- Under §240 (3) BAO, private investors are able to apply to their competent tax office for reimbursement of the capital gains tax or claim this as part of their income tax assessment. For corporate investors, this tax exemption and the associated offsetting of capital gains tax against income tax/corporate income tax are granted as part of the tax assessment.
- Profit shares resulting from investments in corporate bodies in the EU, Norway and from investments in foreign corporate bodies which are analogous to an Austrian corporate body within the scope of §7 (3) and whose countries of residence and Austria provide each other with comprehensive administrative assistance are exempt from corporate income tax for legal persons and private foundations pursuant to §10 (1) Items 5 and 6 KStG, as amended by the Austrian Taxation Amendment Act (Abgabenänderungsgesetz, AÄG) 2011.
- The fictitious offsettable amount in accordance with the double taxation agreement (matching credit) may only be claimed as part of a tax assessment.

- 4) In principle, not relevant for private investors and corporate investors/natural persons as the foreign dividends have taxation at source status upon deduction of the capital gains tax. In individual cases (in case of direct recourse to the double taxation agreement), these amounts may be offset as part of a tax assessment and the capital gains tax reimbursed.
- 5) The amount offset may not exceed the Austrian income/corporate income tax applicable pro rata for the corresponding capital income, whereby sources of income outside this fund must also be taken into consideration.
- 6) Withheld taxes are only offsettable/reimbursable for unitholders holding certificates as of the cut-off date for the financial statements.
- 7) The applicable double taxation agreements stipulate that upon application the withholding taxes levied in the relevant source country are to be reimbursed where not offsettable. The reimbursement applications must be submitted by the relevant unitholders. The necessary forms may be obtained from the website of the Austrian Federal Finance Ministry (<https://www.bmf.gv.at>).
- 8) For private investors and corporate investors/natural persons, investment income is taxed at source upon deduction of the capital gains tax. In individual cases (if the income tax is less than the capital gains tax), these amounts may be taxed as part of a tax assessment and the capital gains tax may be (partially) offset or reimbursed.
- 9) Not applicable for corporate investors presenting an capital gains tax exemption declaration in accordance with §94 Item 5 EStG 1988. If no such declaration is presented, the capital gains tax is offsettable against the income tax/corporate income tax, where final taxation status does not apply.
- 10) For private investors, income is taxed at source upon deduction of capital gains tax. For corporate investors/natural persons, final taxation status only applies in relation to income subject to capital gains tax (excluding capital gains pursuant to §27 (3) and (4) EStG 1998). In individual cases (if the income tax is less than the capital gains tax), these amounts may be taxed as part of a tax assessment and the capital gains tax may be (partially) offset or reimbursed.
- 11) For private foundations, these amounts are subject to taxation (including the optional interest portion for which the foundation is unable to opt for capital gains tax deduction in the absence of a legal framework). For legal persons and foundations: The estimated values in Item 2.15. must be added to the taxable income in the tax return.
- 12) Capital gains tax withheld for capital gains in relation to natural persons' business assets may be offset against income tax.
- 13) For taxpayers who are required to prepare balance sheets, the corresponding balance-sheet item must be written down accordingly.
- 14) To avoid double taxation, dividend-equivalent income will increase the acquisition costs, while distributions will reduce the acquisition costs for the fund unit. The custodian bank will take into consideration the revised acquisition costs for customers' portfolios which are subject to capital gains tax.
- 15) The actual maximum setoff amount per unit is determined as follows, deviating from the values specified here: Total amount of offsettable taxes (amount under 8.1.1. to 8.1.6 multiplied by the number of units at the end of the fund's financial year) divided by the number of units as of the reporting date.

- Under §240 (3) BAO, private investors are able to apply to their competent tax office for reimbursement of the capital gains tax or claim this as part of their income tax assessment. For corporate investors, this tax exemption and the associated offsetting of capital gains tax against income tax/corporate income tax are granted as part of the tax assessment.
- Profit shares resulting from investments in corporate bodies in the EU, Norway and from investments in foreign corporate bodies which are analogous to an Austrian corporate body within the scope of §7 (3) and whose countries of residence and Austria provide each other with comprehensive administrative assistance are exempt from corporate income tax for legal persons and private foundations pursuant to §10 (1) Items 5 and 6 KStG, as amended by the Austrian Taxation Amendment Act (Abgabenänderungsgesetz, AÄG) 2011.
- The fictitious offsettable amount in accordance with the double taxation agreement (matching credit) may only be claimed as part of a tax assessment.

- 4) In principle, not relevant for private investors and corporate investors/natural persons as the foreign dividends have taxation at source status upon deduction of the capital gains tax. In individual cases (in case of direct recourse to the double taxation agreement), these amounts may be offset as part of a tax assessment and the capital gains tax reimbursed.
- 5) The amount offset may not exceed the Austrian income/corporate income tax applicable pro rata for the corresponding capital income, whereby sources of income outside this fund must also be taken into consideration.
- 6) Withheld taxes are only offsettable/reimbursable for unitholders holding certificates as of the cut-off date for the financial statements.
- 7) The applicable double taxation agreements stipulate that upon application the withholding taxes levied in the relevant source country are to be reimbursed where not offsettable. The reimbursement applications must be submitted by the relevant unitholders. The necessary forms may be obtained from the website of the Austrian Federal Finance Ministry (<https://www.bmf.gv.at>).
- 8) For private investors and corporate investors/natural persons, investment income is taxed at source upon deduction of the capital gains tax. In individual cases (if the income tax is less than the capital gains tax), these amounts may be taxed as part of a tax assessment and the capital gains tax may be (partially) offset or reimbursed.
- 9) Not applicable for corporate investors presenting an capital gains tax exemption declaration in accordance with §94 Item 5 EStG 1988. If no such declaration is presented, the capital gains tax is offsettable against the income tax/corporate income tax, where final taxation status does not apply.
- 10) For private investors, income is taxed at source upon deduction of capital gains tax. For corporate investors/natural persons, final taxation status only applies in relation to income subject to capital gains tax (excluding capital gains pursuant to §27 (3) and (4) EStG 1998). In individual cases (if the income tax is less than the capital gains tax), these amounts may be taxed as part of a tax assessment and the capital gains tax may be (partially) offset or reimbursed.
- 11) For private foundations, these amounts are subject to taxation (including the optional interest portion for which the foundation is unable to opt for capital gains tax deduction in the absence of a legal framework). For legal persons and foundations: The estimated values in Item 2.15. must be added to the taxable income in the tax return.
- 12) Capital gains tax withheld for capital gains in relation to natural persons' business assets may be offset against income tax.

1) Under §240 (3) BAO, private investors are able to apply to their competent tax office for reimbursement of the capital gains tax or claim this as part of their income tax assessment. For corporate investors, this tax exemption and the associated offsetting of capital gains tax against income tax/corporate income tax are granted as part of the tax assessment.

- 2) Profit shares resulting from investments in corporate bodies in the EU, Norway and from investments in foreign corporate bodies which are analogous to an Austrian corporate body within the scope of §7 (3) and whose countries of residence and Austria provide each other with comprehensive administrative assistance are exempt from corporate income tax for legal persons and private foundations pursuant to §10 (1) Items 5 and 6 KStG, as amended by the Austrian Taxation Amendment Act (*Abgabenänderungsgesetz, AÄG*) 2011.
- 3) The fictitious offsettable amount in accordance with the double taxation agreement (matching credit) may only be claimed as part of a tax assessment.
- 4) In principle, not relevant for private investors and corporate investors/natural persons as the foreign dividends have taxation at source status upon deduction of the capital gains tax. In individual cases (in case of direct recourse to the double taxation agreement), these amounts may be offset as part of a tax assessment and the capital gains tax reimbursed.
- 5) The amount offset may not exceed the Austrian income/corporate income tax applicable pro rata for the corresponding capital income, whereby sources of income outside this fund must also be taken into consideration.
- 6) Withheld taxes are only offsettable/reimbursable for unitholders holding certificates as of the cut-off date for the financial statements.
- 7) The applicable double taxation agreements stipulate that upon application the withholding taxes levied in the relevant source country are to be reimbursed where not offsettable. The reimbursement applications must be submitted by the relevant unitholders. The necessary forms may be obtained from the website of the Austrian Federal Finance Ministry (<https://www.bmf.gv.at>).
- 8) For private investors and corporate investors/natural persons, investment income is taxed at source upon deduction of the capital gains tax. In individual cases (if the income tax is less than the capital gains tax), these amounts may be taxed as part of a tax assessment and the capital gains tax may be (partially) offset or reimbursed.
- 9) Not applicable for corporate investors presenting an capital gains tax exemption declaration in accordance with §94 Item 5 EStG 1988. If no such declaration is presented, the capital gains tax is offsettable against the income tax/corporate income tax, where final taxation status does not apply.
- 10) For private investors, income is taxed at source upon deduction of capital gains tax. For corporate investors/natural persons, final taxation status only applies in relation to income subject to capital gains tax (excluding capital gains pursuant to §27 (3) and (4) EStG). In individual cases (if the income tax is less than the capital gains tax), these amounts may be taxed as part of a tax assessment and the capital gains tax may be (partially) offset or reimbursed.
- 11) For private foundations, these amounts are subject to taxation (including the optional interest portion for which the foundation is unable to opt for capital gains tax deduction in the absence of a legal framework).
