INTEREST

Interest shall be payable annually in arrear on 01.02. in each year (each such date, a "**Fixed Interest Payment Date**"), commencing on 01.02.2018 and ending on 01.02.2019. Fixed Interest Payment Dates are subject to adjustment in accordance with the provisions set out in § 4 (3).
- (b) *Calculation of Amount of Interest.* If the amount of interest payable under the Notes is required to be calculated for any period of time of less or more than a full year in the First Period such amount of interest shall be calculated by applying the First Rate of Interest to the Specified Denomination, multiplying such sum by the applicable Fixed Day Count Fraction (as defined below), and rounding the resultant figure to the nearest sub-unit of the Specified Currency, half of such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention.
- (c) *Fixed Day Count Fraction.* "**Fixed Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**"):

the number of calendar days in the Calculation Period divided by 360, the number of calendar days to be calculated on the basis of a year of 360 calendar days with twelve 30-calendar day months (unless (1) the last calendar day of the Calculation Period is the 31st calendar day of a month but the first calendar day of the Calculation Period is a calendar day other than the 30th or 31st calendar day of a month, in which case the month that includes that last calendar day shall not be considered to be shortened to a 30-calendar day month, or (2) the last calendar day of the Calculation Period is the last calendar day of the month of February in which case the month of February shall not be considered to be lengthened to a 30-calendar day month).

(2) *Variable Interest.*

(a) *Variable Interest Payment Dates.*

The Notes shall bear interest on their outstanding aggregate principal amount at the Variable Rate of Interest (as defined below) from, and including, the Interest Rate Change Date to, but excluding, the Maturity Date (as defined in § 5 (1)) (the "**Second Period**"). In the Second Period interest on the Notes shall be payable in arrear on each Variable Interest Payment Date. "**Variable Interest Payment Date**" means each 01.02., commencing on 01.02.2020.

Variable Interest Payment Dates are subject to adjustment in accordance with the provisions set out in § 4 (4).

- (b) *Variable Rate of Interest.* The variable rate of interest (the "**Variable Rate of Interest**") for each Variable Interest Period (as defined below) shall be the 10-years-EUR-CMS *per annum* (the "**Reference Rate**"). Such Reference Rate shall be the swap rate (expressed as a percentage rate *per annum*) for swap transactions in the Specified Currency with a term of 10 years which appears on the Screen Page (as defined below) as of 11:00 a.m. (Frankfurt time) on the Determination Day (as defined below), all as determined by the Calculation Agent (as specified in § 6 (1)).

"**Screen Page**" means Reuters ICESWAP2 or the successor page displayed by the same information provider or any other information provider nominated by the Calculation Agent as the replacement information provider for the purposes of displaying the Reference Rate.

If the Screen Page is unavailable or if the Reference Rate does not appear on the Screen Page as at such time on the relevant Determination Day, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its mid-market swap rate (expressed as a percentage rate *per annum*) at approximately 11:00 a.m. (Frankfurt time) on the

Determination Day. "**Mid-market swap rate**" means the mean of the bid and offered rates for the fixed leg of a fixed-for-floating rate swap transaction in the Specified Currency where the floating leg is equivalent to 6-months-EURIBOR *per annum*, which appears on Reuters ICESWAP2 (or the successor page displayed by the same information provider or any other information provider nominated by the Calculation Agent as the replacement information provider for the purposes of displaying the 6-months-EURIBOR).

If three or more of the Reference Banks provide the Calculation Agent with such rates, the Reference Rate for the relevant Variable Interest Period shall be deemed to be the arithmetic mean (rounded if necessary to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards) of such rates eliminating the highest rate (or, in the event of equality, one of the highest) and the lowest rate (or, in the event of equality, one of the lowest), all as determined by the Calculation Agent.

If the Reference Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Reference Rate for the relevant Variable Interest Period shall be deemed to be the rate determined by the Calculation Agent in its reasonable discretion; the Calculation Agent shall take general market practice into account when determining such rate.

"**Reference Banks**" means four major banks in the interbank market of the Euro-zone or in the London interbank market. "**Euro-zone**" means the region comprised of those member states of the European Union that have adopted, or will have adopted from time to time, the single currency in accordance with the Treaty establishing the European Community (signed in Rome on 25 March 1957), as amended by the Treaty on European Union (signed in Maastricht on 7 February 1992), the Amsterdam Treaty of 2 October, 1997 and the Treaty of Lisbon of 13 December 2007, as further amended from time to time.

(c) *Minimum and Maximum Rate of Interest.*

If the Variable Rate of Interest in respect of any Variable Interest Period determined in accordance with the above provisions is less than 2.40 per cent. *per annum*, the Variable Rate of Interest for such Variable Interest Period shall be 2.40 per cent. *per annum*.

If the Variable Rate of Interest in respect of any Variable Interest Period determined in accordance with the above provisions is greater than 5.00 per cent. *per annum*, the Variable Rate of Interest for such Variable Interest Period shall be 5.00 per cent. *per annum*.

(d) *Calculation of Variable Amount of Interest.* The Calculation Agent will calculate the amount of interest payable under the Notes in respect of the Specified Denomination for the relevant Variable Interest Period (the "**Variable Amount of Interest**"). The Variable Amount of Interest shall be calculated by applying the Variable Rate of Interest to the Specified Denomination, multiplying such sum by the applicable Variable Day Count Fraction (as defined below) and rounding the resulting figure to the nearest sub-unit of the relevant Specified Currency, with half of such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Each Variable Amount of Interest so calculated may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Variable Interest Period.

(e) *Notification of Variable Rate of Interest.* The Calculation Agent will cause the Variable Interest Period and the Variable Rate of Interest for the relevant Variable Interest Period to be notified to the Issuer, any stock exchange on which the Notes are from time to time listed (if required by the rules of such stock exchange) and to the Holders in accordance with § 11 as soon as possible after their determination.

(f) *Determinations Binding.* All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this § 3 by the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Fiscal Agent, the Paying Agents and the Holders and, in the absence of the aforesaid, no liability to the Issuer, the Fiscal Agent, the Paying Agents or the Holders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

the number of calendar days in the Variable Calculation Period divided by 360, the number of calendar days to be calculated on the basis of a year of 360 calendar days with twelve 30-calendar day months (unless (1) the last calendar day of the Variable Calculation Period is the 31st calendar day of a month

but the first calendar day of the Variable Calculation Period is a calendar day other than the 30th or 31st calendar day of a month, in which case the month that includes that last calendar day shall not be considered to be shortened to a 30-calendar day month, or (2) the last calendar day of the Variable Calculation Period is the last calendar day of the month of February in which case the month of February shall not be considered to be lengthened to a 30-calendar day month).

(3) *Default Interest.* The Notes shall cease to bear interest from the expiry of the calendar day preceding the due date for redemption. If the Issuer fails to redeem the Notes when due, interest shall continue to accrue on the outstanding aggregate principal amount of the Notes from, and including, the due date for redemption to, but excluding, the date of actual redemption of the Notes at the respective rate of interest specified. This does not affect any additional rights that might be available to the Holders.

(3) *Early Redemption for Reasons of Taxation.* The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time on giving not less than 30 nor more than 90 Business Days' prior notice of early redemption to the Fiscal Agent and, in accordance with § 11, to the Holders (which notice shall be irrevocable), if there is a change in the applicable tax treatment of the Notes, and if the conditions to redemption and repurchase laid down in § 5 (5) are met.

(2) Each Holder shall be entitled, if insolvency proceedings are commenced against assets of the Issuer, to file an application in such court demanding payment of all principal amounts due under the Notes together with accrued interest and any Additional Amount.

Including limitations to those rights:

Early redemption for taxation or regulatory reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time prior to their stated maturity upon notice of early redemption to the Fiscal Agent and to the Holders (which notice shall be irrevocable) within the specified notice period, at a redemption amount specified in the Terms and Conditions, if there is a change (i) in the applicable tax treatment of the Notes or (ii) in the regulatory classification of the Notes that would be likely to result in their exclusion in full or in part from own funds or reclassification as a lower quality form of own funds (in each case, on an individual basis of the Issuer and/or on a consolidated basis of the Erste Group); and in each case provided that certain Conditions to Redemption and Repurchase are met.

Where:

"**Erste Group**" means the Issuer and its consolidated Subsidiaries.

"**Subsidiary**" means any subsidiary of the Issuer pursuant to Article 4(1)(16) CRR.

Conditions to Redemption and Repurchase

Any early redemption and any repurchase is subject to the Competent Authority having granted the Issuer the prior permission in accordance with Article 78 CRR for the early redemption, whereas such permission may, *inter alia*,

require that:

(i) either (A) the Issuer replaces the Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer; or

(B) the Issuer has demonstrated to the satisfaction of the Competent Authority that the own funds of the Issuer would, following such early redemption or repurchase, exceed the minimum requirements laid down in Article 92(1) CRR (and any capital buffer requirements) by a margin that the Competent Authority considers necessary at such time; and

(ii) in the case of any early redemption or repurchase prior to the fifth anniversary of the date of issuance of the Notes:

(A) in case of early redemption for reasons of taxation the Issuer has demonstrated to the satisfaction of the Competent Authority that the applicable change in tax treatment is material and was not reasonably foreseeable as at the date of issuance of the Notes; and

(B) in case of early redemption for regulatory reasons the Competent Authority considers such change to be sufficiently certain and the Issuer has demonstrated to the satisfaction of the Competent Authority that the relevant change in the regulatory classification of the Notes was not reasonably foreseeable as at the date of issuance of the Notes.

For the avoidance of doubt, any refusal of the Competent Authority to grant permission in accordance with Article 78 CRR shall not constitute a default for any purpose.

Where:

"Competent Authority" means the competent authority pursuant to Article 4(1)(40) CRR which is responsible to supervise the Issuer and/or the Erste Group.

"CRD IV" means the Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (*Capital Requirements Directive IV*), as implemented in Austria and as amended or replaced from time to time, and any references in these Terms and Conditions to relevant Articles of the CRD IV include references to any applicable provisions of law amending or replacing such Articles from time to time.

D. RISKS

D.2 Key information on the key risks that are specific to the Issuer:

Risks related to the business of Erste Group

- Difficult macroeconomic and financial market conditions may have a material adverse effect on Erste Group's business, financial condition, results of operations and prospects.
- Erste Group has been and may continue to be affected by the European sovereign debt crisis, and it may be required to take impairments on its exposures to the sovereign debt of certain countries.
- Erste Group has experienced and may in the future continue to experience deterioration in credit quality, particularly as a result of financial crises or economic downturns.
- Erste Group is subject to significant counterparty risk, and defaults by counterparties may lead to losses that exceed Erste Group's provisions.
- Erste Group's hedging strategies may prove to be ineffective.
- Erste Group is exposed to declining values of the collateral supporting commercial and residential real estate loans.
- Market fluctuations and volatility may adversely affect the value of Erste Group's assets, reduce profitability and make it more difficult to assess the fair value of certain of its assets.
- Erste Group is subject to the risk that liquidity may not be readily available.
- Rating agencies may suspend, downgrade or withdraw a rating of Erste Group Bank and/or a local entity that is part of Erste Group or a country where Erste Group is active, and such action might negatively affect the refinancing conditions for Erste Group Bank, in particular its access to debt capital markets.
- New governmental or regulatory requirements and changes in perceived

levels of adequate capitalisation and leverage could subject Erste Group to increased capital requirements or standards and require it to obtain additional capital or liquidity in the future.

- Risk of changes in the tax framework, in particular regarding bank tax and the introduction of a financial transaction tax.
- The Issuer may not be able to meet the minimum requirement for own funds and eligible liabilities.
- The Issuer is obliged to contribute amounts to the Single Resolution Fund and to ex-ante financed funds of the deposit guarantee schemes; this results in additional financial burdens for the Issuer and thus, adversely affects the financial position of the Issuer and the results of its business, financial condition and results of operations.
- In future, the Issuer may be obliged to stop proprietary trading and/or separate certain trading activities from its core banking business.
- Erste Group's risk management strategies, techniques and internal control procedures may leave it exposed to unidentified or unanticipated risks.
- Erste Group's business entails operational risks.
- Any failure or interruption in or breach of Erste Group's information systems, and any failure to update such systems, may result in lost business and other losses.
- Erste Group may have difficulty recruiting new talent or retaining qualified employees.
- Erste Group Bank may be required to provide financial support to troubled banks in the Haftungsverbund, which could result in significant costs and a diversion of resources from other activities.
- Changes in interest rates are caused by many factors beyond Erste Group's control, and such changes can have significant adverse effects on its financial results, including net interest income.
- Since a large part of Erste Group's operations, assets and customers are located in CEE countries that are not part of the Eurozone, Erste Group is exposed to currency risks.
- Erste Group Bank's profit can be lower or even negative.
- A change of the ECB's collateral standards could have an adverse effect on the funding of Erste Group and access to liquidity.
- Erste Group operates in highly competitive markets and competes against large international financial institutions as well as established local competitors.
- Erste Group Bank's major shareholder may be able to control shareholder actions.
- Compliance with anti-money laundering, anti-corruption and anti-terrorism financing rules involves significant costs and efforts and non-compliance may have severe legal and reputational consequences.
- Changes in consumer protection laws as well as the application or interpretation of such laws might limit the fees and other pricing terms that Erste Group may charge for certain banking transactions and might allow consumers to claim back certain of those fees already paid in the past.
- The integration of potential future acquisitions may create additional challenges.

Risks related to the markets in which Erste Group operates

- The departure of any one or more countries from the Eurozone could have unpredictable consequences for the financial system and the greater economy, potentially leading to declines in business levels, write-downs of assets and losses across Erste Group's business.
- Erste Group operates in emerging markets that may experience rapid economic or political changes, either of which may adversely impact its financial performance and results of operations.
- Committed EU funds may not be released or further aid programmes may not be adopted by the EU and/or international credit institutions.
- Loss of customer confidence in Erste Group's business or in banking businesses generally could result in unexpectedly high levels of customer deposit withdrawals, which could have a material adverse effect on Erste Group's results, financial condition and liquidity.
- Liquidity problems experienced by certain CEE countries may adversely affect the broader CEE region and could negatively impact Erste Group's business results and financial condition.
- Governments in countries in which Erste Group operates may react to financial and economic crises with increased protectionism, nationalisations or similar measures.
- Erste Group may be adversely affected by slower growth or recession in the banking sector in which it operates as well as slower expansion of the Eurozone and the EU.
- The legal systems and procedural safeguards in many CEE countries and, in particular, in the Eastern European countries are not yet fully developed.
- Applicable bankruptcy laws and other laws and regulations governing creditors' rights in various CEE countries may limit Erste Group's ability to obtain payments on defaulted loans and advances.
- Erste Group may be required to participate in or finance governmental support programs for credit institutions or finance governmental budget consolidation programmes, including through the introduction of banking taxes and other levies.

D.3 Key information on the key risks that are specific to the securities:

Factors which are material for the purpose of assessing the market risks associated with the Notes:

- The Notes may not be a suitable investment for investors if they do not have sufficient knowledge and/or experience in the financial markets and/or access to information and/or financial resources and liquidity to bear all the risks of an investment and/or a thorough understanding of the terms of the Notes and/or the ability to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment

Risks related to the structure of particular Notes

- Holders of Fixed to Floating Rate Notes may be exposed to the risk of fluctuating interest rate levels which make it impossible to determine the yield of such Notes in advance, and are exposed to the risk of uncertain interest income. The Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may result in changes to such benchmarks and may cause a

benchmark (including the 10-years-EUR-CMS (if affected by these reforms)) to perform differently than in the past, or have other consequences which cannot be predicted. Investors thus face the risk that any such changes may have a material adverse effect on the value of and the amount payable under the Notes.

- Fixed to Fixed and Fixed to Floating Rate Notes bear interest at a rate that converts from a fixed rate to a different fixed rate or from a fixed rate to a floating rate, respectively. A Holder bears the risk that after such conversion, the new fixed rate may be lower than the then prevailing interest rates or the spread on the Fixed to Floating Rate Notes may be less favourable than the then prevailing spreads on comparable Floating Rate Notes relating to the same reference rate.
- In the event that any Notes are redeemed prior to their maturity, a Holder of such Notes may be exposed to risks, including the risk that his investment will have a lower than expected yield (Risk of Early Redemption).
- In the case of a cap, a Holder will not be able to benefit from a favourable development beyond the cap.
- If the relevant Terms and Conditions of the Notes provide for resolutions of Holders, certain rights of a Holder may be amended or reduced or even cancelled by way of resolutions, which could affect the Holder negatively.
- If the relevant Terms and Conditions of the Notes provide for the appointment of a Joint Representative, a Holder may be deprived of its individual right to pursue and enforce its rights under the relevant Terms and Conditions of the Notes against the Issuer.
- An Austrian court can appoint a trustee (*Kurator*) for the Notes to exercise the rights and represent the interests of Holders on their behalf in which case the ability of Holders to pursue their rights under the Notes individually may be limited.
- The Notes may be subject to write-down or conversion to equity upon the occurrence of a certain trigger event, which may result in Holders losing some or all of their investment in the Notes (statutory loss absorption).
- The Notes may be subject to other resolution powers which may result in the non-payment of interest and/or non-repayment.
- The Holders of the Notes are exposed to the risk that the Issuer is not prohibited from issuing further debt instruments or incurring further liabilities.
- The Holders of the Notes are exposed to the risk that in an Issuer's insolvency deposits have a higher ranking than their claims under the Notes.
- The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations which are subordinated to the claims of all unsubordinated creditors of the Issuer.
- The Holders are exposed to the risk that the Issuer may issue subordinated debt instruments or incur subordinated liabilities which are senior to the Subordinated Notes.
- Subordinated Notes may not be early redeemed at the option of the Holders, and any rights of the Issuer to early redeem or repurchase Subordinated Notes are subject to the prior permission of the competent authority.

Risks related to Notes generally

- Credit ratings of Notes may not adequately reflect all risks of the investment in such Notes and may be suspended, downgraded or withdrawn which could have an adverse effect on the market price and trading price of the Notes.

- The Notes are governed by German and/or Austrian law, and changes in applicable laws, regulations or regulatory policies may have an adverse effect on the Issuer, the Notes and the Holders.
- The statutory presentation period provided under German law will be reduced under the Terms and Conditions applicable to the Notes in which case Holders may have less time to assert claims under the Notes.

Risks related to the market generally

- Holders are exposed to the risk of partial or total failure of the Issuer to make interest and/or redemption payments under the Notes.
- Holders assume the risk that the credit spread of the Issuer widens resulting in a decrease in the price of the Notes.
- The Holder may be exposed to the risk that due to future money depreciation (inflation), the real yield of an investment may be reduced.
- There can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. In an illiquid market, a Holder may not be able to sell his Notes at fair market prices.
- No conclusion may be drawn from the indicated Aggregate Principal Amount in case of "up to" Notes.
- There is a risk that trading in the Notes or underlyings will be suspended, interrupted or terminated, which may have an adverse effect on the price of such Notes.
- Holders are exposed to the risk of an unfavourable development of market prices of their Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes.
- In case of an early redemption of any Notes, there is a risk that Holders may not be able to reinvest proceeds from the Notes in such a way that they earn the same rate of return.
- Exchange rate risks may occur, if a Holder's financial activities are denominated in a currency or currency unit other than the Specified Currency in which the Issuer will make principal and interest payments. Furthermore, government and monetary authorities may impose exchange controls that could adversely affect an applicable exchange rate.
- If a loan or credit is used to finance the acquisition of the Notes, the loan or credit may significantly increase the amount of a loss.
- Incidental costs related in particular to the purchase and sale of the Notes may have a significant impact on the profit potential of the Notes.
- Holders have to rely on the functionality of the relevant clearing system.
- Holders should note that the applicable tax regime may change to the disadvantage of the Holders and therefore, the tax impact of an investment in the Notes should be carefully considered.
- Legal investment considerations may restrict certain investments.
- The Issuer is exposed to conflicts of interest which might adversely affect the Holders.

Risks related to withholding taxes

- Under the EU Savings Directive, if a payment were to be made or collected through a paying agent in a state which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Notes as a result of the imposition of such withholding tax (no gross-up).

E. OFFER

- E.2b** Reasons for the offer and use of proceeds when different from making profit and/or hedging certain risks: The net proceeds from the issue of any Notes will be used by the Issuer for its general funding purposes and, in case of Subordinated Notes, to strengthen the capital base of the Issuer which are also the reasons for the offer.
- E.3** Description of the terms and conditions of the offer:
- Aggregate principal amount**
up to EUR 250,000,000
- Initial Issue price plus an issue charge**
98.00 per cent. which may be adjusted from time to time in accordance with the market price plus issue surcharge to the amount of up to 4.00 per cent.
- Specified Denomination**
EUR 1,000
- Minimum and/or Maximum Amount of Application**
Minimum amount of application: EUR 1,000
- Type of distribution**
Diverse Financial Service Provider in Germany, Austria, Slovakia
- Start of subscription period**
12.01.2017
Non Syndicated
- Other or further conditions**
Not applicable
- E.4** Description of any interest that is material to the issue/offer including conflicting interest: The Issuer may from time to time act in other capacities with regard to the Notes, such as calculation agent, which allows the Issuer to make calculations in respect of the Notes (e.g. the amount of interest to be paid) which are binding for the Holders. This fact could generate conflicts of interest and may affect the value of the Notes.
- The Issuer may use all or some of the proceeds received from the sale of the Notes to enter into hedging transactions which may affect the value of the Notes. The Issuer believes that such hedging activity will under normal circumstances not have a material impact on the value of the Notes. However, it cannot be assured that the Issuer's hedging activities will not affect such value.
- It is usual for employees of financial institutions such as Erste Group to undertake deals on their own behalf subject to securities laws on personal transactions and market abuse as well as statutory or internal compliance standards. Employees and connected parties are permitted to take part in securities offerings of Erste Group. Furthermore, when purchasing the Notes, the employee receives a discount from the value of the market price. Erste Group's sales employees may be motivated to sell these Notes, due to the value of incentives received by them (in case the sale is successful) subject to securities and banking laws applicable to any such incentives. Despite measures taken by the

Issuer to ensure compliance with applicable laws and internal procedures, this could create a conflict with the duties owed to the Holders.

Furthermore, members of the Issuer's Management and Supervisory Boards may serve on management or supervisory boards of various different companies (others than Erste Group Bank), including customers of and investors in Erste Group Bank, which may also compete directly or indirectly with the Issuer. Directorships of that kind may expose such persons to potential conflicts of interest if the Issuer maintains active business relations with said companies.

- E.7** Estimated expenses charged to the investor by the Issuer or the offeror: Not applicable as no such expenses will be charged to the investor by the Issuer or the offeror/s.

Druh a trieda

Cenné papiere Notes sú dlhové nástroje vydané vo forme na doručiteľa a zastúpené cenný papierom Permanent Global Note. Definitívne Notes a kupóny nebudú emitované.

Pohyblivá úroková sadzba je vymedzená minimálnou a maximálnou úrokovou sadzbou, t.j. investor obdrží túto špecifikovanú úrokovú sadzbu, ak je úroková sadzba vypočítaná v súlade s príslušnými Podmienkami nižšia, resp. vyššia než minimálna, resp. maximálna úroková sadzba.

Emisia v sériách

Notes sú emitované pod sériovým číslom 1543, číslo tranže 1.

Status

Notes predstavujú priame, nezabezpečené a podriadené záväzky Emitenta a sú si rovnocenné (postavenie *pari passu*). Emitent si vyhradzuje právo zriadiť akýkoľvek podriadený dlh, ktorý má prednostné postavenie voči Notes.

V prípade likvidácie alebo platobnej neschopnosti Emitenta sú platobné záväzky Emitenta vyplývajúce z Notes z hľadiska práva na výplatu podriadené nepodriadeným veriteľom Emitenta a podriadeným veriteľom Emitenta, ktorých pohľadávky majú v zmysle ich obchodných podmienok alebo sa výslovne stanovuje, že sú nadradené cenným papierom Notes a budú mať prioritné postavenie vzhľadom na nároky akcionárov, majiteľov (iných) nástrojov Common Equity Tier 1 podľa Článku 28 CRR ako aj majiteľov Dodatočných nástrojov Tier 1 podľa Článku 52 CRR Emitenta a vo vzťahu ku všetkým ostatným podriadeným záväzkom Emitenta, v ktorých podmienkach sa výslovne stanovuje, že sú podriadené cenným papierom Notes.

Vrátane obmedzenia týchto práv:

Predčasné splatenie z daňových alebo regulačných dôvodov

čiastočnom rozsahu z vlastných prostriedkov alebo k preklasifikovaniu ako menej kvalitná forma vlastných prostriedkov, (v každom prípade, na individuálnej báze Emitenta a/alebo na konsolidovanej báze Skupiny Erste Group); a v každom prípade za predpokladu splnenia určitých Podmienok pre predčasné splatenie a Spätné odkúpenie.

(i) buď (A) Emitent skôr než v deň splatenia nahradil Notes nástrojmi na základe vlastných prostriedkov rovnakej alebo vyššej kvality za podmienok, ktoré sú udržateľné z hľadiska schopnosti Emitenta generovať výnosy; alebo

(B) Emitent k spokojnosti Kompetentného orgánu preukázal, že vlastné prostriedky Emitenta by po takom predčasnom splatení alebo spätnej kúpe prevyšovali minimálne požiadavky podľa Článku 92(1) CRR (a požiadavku na akýkoľvek kapitálový tlmiaci prvok) o rozdiel, ktorý Kompetentný orgán pokladá za potrebný v tom čase; a

(ii) v prípade, že akákoľvek predčasné splatenie alebo spätná kúpa nastane skôr ako 5 rokov odo dňa emitovania Notes:

(A) v prípade predčasného splatenia z daňových dôvodov Emitent preukázal k spokojnosti Kompetentného orgánu, že príslušná zmena v daňovom režime má podstatný význam a nebolo možné ju rozumne predpokladať v deň emitovania Notes; a

(B) v prípade predčasného splatenia zo zákonných dôvodov Kompetentný orgán považuje takúto zmenu za dostatočne konkrétnu a Emitent preukázal k spokojnosti Kompetentného orgánu, že príslušnú zmenu v zákonom stanovenej klasifikácii Notes nebolo možné rozumne predpokladať v deň emitovania Notes.

Pre vylúčenie pochybností, akékoľvek odmietnutie súhlasu podľa Článku 78 CRR Kompetentným orgánom nie je možné považovať za žiadny default.

D.3 Najdôležitejšie informácie o hlavných rizikách špecifických pre cenné papiere:

Faktory, ktoré majú podstatný vplyv na posúdenie trhových rizík súvisiacich s Notes

- Notes nemusia byť vhodnou investíciou pre investorov, ktorí nemajú dostatočné znalosti o finančných trhoch, resp. skúsenosti s nimi a/alebo prístup k informáciám a/alebo finančným zdrojom a likvidite, aby dokázali znášať všetky riziká investície a/alebo komplexné porozumenie podmienkam Notes a/alebo schopnosť vyhodnotiť možné scenáre z hľadiska hospodárskych faktorov, faktora úrokových sadzieb a iných faktorov, ktoré môžu ovplyvniť ich investíciu.

Riziká súvisiace so štruktúrou konkrétnych Notes

- Majitelia Fixed to Floating Rate Notes môžu byť vystavení riziku fluktuujúcej úrovne úrokovej sadzby, čo znemožňuje určenie výnosu predmetných Notes vopred a sú vystavení riziku neistého výnosu z úrokov. Referenčná úroková sadzba Euro Interbank Offered Rate („EURIBOR“) a iné indexy, ktoré sa považujú za „vzťažné ukazovatele“, tzv. „benchmarky“ sú predmetom nedávnych vnútroštátnych a medzinárodných regulačných usmernení a reformných návrhov. Niektoré z týchto reforiem sú už účinné, zatiaľ čo iné ešte nie sú zavedené. Tieto reformy môžu viesť k zmenám týchto vzťažných ukazovateľov a môžu spôsobiť, že vzťažný ukazovateľ (vrátane 10 - ročného EUR - CMS (Constant Maturity Swap) (ak sú týmito reformami ovplyvnené)) sa bude správať inak než v minulosti, alebo bude mať iné dôsledky, ktoré nemožno predvídať. Investori sú preto vystavení riziku, že akékoľvek takéto zmeny môžu mať podstatný negatívny vplyv na hodnotu Notes a na čiastku splatnú z Notes.
- Fixed to Fixed alebo Fixed to Floating Rate Notes sú úročené sadzbou, ktorá sa mení z pevnej sadzby na inú pevnú sadzbu, resp. z pevnej sadzby na pohyblivú sadzbu. Majiteľ znáša riziko, že po takejto premene môže byť nová pevná sadzba nižšia než úrokové sadzby obvyklé v tom čase, alebo že rozpätie Notes s pevnou po pohyblivú sadzbu môže byť menej priaznivé než rozpätia obvyklé v tom čase u porovnateľných Floating Rate Notes vzťahujúcich sa na rovnakú referenčnú sadzbu.
- V prípade umorenia akýchkoľvek Notes pred ich splatnosťou môže byť Majiteľ týchto Notes vystavený rizikám, vrátane rizika, že jeho investícia bude mať nižší než očakávaný výnos (riziko predčasného splatenia).
- V prípade horného limitu (cap) Majiteľ nebude môcť benefitovať z priaznivého vývoja prekračujúceho horný limit (cap).
- Keďže v Podmienkach pre Notes sú upravené uznesenia Majiteľov, určité práva Majiteľa môžu byť zmenené alebo obmedzené alebo dokonca zrušené uzneseniami Majiteľov, čo

by mohlo mať negatívny vplyv na Majiteľa.

- Keďže v Podmienkach pre Notes je upravené vymenovanie Spoločného zástupcu, Majiteľ môže byť pozbavený svojho individuálneho práva sledovania a vymáhania svojich práv vyplývajúcich z Podmienok pre Notes voči Emitentovi.
- Rakúsky súd môže vymenovať správcu (*Kurator*) Notes, ktorého úlohou je uplatňovať práva a zastupovať záujmy Majiteľov v ich mene, pričom v tomto prípade môže byť schopnosť Majiteľov individuálne si sledovať svoje práva súvisiace s Notes obmedzená.
- Notes môžu byť predmetom zníženia hodnoty alebo konverzie na vlastné imanie, ak dôjde k výskytu určitej spúšťačnej udalosti, čo môže viesť k tomu, že Majitelia prídu o časť svojej investície do Notes, resp. o celú svoju investíciu do Notes (zákonná absorpcia straty).
- Notes môžu podliehať iným rozhodovacím kompetenciám, čo môže viesť k nevyplateniu úrokov a/alebo k ich nesplateniu.
- Majitelia Notes sú vystavení riziku, že Emitent nemá zakázané vydať ďalšie dlhové inštrumenty alebo prebrať ďalšie záväzky.
- Majitelia Notes sú vystavení riziku, že v prípade Emitentovej platobnej neschopnosti majú vklady vyššie postavenie ako ich pohľadávky z Notes.
- Záväzky Emitenta vyplývajúce zo Subordinated (podriadených) Notes predstavujú nezabezpečené a podriadené záväzky, ktoré sú podriadené pohľadávkam všetkých nepodriadených veriteľov Emitenta.
- Majitelia sú vystavení riziku, že Emitent môže vydať podriadené dlhové nástroje alebo získať podriadené záväzky, ktoré sú nadriadené Subordinated (podriadeným) Notes.
- Subordinated (podriadené) Notes nemôžu byť predčasne splatené podľa voľby Majiteľov, pričom akékoľvek práva Emitenta na predčasné splatenie, resp. spätný odkup Subordinated (podriadeným) Notes podliehajú prednostnému schváleniu zo strany kompetentného orgánu.

Riziká súvisiace s Notes všeobecne

- Úverové ratingy Notes nemusia adekvátne odrážať všetky riziká investície do predmetných Notes, pričom môžu byť pozastavené, znížené alebo odňaté, čo by mohlo mať negatívny vplyv na trhovú cenu a obchodovaciu cenu Notes.
- Notes sa riadia nemeckým a/alebo rakúskym právnym poriadkom, pričom zmeny príslušných zákonov, predpisov, resp. regulačných politík môžu mať nepriaznivý vplyv na Emitenta, Notes a Majiteľov.
- Zákonná lehota na predloženie podľa nemeckého právneho poriadku bude skrátená v zmysle Podmienok pre Notes, pričom v tomto prípade sa môže stať, že Majitelia budú mať menej času na uplatnenie svojich nárokov z Notes.

Riziká súvisiace s trhom všeobecne

- Majitelia sú vystavení riziku, že Emitent nebude čiastočne alebo úplne schopný vykonávať výplaty úrokov a/alebo umorovacích čiastok Notes.
- Majitelia na seba berú riziko, že úverové rozpätie Emitenta sa rozširuje, v dôsledku čoho

klesá cena Notes.

- Majiteľ môže byť vystavený riziku, že v dôsledku budúceho znižovania hodnoty peňažných prostriedkov (inflácia) môže byť reálny výnos z investície nižší.
- Nie je zaručené, že sa vyvinie likvidný sekundárny trh pre Notes, alebo, ak sa aj vyvinie, že pretrvá. Na nelikvidnom trhu sa Majiteľovi nemusí podariť predáť svoje Notes za primerané trhové ceny
- Nemožno vyvodiť žiaden záver z uvedenej Celkovej čiastky istiny v prípade „up to“ Notes.
- Existuje riziko, že obchodovanie s Notes alebo s podkladovými nástrojmi bude pozastavené, prerušené alebo ukončené, čo môže mať negatívny vplyv na cenu predmetných Notes.
- Majitelia sú vystavení riziku nepriaznivého vývoja trhových cien svojich Notes, ktoré sa zmaterializuje, ak Majiteľ predá Notes pred dátumom konečnej splatnosti predmetných Notes.
- V prípade predčasného splatenia akýchkoľvek Notes existuje riziko, že Majitelia nemusia byť schopní reinvestovať výnos z Notes takým spôsobom, aby získali rovnakú mieru návratnosti.
- Riziká výmenného kurzu môžu nastať, ak sú finančné aktivity Majiteľa denominované v mene, resp. menovej jednotke inej než Špecifikovaná mena, v ktorej bude Emitent vykonávať výplaty istiny a úrokov. Okrem toho môžu vládne a finančné orgány nariadiť kontroly výmenného kurzu, ktoré by mohli mať negatívny vplyv na príslušný výmenný kurz.
- Ak je na financovanie akvizície Notes použitý úver, tento môže výrazne zvýšiť výšku straty.
- Sprievodné náklady súvisiace najmä s kúpou a predajom Notes môžu mať výrazný dopad na potenciál ziskovosti Notes.
- Majitelia sa musia spoliehať na funkčnosť príslušného zúčtovacieho systému.
- Majitelia by mali zobrať na vedomie, že príslušný daňový režim sa môže zmeniť v neprospech Majiteľov, a preto by mali dôkladne zvážiť daňový dopad investície do Notes.
- Právne aspekty investície môžu obmedzovať určité investície.
- Emitent je vystavený konfliktom záujmov, ktoré môžu mať negatívny vplyv na Majiteľov.

Riziká súvisiace so zrážkovou daňou

- Podľa smernice EÚ o sporení, ak by mala byť vykonaná, resp. inkasovaná platba prostredníctvom agenta platobných služieb v štáte, ktorý si zvolil zrážkový systém a z tejto platby by mala byť zrazená čiastka, resp. v súvislosti s daňou, ani Emitent ani žiaden agent platobných služieb ani iná osoba by nebola povinná platiť ďalšie čiastky v súvislosti so žiadnymi Notes v dôsledku uplatnenia tejto zrážkovej dane (zákaz pripočítania čiastky zaplatenej v inej krajine, tzv. „no gross-up“).

E. PONUKA

- E.2b** Dôvody ponuky a použitie výnosov, ak sú iné ako dosahovanie zisku a/alebo zabezpečenie pred určitými rizikami: Čistý výnos z emisie akýchkoľvek Notes použije Emitent na účely svojho všeobecného financovania a v prípade Subordinated (podriadených) Notes na posilnenie svojej kapitálovej bázy, čo sú tiež dôvody pre predloženie ponuky.

- Začiatok upisovacieho obdobia**

nesyndikovaná
- Iné, resp. ďalšie podmienky**
Neuplatňuje sa.
- E.4** Popis záujmov, ktoré sú podstatné pre emisiiu/ponuku vrátane konfliktov záujmov: Emitent môže niekedy vystupovať s ohľadom na Notes v inej pozícii, napríklad ako výpočtový agent, čo umožňuje Emitentovi vykonávať výpočty s ohľadom na Notes (napr. výšky úrokov, ktoré majú byť zaplatené), ktoré sú záväzné pre Majiteľov. Táto skutočnosť by mohla vyvolať konflikty záujmov a môže mať vplyv na hodnotu Notes.
- Emitent môže použiť všetky alebo niektoré výnosy z predaja Notes na zaistovacie transakcie (tzv. hedging transactions), ktoré môžu mať vplyv na hodnotu Notes. Emitent verí, že takáto zaistovacia činnosť nebude mať za normálnych okolností významný vplyv na hodnotu Notes. Nie je však možné uistiť, že zaistovacie činnosti Emitenta nebudú mať vplyv na túto hodnotu.
- Je obvyklé, že zamestnanci finančných inštitúcií ako je Erste Group uzatvárajú dohody na vlastný účet v súlade so zákonmi upravujúcimi osobné transakcie a zneužívanie trhu, ako aj zákonné alebo interných štandardy zhody. Zamestnanci a prepojené strany sa môžu zúčastniť na ponuke cenných papierov Erste Group. Navyše pri kúpe Notes zamestnanec obdrží zľavu z trhovej ceny. Zamestnanci - predajcovia Erste Group môžu byť motivovaní, aby predávali Notes, vzhľadom k hodnote stimulov,

ktoré obdržia (v prípade, že predaj je úspešný), v súlade so zákonmi o cenných papieroch a bankovými zákonmi vzťahujúcimi sa na takéto stimuly. Napriek opatreniam prijatým Emitentom na zabezpečenie súladu s platnými právnymi zákonmi a internými procesmi, toto by mohlo viesť ku konfliktu s povinnosťami voči Majiteľom.

Navyše, členovia Emitentovho manažmentu a dozornej rady môžu byť členmi manažmentu a dozornej rady v rôznych spoločnostiach (odlišných od Erste Group), vrátane klientov a investorov Erste Group Bank, ktoré môžu byť priamymi alebo nepriamymi konkurentmi Emitenta. Riadiaca funkcia tohto druhu môže vystaviť tieto osoby možnému konfliktu záujmov v prípade, že Emitent udržiava aktívne obchodné vzťahy s uvedenými spoločnosťami.

E.7 Odhadované výdavky účtované investorovi Emitentom alebo predkladateľom ponuky:

Neuplatňuje sa, keďže Emitent ani predkladateľ(ia) ponuky nebudú investorovi účtovať žiadne takéto výdavky.
