**6. Fixed Rate Notes only - YIELD**

5.45% p.a.

Indication of yield:

The yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.

**7. *Index-linked or Equity-linked or Fund-linked or Credit-linked or Commodity-linked or Future-linked or other variable-linked Notes only* - PERFORMANCE OF INDEX/FORMULA/UNDERLYING EQUITY/FUND/CREDIT EVENT/COMMODITY/FUTURE/OTHER VARIABLE, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING**

The performance as well as the volatility of these Notes depends on the credit standing and future economic development of the Reference Entity underlying these Notes. Credit curves and related data showing past economic development and credit assessment of the underlying Reference Entity may be obtained from financial information providers like Bloomberg or Reuters.

If a Credit Event (as defined in the Final Terms of these Notes) occurs the Notes will be redeemed early, the accrual of interest will cease as of the final Specified Interest Payment Date prior to the Event Determination Date and the Noteholders will receive, instead of the Nominal Amount, Deliverable Obligations of the Reference Entity with a Notional Amount equal to the Notes' Nominal Amount. In this case the market value of the Deliverable Obligations will likely be considerably lower than the outstanding nominal amount of the Notes and liquidity of these Obligations may be limited. So a Noteholder has to face losses and may even lose its total investment.

**8. *Dual Currency Notes only* - PERFORMANCE OF RATE[S] OF EXCHANGE AND EXPLANATION OF EFFECT ON VALUE OF INVESTMENT**

*Not Applicable*

## Annex 1

### **Additional Disclosures and Representations:**

- (i) The Issuer has not made any representation whatsoever with respect to the Reference Entity, any Reference Obligation, any Obligation, any Deliverable Obligation, any underlying Obligor or any underlying Obligation on which it is relying or is entitled to rely.
- (ii) The Reference Entity is not involved in the issuance of the Notes in any way and has no obligation to consider the interests of the Noteholders in taking any corporate actions that might affect the value of the Notes. The Reference Entity may, and is entitled to, take actions that will adversely affect the value of the Notes. The purchase price paid for the Notes is paid to the Issuer and not to the Reference Entity, and the Notes do not represent a direct investment in any Obligation of the Reference Entity or otherwise give the Noteholders any rights in the debt obligations of the Reference Entity. As an owner of a Note, Noteholders will not have special voting rights or rights to receive distributions or any other rights that holders of debt obligations of the Reference Entity may have.
- (iii) There is no guarantee, protection or assurance for purchasers of the Notes in respect of the credit or performance of the Reference Entity, Reference Obligation or Obligations. Neither the Issuer nor any of its affiliates makes any representation as to the future performance of the Notes either in absolute terms or relative to other investments.
- (iv) The Issuer and its affiliates are not responsible for any Reference Entity's public disclosure of information.
- (v) For the avoidance of doubt, breach of representations set out above does not constitute an event that would entitle Noteholders to terminate the Notes under the terms and conditions of this Note.
