the noteholder at the rate of 20% in respect of interest accrued on the Notes up to the date of the early redemption pursuant to art. 26(3) of the Presidential Decree No. 600 of 29 September 1973 as amended. According to the interpretation laid down in the Ruling No. 11/E of 31 January 2011, , the above 20% additional tax is also due in the event of a repurchase by the Issuer of Notes that are subsequently cancelled either prior to eighteen months from the date

of issue or prior to the expiry of a 18-month period (also non consecutive) of negotiation in the market.

Notes classified as atypical securities

Interest relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) pursuant to art. 44(2)(c) of the Presidential Decree No. 917 of 22 December 1986, as amended, may be subject to a withholding tax levied at the rate of 27% (final or on account depending on the status of the relevant noteholder) or, in some instances (see Ruling No. 72/E of 12 July 2010), be subject to a substitute tax at the 12.5% rate under the regime that is applicable to capital gains realized by individuals. Pursuant to art. 44(2)(c) of the Presidential Decree No. 917 of 22 December 1986, for securities to qualify as similar to bonds (*titoli similari alle obbligazioni*) they must incorporate an unconditional obligation to pay at maturity an amount not less than that therein indicated without providing any right to the noteholders to participate in, or to control, the activity carried on by the Issuer.

Capital gains

Individuals

Pursuant to Decree No. 461, a 12.5% capital gain tax, hereinafter referred to as *imposta sostitutiva*, is applicable to capital gains realised upon any sale or transfer for consideration or redemption of the Notes by resident individuals holding the Notes not in connection with an entrepreneurial activity.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime, *imposta sostitutiva* on the capital gains is chargeable, on a cumulative basis, on all capital gains net of any incurred capital losses realised by resident individuals not engaged in entrepreneurial activities pursuant to all investment transactions carried out during any given fiscal year. The capital gains realised in a year must be detailed in the annual tax return and *imposta sostitutiva* must be paid on such capital gains together with any income tax due for the relevant tax year. Capital losses that exceed gains may be carried forward against capital gains realised in any of the following four fiscal years.

Alternatively to the tax declaration regime, resident individuals (holding the Notes not in connection with an entrepreneurial activity) may elect to pay *imposta sostitutiva* separately on capital gains realised upon the sale, transfer or redemption of the Notes (*regime del risparmio amministrato*). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with banks, SIMs or other authorised intermediaries and (ii) an express election of separate taxation being timely made in writing by the relevant noteholder. The separate taxation election lasts for the entire fiscal year and unless revoked prior to the end of such year is deemed valid also for the subsequent one. The intermediary is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale, transfer or redemption of the Notes, as well as on capital gains realised as at revocation of its mandate, net of any incurred capital losses, and is required to pay the relevant amount to the tax authorities, deducting a corresponding amount from proceeds to be credited to the noteholder. Where a particular sale, transfer or redemption of the Notes results in a capital loss, the intermediary is entitled to deduct such loss from gains subsequently realised on assets held with the same securities management in the same tax year and in the following tax years up to the fourth. Under the *risparmio amministrato* regime the noteholder remains anonymous (i.e. is not required to report the capital gains in the annual tax return).

Different rules apply if the Notes are held by resident individuals (holding the Notes not in connection with an entrepreneurial activity) in a portfolio managed upon selection by the taxpayer by a professional intermediary in the regime of *risparmio gestito*. Under such regime capital gains realised upon sale, transfer or redemption of the Notes are not subject to *imposta sostitutiva* but will contribute to determine the annual accrued appreciation of the

portfolio. Under the *risparmio gestito* regime, a 12.5% final substitute tax on the accrued, even if not realised, appreciation of the portfolio at year-end is applied on behalf of the taxpayer by the managing professional intermediary. Under the *risparmio gestito* regime any depreciation of the investment portfolio accrued at year-end may be carried forward against appreciation accrued in each of the following years up to the fourth. Under the *risparmio gestito* regime the noteholder remains anonymous (i.e. is not required to report the capital gains in the annual tax return).

Companies

Capital gains realised by a resident company from the disposal of the Notes must be included in the noteholder's annual tax return and therefore is subject to general Italian taxation, according to the ordinary rules.

A tax credit for the applicable Austrian income tax (if any) may be granted pursuant to (and subject to the corresponding limitations) either domestic law or the provisions of the double taxation treaty concluded between Italy and Austria.

Non-residents

Interest received by non-residents is not subject to Italian taxation.

Capital gains realised by non-residents from the sale, transfer or redemption of the Notes are not subject to Italian taxation, provided that the Notes are held outside Italy.

Inheritance and gift tax

Inheritance and gift tax has been re-introduced under Italian tax law by Law No. 286 of 24 November 2006, as amended by Law No. 296 of 27 December 2006 (Finance Bill 2007). Accordingly, *mortis causa* transfers of the Notes, transfers of the Notes by way of donation, gift or other transfer at gratuitous title or the establishing of dedicated interests on the Notes (*vincoli di destinazione*) may be subject to inheritance and gift tax, which applies at proportional rates ranging from 4% to 8% depending on the relationship between the transferor and the transferee.

Tax monitoring

Pursuant to Law Decree No. 167 of 28 June 1990, ratified and converted by Law No. 227 of 4 August 1990, as amended, resident individuals that, at the end of the year, hold investments abroad or who have financial activities abroad must, in certain circumstances, disclose the aforesaid investments and activities and the related transactions to the tax authorities. This obligation does not exist in cases where the overall value of the foreign investments and financial activities at the end of the year, and the overall value of the transactions carried out during the relevant year, do not exceed EUR 10,000.

Implementation of the EU Savings Directive

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005 ("Decree 84/2005"). Under Decree 84/2005, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 (including the case of interest accrued on the Notes at the time of their disposal) to individuals that qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian Paying Agents (i.e. banks, SIMs, fiduciary companies, SGRs resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for professional or commercial reasons) shall report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the state of residence of the

beneficial owner. In certain circumstances, the same reporting requirements must be complied with also in respect of interest paid to an entity established in another Member State, other than legal persons (with the exception of certain Finnish and Swedish entities), whose profits are taxed under general arrangements for business taxation and, in certain circumstances, UCITS recognised in accordance with the UCITS Directive.

Companies, similar entities subject to taxation on business profits, UCITS passported under the UCITS Directive and non passported UCITS that have elected to be treated like passported, are excluded from the application of Decree No. 84.

Either payments of interest on the Notes or the realisation of the capitalised interest through a sale of the Notes would constitute "payments of interest" under art. 6 of the Directive and, as far as Italy is concerned, art. 2 of the Decree 84/2005.

Malta

Residents

In the case of persons being both domiciled and ordinary residents in Malta, income tax is charged on their worldwide income, including specified capital gains. However, this rule is subject to any double taxation treaty provisions which may apply in the particular circumstances in terms of Malta's double taxation treaties currently in force (e.g. the double taxation treaty is currently in force between Malta and Austria).

In general, the income tax rate for income and capital gains currently stands at 35% for companies (as defined in the Maltese Income Tax Act) and varies between 0% and 35% for other persons.

However income and gains falling within the definition of "investment income" pursuant to the Income Tax Act may be charged with a final withholding tax of 15% subject to the satisfaction of certain statutory conditions (see below).

Interest

Malta is entitled to tax interest income even in terms of the double taxation treaty between Malta and Austria.

(a) Provisions under the double taxation treaty between Malta and Austria

Art. 11(1) of the double taxation treaty between Malta and Austria provides that interest arising in a contracting state and paid to a resident of the other Contracting State may be taxed in that other Contracting State. Hence in terms of the above mentioned treaty Malta, being the country where the investor would be resident, has the right to tax such interest income. It should be noted that the treaty provides that the tax charged in the country where the interest arises cannot exceed 5% of the gross amount of the interest.

(b) Provisions under Maltese domestic tax law

The Maltese income tax treatment of interest income derived from the Notes depends on whether such income falls within the definition of "investment income" under the Maltese Income Tax Act. The definition provides for an exhaustive list of sources of income (including different types of interest income) which would fall within the meaning of "investment income" for Maltese tax purposes.

"Investment income" as defined under the Maltese Income Tax Act includes, for example, "interest, discounts or premiums payable in respect of a public issue by a company, entity or other legal person howsoever constituted and whether resident in Malta or otherwise".

If the interest income qualifies as “investment income” under Maltese tax law, such income may be subject to a 15% final withholding tax.

In order for the said 15% final withholding tax to be applicable, the Maltese-resident noteholder should fall within the definition of “recipient” in terms of art. 41 of the Income Tax Act – holders who do not fall within this definition should seek advice on the taxation of such income. Special rules apply if the recipient is a Maltese-registered collective investment scheme holding a classification for Maltese tax purposes as a “prescribed fund” – such a recipient should seek advice accordingly.

Furthermore, in terms of current Maltese Revenue practice, the payment of the 15% final withholding tax would have to be effected through an authorised financial intermediary licensed in Malta, i.e. the Maltese authorised financial intermediary would have the obligation to collect and forward such withholding tax to the Maltese Revenue.

The 15% withholding tax is a final tax and a resident individual holder of the Notes is entitled not to declare the respective interest income on his/her income tax return. A Maltese-resident holder of the Notes should not be charged to further tax in respect of such interest income. Tax withheld will in no case be available to any person for credit against that person’s tax liability or for a refund, as the case may be.

Notwithstanding the above, the Maltese resident holder may opt to receive the interest income without deduction of withholding tax. In this case this person would be obliged to declare the interest income on the income tax return and would be subject to tax on such interest income at the standard rates of tax applicable to this person at the time the interest income is received by the noteholder.

If foreign (non-Maltese) tax is charged (or, in certain instances, deemed to be charged) on the interest income, subject to the satisfaction of certain statutory conditions, such foreign tax may be creditable against the Maltese tax. However, such a credit of foreign tax should not be available in the case that the interest income is subject to the 15% final withholding tax outlined above; also, in that case, the Maltese 15% final withholding tax should be chargeable on the gross interest income.

Capital gains

This part refers only to noteholders who do not deal in securities in the course of their trading activity and if the Notes in question represent a “capital asset”. Hence the redemption or disposal of such Notes should result in a capital gain (and not a trading gain) for Maltese tax purposes.

Malta is entitled to tax capital gains realised on transfers of securities even in terms of the double taxation treaty between Malta and Austria (in the circumstances and subject to the terms and conditions set out in the said Treaty).

According to Maltese tax law, only those capital gains as specified in the Maltese Income Tax Act are subject to income tax in Malta. The provisions regulating capital gains provide for a definition of “securities” as follows: “shares and stocks and such like instruments that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return...”.

If the particular Notes do not fall within the above-quoted definition, the capital gain arising on the redemption or disposal of the Notes should not be subject to Maltese tax.

In case the particular Notes fall within the definition of “securities” as quoted above, capital gains realised by a Maltese resident and domiciled noteholder on the redemption or disposal of the Securities should be subject to Maltese income tax.

Similarly to the tax position outlined above in respect of interest income, the applicable tax rate on such capital gains depends on whether the capital gains qualify as “investment income” pursuant to the Maltese Income Tax Act.

The definition of “investment income” includes, for example, “capital gains arising on the redemption, liquidation or cancellation of securities ... not being shares in a company”. On the assumption that the Notes should not represent “shares in a company” as required by the said provision of the law, the capital gain, if any, arising on the redemption of the Notes should qualify as “investment income” in terms of the aforesaid provision. In this case, chargeable capital gains may be subject to a final withholding tax of 15%.

The same considerations outlined in respect of interest income regarding the applicability (and other features) of the 15% final withholding tax also apply in this case. Furthermore, in respect of capital gains arising on the redemption of the Notes, the noteholder has the option to receive the capital gains without deduction of a withholding tax, in which case the noteholder would be required to declare the capital gain in the tax return and charge it to tax at the standard rate of tax applicable to that person at the time of redemption of the Notes.

The position outlined in the preceding two paragraphs should not apply in the case of a disposal of the notes since the definition of “investment income” referred to above specifically requires a “redemption, liquidation or cancellation”. Hence in the case of a disposal (rather than a redemption) of the Notes, any chargeable capital gains should not qualify as “investment income” and should therefore be declared on the noteholder’s income tax return and be subject to tax at the standard rate of tax at the point of disposal.

Non-residents

Assuming that (i) the noteholder would not be a resident and not domiciled in Malta for tax purposes, and (ii) the interest income or capital gains would not represent income or gains arising in Malta and any interest income would not be received in Malta, and (iii) the Notes would not form part of the business property of the noteholder’s Maltese permanent establishment, no Maltese income tax liability should arise pursuant to Maltese tax law.

Duty on documents and transfers (stamp duty)

The Maltese Duty on Documents and Transfers Act charges to duty *inter alia* transfers of marketable securities. A redemption of securities should not be covered by the term “transfer” according to Maltese stamp duty legislation and should therefore not be chargeable to Maltese stamp duty. Hence the Maltese stamp duty considerations under this part should be relevant in case a disposal (direct transfer) of the Notes occurs.

Maltese stamp duty is chargeable at the rate of EUR 2 for every EUR 100 or part thereof in respect of the amount or value of the consideration or the real value of the marketable security, whichever is the higher. Maltese stamp duty is due on documents executed in Malta and on documents executed outside of Malta which are made use of in Malta.

However, if the Issuer has in place an art. 47 exemption determination issued by the Maltese Revenue, any acquisitions or disposals of marketable securities issued by the Issuer should be exempt from Maltese stamp duty if such an exemption determination continues to be in place until the time that any disposal of the Notes occurs.

Implementation of the EU Savings Directive

Malta has implemented the EU Savings Directive into Maltese domestic legislation as from 1 January 2005 in terms of Legal Notice 267 of 2004.

If any of the payments derived from the Notes fall within the purport of the EU Savings Directive, the country of the Issuer would have to determine whether any exchange of

information requirements would apply or whether any foreign (non-Maltese) withholding tax would apply on such payments.

In the case where there is a Maltese paying agent and the recipient of such interest is non-Maltese, then the said agent has the obligation to report information to the competent authority in Malta (being the Commissioner of Inland Revenue) in line with the provisions of the EU Savings Directive. The information to be reported by the Maltese paying agent to the Maltese competent authority for all interest payments made during a calendar year in terms of the EU Savings Directive must be furnished annually not later than 28 February following the end of such calendar year.

All paying agents in Malta are to register for the purposes of the EU Savings Directive with the Inland Revenue Department. This means that both paying agents who pay interest income directly to beneficial owners and paying agents who receive income on behalf of the beneficial owners are to be registered with the Inland Revenue Department.

The Commissioner of Inland Revenue may, when and as often as he deems necessary, give notice in writing to any paying agent to furnish, within a reasonable time stated in the notice, not being less than fourteen days, such information (including copies of any relevant books, documents or other records) which the Commissioner may deem necessary in order to determine that the information reported by the said paying agent was correct and complete. The said paying agent required to furnish such information must make available all the documents in his possession or under his control as required by the Commissioner of Inland Revenue.

The minimum amount of information concerning interest payments to be reported by Maltese paying agents should be that specified in art. 8(2) of the EU Savings Directive.

EU Savings Directive

The EU adopted the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (EU Savings Directive), which obliges each EU Member State to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person within its jurisdiction to an individual resident in another Member State or to certain limited types of entities established in that other Member State, except that Austria and Luxembourg (and originally also Belgium) have instead imposed a withholding system for a transitional period (the ending of such transitional period being dependant upon the conclusion of certain other agreements relating to information exchange with certain other countries) unless during such period they elect otherwise. A number of other non-EU countries and territories, including Switzerland, have agreed to adopt similar measures (a withholding system in the case of Switzerland). On 13 November 2008, the European Commission published a proposal for amendments to the EU Savings Directive, which included a number of suggested changes, which if implemented, would broaden the scope of the Directive described above. The European Parliament approved an amended version of this proposal on 24 April 2009. Investors who are in any doubt as to their position should consult their professional advisers.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in a Programme Agreement dated 30 June 1998, as amended and restated on 8 June 2011 (the "Programme Agreement") between the Issuer and the Permanent Dealers, the International Notes will be offered from time to time by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell International Notes directly on its own behalf to Dealers that are not Permanent Dealers. The International Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The International Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Programme Agreement also provides for International Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers. The Issuer will act as sole Arranger in respect of Domestic Notes. Furthermore, together with Erste Bank Oesterreich, Issuer will act as Dealer in respect of the Notes.

The Issuer will pay each relevant Dealer a commission as agreed between the Issuer and the Dealer, which commission may be deducted from the net proceeds payable to the Issuer on the closing of any series of Notes. The Issuer has agreed to reimburse the Arranger for certain of their expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in Part A of the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, US persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form having a maturity of more than one year are subject to US tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by US tax regulations. Terms used in this paragraph have the meanings given to them by the US Internal Revenue Code of 1986 and regulations thereunder.

Each Dealer has represented and agreed that, and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Programme Agreement, it has not offered or sold and will not offer or sell the Notes, (i) as part of its distribution at any time and (ii) otherwise until 40 days after the later of the commencement of the offering or the completion of the distribution and it will have sent to each dealer to which it sells Notes during the distribution compliance period, as defined in Regulation S under the Securities Act, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, US persons.

In addition, until 40 days after the commencement of the offering an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the US Securities Act.

Each issuance of index-, commodity-, future- or currency-linked Notes may be subject to such additional US selling restrictions as the relevant Dealer(s) may agree with the Issuer as a term of the issuance and purchase or, as the case may be, subscription of such Notes. Each Dealer agrees that it shall offer, sell and deliver such Notes only in compliance with such additional US selling restrictions.

Public Offer Selling Restrictions under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-Exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-Exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-Exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State, the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Accordingly, each of the Dealers has represented and agreed that it will not offer, sell or deliver any Notes or distribute copies of the Base Prospectus and any other document relating to the Notes in the Republic of Italy except:

- (a) to “qualified investors”, as referred to in Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (“Decree 58”), as implemented in Italy under Article 34-ter of CONSOB Regulation No. 11971 of 14 May 1999, as amended (“Regulation No. 11971”);
- (b) that it may offer, sell or deliver Notes or distribute copies of any prospectus relating to such Notes in an offer to the public in the period commencing on the date of publication of such prospectus, provided that such prospectus has been approved in another Relevant Member State and notified to CONSOB, all in accordance with the Prospectus Directive, as implemented in Italy under Decree 58 and Regulation No. 11971, and ending on the date which is 12 months after the date of publication of such prospectus; and
- (c) in any other circumstances where an express exemption from compliance with the restrictions on an offer to the public applies, as provided under Decree No. 58 or Regulation No. 11971.

Any such offer, sale or delivery of the Notes or distribution of copies of the Base Prospectus or any other document relating to the Notes in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended, Decree No. 58, CONSOB Regulation No. 16190 of 29 October 2007, as amended and any other applicable laws and regulations; and
- (b) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Provisions relating to the secondary market in Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-bis of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with “qualified investors” and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under Decree No. 58 applies.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes which must be redeemed before the first anniversary of the date of their issue, (i) it is a person whose ordinary activities involve it in acquiring,

holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been, and will not be, registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948 as amended, the "FIEA") and each Dealer has represented and agreed (and each further Dealer appointed under the Programme will be required to represent and agree) that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)) or to others for reoffering or, resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in Part A of the relevant Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Prospectus.

No action has been taken in any jurisdiction (other than Luxembourg) that would permit a public offering of any of the Notes or possession or distribution of the Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required. The Issuer may take such action in certain other jurisdictions within the European Economic Area, including in Austria, Germany, the Czech Republic, Hungary, Italy, Malta, the Slovak Republic, Romania and Slovenia.

Each Dealer has agreed that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Prospectus, any other offering material or any Final Terms and none of the Issuer nor any other Dealer shall have responsibility therefor.

GENERAL INFORMATION

- (1) Application may be made to admit the Programme and/or Notes to the Markets.
- (2) The Issuer has obtained all necessary consents, approvals and authorisations in Austria in connection with the issue and performance of Notes. The establishment of the Programme was authorised by a resolution of the Managing Board of the Issuer passed on 9 June 1998 and by a resolution of the Planning and Strategy Committee of the Supervisory Board of the Issuer passed on 17 June 1998.
- (3) Tranches of Notes will be issued under the Programme in accordance with internal approvals, as in force from time to time, provided that, unless otherwise specified in the Final Terms, issues of Notes from 1 January 2011 until 31 December 2011 will be made in accordance with a resolution of the Managing Board of the Issuer passed on 25 November 2010, a resolution of the Strategy Committee of the Supervisory Board dated 1 December 2010 and by a resolution of the Supervisory Board of the Issuer passed on 15 December 2010, and issues of Notes in 2012 will be made in accordance with resolutions of the Managing Board, the Strategy Committee of the Supervisory Board (if any) and the Supervisory Board of the Issuer which are expected to be adopted in December 2011. Except as disclosed in this Prospectus, there has been no significant change in the financial or trading position of the Erste Group since 31 March 2011 and no material adverse change in the prospects of the Issuer since 31 December 2010.
- (4) No governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware), during the twelve months preceding the date of this Prospectus, may have, or have had in the recent past, significant effects on the Issuer and/or Erste Group's financial position or profitability, save as disclosed in "Legal and Arbitration Proceedings" on page 163 of this Prospectus.
- (5) Each Bearer Note, Receipt, Coupon and Talon with a maturity of over one year will bear the following legend: "Any United States Person (as defined in the Internal Revenue Code of the United States of America) who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Section 165(j) and 1287(a) of the Internal Revenue Code of the United States".
- (6) Notes have been accepted for clearance through the Euroclear, Clearstream, Luxembourg and OeKB Systems. The Common Code and the International Securities Identification Number (ISIN) and (where applicable) the identification number for any other relevant clearing system for each Series of Notes will be set out in Part B of the relevant Final Terms.
- (7) The address of Euroclear is 1 Boulevard du Roi Albert II, B-1210 Brussels, Belgium, the address of Clearstream, Luxembourg is 42 Avenue JF Kennedy L-1855 Luxembourg and the address of OeKB is Am Hof 4, A-1011 Vienna. The address of any alternative clearing system will be specified in the applicable Final Terms.
- (8) The issue price and the amount of the relevant Notes will be determined before filing of the relevant Final Terms of each Tranche, based on then prevailing market conditions. Where for a particular tranche of Domestic Notes the issue price or aggregate principal amount are not fixed at the time of issue, the Final Terms shall describe the procedures for calculation and publication of such information. The issue price for Notes issued in tap issues shall be specified in the Final Terms at the start of their term and thereafter shall be fixed by the Issuer continuously according to market

conditions prevailing from time to time. In such case, the aggregate principal amount of the Notes may increase from time to time upon subscriptions being made, and the Issuer will in such case specify on the Issue Date the upper limit of the aggregate principal amount of the Notes in the Final Terms.

- (9) Copies of the Audited Consolidated Financial Statements 2009 and 2010 and the Unaudited Interim Financial Statements 31 March 2011, and copies of the Prospectus (including any Supplement to the Prospectus), any Final Terms and the Agency Agreement will be available for inspection at the registered office of the Issuer and at the specified offices of each of the Paying Agents during normal business hours, so long as any of the Notes are outstanding.
- (10) Sparkassen-Prüfungsverband Prüfungsstelle (statutory auditor, two current directors of which are members of the Austrian Institute of Auditors) of Grimmelshausengasse 1, A-1030 Vienna, and Ernst & Young Wirtschaftsprüfungsgesellschaft m.b.H. (a member of "Kammer der Wirtschaftstreuhänder Österreich") of Wagramer Straße 19, 1220 Vienna, have audited and rendered unqualified audit reports on the Audited Consolidated Financial Statements 2009 (dated 2 March 2010) and 2010 (dated 1 March 2011).
- (11) For so long as Notes may be issued pursuant to this Prospectus, the following documents will be available, during usual business hours on any weekday (Saturdays and public holidays excepted), for inspection at the registered office of the Issuer and the specified offices of the Paying Agents:
 - (i) the Agency Agreement (which includes the form of the Global Notes, the definitive Bearer Notes, the Certificates, the Coupons, the receipts and talons);
 - (ii) the Programme Agreement;
 - (iii) the Deed of Covenant;
 - (iv) the articles of association of the Issuer;
 - (v) the Audited Consolidated Financial Statements 2009 and 2010 and the Unaudited Interim Financial Statements 31 March 2011;
 - (vi) each set of Final Terms for Notes that are admitted to trading on a Market or on any other market or stock exchange;
 - (vii) a copy of this Prospectus together with any supplement to this Prospectus or further Prospectus; and
 - (viii) a copy of the subscription agreement for Notes issued on a syndicated basis that are admitted to trading on the Markets.
- (12) Electronic versions of the following documents will be available on the website of the Issuer under "www.erstegroup.com" and (unless provided otherwise below) on the website of the Luxembourg Stock Exchange under www.bourse.lu:
 - (i) a copy of this Prospectus together with any supplement to this Prospectus or further Prospectus;
 - (ii) each set of Final Terms for Notes that are admitted to trading on a Market or on any other market or stock exchange, provided that only Final Terms for Notes that are admitted to trading on the regulated market of the Luxembourg

Stock Exchange shall be published on the website of the Luxembourg Stock Exchange;

- (iii) the prospectuses incorporated by reference into this Prospectus; and
- (iv) the Audited Consolidated Financial Statements 2009 and 2010 and the Unaudited Consolidated Interim Financial Statements 31 March 2011 incorporated by reference into this Prospectus.

FORM OF FINAL TERMS¹
(ISSUE OF NOTES WITH A DENOMINATION OF LESS THAN €50,000¹ OR EQUIVALENT)

Final Terms dated [●]

Erste Group Bank AG

Issue of [Aggregate Nominal Amount of Tranche] [Title of Notes]²

under the **€30,000,000,000 Debt Issuance Programme**

[The Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that, except as provided in sub-paragraph (ii) below, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer of the Notes may only do so in:

- (i) circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer; or
- (ii) those Public Offer Jurisdictions mentioned in Paragraph 38 of Part A below, provided such person is one of the persons mentioned in Paragraph 38 of Part A below and that such offer is made during the Offer Period specified for such purpose therein.

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances].³

[The Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a Relevant Member State) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances].⁴

PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the Prospectus dated [●] 200[●] as supplemented from time to time⁵ which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) as amended (which includes the amendments made by the Directive 2010/73/EU (the "2010 PD Amending Directive") to the extent implemented in the Relevant Member State) (the "Prospectus Directive")¹ This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Prospectus [as so supplemented]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus [as so supplemented]. The Prospectus [and the supplement to the Prospectus] [is] [are] available for viewing [at [website]] [and] during normal business hours at [address] [and copies may be obtained from [address]].⁶

The following alternative language applies if the first tranche of an issue which is being increased was issued under a Prospectus with an earlier date.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the Prospectus dated [original date] as supplemented from time to time⁵. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive (Directive 2003/71/EC) as amended (which includes the amendments made by the Directive 2010/73/EU (the "2010 PD Amending Directive") to the extent implemented in the Relevant Member State) (the "Prospectus Directive")¹ and must be read in conjunction with the Prospectus dated [current date] as supplemented, which constitutes a base prospectus for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the Prospectus dated [original date] as supplemented from time to time and are attached hereto. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectuses dated [original date] and [current date] as supplemented from time to time. The Prospectuses [and the supplement to the Prospectuses] are available for viewing at [website] [and] during normal business hours at [address] [copies may be obtained from [address]].⁶

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Final Terms.]

[When completing any final terms, or adding any other final terms or information, consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Prospectus under Article 16 of the Prospectus Directive.]

[In case of Notes linked to hedge funds insert: The Notes economically represent a hedge fund and an investment therefore carries a high degree of risk. Hence only a small part of the disposable funds should be invested into the Notes and not all disposable funds or funds financed by credit should be invested into the Notes. An investment into the Notes will be offered to investors particularly knowledgeable in investment matters. Investors should participate in the investment only if they are in a position to consider carefully the risks associated with the Notes.]

[In case of Notes offered to retail investors, insert: Investors should note that where the terms and conditions of the Notes provide for a right of early redemption by the Issuer only, Noteholders usually receive a higher yield on their Notes than they would if they were also granted a right to early redeem the Notes. Excluding the Noteholders' right to redeem Notes prior to their maturity is often a precondition for the Issuer being able to hedge its exposure under the Notes. Thus, without early redemption by Noteholders being excluded, the Issuer would not be able to issue Notes at all, or the Issuer would factor the potential hedging break costs into the redemption amount of the Notes, thus reducing the yield investors receive from the Notes. Investors should therefore carefully consider whether they think that a right of early redemption only for the Issuer would be to their detriment, and should, if they think that this is the case, not invest in the Notes.]

- 1 *Directive 2010/73/EU (the "2010 PD Amending Directive") amending the Prospectus Directive 2003/71/EC and the Transparency Directive 2004/109/EC increases the minimum denomination threshold per debt security from €50,000 to €100,000, or its equivalent in another currency, for the qualification of a debt security as wholesale debt with regard to the wholesale disclosure requirements and the exemptions under the Prospectus Directive. For the increased minimum denomination threshold to become applicable, the 2010 PD Amending Directive must be implemented into the relevant national law of the jurisdictions into which the Prospectus has been passported and in which Notes will be listed on a stock exchange and/or publicly offered and distributed. Please note that after the implementation of the 2010 PD Amending Directive the reference to "€50,000" in the Final Terms shall be read as "€100,000".*

- 3 *Include this legend where a non-exempt offer of Notes is anticipated.*
- 4 *Include this legend where only an exempt offer of Notes is anticipated.*
- 5 *Only include details of a supplement to the Prospectus in which the Conditions have been amended for the purposes of all future issues under the Programme.*
- 6 *Article 14.2 of the Prospectus Directive provides that a Prospectus is deemed available to the public when, inter alia, made available (i) in printed form free of charge at the offices of the market on which securities are being admitted to trading; OR (ii) at the registered office of the Issuer and at the offices of the Paying Agents; OR (iii) in an electronic form on the Issuer's website. Article 16 of the Prospectus Directive requires that the same arrangements are applied to supplement to the prospectuses.*
- 7 *If setting notice periods which are different from those provided in the Terms and Conditions, consider the practicalities of distribution of information through intermediaries, for example, clearing systems and custodians, as well as any other notice requirements which may apply, for example, as between the issuer and the fiscal agent.*

FORM OF FINAL TERMS¹
(ISSUE OF NOTES WITH A DENOMINATION OF AT LEAST €50,000¹ OR EQUIVALENT)

Final Terms dated [●]

Erste Group Bank AG

Issue of [Aggregate Nominal Amount of Tranche] [Title of Notes]²

under the **€30,000,000,000 Debt Issuance Programme**

PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the Prospectus dated [●] 200[●] as supplemented from time to time³ which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) as amended (which includes the amendments made by the Directive 2010/73/EU (the "2010 PD Amending Directive") to the extent implemented in the Relevant Member State) (the "Prospectus Directive").¹ This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Prospectus [as so supplemented]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus [as so supplemented]. The Prospectus [and the supplement to the Prospectus] [is] [are] available for viewing [at website] [and] during normal business hours at [address] [and copies may be obtained from [address]]⁴.

The following alternative language applies if the first tranche of an issue which is being increased was issued under a Prospectus with an earlier date.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the Prospectus dated [original date] as supplemented from time to time³. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive (Directive 2003/71/EC) as amended (which includes the amendments made by the Directive 2010/73/EU (the "2010 PD Amending Directive") to the extent implemented in the Relevant Member State) (the "Prospectus Directive")¹ and must be read in conjunction with the Prospectus dated [current date] as supplemented, which constitutes a base prospectus for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the Prospectus dated [original date] as supplemented from time to time and are attached hereto. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectuses dated [original date] and [current date] as supplemented from time to time. The Prospectuses [and the supplement to the Prospectuses] are available for viewing [at [website] [and] during normal business hours at [address] and copies may be obtained from [address]]⁴.

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Final Terms.]

[When completing any final terms, or adding any other final terms or information, consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Prospectus under Article 16 of the Prospectus Directive.]

[In case of Notes linked to hedge funds insert: The Notes economically represent a hedge fund and an investment therefore carries a high degree of risk. Hence only a small part of the disposable funds should be invested into the Notes and not all disposable funds or funds financed by credit should be invested into the Notes. An investment into the Notes will be

offered to investors particularly knowledgeable in investment matters. Investors should participate in the investment only if they are in a position to consider carefully the risks associated with the Notes.]

Notes:

- * *Required for derivative securities to which Annex XII to the Prospectus Directive Regulation applies.*
- 1 *Directive 2010/73/EU (the "2010 PD Amending Directive") amending the Prospectus Directive 2003/71/EC and the Transparency Directive 2004/109/EC increases the minimum denomination threshold per debt security from €50,000 to €100,000, or its equivalent in another currency, for the qualification of a debt security as wholesale debt with regard to the wholesale disclosure requirements and the exemptions under the Prospectus Directive. For the increased minimum denomination threshold to become applicable, the 2010 PD Amending Directive must be implemented into the relevant national law of the jurisdictions into which the Prospectus has been passported and in which Notes will be listed on a stock exchange and/or publicly offered and distributed. Please note that after the implementation of the 2010 PD Amending Directive the reference to "€50,000" in the Final Terms shall be read as "€100,000".*
- 2 *Notes issued as Pfandbriefe (Mortgage Bonds), Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) (Public-Sector Covered Bonds) or Covered Bonds must be named as such.*
- 3 *Only include details of a supplement to the Prospectus in which the Conditions have been amended for the purposes of all future issues under the Programme.*
- 4 *Article 14.2 of the Prospectus Directive provides that a Prospectus is deemed available to the public when, inter alia, made available (i) in printed form free of charge at the offices of the market on which securities are being admitted to trading; OR (ii) at the registered office of the Issuer and at the offices of the Paying Agents; OR (iii) in an electronic form on the Issuer's website. Article 16 of the Prospectus Directive requires that the same arrangements are applied to supplement to the prospectuses.*
- 5 *If setting notice periods which are different from those provided in the Terms and Conditions, consider the practicalities of distribution of information through intermediaries, for example, clearing systems and custodians, as well as any other notice requirements which may apply, for example, as between the issuer and the fiscal agent.*

[Was im Folgenden anwendbar ist, ist einzufügen oder als "Nicht Anwendbar" (N/A) zu bezeichnen. Es ist zu beachten, dass die Nummerierung wie unten dargestellt bestehen bleiben sollte, selbst wenn "Nicht Anwendbar" für einzelne Absätze oder Unterabsätze anwendbar ist. Kursive Schrift kennzeichnet Anleitungen, wie die Endgültigen Bedingungen fertig zu stellen sind.]

[Wenn Endgültige Bedingungen ausgefüllt werden, oder andere endgültige Bedingungen oder Informationen hinzugefügt werden, sollte erwogen werden, ob solche neue Bedingungen oder Informationen "wichtige neue Umstände" darstellen und somit einen Nachtrag zum Prospekt gemäß Artikel 16 der Prospektrichtlinie erforderlich machen.]

[Bei Schuldverschreibungen die an einen Hedge Fonds gebunden sind, einfügen: Die Schuldverschreibungen bilden wirtschaftlich einen Hedge Fonds ab und ein Investment stellt eine sehr riskante Vermögensveranlagung dar. Es sollte von Anlegern daher nur ein kleiner Teil des frei verfügbaren Vermögens in derartige Produkte investiert werden, keinesfalls jedoch das ganze Vermögen oder per Kredit aufgenommene Mittel. Die Schuldverschreibungen werden Anlegern angeboten, die besondere Kenntnis von Investmentangelegenheiten haben, Investoren sollten nur an dem Investment teilnehmen, wenn sie in der Lage sind, die mit den Schuldverschreibungen verbundenen Risiken sorgfältig abzuschätzen.]

[Wenn Schuldverschreibungen an Konsumenten vertrieben werden, einfügen: Investoren werden darauf hingewiesen, dass die Bedingungen der Schuldverschreibungen nur der Emittentin ein Recht auf vorzeitige Rückzahlung gewähren, und dass die Inhaber der Schuldverschreibungen eine höhere Rendite auf ihre Schuldverschreibungen erhalten, als wenn sie ebenfalls ein vorzeitiges Rückzahlungsrecht eingeräumt erhalten würden. Der Ausschluss des vorzeitigen Rückzahlungsrechtes durch die Inhaber der Schuldverschreibungen ist eine Voraussetzung dafür, dass die Emittentin ihr Risiko aus den

Schuldverschreibungen absichern kann. Daher würde die Emittentin, wenn das vorzeitige Rückzahlungsrecht der Inhaber der Schuldverschreibungen nicht ausgeschlossen würde, die Schuldverschreibungen entweder gar nicht begeben oder die Emittentin würde die voraussichtlichen Kosten für die Auflösung des Absicherungsgeschäftes in den Rückzahlungsbetrag der Schuldverschreibungen einberechnen und so die Rendite der Investoren verringern. Investoren sollten daher sorgfältig überlegen, ob sie meinen, dass dieses vorzeitige Rückzahlungsrecht, das nur der Emittentin gewährt wird, für sie nachteilig ist und sollten, wenn sie dieser Ansicht sind, nicht in die Schuldverschreibungen investieren.]

Fußnoten:

- * *Erforderlich für derivative Wertpapiere, auf die Annex XII der Prospekt Verordnung anwendbar ist.*
- 1 *Die Richtlinie 2010/73/EU (die "2010 PR Änderungsrichtlinie"), durch die die Prospektrichtlinie 2003/71/EG und die Transparenzrichtlinie 2004/109/EG geändert werden, erhöht die für die Einordnung eines Schuldtitels als ein Schuldtitel für Großanleger in Bezug auf die entsprechenden Offenlegungspflichten und die Ausnahmen gemäß der Prospektrichtlinie maßgebliche Schwelle der Mindeststückelung pro Schuldtitel von €50.000 auf €100.000, bzw. den entsprechenden Gegenwert in einer anderen Währung. Damit die erhöhte Schwelle der Mindeststückelung Anwendung findet, muss die 2010 PR Änderungsrichtlinie in das jeweilige nationale Recht der Rechtsordnungen, in die der Prospekt notifiziert wurde und/oder in denen eine Börsennotierung bzw. ein öffentliches Angebot und der Vertrieb der Schuldtitel erfolgen soll,*

umgesetzt werden. Nach der Umsetzung der 2010 PR Änderungsrichtlinie ist der Verweis auf den Betrag "€50.000" in den Endgültigen Bedingungen als "€100.000" zu lesen.

- 2 *Schuldverschreibungen, die als Pfandbriefe, Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) oder fundierte Bankschuldverschreibungen emittiert werden, müssen als solche bezeichnet werden.*
- 3 *Diesen Text einfügen, wenn ein nicht ausgenommenes Angebot von Schuldverschreibungen erfolgen soll.*
- 4 *Diesen Text einfügen, wenn ein ausgenommenes Angebot von Schuldverschreibungen erfolgen soll.*
- 5 *Nur Einzelheiten von Nachträgen zum Prospekt einfügen, in denen die Bedingungen für alle künftigen Emissionen unter dem Programm geändert werden.*
- 6 *Artikel 14.2 der Prospektrichtlinie bestimmt, dass ein Prospekt unter anderem dann als dem Publikum zur Verfügung gestellt gilt, wenn er (i) dem Publikum in gedruckter Form bei den zuständigen Stellen des Marktes, an dem die Wertpapiere zum Handel zugelassen werden sollen; ODER (ii) am Sitz der Emittentin oder den Zahlstellen; ODER (iii) in elektronischer Form auf der Website der Emittentin zur Verfügung gestellt wird. Artikel 16 der Prospektrichtlinie bestimmt, dass dieselben Bestimmungen auf Nachträge zutreffen.*
- 7 *Wenn Mitteilungsfristen bezeichnet werden, die von jenen in den Emissionsbedingungen abweichen, sollte in Betracht gezogen werden, ob die Verbreitung der Information durch Intermediäre, wie zum Beispiel Clearing Systeme und Verwahrer praktikabel ist, genauso wie andere möglicherweise anwendbaren Informationserfordernisse, zum Beispiel zwischen der Emittentin und dem Fiskalagenten.*

TEIL A - VERTRAGLICHE BEDINGUNGEN

Hierin verwendete Ausdrücke gelten als definiert wie in den Emissionsbedingungen (die "Emissionsbedingungen") des Prospekts vom [●] 200[●] allenfalls ergänzt um Nachträge³ vorgesehen der einen Basisprospekt für die Zwecke der Prospektrichtlinie (Richtlinie 2003/71/EG) allenfalls geändert durch die Richtlinie 2010/73/EU (die "2010 PR Änderungsrichtlinie") wie im jeweils Relevanten Mitgliedstaat umgesetzt (die "Prospektrichtlinie")¹ darstellt. Dieses Dokument stellt die Endgültigen Bedingungen der Schuldverschreibungen in Übereinstimmung mit Punkt 5.4 der Prospektrichtlinie dar und muss in Verbindung mit diesem Prospekt [samt Nachtrag] gelesen werden. Eine vollständige Information über die Emittentin und das Angebot der Schuldverschreibungen ist nur durch Kombination dieser Endgültigen Bedingungen mit dem Prospekt [samt Nachtrag] möglich. Der Prospekt [und der Nachtrag] [ist] [sind] [auf [Website]] [und] während normaler Geschäftszeiten bei [Adresse] einsehbar und Kopien können bei [Adresse] bezogen werden.⁴

Die folgende alternative Textversion ist anwendbar wenn die erste Tranche einer Emission, die unter einem Prospekt mit früherem Datum begeben wurde, aufgestockt wird.

Hierin verwendete Ausdrücke gelten als definiert wie in den Emissionsbedingungen (die "Emissionsbedingungen") des Prospekts vom [Originaldatum] allenfalls ergänzt um Nachträge³ vorgesehen. Dieses Dokument stellt die Endgültigen Bedingungen der Schuldverschreibungen in Übereinstimmung mit Punkt 5.4 der Prospektrichtlinie (Richtlinie 2003/71/EG) allenfalls geändert durch die Richtlinie 2010/73/EU (die "2010 PR Änderungsrichtlinie") wie im jeweils Relevanten Mitgliedstaat umgesetzt (die "Prospektrichtlinie")¹ dar und muss in Verbindung mit dem Prospekt vom [aktuelles Datum] allenfalls ergänzt um Nachträge gelesen werden, der einen Basisprospekt für Zwecke der Prospektrichtlinie darstellt, ausgenommen die Emissionsbedingungen, die dem Prospekt vom [Originaldatum] allenfalls ergänzt um Nachträge entnommen wurden und hier angeschlossen sind. Eine vollständige Information über die Emittentin und das Angebot der Schuldverschreibungen ist nur durch Kombination dieser Endgültigen Bedingungen mit dem Prospekt vom [Originaldatum] und vom [aktuelles Datum] allenfalls ergänzt um Nachträge möglich. [Was im Folgenden anwendbar ist, ist einzufügen oder als "Nicht Anwendbar" (N/A) zu bezeichnen. Es ist zu beachten, dass die Nummerierung wie unten dargestellt bestehen bleiben sollte, selbst wenn "Nicht Anwendbar" für einzelne Absätze oder Unterabsätze anwendbar ist. Kursive Schrift kennzeichnet Anleitungen, wie die Endgültigen Bedingungen fertig zu stellen sind.]

[Wenn Endgültige Bedingungen ausgefüllt werden, oder andere endgültige Bedingungen oder Informationen hinzugefügt werden, sollte erwogen werden, ob solche neue Bedingungen oder Informationen "wichtige neue Umstände" darstellen und somit einen Nachtrag zum Prospekt gemäß Artikel 16 der Prospektrichtlinie erforderlich machen.]

[Bei Schuldverschreibungen, die an einen Hedge Fonds gebunden sind, einfügen: Die Schuldverschreibungen bilden wirtschaftlich einen Hedge Fonds ab und ein Investment stellt eine sehr riskante Vermögensveranlagung dar. Es sollte von Anlegern daher nur ein kleiner Teil des frei verfügbaren Vermögens in derartige Produkte investiert werden, keinesfalls jedoch das ganze Vermögen oder per Kredit aufgenommene Mittel. Die Schuldverschreibungen werden Anlegern angeboten, die besondere Kenntnis von Investmentangelegenheiten haben. Investoren sollten nur an dem Investment teilnehmen, wenn sie in der Lage sind, die mit den Schuldverschreibungen verbundenen Risiken sorgfältig abzuschätzen.]

[Nicht anwendbar]
- (viii) Soll in einer für das Eurosystem geeigneten Weise verwahrt werden: [Ja] [Nein]
[Zu beachten ist, dass die Angabe "Ja" nur meint, dass die Schuldverschreibungen bei Emission bei einem der ICSDs als Common Safekeeper verwahrt werden, und nicht notwendigerweise bedeutet, dass die Schuldverschreibungen als geeignete Sicherheiten für die Eurosystem-Geldpolitik und taggleiche Kreditoperationen durch das Eurosystem anerkannt werden, weder bei Emission noch während ihrer Laufzeit. Die Anerkennung hängt von der Erfüllung der Eurosystem-Auswahlkriterien ab.]
[dieser Text ist einzufügen, wenn "Ja" gewählt wurde; in diesem Fall müssen die Schuldverschreibungen als Eurosystem-fähige "NGN" begeben werden.]

Fußnoten:

- * *Erforderlich für derivative Wertpapiere, auf die Annex XII der Prospekt Verordnung anwendbar ist.*
- 1 *Die Richtlinie 2010/73/EU (die "2010 PR Änderungsrichtlinie"), durch die die Prospektrichtlinie 2003/71/EG und die Transparenzrichtlinie 2004/109/EG geändert werden, erhöht die für die Einordnung eines Schuldtitels als ein Schuldtitel für Großanleger in Bezug auf die entsprechenden Offenlegungspflichten und die Ausnahmen gemäß der Prospektrichtlinie maßgebliche Schwelle der Mindeststückelung pro Schuldtitel von €50.000 auf €100.000, bzw. den entsprechenden Gegenwert in einer anderen Währung. Damit die erhöhte Schwelle der Mindeststückelung Anwendung findet, muss die 2010 PR Änderungsrichtlinie in das jeweilige nationale Recht der Rechtsordnungen, in die der Prospekt notifiziert wurde und/oder in denen eine Börsennotierung bzw. ein öffentliches Angebot und der Vertrieb der Schuldtitel erfolgen soll, umgesetzt werden. Nach der Umsetzung der 2010 PR Änderungsrichtlinie ist der Verweis auf den Betrag "€50.000" in den Endgültigen Bedingungen als "€100.000" zu lesen.*
- 2 *Schuldverschreibungen, die als Pfandbriefe, Kommunalschuldverschreibungen (Öffentliche Pfandbriefe) oder fundierte Bankschuldverschreibungen emittiert werden, müssen als solche bezeichnet werden.*
- 3 *Nur Einzelheiten von Nachträgen zum Prospekt einfügen, in denen die Bedingungen für alle künftigen Emissionen unter dem Programm geändert werden.*
- 4 *Artikel 14.2 der Prospektrichtlinie bestimmt, dass ein Prospekt unter anderem dann als dem Publikum zur Verfügung gestellt gilt, wenn er (i) dem Publikum in gedruckter Form bei den zuständigen Stellen des Marktes, an dem die Wertpapiere zum Handel zugelassen werden sollen; ODER (ii) am Sitz der Emittentin oder den Zahlstellen; ODER (iii) in elektronischer Form auf der Website der Emittentin zur Verfügung gestellt wird. Artikel 16 der Prospektrichtlinie bestimmt, dass dieselben Bestimmungen auf Nachträge zutreffen.*
- 5 *Wenn Mitteilungsfristen bezeichnet werden, die von jenen in den Emissionsbedingungen abweichen, sollte in Betracht gezogen werden, ob die Verbreitung der Information durch Intermediäre, wie zum Beispiel Clearing Systeme und Verwahrer praktikabel ist, genauso wie andere möglicherweise anwendbaren Informationserfordernisse, zum Beispiel zwischen der Emittentin und dem Fiskalagenten.*

Unaudited Consolidated Interim Financial Statements 31 March 2011	means the English translation of the unaudited interim financial statements of Erste Group for the first quarter year ended 31 March 2011
US dollars and US\$	means the currency of the United States of America
VIG	Vienna Insurance Group
Zero Coupon Notes	Zero Coupon Notes are Notes which do not include any coupon. The difference between the redemption price and the issue price constitutes the yield, in lieu of periodic interest payments. Therefore, the investor receives only one payment: the sales proceeds of a sale prior to maturity or the redemption amount at maturity.
