b. Fee setting principles

- 1) The monthly Account maintenance fee is payable:
 - a) the last calendar day of each calendar month,
 - b) the last day of the Contract term if it was terminated in the calendar month, or
 - c) in case of Account reclassification among Bank Products - the Fee is due in two parts; on the Account reclassification date the Fee is calculated from the rate valid for the original Bank Product and on the last day of the calendar month when the reclassification took place and the Fee is calculated from the rate valid for the new Bank Product.

As at the reclassification date all further Fees charged from the Account are due where the Bank announced their maturity for the last calendar day. The Account maintenance fee is calculated from the actual number of days during which the Bank Product was provided, whereas the termination of the contractual relationship is not included in this number.

The Bank will debit the fee from the Account or will set it off against any of the Client's receivables from the Bank.
