Outstanding Retail Loans and Debt of Households

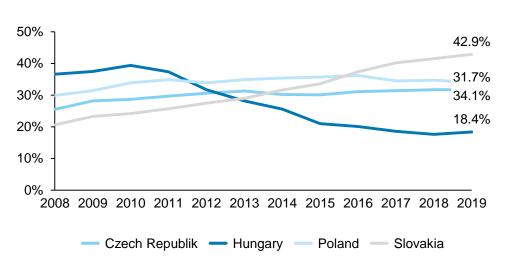

Development of retail loans (EUR bn)

- The biggest growth happened in consumer loans, as many banks started to focus on unsecured loans
- The share of consumer loans was almost equal to housing loans by 2020

Retail loans to GDP

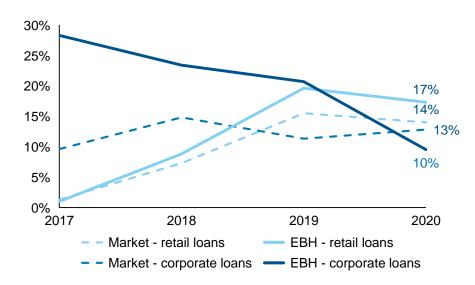

- Contrary to the trends of the peer markets, indebtedness of Hungarian households has continuously decreased in the last 10 years
- With the second lowest ratio among the countries of the European Union, retail loan penetration is significantly lower than the peer markets
- There is a strong growth potential in the Hungarian banking market

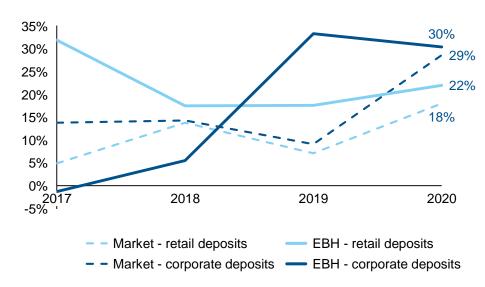

Outstanding Loans and Deposits

Retail and corporate loans (YoY growth)

- Retail and corporate loan volumes continuously increased in the past years
- In 2020 loan volumes increased further due to the moratorium and the state subsidized loans available in both segments
- In retail, EBH was able to reach a growth rate above the market, increasing its market share to 10.4% (2019)

Retail and corporate deposits (YoY growth)

- Only growth in retail and corporate deposits since 2016 both in EBH and in the market
- EBH's deposit volumes increased faster than the sector
- Huge increase in deposits in 2020 caused by the moratorium and the lower spending during the pandemic

Our response to Coronavirus

EBH is there for its employees, clients and communities

Employees

- Home office: 90% of central staff
- Employees can apply to online psychological help
- Many branch office employees are transported to work and home to avoid public transport
- Employees who are not able to work from home, but need to stay home due to the pandemic, are supported with some extra paid holiday

Retail costumers

- All branches were open during the pandemic
- Call center strengthened
- Educational videos available

Corporate customers

- Each of our customers were reached after the moratorium was announced, to provide them all the necessary information
- Many processes are simplified and more flexible in lending and account administration

Communities

- Loan program for healthcare professionals
- Donation to the healthcare system

Political reaction

Moratorium

Main characteristics

- Statutory
- Scope: loans contracted before 19 March 2020
- Unpaid interest can't be capitalized, it will be paid in equal installments after the moratorium
- Customers are allowed to opt-out and back into the moratorium any time until the end of June 2021

Target groups

- Retail
- Corporate

Period

• 9 + 6 months, extended until the end of June 2021

Impact

- Participation rates in EBH:
 - Retail: 40%
 - Corporate: 28%
- Participation rates in the Hungarian banking market:
 - Retail: 65%
 - Corporate: 70%

Political reaction

Other main measures

Unsecured loan interest rate cap
