Fixed Interest Payment Dates are subject to adjustment in accordance with the provisions set out in § 4 (3)).
- (b) *Calculation of Amount of Interest.* If the amount of interest payable under the Notes is required to be calculated for any period of time of less or more than a full year in the First Period such amount of interest shall be calculated by applying the First Rate of Interest to the Specified Denomination, multiplying such sum by the applicable Fixed Day Count Fraction (as defined below), and rounding the resultant figure to the nearest sub-unit of the Specified Currency, half of such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention.
- (c) *Fixed Day Count Fraction.* "**Fixed Day Count Fraction** " means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**"):

(2) *Variable Interest.*

(a) *Variable Interest Payment Dates.*

The Notes shall bear interest on their outstanding aggregate principal amount at the Variable Rate of Interest (as defined below) from, and including, the Interest Rate Change Date to, but excluding, the Maturity Date (as defined in § 5 (1)) (the "**Second Period**"). In the Second Period interest on the Notes shall be payable in arrear on each Variable Interest Payment Date. "**Variable Interest Payment Date**" means each 07.08. and 07.02., commencing on 07.08.2016.

Variable Interest Payment Dates are subject to adjustment in accordance with the provisions set out in § 4 (3).

If two or more of the Reference Banks provide the Calculation Agent with such rates, the Reference Interest Rate for such Variable Interest Period shall be deemed to be the arithmetic mean (rounded if

necessary to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards) of such rates, all as determined by the Calculation Agent.

If the Reference Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Reference Interest Rate for the relevant Variable Interest Period shall be deemed to be the rate determined by the Calculation Agent in its reasonable discretion; the Calculation Agent shall take general market practice into account when determining such rate.

"**Reference Banks**" means four major banks in the Prague interbank market .

(c) *Minimum and Maximum Rate of Interest.*

If the Variable Rate of Interest in respect of any Variable Interest Period determined in accordance with the above provisions is less than 3.30 per cent. *per annum*, the Variable Rate of Interest for such Variable Interest Period shall be 3.30 per cent. *per annum*.

(d) *Notification of Variable Rate of Interest and Amount of Interest.* The Calculation Agent will cause the Variable Interest Period, the Variable Rate of Interest, the Variable Amount of Interest and the Variable Interest Payment Date for the relevant Variable Interest Period to be notified to the Issuer, any stock exchange on which the Notes are from time to time listed (if required by the rules of such stock exchange) and to the Holders in accordance with § 11 as soon as possible after their determination. Each Variable Amount of Interest and Variable Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Variable Interest Period. Any such amendment will be promptly notified to any stock exchange on which the Notes are from time to time listed and to the Holders in accordance with § 11.

(e) *Determinations Binding.* All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this § 3 by the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Fiscal Agent, the Paying Agents and the Holders and, in the absence of the aforesaid, no liability to the Issuer, the Fiscal Agent, the Paying Agents or the Holders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(2) Each Holder shall be entitled, if bankruptcy proceedings are commenced against assets of the Issuer, to file an application in such court demanding payment of all principal amounts due under the Notes together with accrued interest and any Additional Amount.

(1) *Amendment of the Terms and Conditions.* In accordance with subsequent provisions the Holders may agree with the Issuer on amendments of these Terms and Conditions with regard to certain matters by resolution with the majority specified below. Majority resolutions of the Holders shall be binding on all Holders alike. A majority resolution of the Holders which does not provide for identical conditions for all Holders is void, unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) The Holders may consent, by majority resolution, to the following measures, among others:

- (a) changes in the due date or reduction or exclusion of interest payments;
- (b) changes in the due date of the principal amount;

- (i) amendments to or cancellation of ancillary conditions of the Notes.

(3) *Convening a Meeting of Holders.* The Holders' meeting shall be convened by the Issuer or by the Joint Representative of the Holders. (4) *Contents of the Convening Notice, Publication.* The convening notice shall state the name and the registered office of the Issuer and the time of the Holders' meeting, the agenda and the conditions on which attendance at the Holders' meeting and the exercise of voting rights shall depend. The convening notice shall be published pursuant to § 11.

(5) *Convening Period, Evidence.* The Holders' meeting shall be called at least 14 calendar days before the date of the meeting. As evidence for the entitlement to participate in the Holders' meeting a special confirmation issued by the Clearing System or the Custodian in text form shall be presented.

(6) *Agenda.* The convening party shall include in the agenda a proposed resolution for each subject on which the Holders' meeting is to pass a resolution. The agenda of the Holders' meeting shall be published together with the convening notice. No resolutions may be passed on agenda items that have not been published in the required manner. Holders who together hold 5 *per cent.* of the outstanding Notes may request that new items be published for resolution. Such new items must be published no later than the third

calendar day preceding the Holders' meeting. Without undue delay and until the date of the Holders' meeting, the Issuer shall make available to the Holders on its website (www.erstegroup.com), any counter-motions announced by a Holder before the meeting.

The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting for the purposes of passing the resolution (s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 *per cent*. of the outstanding Notes. (9) *Vote without a Meeting*. All votes will be taken exclusively by vote taken without a meeting. The vote shall be conducted by the scrutineer. The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative of the Holders if it has requested such vote. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in text form. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of §12 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above are prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. (13) *Publication of Resolutions*. The Issuer shall publish the resolutions passed by the Holders in appropriate form and at its own expense. The resolutions shall be published without undue delay pursuant § 11. In addition, for a period of at least one month commencing on the calendar day following the Holders' meeting, the Issuer shall make available to the public on its website (www.erstegroup.com) the resolutions passed by the Holders and, if these Terms and Conditions are amended by a Holders' resolution, the wording of the original Terms and Conditions.

(14) *Implementation of Resolutions*. It shall affirm to the central

securities depository that the resolution may be implemented.

The Joint Representative shall provide reports to the Holders on its activities. The Joint Representative shall be liable to the Holders as joint and several creditors for the due performance of its duties. - The integration of potential future acquisitions may create additional challenges.

Risks related to the markets in which Erste Group operates

unpredictable consequences for the financial system and the greater economy, potentially leading to declines in business levels, write-downs of assets and losses across Erste Group's business.

D.3 Key information on the key risks that are specific to the securities

Factors which are material for the purpose of assessing the market risks associated with the Notes:

The Notes may not be a suitable investment for investors if they do not have sufficient knowledge and/or experience in the financial markets and/or access to information and/or financial resources and liquidity to bear all the risks of an investment and/or a thorough understanding of the terms of the Notes and/or the ability to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment

Risks related to the structure of particular Notes

Fixed to Fixed and Fixed to Floating Rate Notes bear interest at a rate that converts from a fixed rate to a different fixed rate or from a fixed rate to a floating rate, respectively. A Holder bears the risk that after such conversion, the new fixed rate may be lower than the then prevailing interest rates or the spread on the Fixed to Floating Rate Notes may be less favourable than the then prevailing spreads on comparable Floating Rate Notes relating to the same reference rate.

In the event that any Notes are redeemed prior to their maturity, a Holder of such Notes may be exposed to risks, including the risk that his investment will have a lower than

expected yield (Risk of Early Redemption).

In the case of a cap, a Holder will not be able to benefit from a favourable development beyond the cap.

If the relevant Terms and Conditions of the Notes provide for resolutions of Holders, certain rights of a Holder may be amended or reduced or even cancelled by way of resolutions, which could affect the Holder negatively.

If the relevant Terms and Conditions of the Notes provide for the appointment of a Joint Representative, a Holder may be deprived of its individual right to pursue and enforce its rights under the relevant Terms and Conditions of the Notes against the Issuer.

An Austrian court can appoint a trustee (*Kurator*) for the Notes to exercise the rights and represent the interests of Holders on their behalf in which case the ability of Holders to pursue their rights under the Notes individually may be limited.

The Notes may be subject to write down or conversion to equity upon the occurrence of a certain trigger event, which may result in Holders losing some or all of their investment in the Notes (Statutory loss absorption).

Basel III Reforms - Loss Absorbency at the Point of Non-Viability may negatively affect the Holders.

The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations which are subordinated to the claims of all unsubordinated creditors of the Issuer.

Risks related to Notes generally

Under the European Union Savings Directive, if a payment were to be made or collected through a paying agent in a state which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Notes as a result of the imposition of such withholding tax (No gross-up).

Credit ratings of Notes may not adequately reflect all risks of the investment in such Notes and may be suspended, downgraded or withdrawn which could have an adverse effect on the market value and trading price of the Notes.

The Notes are governed by German and/or Austrian law, and changes in applicable laws, regulations or regulatory policies may have an adverse effect on the Issuer, the Notes and the Holders.

Risks related to the market generally

Holders are exposed to the risk of partial or total failure of the Issuer to make interest and/or redemption payments under the Notes.

Holders assume the risk that the credit spread of the Issuer widens resulting in a decrease in the price of the Notes.

The Holder may be exposed to the risk that due to future money depreciation (inflation), the real yield of an investment may be reduced.

There can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. In an illiquid market, a Holder may not be able to sell his Notes at fair market prices.

No conclusion may be drawn from the indicated Aggregate Principal Amount in case of "up to" Notes.

There is a risk that trading in the Notes or underlyings will be suspended, interrupted or terminated, which may have an adverse effect on the price of such Notes.

Holders are exposed to the risk of an unfavourable development of market prices of their Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes.

In case of an early redemption of any Notes, there is a risk that Holders may not be able to reinvest proceeds from the Notes in such a way that they earn the same rate of return.

Exchange rate risks occur, if a Holder's financial activities are denominated in a currency or currency unit other than the Specified Currency in which the Issuer will make principal and interest payments. Furthermore, government and monetary authorities may impose exchange controls that could adversely affect an applicable exchange rate.

If a loan or credit is used to finance the acquisition of the Notes, the loan or credit may significantly increase the amount of a loss.

Incidental costs related in particular to the purchase and sale of the Notes may have a significant impact on the profit potential of the Notes.

Holders have to rely on the functionality of the relevant clearing system.

Holders should note that the applicable tax regime may change to the disadvantage of the Holders and therefore, the tax impact of an investment in the Notes should be carefully considered.

Legal investment considerations may restrict certain investments.

The Issuer is exposed to conflicts of interest which might adversely affect the Noteholders.

Risks related to FATCA

Payments, including principal, on the Notes to Holders and beneficial owners of interests in the Notes that (i) fail to comply with tax certifications or identification requirements (including providing a waiver of any laws prohibiting the disclosure of such information to a taxing authority) or (ii) are financial institutions that fail to comply with the U.S. Foreign Account Tax Compliance Act or any analogous provisions of non-U.S. laws, including any voluntary agreements entered into with a taxing authority pursuant thereto, may be subject to a withholding tax of 30 percent. The Issuer will not be obligated to make any additional payments in respect of any such amounts withheld by the Issuer or an intermediary paying agent.

E.OFFER

E.2b	Reasons for the offer and use of proceeds when different from making profit and/or hedging certain risks:	The net proceeds from the issue of any Notes will be used by the Issuer for its general funding purposes and, in case of Subordinated Notes, to strengthen the capital base of the Issuer which are also the reasons for the offer.
E.3	Description of the terms and conditions of the offer:	<p>Aggregate principal amount up to CZK 3,000,000,000</p> <p>Issue price 100.00 per cent.</p> <p>Minimum/Maximum subscription size Minimum subscription size: CZK 10,000</p> <p>Type of distribution Diverse Financial Service Provider in Czech Republic Non-Syndicated</p> <p>Other or further conditions Not applicable</p>
E.4	Description of any interest that is material to the issue/offer including conflicting interest:	<p>The Issuer is exposed to conflicts of interest which might adversely affect the Noteholders</p> <p>The Issuer may use all or some of the proceeds received from the sale of the product to enter into hedging transactions which may affect the value of the product. The Issuer believes that such hedging activity will under normal circumstances not have a material impact on the value of the products. However, it cannot be assured that the Issuer's hedging activities will not affect such value.</p> <p>It is usual for employees of financial institutions such as Erste Group to undertake deals on their own behalf subject to securities laws on personal transactions and market abuse as well as statutory or internal compliance standards. Employees and connected parties are permitted to take part in securities offerings where Erste Group Bank is acting for the issuer. Furthermore, when purchasing such products, the employee receives a discount from the value of the market price. Erste Group's sales employees may be motivated to sell this product, due to the value of incentives received by them (in case the sale is successful) subject to securities and banking laws applicable to any such incentives. Despite measures taken by the Issuer to ensure compliance with applicable laws and internal procedures, this could create a conflict with the duties owed to the Holders.</p>
E.7	Estimated expenses charged to the investor by the Issuer or the offeror:	Selling concession: not higher than 10.00%
