§ 3
INTEREST

(1) *Fixed Interest.*

- (a) *Fixed Rate of Interest and Fixed Interest Payment Dates.* The Notes shall bear interest on their outstanding aggregate principal amount at the rate of 1.50 per cent. *per annum* (the "**First Rate of Interest**") from, and including, 18.06.2018 (the "**Interest Commencement Date**") to, but excluding, 18.06.2019 (the "**Interest Rate Change Date**") (the "**First Period**"). - (b) *Calculation of Amount of Interest.* If the amount of interest payable under the Notes is required to be calculated for any period of time of less or more than a full year in the First Period such amount of interest shall be calculated by applying the First Rate of Interest to the Specified Denomination, multiplying such sum by the applicable Fixed Day Count Fraction (as defined below), and rounding the resultant figure to the nearest sub-unit of the Specified Currency, half of such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention.
- (c) *Fixed Day Count Fraction.* "**Fixed Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**");

The Notes shall bear interest on their outstanding aggregate principal amount at the Variable Rate of Interest (as defined below) from, and including, the Interest Rate Change Date to, but excluding, the Maturity Date (as defined in § 5 (1)) (the "**Second Period**"). In the Second Period interest on the Notes shall be payable in arrear on each Variable Interest Payment Date. If two or more of the Reference Banks provide the Calculation Agent with such rates, the Reference Interest Rate for such Variable Interest Period shall be deemed to be the arithmetic mean (rounded if necessary to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards) of such rates, all as determined by the Calculation Agent.

If the Reference Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Reference Interest Rate for the relevant Variable Interest Period shall be deemed to be the rate determined by the Calculation Agent in its reasonable discretion; the Calculation Agent shall take general market practice into account when determining such rate.

"**Reference Banks**" means four major banks in the Prague interbank market .

(1) *Amendment of the Terms and Conditions.* In accordance with subsequent provisions the Holders may agree with the Issuer on amendments of these Terms and Conditions with regard to certain matters by resolution with the majority specified below. Majority resolutions of the Holders shall be binding on all Holders alike. A majority resolution of the Holders which does not provide for identical conditions for all Holders is void, unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) The Holders may consent, by majority resolution, to the following measures, among others:

- (a) changes in the due date or reduction or exclusion of interest payments;
- (b) changes in the due date of the principal amount;
- (c) reduction of the principal amount;
- (d) subordination of the claims under the Notes during insolvency proceedings of the Issuer;

- (h) substitution of the Issuer; and

(i) amendments to or cancellation of ancillary conditions of the Notes.

(3) *Convening a Meeting of Holders.* The Holders' meeting shall be convened by the Issuer or by the Joint Representative of the Holders. It shall be convened if Holders who together hold 5 *per cent.* of the outstanding Notes request such convocation in writing for the purpose of appointing or removing a Joint Representative, passing a resolution in order to render a termination invalid or for any other particular interest in such convocation.

(4) *Contents of the Convening Notice, Publication.* The convening notice shall state the name and the registered office of the Issuer and the time of the Holders' meeting, the agenda and the conditions on which attendance at the Holders' meeting and the exercise of voting rights shall depend. The convening notice shall be published pursuant to § 11.

(5) *Convening Period, Evidence.* The Holders' meeting shall be called at least 14 calendar days before the date of the meeting. As evidence for the entitlement to participate in the Holders' meeting a special confirmation issued by the Clearing System or the Custodian in text form shall be presented.

(6) *Agenda.* The convening party shall include in the agenda a proposed resolution for each subject on which the Holders' meeting is to pass a resolution. The agenda of the Holders' meeting shall be published together with the convening notice. No resolutions may be passed on agenda items that have not been published in the required manner. Holders who together hold 5 *per cent.* of the outstanding Notes may request that new items be published for resolution. Such new items must be published no later than the third calendar day preceding the Holders' meeting. Without undue delay and until the date of the Holders' meeting, the Issuer shall make available to the Holders on its website ("www .erstegroup.com"), any counter-motions announced by a Holder before the meeting.

(7) *Quorum.* The Chairperson shall prepare a register of Holders participating in the vote. Such register shall include the Holders' names, their registered offices or places of residence and the number of voting rights represented by each Holder. Such register shall be signed by the Chairperson of the meeting and be made available without undue delay to all Holders. The Holders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Notes by value. If the Holders' meeting does not have a quorum, the Chairperson may convene a second meeting for the purposes of passing the resolution (s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 *per cent.* of the outstanding Notes. Notes for which voting rights have been suspended shall not be included in the outstanding Notes.

(8) *Majority Requirements.* Resolutions relating to material amendments of these Terms and Conditions, in particular consents to the measures set out in § 12 (2) lit (a) to (i) above shall be passed by a majority of not less than 75 per cent. (Qualified Majority) of the votes cast. Resolutions relating to amendments of these Terms and Conditions which are not material require a simple majority of the votes cast.

(9) *Vote without a Meeting.* All votes will be taken exclusively by vote taken without a meeting. The vote shall be conducted by the scrutineer. The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative of the Holders if it has requested such vote. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Holders may cast their votes to the scrutineer in text form. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Holders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Holders' meeting, which shall be deemed to be a second Holders' meeting within the meaning of §12 (7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Holder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Each Holder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue delay. § 12 (13) shall apply *mutatis mutandis*. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Holder without undue delay in writing.

(10) *Voting Right.* Each Holder shall participate in votes in accordance with the principal amount of the outstanding Notes held by such Holder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its Subsidiaries. The Issuer may not make available Notes for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any Subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Holders' meeting or a vote. No person entitled to vote may require, accept any promise of or accept any advantage or consideration for not voting, or voting in a particular way, in a Holders'

meeting or a vote.

(13) *Publication of Resolutions.* The Issuer shall publish the resolutions passed by the Holders in appropriate form and at its own expense. The resolutions shall be published without undue delay pursuant § 11. In addition, for a period of at least one month commencing on the calendar day following the Holders' meeting, the Issuer shall make available to the public on its website ("www.erstegroup.com") the resolutions passed by the Holders and, if these Terms and Conditions are amended by a Holders' resolution, the wording of the original Terms and Conditions.

(14) *Implementation of Resolutions.* Resolutions passed by the Holders' meeting which amend or supplement the contents of these Terms and Conditions shall be implemented in such a way that the relevant Global Note is supplemented or amended. If the Global Note has been deposited with a central securities depository, the Chairperson of the meeting or the scrutineer shall forward for this purpose the contents of the resolution recorded in the minutes to the central securities depository, requesting it to add the documents submitted to the existing documents in appropriate form. It shall affirm to the central securities depository that the resolution may be implemented.

(15) *Joint Representative.*

The Holders may by majority resolution appoint a joint representative (the "**Joint Representative**") to exercise the Holders' rights on behalf of each Holder.

The Joint Representative shall have the duties and powers granted by majority resolution of the Holders. The Joint Representative shall comply with the instructions of the Holders. To the extent that the Joint Representative has been authorised to assert certain rights of the Holders, the Holders shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant majority resolution. The Joint Representative shall provide reports to the Holders on its activities. The Joint Representative shall be liable to the Holders as joint and several creditors for the due performance of its duties. In the performance of its duties, it shall act with the care of a prudent representative. The Joint Representative's liability may be limited by resolution of the Holders. An assertion of compensation claims against the Joint Representative shall be decided by the Holders. The Joint Representative may be removed by the Holders at any time without reason. (3) *Enforcement.* Any Holder of Notes may in any proceedings against the Issuer, or to which such Holder and the Issuer are parties, protect and enforce in its own name its rights arising under such Notes on the basis of (i) a statement issued by the Custodian with whom such Holder maintains a securities account in respect of the Notes (a) stating the full name and address of the Holder, (b) specifying the aggregate principal amount of the Notes credited to such securities account on the date of such statement and (c) confirming that the Custodian has given written notice to the Clearing System containing the information pursuant to (a) and (b), and (ii) a copy of the Global Note certified as being a true copy by a duly authorised officer of the Clearing System or a depository of the Clearing System, without the need for production in such proceedings of the actual records or the Global Note representing the Notes. Majority resolutions of the Holders shall be binding on all Holders alike. A majority resolution of the Holders which does not provide for identical conditions for all Holders is void, unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

The Holders may by majority resolution appoint a joint representative for all Holders (the "**Joint Representative**") to exercise the Holders' rights on behalf of each Holder. The duties, rights and functions of the Joint Representative are determined by the Terms and Conditions.

Including ranking of the Notes:

Status

The Notes constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* among themselves. The Issuer reserves the right to issue subordinated debt of any kind that ranks prior to the Notes.

In the event of insolvency or liquidation of the Issuer, the payment obligations of the Issuer under the Notes will rank in right of payment after unsubordinated creditors of the Issuer and subordinated creditors of the Issuer whose claims rank pursuant to their terms, or are expressed to rank senior to the Notes and will rank in priority to the claims of shareholders, holders of (other) Common Equity Tier 1 instruments pursuant to Article 28 CRR as well as holders of Additional Tier 1 instruments pursuant to Article 52 CRR of the Issuer and all other subordinated obligations of the Issuer which are expressed by their terms to rank junior to the Notes.

Where:

"**CRR**" means the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (Capital Requirements Regulation), as amended or replaced from time to time, and any references to relevant Articles of the CRR include references to any applicable provisions of law amending or replacing such Articles from time to time.

Including limitations to those rights:

Early redemption for taxation or regulatory reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time prior to their stated maturity upon notice of early redemption to the Fiscal Agent and to the Holders (which notice shall be irrevocable) within the specified notice period, at a redemption amount specified in the Terms and Conditions, if there is a change (i) in the applicable tax treatment of the Notes or (ii) in the regulatory classification of the Notes that would be likely to result in their exclusion in full or in part from own funds or reclassification as a lower quality form of own funds (in each case, on an individual basis of the Issuer and/or on a consolidated basis of the Erste Group); and in each case provided that certain Conditions to Redemption and Repurchase are met.

Where:

"**Erste Group**" means the Issuer and its consolidated Subsidiaries.

"**Subsidiary**" means any subsidiary of the Issuer pursuant to Article 4(1)(16) CRR.

- (i) either (A) the Issuer replaces the Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer; or (B) the Issuer has demonstrated to the satisfaction of the Competent Authority and/or the Resolution Authority that the own funds of the Issuer would, following such early redemption or repurchase, exceed the minimum requirements laid down in Article 92(1) CRR (and any capital buffer requirements) by a margin that the Competent Authority and/or the Resolution Authority considers necessary at such time; and
- (ii) in the case of any early redemption or repurchase prior to the fifth anniversary of the date of issuance of the Notes:
 - (A) the Issuer has demonstrated to the satisfaction of the Competent Authority and/or the Resolution Authority that the applicable change in tax treatment is material and was not reasonably foreseeable as at the date of issuance of the Notes; and
 - (B) the Competent Authority and/or the Resolution Authority considers such change to be sufficiently certain and the Issuer has demonstrated to the satisfaction of the Competent Authority and/or the Resolution Authority that the relevant change in the regulatory classification of the Notes was not reasonably foreseeable as at the date of issuance of the Notes.

For the avoidance of doubt, any refusal of the Competent Authority and/or the Resolution Authority to grant permission in accordance with Articles 77 et seqq CRR shall not constitute a default for any purpose.

Where:

"Resolution Authority" means the authority pursuant to § 2 No 18 in connection with § 3 (1) BaSAG which is responsible for a resolution of the Issuer.

"BaSAG" means the Austrian Bank Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) as amended or replaced from time to time, and any references to relevant sections of the BaSAG include references to any provisions of law amending or replacing such sections from time to time.

In case of non-payment or insolvency as provided for in the Terms and Conditions, each Holder shall be entitled to inform the Austrian Financial Market Authority of the occurrence of such event and propose that the Austrian Financial Market Authority applies to the competent court in Vienna for the commencement of bankruptcy proceedings against the assets of the Issuer. D. RISKS

D.2 Key information on the key risks that are specific to the Issuer:

Risks related to the business of Erste Group

- Difficult macroeconomic and financial market conditions may have a material adverse effect on Erste Group's business, financial condition, results of operations and prospects.
- Erste Group has been and may continue to be affected by the European sovereign debt crisis, and it may be required to take impairments on its exposures to the sovereign debt of certain countries.
- Erste Group has experienced and may in the future continue to experience deterioration in credit quality, particularly as a result of financial crises or economic downturns.
- Erste Group is subject to significant counterparty risk, and defaults by counterparties may lead to losses that exceed Erste Group's provisions.
- Erste Group's hedging strategies may prove to be ineffective.
- Erste Group is generally exposed to market volatility when it comes to loans

covered by real estate collateral.

- Market fluctuations and volatility may adversely affect the value of Erste Group's assets, reduce profitability and make it more difficult to assess the fair value of certain of its assets.
- Erste Group is subject to the risk that liquidity may not be readily available.
- Rating agencies may suspend, downgrade or withdraw a credit rating of Erste Group Bank and/or a local entity that is part of Erste Group or a country where Erste Group is active, and such action might negatively affect the refinancing conditions for Erste Group Bank, in particular its access to debt capital markets.
- New governmental or regulatory requirements and changes in perceived levels of adequate capitalisation and leverage could subject Erste Group to increased capital requirements or standards and require it to obtain additional capital or liquidity in the future.
- The Issuer is subject to the risk of changes in the tax framework, in particular regarding bank tax and the introduction of a financial transaction tax.
- The Issuer may not be able to meet the minimum requirement for own funds and eligible liabilities.
- The Issuer is obliged to contribute to the Single Resolution Fund (SRF) and to ex-ante financed funds of the deposit guarantee scheme of the savings bank sector on an annual basis.
- Erste Group's risk management strategies, techniques and internal control procedures may leave it exposed to unidentified or unanticipated risks.
- Erste Group's business entails operational risks.
- Any failure or interruption in or breach of Erste Group's information systems, and any failure to update such systems, may result in lost business and other losses.
- Erste Group may have difficulty recruiting new talent or retaining qualified employees.
- Erste Group Bank may be required to provide financial support to troubled banks in the Haftungsverbund, which could result in significant costs and a diversion of resources from other activities.
- Changes in interest rates are caused by many factors beyond Erste Group's control, and such changes can have significant adverse effects on its financial results, including net interest income.
- Since a large part of Erste Group's operations, assets and customers are located in CEE countries that are not part of the Eurozone, Erste Group is exposed to currency risks.
- Erste Group Bank's profit can be lower or even negative.
- A change of the ECB's collateral standards could have an adverse effect on the funding of Erste Group and access to liquidity.
- Erste Group operates in highly competitive markets and competes against large international financial institutions as well as established local competitors.
- Erste Group Bank's major shareholder may be able to control shareholder actions.
- Compliance with applicable rules and regulations, in particular on anti-money laundering and anti-terrorism financing, anti-corruption and fraud prevention, economic sanctions and tax as well as capital markets (securities and stock exchange related) involve significant costs and efforts and non-compliance

may have severe legal and reputational consequences for Erste Group.

- Changes in consumer protection laws as well as the application or interpretation of such laws might limit the fees and other pricing terms that Erste Group may charge for certain banking transactions and might allow consumers to claim back certain of those fees and interest already paid in the past.
- The integration of potential future acquisitions may create additional challenges.

Risks related to the markets in which Erste Group operates

- The departure of any one or more countries from the Eurozone could have unpredictable consequences for the financial system and the greater economy, potentially leading to declines in business levels, write-downs of assets and losses across Erste Group's business.
- Erste Group operates in emerging markets that may experience rapid economic or political changes, either of which may adversely impact its financial performance and results of operations.
- Committed EU funds may not be released or further aid programmes may not be adopted by the EU and/or international credit institutions.
- Loss of customer confidence in Erste Group's business or in banking businesses generally could result in unexpectedly high levels of customer deposit withdrawals, which could have a material adverse effect on Erste Group's results, financial condition and liquidity.
- Liquidity problems experienced by certain CEE countries may adversely affect the broader CEE region and could negatively impact Erste Group's business results and financial condition.
- Governments in countries in which Erste Group operates may react to financial and economic crises with increased protectionism, nationalisations or similar measures.
- Erste Group may be adversely affected by slower growth or recession in the banking sector in which it operates as well as slower expansion of the Eurozone and the EU.
- The legal systems and procedural safeguards in many CEE countries and, in particular, in the Eastern European countries are not yet fully developed.
- Applicable bankruptcy laws and other laws and regulations governing creditors' rights in various CEE countries may limit Erste Group's ability to obtain payments on defaulted loans and advances.
- Erste Group may be required to participate in or finance governmental support programs for credit institutions or finance governmental budget consolidation programmes, through the introduction of banking taxes and other levies.

D.3 Key information on the key risks that are specific to the securities:

Factors which are material for the purpose of assessing the market risks associated with the Notes:

- The Notes may not be a suitable investment for investors if they do not have sufficient knowledge and/or experience in the financial markets and/or access to information and/or financial resources and liquidity to bear all the risks of an investment and/or a thorough understanding of the terms of the Notes and/or the ability to evaluate possible scenarios for economic, interest rate and other

factors that may affect its investment.

Risks related to the structure of particular Notes

- Interest on the Notes will be calculated by reference to the 6-months-CZK-PRIBOR, which is deemed to be a "benchmark" (the "**Benchmark**"). Benchmarks have become the subject of regulatory scrutiny and recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective, such as the Benchmark Regulation which is fully applicable since 1 January 2018, while others are still to be implemented. These reforms may result in changes to the Benchmark and may cause the Benchmark (if affected by these reforms) to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Investors thus face the risk that any such changes may have a material adverse effect on the value of and the amount payable under the Notes which are linked to the 6-months-CZK-PRIBOR. Under the Terms and Conditions certain benchmark replacement provisions will apply in case 6-months-CZK-PRIBOR has ceased to be calculated or administered. The application of these fall-back provisions could result in the Calculation Agent having to determine the amounts payable under the Notes in its reasonable discretion.
- Fixed to Fixed and Fixed to Floating Rate Notes bear interest at a rate that converts from a fixed rate to a different fixed rate or from a fixed rate to a floating rate, respectively. A Holder bears the risk that after such conversion, the new interest rate may be lower than the then prevailing interest rates or the spread on the Fixed to Floating Rate Notes may be less favourable than the then prevailing spreads on comparable floating rate notes relating to the same reference rate(s).
- In the event that any Notes are redeemed prior to their maturity, a Holder of such Notes may be exposed to risks, including the risk that his investment will have a lower than expected yield (Risk of Early Redemption).
- In the case of a cap, a Holder will not be able to benefit from a favourable development beyond the cap.
- If the relevant Terms and Conditions of the Notes provide for resolutions of Holders, certain rights of a Holder may be amended or reduced or even cancelled by way of resolutions, which could affect the Holder negatively.
- If the relevant Terms and Conditions of the Notes provide for the appointment of a Joint Representative, a Holder may be deprived of its individual right to pursue and enforce its rights under the relevant Terms and Conditions of the Notes against the Issuer.
- Fundierte Bankschuldverschreibungen and Pfandbriefe may be redeemed after their Maturity Date.
- An Austrian court can appoint a trustee (*Kurator*) for the Notes to exercise the rights and represent the interests of Holders on their behalf in which case the ability of Holders to pursue their rights under the Notes individually may be limited.
- The Notes may be subject to write-down or conversion to equity upon the occurrence of a certain trigger event, which may result in Holders losing some or all of their investment in the Notes (statutory loss absorption).
- The Issuer may be subject to resolution powers which may also have a negative impact on the Notes.
- The Issuer is not prohibited from issuing further debt instruments or incurring further liabilities.
- In the case of the Issuer's insolvency, deposits have a higher ranking than the claims of the Holders under the Notes.

- The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations which are subordinated to the claims of all unsubordinated creditors of the Issuer.
- The Holders are exposed to the risk that the Issuer may issue subordinated debt instruments or incur subordinated liabilities which are senior to the Subordinated Notes.
- Subordinated Notes may not be early redeemed at the option of the Holders, and any rights of the Issuer to early redeem or repurchase Subordinated Notes are subject to the prior permission of the competent authority and/or the resolution authority.

Risks related to Notes generally

- Credit ratings of Notes may not adequately reflect all risks of the investment in such Notes, credit rating agencies could assign unsolicited ratings, and ratings may be suspended, downgraded or withdrawn, all of which could have an adverse effect on the market price and trading price of the Notes.
- The Notes are governed by German and/or Austrian law, and changes in applicable laws, regulations or regulatory policies may have an adverse effect on the Issuer, the Notes and the Holders.
- The statutory presentation period provided under German law will be reduced under the Terms and Conditions applicable to the Notes in which case Holders may have less time to assert claims under the Notes.

Risks related to the market generally

- Holders are exposed to the risk of partial or total inability of the Issuer to make interest and/or redemption payments under the Notes.
- Holders assume the risk that the credit spread of the Issuer widens resulting in a decrease in the market price of the Notes.
- The Holder may be exposed to the risk that due to future money depreciation (inflation), the real yield of an investment may be reduced.
- There can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. In an illiquid market, a Holder may not be able to sell his Notes at fair market prices.
- No conclusion may be drawn from the indicated Aggregate Principal Amount in case of "up to" Notes.
- There is a risk that trading in the Notes or underlyings will be suspended, interrupted or terminated, which may have an adverse effect on the market price of such Notes.
- Holders are exposed to the risk of an unfavourable development of market prices of their Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes.
- In case of an early redemption of any Notes, there is a risk that Holders may not be able to reinvest proceeds from the Notes in such a way that they earn the same rate of return.
- Exchange rate risks may occur, if a Holder's financial activities are denominated in a currency or currency unit other than the Specified Currency in which the Issuer will make principal and interest payments. Furthermore, government and monetary authorities may impose exchange controls that could adversely affect an applicable exchange rate.
- If a loan or credit is used to finance the acquisition of the Notes, the loan or

credit may significantly increase the amount of a loss.

- Incidental costs related in particular to the purchase and sale of the Notes may have a significant impact on the profit potential of the Notes.
- Holders have to rely on the functionality of the relevant clearing system.
- The applicable tax regime may change to the disadvantage of the Holders; therefore, the tax impact of an investment in the Notes should be carefully considered.
- Legal investment considerations may restrict certain investments.
- The Issuer is exposed to conflicts of interest which might adversely affect the Holders.

E. OFFER

E.2b	Reasons for the offer and use of proceeds when different from making profit and/or hedging certain risks:	The net proceeds from the issue of any Notes will be used by the Issuer for its general funding purposes and, in case of Subordinated Notes, to strengthen the capital base of the Issuer which are also the reasons for the offer.
E.3	Description of the terms and conditions of the offer:	<p>Aggregate principal amount up to CZK 3,000,000,000</p> <p>Initial Issue price plus an issue charge 100.00 per cent. which may be adjusted from time to time in accordance with the market price plus issue surcharge to the amount of up to 2.50 per cent.</p> <p>Specified Denomination CZK 10,000</p> <p>Minimum and/or Maximum Amount of Application Minimum amount of application: CZK 10,000</p> <p>Type of distribution Diverse Financial Service Provider in Czech Republic Non Syndicated</p> <p>Other or further conditions Not applicable</p>
E.4	Description of any interest that is material to the issue/offer including conflicting interest:	<p>The Issuer may from time to time act in other capacities with regard to the Notes, such as calculation agent, which allows the Issuer to make calculations in respect of the Notes (e.g. the amount of interest to be paid) which are binding for the Holders. This fact could generate conflicts of interest and may affect the value of the Notes.</p> <p>The Issuer may use all or some of the proceeds received from the sale of the Notes to enter into hedging transactions which may affect the value of the Notes. The Issuer believes that such hedging activity will under normal circumstances not have a material impact on the value of the Notes. However, it cannot be assured that the Issuer's hedging activities will not affect such value.</p> <p>It is usual for employees of financial institutions such as</p>

Erste Group to undertake deals on their own behalf subject to securities laws on personal transactions and market abuse as well as statutory or internal compliance standards. Employees and connected parties are permitted to take part in securities offerings of Erste Group. Furthermore, when purchasing the Notes, the employee receives a discount from the value of the market price. Erste Group's sales employees may be motivated to sell these Notes, due to the value of incentives received by them (in case the sale is successful) subject to securities and banking laws applicable to any such incentives. Despite measures taken by the Issuer to ensure compliance with applicable laws and internal procedures, this could create a conflict with the duties owed to the Holders.

Furthermore, members of the Issuer's Management and Supervisory Boards may serve on management or supervisory boards of various different companies (others than Erste Group Bank), including customers of and investors in Erste Group Bank, which may also compete directly or indirectly with the Issuer. Directorships of that kind may expose such persons to potential conflicts of interest if the Issuer maintains active business relations with said companies.

E.7	Estimated expenses charged to the investor by the Issuer or the offeror:	Not higher than 4.00 per cent. of the Principal Amount, but may be lower depending on the market development during the offer period.
