PART A - TERMS AND CONDITIONS

I. ESSENTIAL INFORMATION RELATING TO THE PRODUCT

Product (Option)

The Notes are Reverse Convertible Protect Pro Notes - Option I linked to a(n) Share.

II. ISSUE SPECIFIC CONDITIONS

The Conditions applicable to the Notes (the "**Conditions**") are the General Conditions contained in the Securities Note and the Issue Specific Conditions set out below.

§ 1

CURRENCY, PRINCIPAL AMOUNT, DENOMINATION, GLOBAL NOTE, BUSINESS DAY AND LANGUAGE

(1) *Currency, Principal Amount, Denomination and Global Note.* This tranche (the "**Tranche**") of notes (the "**Notes**") is being issued by Erste Group Bank AG (the "**Issuer**") in Euro (EUR) (the "**Specified Currency**") in the aggregate principal amount of up to EUR 50,000,000 (in words: fifty million) (the "**Aggregate Principal Amount**") in the denomination of EUR 1,000 (the "**Specified Denomination**" or the "**Principal Amount per Note**").

The Notes are represented by a global note (the "**Global Note**") without coupons; the claim for interest payments under the Notes (if any) is represented by the Global Note. The Global Note was signed by or on behalf of the Issuer. Definitive Notes and coupons will not be issued, and the Holders have no right to require the printing and delivery of definitive Notes and coupons.

(2) *Business Day.* "**Business Day**" means a calendar day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets in New York settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) and the Trans-European Automated Real-Time Gross Settlement Express Transfer System 2 or its successor ("**TARGET**") is open.

(3) *Language.* These Terms and Conditions are written in the English language only.

§ 2

INTEREST

(1) *Rate of Interest and Interest Payment Dates.* The Notes shall bear interest on their outstanding Aggregate Principal Amount at the rate of 8.70 per cent. per annum from, and including, 25.04.2022 (the "**Interest Commencement Date**") to, but excluding, the Maturity Date (as defined in § 3 of the Issue Specific Conditions). Interest shall be payable once on 25.05.2023 (the "**Interest Payment Date**"). Interest Payment Dates are subject to adjustment in accordance with the provisions set out in § 4 of the Issue Specific Conditions.

(2) *Calculation of Amount of Interest.* If the amount of interest payable under the Notes is required to be calculated for any period of time such amount of interest shall be calculated by applying the rate of interest to the Specified Denomination, multiplying such sum by the applicable Day Count Fraction (as defined below), and rounding the resultant figure to the nearest sub-unit of the Specified Currency, half of such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention.

(3) *Day Count Fraction.* "**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**"):

the number of days in the Calculation Period divided by 360, calculated in accordance with the following formula:

$$DCF = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

Where:

"**DCF**" means Day Count Fraction;

"Y₁" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day of the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30.

§ 3

REDEMPTION AND DELIVERY DISRUPTION

(1) *Redemption*. Each Note will be redeemed by the Issuer as follows:

(i) by payment of 100.00 *per cent.* (the "**Percentage**") of the Principal Amount per Note on the Maturity Date, subject to an adjustment pursuant to § 4 of the Issue Specific Conditions, if the Closing Price of the Share on the Valuation Date is equal to or greater than the Barrier or

(ii) otherwise by (x) physical delivery of the Delivery Shares and (y) if applicable payment of the Cash Amount on the Maturity Date, subject to an adjustment pursuant to § 4 or § 3 (5) of the Issue Specific Conditions.

Where:

"**Share**" is the FORD MOTOR CO US3453708600 Common Share.

"**Strike Price**" means 100.00 *per cent.* of the Closing Price of the share on the Strike Fixing Date.

"**Barrier**" is 60.00 *per cent.* of the Strike Price.

"**Valuation Date**" is, subject to an adjustment pursuant to § 5 of the Issue Specific Conditions, 18.05.2023, or if such day is not an Exchange Business Day (as defined in § 5), the next Exchange Business Day.

"**Exchange**" means New York Stock Exchange or any successor exchange or successor quotation system or any substitute exchange or substitute quotation system to which trading in the Share has been temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share on such temporary substitute exchange or quotation system as on the original Exchange).

"**Maturity Date**" is 25.05.2023, subject to an adjustment pursuant to these Issue Specific Conditions.

"**Strike Fixing Date**" is, subject to an adjustment pursuant to § 5 of the Issue Specific Conditions, 22.04.2022 or if such day is not an Exchange Business Day (as defined in § 5 of the Issue Specific Conditions), the next Exchange Business Day.

"**Delivery Shares**" are, in respect of each Note, the number (or fractions thereof) of Shares, which is calculated by the Calculation Agent and is equal to the result of dividing (i) the Principal Amount per Note by (ii) the Strike Price multiplied with the Currency-Fixing (the result of the division being the "**Multiplier**"), and is calculated by using the following formula:

$$\frac{\text{Principal Amount per Note}}{\text{Strike Price} \times \text{Currency - Fixing}}$$

If the Multiplier of the Calculation Agent contains fractions of Shares (in relation to a Note, the "**Residual Fraction**"), a Holder will receive the number of Shares corresponding with the Multiplier, rounded down to the next lower integral number of Shares, which can be delivered by the Issuer. The Residual Fraction will be settled in money. The amount to be settled in money is equal to the Cash Amount. For clarification: Notes of the same Holder will not be aggregated for the purpose of determining the number of Delivery Shares and the number of deliverable Shares or the Cash Amount will be calculated per Note.

"Cash Amount" is an amount, which is calculated by the Calculation Agent and is equal to the product of (i) the Residual Fraction per Note and (ii) the Closing Price on the Valuation Date, and is calculated by using the following formula:

$$\text{Residual Fraction} \times \text{Closing Price on the Valuation Date}$$

The Cash Amount is commercially rounded to the nearest two decimal places (0.005 being rounded downwards).

The Cash Amount will be paid in the Specified Currency of the Notes and for the conversion of the Currency of the Shares into the Specified Currency the exchange rate for the conversion of one unit of the Currency of the Shares into the Specified Currency (Currency of the Shares/Specified Currency) published on the screen page WMRSPOT or a page replacing such screen page and as determined by the Calculation Agent on the Valuation Date shall prevail.

"Currency of the Shares" is the currency in which the Shares are traded on the Exchange.

"Closing Price" means the official closing price of the Share on the Exchange at the Valuation Time (as defined in § 5 of the Issue Specific Conditions) on the relevant day.

"Currency-Fixing" means the currency exchange rate for converting one unit of the Currency of the Shares into the Specified Currency of the Notes as published on the screen page WMRSPOT or a page replacing such screen page on the Valuation Date as determined by the Calculation Agent (Currency of the Shares/Specified Currency).

(2) *Delivery Method.* The Delivery Shares will be delivered to the Holders or to their order by crediting them to a securities depository account with the clearing system, which is the securities depository account of the depository bank of the Holders (or a bank acting as an intermediary depository for the depository bank). Holders do not have a right to promised or paid dividends or other rights arising from the Delivery Shares, if the date on which the Delivery Share is quoted ex dividend or without the other right is prior to the date on which the Delivery Shares are credited to the Holder's securities account.

(3) *Delivery Fees.* Any expenses, in particular, depository fees, charges, notarisation fees, registration fees, transaction costs or execution fees, stamp duty, stamp duty reserve tax and/or other taxes and duties arising in connection with the delivery of the Delivery Shares, shall be borne by the relevant Holder; the Delivery Shares will only be delivered when the relevant Holder has paid all delivery costs to satisfy the Issuer.

(4) *No Registration Obligation.* Neither the Issuer nor the Paying Agent are obliged to register the relevant Holder or any other person prior to or following a delivery of the Delivery Shares as shareholder in any shareholder register of the share company or in any other register or ensure that he will be registered.

(5) *Delivery Disruption.* If, in the opinion of the Calculation Agent, delivery of the Delivery Shares cannot be made due to a Settlement Disruption Event existing on the Maturity Date, the Maturity Date shall be the next Delivery Business Day, on which no Settlement Disruption Event exists. If, following the expiry of 8 Delivery Business Days following the Maturity Date, delivery of the Delivery Shares is still not possible due to a Settlement Disruption Event, the Issuer may fulfil its obligations by paying the Disruption Cash Settlement Amount instead of delivering the Delivery Shares. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with § 10 of the General Conditions that a Settlement Disruption Event has occurred. The Holders shall not have any additional payment claims in the case of a delayed delivery due to the occurrence of a Settlement Disruption Event.

Where:

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer as a result of which the Issuer cannot make delivery of the Delivery Shares.

"Disruption Cash Settlement Amount" is the fair market price of the Notes on the Maturity Date, as determined at the reasonable discretion of the Issuer, adjusted to account for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes).

"Delivery Business Day" is a day on which the Delivery Shares can be delivered via the Clearing System.

§ 4

MANNER OF PAYMENT AND BUSINESS DAY CONVENTION

(1) *Manner of Payment.* Subject to applicable fiscal and other laws and regulations, payments of amounts

due in respect of the Notes shall be made in the Specified Currency.

(2) *Business Day Convention.* If the due date for any payment in respect of any Note is not a Business Day (as defined in § 1 (2)), then the Holder shall not be entitled to payment until the next day that is a Business Day and shall not be entitled to further interest or other payment in respect of such delay (the Interest Period shall not be adjusted accordingly).

"Interest Period" means the period from the Interest Commencement Date (including) to Interest Payment Date (excluding).

If the Maturity Date of the Notes is adjusted, the Holder shall not be entitled to payments in respect of such adjustment.

§ 5 MARKET DISRUPTIONS IN RESPECT OF THE SHARES

(a) Market Disruptions

If the Calculation Agent determines that any Reference Date for any Share is a Disrupted Day, then the Reference Date for such Share shall be the first succeeding Scheduled Trading Day that the Calculation Agent determines is not a Disrupted Day in respect of such Share, unless the Calculation Agent determines that each of the consecutive Scheduled Trading Days up to and including the Reference Cut-Off Date is a Disrupted Day. In that case or if any Reference Date falls on the Reference Cut-Off Date since the original date on which it was scheduled to fall is not a Scheduled Trading Day:

- (i) that Reference Cut-Off Date shall be deemed to be the Reference Date for such Share, notwithstanding the fact that such day is a Disrupted Day or is not a Scheduled Trading Day; and
- (ii) the Calculation Agent shall determine its good faith estimate of the value for the Share as of the Valuation Time on that Reference Cut-Off Date (and such determination by the Calculation Agent pursuant to this paragraph (ii) shall be deemed to be the Share Price at the Valuation Time in respect of the relevant Reference Date).

(b) Notification

The Calculation Agent shall give notice, as soon as practicable, to the Holders in accordance with § 10 of the General Conditions of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Reference Date. Any failure by the Calculation Agent to so notify the Holders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence or the consequences of such Disrupted Day.

"Trading Disruption" means any suspension of, or limitation imposed on, trading by the Exchange or any Related Exchange or otherwise, and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise, (i) relating to the Share on the Exchange or (ii) in futures or options contracts relating to the Share on any relevant Related Exchange.

"Market Disruption Event" means the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one

§ 6 ADDITIONAL DISRUPTION EVENTS

If any Additional Disruption Event occurs in respect of any Share, the Issuer, acting in its reasonable discretion, may:

- (i) require the Calculation Agent to determine, in its reasonable discretion, the adjustment, if any, to be made to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines appropriate to account for the Additional Disruption Event and determine the effective date of that adjustment; or
- (ii) repay the Notes by giving notice to Holders in accordance with § 10 of the General Conditions. If the Notes are so settled, the Issuer will pay to each Holder, in respect of each Note held by such Holder, an amount equal to the fair market price of the Note taking into account the Additional Disruption Event, adjusted to account fully for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes), all as determined by the Calculation Agent in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Holders in accordance with § 10 of the General Conditions.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable, to the Holders in accordance with § 10 of the General Conditions, stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto. Any failure to give, or non-receipt of, such notice will not affect the validity of Additional Disruption Event.

"Hedge Positions" means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives, or foreign exchange, (ii) stock loan transactions or (iii)

other arrangements (howsoever described) by the Issuer and/or any of its affiliates in order to hedge its obligations under the Notes, individually or on a portfolio basis.

"Hedging Disruption" means that the Issuer and/or any of its affiliates is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind, or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (ii) realize, recover, or remit the proceeds of any such transaction(s) or asset(s).

"Change in Law" means that, on or after the Strike Fixing Date, due to (i) the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines, in its reasonable discretion, that (y) it has become illegal for the Issuer and/or any of its affiliates to hold, acquire or dispose of relevant Hedge Positions including any relevant Share, or (z) the Issuer and/or any of its affiliates will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit, or other adverse effect on its tax position).

"Additional Disruption Event" means any Change in Law, Hedging Disruption, Increased Cost of Hedging and/or Insolvency Filing.

§ 7

ADJUSTMENTS IN RESPECT OF THE SHARES

(a) Potential Adjustment Events

Following the determination by the Calculation Agent that a Potential Adjustment Event has occurred in respect of any Share or following any adjustment to the settlement terms of listed options or futures contracts on any Share traded on a Related Exchange, the Calculation Agent will, in its reasonable discretion, determine whether such Potential Adjustment Event or adjustment to the settlement terms of listed options or futures contracts on the relevant Share traded on a Related Exchange has a diluting or concentrative effect on the theoretical value of such Share and, if so,

- (i) will make the corresponding adjustment, if any, to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent, in its reasonable discretion, determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate, or liquidity relative to the relevant Share), and
- (ii) determine the effective date of that adjustment. The Calculation Agent will generally, but need not, make the same adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Share traded on that options exchange.

Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as practicable to the Holders in accordance with § 10 of the General Conditions stating the adjustment to the Issue Specific Conditions, and giving brief details of the Potential Adjustment Event. Any failure to give, or non-receipt of, such notice will not affect the validity of the Potential Adjustment Event.

"Potential Adjustment Event" means:

- (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders of the Shares by way of bonus, capitalization, or similar issue;
- (ii) a distribution, issue, or dividend to existing holders of the relevant Shares of (I) such Shares, or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Issuer equally or proportionately with such payments to holders of such Shares, or (III) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Share Issuer as a result of a spin-off or other similar transaction, or (IV) any other type of securities, rights, or warrants, or other assets, in any case for payment (in cash or in other consideration) at less than the prevailing market price, all as determined by the Calculation Agent;
- (iii) an Extraordinary Dividend;
- (iv) a call by a Share Issuer in respect of relevant Shares that are not fully paid;
- (v) a repurchase by a Share Issuer or any of its subsidiaries of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities, or otherwise;
- (vi) in respect of a Share Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Share Issuer pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments, or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (vii) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

(b) Merger Event, Tender Offer, Delisting, Nationalisation, and Insolvency

If a Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency occurs in relation to any Share, the Issuer in its reasonable discretion, may:

- (i) on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency, or Delisting (as the case may be), require the Calculation Agent to replace the Share which is affected by such Merger Event, Tender Offer, Nationalisation, Insolvency, or Delisting, and the Substitute Share (the "**Affected Share**") by a share selected by the Calculation Agent (the "**Substitute Share**") and their issuer will be deemed "Share" and a "Share Issuer" for the purposes of the Issue Specific Conditions, respectively, and the Calculation Agent may make such adjustment, if any, to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines, in its reasonable discretion, appropriate. In this regard:
 - (a) such substitution and the relevant adjustment to the Terms and Conditions will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**"), in its reasonable discretion, and specified in the notice referred to in § 10 of the General Conditions which may, but need not, be the Merger Date or Tender Offer Date or the date of the Nationalisation, Insolvency, or Delisting (as the case may be);
 - (b) in order to be selected as a Substitute Share, each relevant share must be a share which, in the reasonable discretion of the Calculation Agent:
 - (I) is not already the Share or in the Share Basket as the case may be;
 - (II) belongs to a similar economic sector as the Affected Share;
 - (III) to the extent possible issued by a stock corporation being incorporated in the same jurisdiction or geographical area as the issuer of the Affected Share; and
 - (IV) is of comparable market capitalization, international standing, and exposure as the Affected Share; and
- (ii) require the Calculation Agent to determine, in its reasonable discretion, the appropriate adjustment, if any, to be made to any one or more of the conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines, in its reasonable discretion, appropriate to account for the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, as the case may be, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for

changes in volatility, expected dividends, stock loan rate, or liquidity relevant to the Shares or to the Notes. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency made by any options exchange to options on the Shares traded on that Options Exchange or

- (iii) following such adjustment to the settlement terms of options on the Shares traded on such exchange (s) or quotation system(s) as the Issuer, in its reasonable discretion, shall select (the **"Selected Exchange"**), require the Calculation Agent to make the appropriate adjustment, if any, to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines, in its reasonable discretion, appropriate, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Selected Exchange. If options on the Shares are not traded on the Selected Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes as the Calculation Agent in its reasonable discretion determines appropriate, with reference to the rules and precedents (if any) set by the Selected Exchange to account for the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, as the case may be, that in the judgment of the Calculation Agent would have given rise to an adjustment by the Selected Exchange if such options were so traded or
- (iv) having given notice to Holders in accordance with § 10 of the General Conditions, repay all, but not some only, of the Notes, each Note being repaid by payment of an amount equal to the fair market price of a Note taking into account the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, as the case may be, adjusted to account fully for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes), all as determined by the Calculation Agent in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Holders in accordance with § 10 of the General Conditions.

(c) Notification

Upon the occurrence of a Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, the Issuer shall give notice as soon as practicable to the Holders, in accordance with § 10 of the General Conditions, stating the occurrence of the Merger Event, Tender Offer, Delisting, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto, including, in the case of Substitute Shares, the identity of the Substitute Shares, and the Substitution Date. Any failure to give, or non-receipt of, such notice will not affect the validity of the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency.

(d) Correction of Share Price

What are the key risks that are specific to the Securities?

Risk factors relating to the structure and pay-off of the Notes

- Holders are exposed to the risk that the Notes will underperform a direct investment in the shares underlying the Notes and that in case they receive shares at maturity the value of such shares will be lower than the amount invested or even worthless.

Risk factors relating to shares or a share basket as reference asset

- Macroeconomic and company-specific factors having a negative effect on the performance of the shares may also affect the market price and Redemption Amount of the Notes which may lead to the loss of the entire invested capital or part of it.
- Notes relating to shares do not take into account any dividends and other distributions.
- Certain events in relation to the share may result in an adjustment or early redemption of the Notes.

Risk factor relating to the early termination of the Notes

- Market disruptions, adjustment measures and termination rights may negatively affect the rights of the Holders.

Risk factor relating to the status of the Notes

- Holders are exposed to the risk of statutory loss absorption.

Risk factor relating to conflicts of interest with regards to the Notes

- Investors are exposed to the risk that direct or indirect actions of the Issuer have negative effects on the market price of the Notes or otherwise negatively affect the Holders and conflicts of interest may make such actions more likely.

Risk factors related to the investment and pricing of the Notes

- The issue price of the Notes may include a margin on the mathematical (fair) market price of the Notes. Since the Issuer will, when determining the price of the securities on the secondary market, also take into account, in particular, the subscription fee (agio), the spread between bid and ask prices as well as commission and other fees in addition to the mathematical (fair) market price of the Notes, the prices quoted by the Issuer may considerably deviate from the fair market price of the Notes.
- Holders are exposed to the risk of an unfavourable development of market prices of their Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes.
- Holders assume the risk that the credit spread of the Issuer widens resulting in a decrease in the market price of the Notes.

Risk factor related to the costs associated with and the market in the Notes

- The Notes may have no liquidity or the market for such Notes may be limited and this may adversely impact their market price or the ability of the Holder to dispose of them. Holders are exposed to the risk of wrong assessment of the Notes' liquidity due to the issue size of the Notes.

4th Section - Key information on the offer of securities to the public and/or the admission to trading on a regulated market

The Issuer is not obliged to issue subscribed Notes.</p>
<p>Estimated expenses charged to the investor The Issuer will charge to the subscriber or purchaser costs of up to 1.50 per cent of the Initial Issue Price at the Issue Date.</p>
Why is this prospectus being produced?
<p>Use and estimated net amount of the proceeds The issue of the Notes is part of the ordinary business activity of the Issuer and is undertaken solely to generate profits.</p>
<p>Date of the underwriting agreement There is no firm underwriting in relation to the Notes offered.</p>
<p>Indication of the most material conflicts of interest pertaining to the offer or the admission to trading The Issuer may from time to time act in other capacities with regard to the Notes, such as calculation agent. Such functions may allow the Issuer to calculate the value of the reference asset or (where the reference asset is a basket) to determine the composition of the reference asset, which could raise conflicts of interest where securities or other assets issued by the Issuer itself or a group company can be chosen to be part of the reference asset, or where the Issuer maintains a business relationship with the issuer or obligor of such securities or assets.</p> <p>The Issuer acts as market maker for the Notes and, in certain cases, the underlying. In the context of such market making activities, the Issuer will substantially determine the market price of the Notes and possibly that of the underlying. The market prices provided by the Issuer in its capacity as market maker will not always correspond to the market prices that would have formed in the absence of such market making and in a liquid market.</p> <p>The Issuer may from time to time engage in transactions involving the reference asset for its proprietary accounts and for accounts under its management. Such transactions may have a negative effect on the value of the reference asset and consequently upon the market price of the Notes. References to the reference asset shall be deemed to include any of its components of the Index, if applicable.</p> <p>The Issuer may issue other derivative instruments in respect of the relevant reference asset and the introduction of such competing products into the marketplace may affect the market price of the Notes.</p> <p>The Issuer may use all or some of the proceeds received from the sale of the Notes to enter into hedging transactions. The Issuer's hedging activities might affect such market price. The market price of the Notes might in particular be affected by the liquidation of all or a portion of the hedging positions at or about the time of the maturity or expiration of the Notes.</p> <p>The Issuer may acquire non-public information with respect to the reference asset, and the Issuer does not undertake to disclose any such information to any holder. In addition, the Issuer may publish research reports with respect to the reference asset. Such activities could present conflicts of interest and may affect the market price of the Notes.</p> <p>The Issuer and its consolidated subsidiaries might employ people with secondary occupations such as executives of management boards or supervisory boards in other companies or within Erste Group. Companies of Erste Group or such other companies might be underlyings of the Notes.</p>
